| Enclosures: | Corporate Plan 2015-2019 Equality Impact Assessment – Corporate Plan 2015-19 |

Section 1 – Summary and Recommendations

This report sets out a four year Corporate Plan for 2015-2019. It sets out the key activities and measures that will evidence delivery of the vision and priorities over the next four years and this year includes the Council's Corporate Equality Objectives. Together with the Final Revenue Budget 2015-16, they outline what the Council intends to do and how those actions and

services will be funded. It will be refreshed annually.

The Plan will be being considered at Overview and Scrutiny Committee on the 24th February 2015.

Recommendations:

Cabinet is requested to:

- 1. Note the four year Corporate Plan
- 2. Note the revised Corporate Equality Objectives for 2015-2019
- 3. Recommend the Corporate Plan to Council and to authorise the Leader to make any minor amendments to the Plan as necessary prior to the matter going to Council.

Reason: (For recommendation)

To update the Council's Policy Framework and set out the Council's direction of travel for the next four years.

Section 2 – Report

Introductory paragraph

The Corporate Plan sets out the strategic direction for the authority, it's vision, priorities, core outcomes and key initiatives which describe and illustrate the programme of activity for next four years and against which the Council is happy to be judged. This year the Corporate Plan also includes the Council Corporate Equality Objectives and together with the Final Revenue Budget 2015-16, it outlines what the Council intends to do and how those actions and services will be funded. The funding detail is set out in the budget reports.

Options considered

The Corporate Plan needs to be updated to align with the budget. It is important that the Council have a Corporate Plan. Therefore no other options have been considered.

Background

In May 2014, a new administration took control of the Council, and agreed at Council on the 12th June a new vision and set of priorities:

Vision: Working Together to Make a Difference for Harrow

Priorities: Making a difference for the vulnerable Making a difference for communities Making a difference for local businesses Making a difference for families

The Plan sets out the Administration's ambition for the borough and the projects and initiatives the Council will prioritise over the next four years to deliver on the vision, priorities and outcomes.

In April 2012, Harrow Council published eight equality objectives as required by the Equality Act 2010 and the Public Sector Equality Duty (PSED). They were developed based on extensive research, consultation and evidence. These objectives must be reviewed at least every four years. The review therefore took place over 3 weeks during November 2014 to align the review period with the political cycle and enable the Corporate Equality Objectives to be integrated with the Corporate Plan. As a result of the review, minor amendments have been made by the Corporate Equalities Group to the equality objectives.

Given the importance of the equalities agenda to the Administration, there was felt to be a logic in merging the Council's Equality Objectives with the Corporate Plan, to give greater status to the Equality Objectives and at the same time rationalise the Council's policy framework. This is in line with the process other authorities have also adopted.

Consultation

In the autumn the Council carried out its 'Take Part' consultation, the start of a conversation with residents about changes the council needs to make over the next four years to meet an estimated budget gap of £75m. The first phase has focused on talking to the community about:

- The indicative savings target of £30m for 2015/16
- Getting feedback on the impacts of proposed savings
- Residents priorities

• Understanding residents views on a proposed Council Tax increase up to the referendum level of 2%

- Exploring new and innovative ways to provide services in the future
- Identify any additional community capacity

As a result of the consultation 66% of people felt better informed about why the council needs to make savings and the top three priorities for residents that responded to the survey were:

- 1. Bringing together health and social care services so the public can have a better experience
- 2. Delivering over 3000 new jobs and 500 apprenticeships
- 3. Building affordable housing and homes for rent

The MTFS report contains more detailed information about the process, feedback and results. Where necessary, further consultation will be undertaken with residents and communities to shape the delivery of the proposals within the Corporate Plan, in keeping with the ambition of the Administration to consult and engage.

As part of the review of the Corporate Equality Objectives an online and hard copy survey was issued to all staff, members and key stakeholders. The results were reported to the Corporate Equalities Group who agreed amendments to the objectives. The amended objectives also went to the Performance and Finance scrutiny sub-committee in January for comment.

