

APPENDIX C

Priority List of Borough Parking Issues

This list summarises the main areas where parking issues have been reported. The locations are shown in priority order based on the assessments undertaken in accordance with the assessment factors agreed by TARSAP. The list does not show each individual request received but aggregates all the requests into locations which share common issues suitable for a scheme.

Sites 1, 3 and 4 are the highest priorities that can be afforded within the allocated budget for next year and these schemes are proposed to be taken forward in the parking programme.

Site 2 will not be progressed due to regeneration works being undertaken in the area which will have an impact on these roads. The parking in these roads will be reviewed once the works have been completed.

Schemes in the list are defined as Small (S), Medium (M) or Large (L) scale in size. Size is defined as - Small less than 100 households, Medium between 100 - 500 households, Large schemes with greater than 500 households.

<p>2</p>	<p>Dudley Road, Wesley Close, Franklins Mews. Grange Farm Close, Osmond Close, Grange Rd, Hornbuckle Close and Brigade Rd, Ashbourne Ave, Dudley Gardens, Roxeth Hill and Ashbourne Ave</p>	<p>The Council had previously received a petition from residents in Dudley Road as well as correspondence from nearby roads (Grange Farm Close and Osmond Close) requesting the Council introduce parking controls to address problems experienced due to long term non-resident parking in the area. The options to be considered will be the introduction of a CPZ including residents permit parking and “at any time” waiting restrictions to protect junctions turning heads and narrow sections of carriageway. <i>There is currently regeneration works being undertaken in the area and these roads will be affected by the works. It is therefore recommended not to take forward a parking review in this area until works have been completed.</i></p>	<p>Harrow on The Hill</p>	<p>L</p>
