Subject: Stanmore Place Food Market

We strongly object to the application made by M&G Alliances Ltd. to open a food market in Stanmore Place HA7 1BT. Our main reasons for objecting are:-

To protect children in the Nursery which would be only 50 feet away from a store selling alcohol.

This is a residential estate and the store's presence would increase anti-social behaviour and be a public nuisance.

It will certainly increase traffic from outside the development and will affect the safety of the residents.

Subject: OBJECTION: STANMORE PLACE FOOD MARKET

We object to the application made by M&G Alliances Ltd to open Stanmore Place Food Market HA7 1BT

Our objection:

- 1- To protect children from harm. This store would only be 50 feet away from the nursery and it is selling alcohol next to it.
- 2- This will increase public nuisance and anti-social behaviour in our estate due to the late opening hours together with the sale of alcohol.
- 3- This store will increase traffic from outside the development it will harm our public safety. There is only one road for vehicular access into the development and this type of premises will increase the traffic as well as nuisance for residents.

Dear Sirs,

Stanmore Place is located in a neighbourhood that possesses lots of unspoilt green space, with the nearby conservation which is Fryent Country Park.

I would like to strongly object to the application made by M&G alliances LTD to open Stanmore place food market HA7 1BT

The reasons being are as follows:

- 1- The store which will also be selling alcohol will be approx. 50 ft away from the children's nursery. We need to protect our children at all times.
- 2- Having a store that sells alcohol will increase public nuisance and anti-social behaviour at all times in this private estate and also effect the security of the residents.
- 3- Opening this store will increase traffic from outside development it will harm our public safety, especially the children from the nursery.
- 4- There are several local stores around the area which are easily accessible and the estate does not need a Food Market selling Alcohol.

I request you to kindly take these points into consideration before granting permission.

Best regards

Sanjita Morjaria

Hi Team,

Please see attached the application for licence to sell Alcohol. I do not support this as the development is a residential home for many and it's worrying to know having Alcohol being sold so close to a nursery will only cause anti social behaviour and will attract unnecessary people to ponder around and drink near our homes and apartments.

Please please do not approve this, this is very worrying!

Subject: Objection to alcohol license for M&G Alliances limited

To whom it may concern,

I object to the alcohol license application made by M&G Alliances Limited at the premises known as Stanmore Place Food Market, Unit 5, Stanmore business and innovation centre, HA7 1BT.

My objections are:

The business intends to sell alcohol and tobacco products in a highly dense residential area with a nursery only 50 feet away.

As a resident of this development, we already see litter from cigarette butts and empty alcohol containers in the development. I have attached photo evidence to demonstrate this.

1. Selling alcohol and tobacco products this close to a nursery should not be allowed for the protection of children from harm.

2- As the business will be open to all customers, this is likely to lead to increased litter and anti-social behaviour on the premises. Therefore, the application should be disallowed on the basis of our being harmful to public safety and for the prevention of crime and disorder and prevention of public nuisance. Residents in this development are already subject to anti social behaviour (see news items below) and attached photos.

Subject: Objection to Stanmore Place Food Market License Application

Dear Sir/Madam,

I write to you in relation to the application made by Stanmore Place Food Market to be located at the following premises:

Retail Unit 5
Stanmore Business and Innovation Centre
Howard Road
Stanmore
HA7 1FW

I wish to object to the license application on the following grounds:

1) Public nuisance

The late opening hours (22:00 and 23:00) has the potential to create public nuisance within the residential development during unsociable hours. Residential units are located immediately opposite the premises.

The walkway immediately in front of the premises is covered, providing good shelter in all weathers. This provides good conditions for groups or individuals to gather and loiter.

There are seating areas within the private gardens of the development. Many of these areas are not enclosed and may encourage gatherings of non-residents wishing to consume their alcohol shortly after purchase. Compromising the enjoyment of the gardens for whom they are intended (the residents of Stanmore place). Furthermore, the upkeep of the gardens is funded by the residents through the annual service charge.

No litter bins exist within the grounds of the estate which will likely lead to increased litter. Litter picking is performed by Stanmore Place staff which is funded by the Stanmore Place residents through their annual service charge.

The security guard mentioned in the application is funded by the residents of Stanmore Place through our annual service charge. I don't believe it's appropriate for the business to rely on a resource which they do not fund or manage.

2) Many existing licenced premises already in close proximity.

There are already **four** premises licensed to sell alcohol in close for consumption off the premises within close proximity to Stanmore Place. Three exist on Station Parade, less than 100m from Stanmore Place. The fourth exists on Honeypot Lane, approximately 300m from Stanmore Place.

On a minor point, there appears to be a discrepancy with the application in that the drawing only shows 9 CCTV cameras whereas the application suggests 12 will be installed.

I'm happy to be contacted to discuss any of the points above in more detail.

Yours Faithfully,

Mr Daniel Riley