Legal Implications

Approving the Council's policy framework is reserved to full council. The Corporate Plan will therefore be considered on 26th February 2015.

Financial Implications

The financial implications of the Corporate Plan are set out in the Final Revenue Budget 2015-16. The Corporate Plan incorporates those key activities that the Administration wish to be delivered between now and 2019 within the current spending envelope.

Performance Issues

A set of performance indicators are presented as measurement of each of the Council Priorities in the Corporate Plan. A more detailed and comprehensive set of indicators that will be used to monitor delivery of the Corporate Plan and the Corporate Equality Objectives will be contained within the Corporate Scorecard which will be signed off by the Portfolio Holder and measured quarterly and presented to Cabinet and Scrutiny through the Strategic Performance Report.

Equalities implications

The equalities implications of the Corporate Plan are set out in the attached EQIA. A number of the activities are proposals where final business cases are still being developed, so EQIAs will be being developed to support these.

The Corporate Plan also now incorporates the Council's Corporate Equality Objectives, which set out the Council's commitment to ensuring equality and diversity is integral to everything we do.

Council Priorities

The Corporate Plan sets the delivery plan for making the Council's corporate priorities a reality.

- 2. Our Borough Our Harrow
- 3. Making a Difference for Harrow: A summary of our 4 year Vision
- 4. Our Vision for Harrow
- 5. Achievements in 2014/15
- 6. Our Equalities Priorities
- 7. Delivery Plan

1. Leader's Foreword

I fervently believe that being open, honest and willing to involve and work with others is the best form of governance, and with an equally strong belief that we should protect our most vulnerable residents first.

This plan sets out our ambitions for the next four years and, through working with residents, our staff, local businesses, community and voluntary organisations and our partners, how they will be achieved and build a Borough that we can all be proud of.

With the Government imposing a further £82m of cuts from 2014 - 2018 on Harrow Council and a rising need for our services, the Labour administration has been open, honest and transparent about the decisions we are being forced to make – decisions made through listening; guided by the right values.

We have bought stability to the Council through hiring an experienced Chief Executive, with a desire to make residents at the heart of everything we do, particularly with the ambitious regeneration plans we have for Harrow.

We were delighted with the way in which community groups and thousands of residents got involved with our 'Take Part' budget consultation and expressed their views about what areas the Council should be prioritising. Our decisions on the Arts Centre and Harrow Museum are just two of many examples of how residents are influencing the decisions made at the Council.

I am proud that we ensured that Harrow Council pays the 'London Living Wage' to its employees, have invested £200,000 in services to support victims of domestic violence, as well as over £100,000 towards Harrow's Citizens Advice Bureau and £30,000 to support our sporting and health agenda.

Our staff do a magnificent job and are our greatest asset, they have played a pivotal role in implementing all the good work that has happened since the May elections.

We have rolled out a period of free parking in our shopping centres, introduced on the spot fines for littering, cleaned all war memorials in our Borough for the 100th centenary of the beginning of WW1, the re-starting of a council house building programme, started the first stages of redeveloping the Grange Farm Estate, put extra funding into the Xcite unemployment service – I could go on...

These investments show that amidst the challenges and almost impossible decisions we'll have to make, there is still the opportunity for positive developments.

With over a billion pounds of investment potential from a range of public and private sources, we have ambitious plans for Harrow. Through public meetings and resident involvement in the design stage of the plans, we will ensure that local people benefit from this investment; from local jobs, training and apprenticeships, as well as ensuring that we build the affordable houses that are so badly needed.

Throughout this plan the Council sets out how working together we will Make a Difference; for the Vulnerable, for Communities, for Local Businesses and for Families.

Now is the time for residents, local businesses and community organisations to come together and work with us to build a Harrow we can all be proud of, where residents live in strong communities – in neighbourhoods they are proud to call home. It won't be done in one year. But over time, and working together, we can achieve a brighter future for our Borough.

