JSNA and Population Health Management: Ward level Health Profiles

Carole Furlong

Director of Public Health

Ward Health Profiles

Population Health Management and JSNA

Understanding our population is the key to making decisions about what we need to do.

Why now for ward health profiles

Ward level data using the current wards is available but when new wards are established the data will not be available at this level until all of the current analyses are re-done.

Census data is not yet available from 2021 census

What's in the Ward Health profiles

Demography; start, live, work and age well indicators

Front Page

- Facilities in the Ward

- Population profile
  - Age: sex
  - Total number of residents
  - Proportion of the population who are from Black Asian and other Minority ethnic groups.

- Life expectancy

- Live well indicators
  - Open space
  - Crime rates

Harrow Ward Profiles 2021

Belmont

1.8 square kilometres

4 GP Practices

2 Pharmacies

3 Dentists

0 Children's Centre

3 Schools
