Alison welcomed everyone to the meeting: the meeting was quorate. There were two agenda items:

- Vaughan determination
- Agreed syllabus conference

1. Vaughan determination (*paperwork previously circulated*)

Members had reviewed the paperwork and Alison had attended an assembly. She felt that Vaughan met all the required criteria apart from including a moment of reflection. This has been pointed out and will be acted upon. There was also one item omitted from the paperwork – the relevant governors' meeting minute showing that governors agreed to the determination. This has been supplied and Alison will circulate it.

Members agreed unanimously that Vaughan should be granted a determination. Alison will communicate this to Karen Jones, the Head Teacher; she will ask that paperwork relating to the reflective moment be added to the documentation.

2. Agreed Syllabus conference

At the September meeting, it had been agreed to revise the existing locally agreed syllabus. It is hoped that this would be completed by July 2022. The AS Conference is a separate entity from the SACRE committee; SACRE members are eligible to sit on the AS Conference and additional members can be co-

opted. The Clerk should seek agreement from the nominating bodies of SACRE members.

Members will elect a chair for the AS conference at the March meeting.

Members in groups A, B and C agreed unanimously to proceed with setting up the AS Conference. (Members of Group D do not have a vote on this issue). **They also agreed that Lesley Prior would be advisor to the Conference and that the existing agreed syllabus would form the basis of the new syllabus with revisions and updates.** Alison will inform Patrick O'Dwyer of the committee's decision.