Cllr David Perry

Leader of the Council

2. Our Borough – Our Harrow

Our Borough

Harrow is an extraordinary place: we are the safest Borough in London;one of the most diverse places in the country;a suburb with bountiful green space with just over a quarter of the area (over 1,300 hectares) consists of open space, yet incredibly well-connected to a global airport hub and the centre of the world's greatest city.

Harrow is an outer London Borough in North West London, approximately 10 miles from central London. Covering 50 square kilometres (20 square miles) and is the 12th largest borough in Greater London in terms of size and 20th in terms of population. There are nine district centres, plus Harrow Town Centre which is one of London's twelve metropolitan centres.

The borough is divided into 21 wards and each served by three directly elected members. We currently have a Labour administration with 34 elected members and the opposition groups comprise 26 Conservative, 2 Independent, and 1 Liberal Democrat members. Of the total of 63 members, 25 are women (14 Labour, 10 Conservative and 1 Independent).

Our Harrow

Harrow is one of the most ethnically and religiously diverse boroughs in the Country with people of all different backgrounds and life experiences living side by side. It is the richness of this diversity, and the positive impact that it has on the borough and our communities, that we believe helps make Harrow such a great place to live, work and visit.

Despite our rich heritage, we face some exceptional challenges. We have more young and more elderly than ever to take care of, but our budgets are falling. We have great wealth and beautiful architecture, but we also have more low-paid jobs than nearly anywhere else in London and are caught in London's housing crisis.

In serving a diverse population, the Council aims to ensure there is equality of opportunity for its residents, service users, employees, elected members, stakeholders and partner organisations irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

As a community leader, we will continue to bring together public partners such as the NHS, police and fire brigade, and residents who want to make a difference in their communities like the Community Champions to ensure we achieve this vision for our borough.

3. Making a Difference for Harrow: A Summary of our Vision

Our vision and priorities:

Working Together to Make a Difference for Harrow

Making a Difference for the Vulnerable

- Our most vulnerable residents are safe from harm and abuse
- Support our residents who fall on hard times and give them the opportunities they need, such as welfare support or employment opportunities
- Harrow residents live as independently as they can
- The mental health and well-being of residents improves
- Minimise health inequalities within the borough

Making a Difference for Communities

- Harrow is a pleasant place to live
- Maximise opportunities for volunteering
 Collaborative working with
- the voluntary and community sector • Harrow is one of the safest
- Harrow is one of the safest boroughs in London
- Residents are empowered to influence local decisions
- People from all backgrounds are respected and treated fairly

Making a Difference for Local Businesses

- Residents and businesses benefit from local economicgrowth
- Sustainable business growth
- The skills and apprenticeship opportunities for residents improve
- Provide the homes, schools, jobs and infrastructure needed through regeneration
- •Create and maintain strong local links and partnerships between the Council and local businesses

Making a Difference for Families

- Families live in quality, affordable homes
- Help is targetted at those families most in need of support
- Improve skills and apprenticeship opportunities for residents
- Secure an excellent education for every child

We will do this by:

ECONOMIC GROWTH & REGENERATION

Our proposed regeneration programme is a once in a generation opportunity to make a difference to the borough and residents' health and quality of life by accelerating the delivery of new homes, creating new jobs, commercial workspace and high quality town and district centres, increasing primary school provision and investing in leisure and sport facilities, an energy network and our transport infrastructure.

PROTECTING THE MOST VULNERABLE

There are people who are in real need of help and support in the borough. It is our role to do all we can to keep them safe and improve their quality of life, health and wellbeing. We will prioritise support carers, quality health and social care provision, helping people deal with the rising cost of living and the education and protection of our young people.

ENGAGING WITH RESIDENTS DIFFERENTLY

Resident engagement will lie at the heart of how we work with the community to deliver those services most needed.We will seek to empower and inspire local peopleto become more active citizens, able to contribute to local decision-making and play a greater part in their community through volunteering.

A FAIR & EQUAL BOROUGH

Ensuring fairness and equality of opportunity for all residents and communities in Harrow is critical and we believe that it is fundamentally right that residents are aware of their rights and responsibilities and that Council services are underpinned by fairness for all.

ENSURING AN EFFICIENT AND EFFECTIVE ORGANISATION

We want to be a modern and efficient Council, with an outcomes-focused culture to help us meet the challenges ahead. We will work with our partners, in particular, health and social care and other councils to explore further opportunities for integrated and shared services. We will continue to reduce bureaucracy and embrace the opportunities that digital and smart technologies have to offer.

ALTERNATIVE SOURCES OF INCOME

We need to do all we can to diversify our income given the significant pressures on our budgets from ever decreasing government grant. We will seek to generate alternative long-term income streams for the Council so we are able to continue to provide important and vital services.

WORKING IN PARTNERSHIP WITH OTHERS

We will develop strong relationships with residents, staff, external partners and the local voluntary &community sector; consultation and engagement will lie at the heart of everything we do as a Council.

4. Our Vision for Harrow

This Plan sets out the Council's vision and ambitions for the borough over the next four years and how we intend to achieve them. It is clear that during this time we will continue to face significant challenges and the services residents use, whether run by the Council, NHS or central government will continue to change because of the continuous squeeze on public finances. Through our Take Part campaign we have been open and honest with residents about what the impact of the budget cuts will mean for the Council. With less resource, it is important that we are clear about our strategic direction and priorities for investment.

Therefore, in order to make a difference for the vulnerable, communities, families and businessesover the next four years, the Council will be focussing its attention on: economic growth and regeneration; protecting the most vulnerable people; putting equality, fairness and engagement at the heart of what we do; ensuring the Council is as efficient and effective as possible and securing alternative sources of income.

Economic Growth & Regeneration

Harrow as a place has significant potential and large regeneration opportunities. The proposed regeneration programme for the borough is a once in a generation opportunity to make a real difference to the place and people's quality of life by building new houses and schools, encouraging business development, improving the town centre and district centres and creating new job opportunities. Encouraging growth in the local economy is a vital component in being able to offset some of the worst effects of the public sector spending cuts. It raises much needed income to invest in social infrastructure such as schools, leisure and sports facilities and transport improvements that the people of Harrow can be proud of.

Regeneration provides an ideal opportunity to meet our council priorities and make a difference for:

- 1. Communities, by accelerating the delivery of new council housing, affordable private rented homes and homes for shared ownership and outright sale, vibrant town centres that attract business investment and jobs and offer enhanced leisure and sport facilities, transport infrastructure and an energy network.
- 2. Business, by providing new commercial workspace, support to access markets, advice and finance, addressing skills shortages.
- 3. Vulnerable residents, by breaking down the barriers to employment, reducing fuel poverty, tackling overcrowding and lowering crime and anti-social behaviour.
- 4. Families, by providing new family homes, renewing our housing estates and delivering new and expanded schools.

We are currently consulting residents, businesses, investors and our partner public sector bodies on this strategy and exploring alternative options. We will also be consideringhow the regeneration programme may have a positive impact on the health of Harrow residents and create a healthier place to live.

Our ambition is deliver 5,500 new homes within the heart of Harrow between now and 2019 which would also contribute to the creation of over 500 jobs and secure essential new infrastructure including two new primary schools, additional nursery provision, a new central library, potential for a new civic centre, junction improvements, enhancements to playing pitches and sports facilities, a new health centre and new public parks and civic spaces in the borough.

Demand for affordable housing to rent and buy in Harrow is high and growing as the cost of rented and housing for sale rises. So the Council has drawn up plans to restart council house building. The Homes for Harrowprogramme aims to build up to 500 much needed new affordable homes for rent or shared ownership on Council estates where there is suitable land or underused garages. We are also looking at some of our existing estates to see if they could be redeveloped to provide more and better quality homes.

Protecting the most vulnerable people

Harrow is a great place to live, however, there are many people who are in real need of help and support due to ill-health, poor housing, financial hardship or the impacts of welfare reform. We will continue to prioritise our core commitment to help and support those most in need in our community. For example, in Harrow there are a larger proportion of older people, when compared to the London average, and older people generally have greater support and care needs. We will therefore work closely together with the Clinical Commissioning Group (CCG) and other health partners to ensure quality health and social care provision for those in need, strengthen our autism support and advice, refresh our Health and Well-being Strategy and implement the Care Act.

Anotherimportant way in which we can help vulnerable residents improve their quality of life, health and wellbeing in these difficult times is to help them get out of or avoid poverty and help them to deal with the rising cost of living and welfare changes by helping them find work through our Xcite programme, our mental health and employment project and the creation of new jobs and apprenticeships on the back of our regeneration plans.

Harrow Council is also committed to working with families and their communities to educate, support and protect children and young people and ensure they achieve their potential throughout their journey to adulthood. We will continue to work with partner agencies to provide a range of services that:identify and support the needs of children and families before they become acute; prioritise the mental and physical health of all our children and families; aim to ensure everyone in Harrow is safe from harm and narrow the gap in educational attainment for disadvantaged pupils.

Active residents, either through caring for a relative or friend, or supporting those who need help to travel around the borough are vital for our success in helping those most in need. The Council owes a great debt of gratitude to carers within Harrow and we must never take them for granted. We will therefore invest in support for carers and listen to individuals and groups in the community to see how they can be better supported to continue to do the things which make such a real difference to the lives of so many people.

We also recognise that for some, the last few years of 'austerity' have been a struggle. We want to make sure that Harrow is a place where individuals and families can thriveand the aspirations of all residentscan be met, whether it be from good quality, affordable housing and safe neighbourhoods, or good schools, vibrant town centres and new jobs. We know that the cost of living has risen in Harrow, and we will do all we can to support residents through this. The Council is already leading by example bypaying the London Living Wage to its employees. Through our contracts and procurements we will work with and encourage our business partners to also pay the London Living Wage.

Engaging With Residents Differently

To achieve our vision, the Council wants to encourage residents to become more active citizens by providing support and opportunities to contribute to the decision-making process and playing a greater part in their community to make Harrow better. We will place engaging and involving the community at the centre of our approach over the next four years. We will do this by working more closely with partners such as the voluntary and community sector whilst, at the same time, being more innovative and saving money in the Council. For instance, we will look at how we can make better use of technology, recognising that many residents in Harrow are online, and develop more innovative ways to get the views of those residents who rarely contact the Council or have previously found it difficult to get into a meaningful conversation with us.

We want to create a new model of local government where the Council works with local people and the voluntary sector every step of the way. We will look at how, by working with residents and the voluntary and community sector, we can improve the capacity and resilience of all communities within the borough to be able to come up with solutions to the challenges that they face, and be able to step in where public services can no longer operate or are affordable.

Harrow already has a high proportion of residents who volunteer in their communities, gaining new skills and friends while helping others. We know volunteering is beneficial for health and wellbeing

and can reduce social isolation, exclusion and loneliness.We want to build on the local resourcefulness within our communities. It will be the role of councillors to bring people together to make a real and positive difference to their area. Councillors should be leaders in their local community and therefore rooted in the area that they serve and be seen to be active; contributing to what matters to the community; facilitating debate; bringing people together and acting to deliver those things that make a big difference to communities.

Ensuring the Council is as efficient and effective as possible

We know there are tough times still ahead. Given that the Government's deficit reduction plan will continue until at least 2018, the need for the Council and other parts of the public sector to continue to make savings will not go away. Harrow Council is already a low spend authority that has made savings of £62m since 2010/11 and75% of the savings proposals identified in the 2015/16 budget come from further efficiencies, contract savings, management savings and additional income.We will continue to seek efficiencies, reduce management costs and bureaucracy and get the best value for money from our contracts. But we willalso have to reform the way in which the Council operates to be more resident and outcomes focused and re-design services together with the community to ensure they continue to be as efficient and effective as possible.We will also:explore all options for further collaborationand partnership working;seek to expand shared service arrangements such as HB Law;look at ways of generating alternative sources of income; and the look into the opportunities that new digital and smart technologies can offer to enable greater access to our services.

Our workforce is our most important asset and we are very proud that our investment, support and management of staff has been recognised with our Investors in People accreditation. During these tough times however, it will be important that we continue to broaden and deepen our levels of engagement with staff about the future of the Council. We will continue to encourage our staff to be the best they can be to meet the future challenges. We will enable employees to lead healthier lives, ensure our workforce is at capacity by developing recruitment and retention packages that maximise our employment offer and ensurethat we have the right workforce size and mix of people and skills to deliver the services residents want and need.

Alternative sources of income

As part of our ambition to reform the Council and given the significant pressures on our budgets from ever decreasing government grant, we will be seeking to generate alternative long-term income streams for the Council so we are able to continue to provide important and vital services and strengthen the Council's financial position. For example, rather than sell off all our assets outright when development opportunities arise, our intention is to retain freehold ownership and set up an arms-length trading company that could then manage new private rented housing on behalf of the Council. This would generate long-term revenue income for the council with sustainable returns, address the housing shortage in the borough, provide greater choice for those reliant on the private rented sector and improve standards of property management, condition and service.

Working in partnership with others

The staff are the lifeblood of any organisation, we are lucky in Harrow to have magnificent staff who serve residents. We will take every opportunity to support and engage with staff – our staff consultation regarding the Chief Executive was indicative of the open and transparent way in which we work. We will also develop strong relationships with our external partners, whether they are public sector organisations such as the NHS or private developers and local businesses as a part of the regeneration plans for Harrow. We are incredibly lucky to have a local voluntary & community sector that delivers outstanding services to our residents. We value all the work they do and want them to be at the heart of decision making, which is whywe pledges to have a member of the local voluntary sector on Cabinet. We have also pledged that all Labour Councillors will do a minimum of 50 hours a year volunteering in the community.

5. Achievements in 2014/15

Despite the challenging financial situation we find ourselves in, the Council continues to work with local people, business and partners to provide high quality, low cost services and make improvements across the borough. This section sets out some of the Council's most significant successes and achievements during the past year.

| | Making a Difference for the Most Vulnerable |
|---|--|
| 0 | Secured£38k to support residents with mental health issues into sustainable |
| | employment. |
| 0 | An extra £200k has been invested in domestic and sexual violence and strategy and an action plan for how to use that extra investment was agreed at Cabinet in |
| 0 | September 2014. Invested £120k into Harrow's Citizen's Advice Bureau, for face to face support |
| 0 | services with our most vulnerable residents An additional £715k has been committed to recruiting more Children's social workers to meet rising demands. |
| 0 | Harrow's Emergency Relief scheme has been successful in helping over 600 residents |
| 0 | We have supported the voluntary sector to launch the <i>Harrow Advice Together</i> portal. |
| 0 | M4Money Credit Union has been promoted to staff and residents. The Council is also promoting access to business loans for Harrow businesses through North London Credit Union. |
| 0 | Work to protect vulnerable people from spiralling debt has included banning access to pay day loan websites from all Council computers and the libraries' Wi-Fi. |
| 0 | Over half of eligible Adult social care users have a cash Personal Budget |
| 0 | Over 250 adult social care clients now use My Community ePurse |
| 0 | Shared Lives participants have trebled over the last year. This voluntary scheme matches carers and service users in a family-like relationship. |
| 0 | The Families First project has so far helpedsome 300 families out of 395 identified with complex needs to make the improvements sought by the national Troubled |
| 0 | Families programme and has qualified to continue with phase two. The Firs respite care centre for children has again been graded Outstanding by Ofsted |
| 0 | inspectors Helped vulnerable residents ensure that their home is a warm and a healthy place to |
| 0 | live Launched a community campaign to target high rates of Tuberculosis in the borough |
| 0 | Improved the confidence, resilience, health and wellbeing of people with long term |
| 0 | conditions and their carers by running a volunteer-led self-management programme. Launched a walk programme for people with learning disabilities in addition to the 10 already established health walks |
| | |
| | Making a Difference for Communities |

- Streets are cleaner 90% litter free (up from 86%)
- Achieved 50% recycling rate (up from 46%)
- o 99.5% of our street lights are functioning
- Introduced Fixed Penalty notice scheme for low level environmental crimes such as spitting and littering
- Pledged that all Councillors will do a minimum of 50 hours a year volunteering in the community; this was kick-started in January 2015
- Creating a new Town Park and Performance Space in Lowlands
- Introduced a pilot project for snow champions with training and provision of materials to volunteer residents to support the gritting of streets
- \circ The Community Champions Scheme has been launched with an updated website and

annual conference, as a joint initiative between Harrow Council and the Metropolitan Police aiming to encourage more people to volunteer.

- Trained 45 local people to support residents to improve health and wellbeing and signpost them to services
- The Borough has the lowest levels of Anti-Social Behaviour in London
- A draft Regeneration strategy and Action Plan were approved by Cabinet.
- \circ Invested £10m in highway improvements and maintenance.
- The Council's Carbon Reduction achievement exceeded its target
- The Council has re-launched its Fairer Grants campaign.
- £50,000 was made available to Harrow's Community Sport and Physical Activity Network.
- There were 3,451 responses to *Take Part, a* programme of consultation and engagement with residents to discuss how together we can meet the challenges of the future.
- The Under One Sky festival was successfully delivered in partnership with community organisations
- The Council held its annual volunteer award scheme Harrow's Heroes, that celebrates the work of volunteers across the borough
- Cleaned all war memorials in our Borough for the 100th centenary of the beginning of World War 1
- Helped residents to bring three neglected and underutilised sites back to life for growing food.

Making a Difference for Local Businesses

- Rolled out a period of free parking in all our district centres
- Supported 300 local businesses with business support events including Barclays Ready for Business Seminar (for start ups), the regular big mentoring seminar in partnership with Ministry of Growth and Harrow College (for established enterprises) and the annual NatWest mobile Business School in Harrow Town Centre which offered free advice, one to ones and bite size seminars to would be entrepreneurs
- Won the High Impact Award for contributions to Global Entrepreneurship week.
- Supported the development of Harrow's first Business Improvement District
- Supported plans for Crossrail expansion
- Successful roll out of a period of free parking in our district shopping centres
- Invested in the Council's Xcite programme to help over 200 workless residents into employment and developed a 'How to' guide for taking on apprentices.

Making a Difference for Families

- A Housing Zone Bid for up to £35m to accelerate the delivery of new houses on major sites within the Heart of Harrow Area Action Plan has been submitted.
- A pilot scheme to introduce selective licensing for private-sector landlords is to be introduced in Edgware which will give the Council significantly greater powers to tackle rogue landlords.
- Proposals for estate regeneration across a number of sites have been developed
- A Housing Growth fund bid of £1.7m for phase 1 of the HRA new build programme has been approved
- A further £3.6m has been awarded from the Housing Growth fund for phase 2 of the HRA new build programme
- Harrow's homelessness prevention work is amongst the most successful in London against a background of increasing demand
- We have helped ensure that 98% of 16-18 year olds are in education, training or employment
- o Created and recruited ten apprentices within the Council
- Strong schools inspection results continue
- o Our Schools Expansion Programme sees a £45m investment in our Schools to meet

increasing demand for school places and Special Educational Needs schools. Wepermanently increased Reception intakes at 8 primary schools in September 2013 and will deliver a further 15 by September 2015.

 Implemented the Special Educational Needs and Disabilities provisions of the Children and Families Act 2014

Efficient and Effective Organisation

- \circ $\,$ 68,500 residents now have Access Harrow accounts
- \circ 75% of customer interactions are by self-service
- Satisfaction with the One Stop Shop remains very high at 96%
- The Council as an organisation has been awarded the Investors in People mark, while the Resources Directorate and the Housing service gained the IiP Gold award
- A review was completed into the reinstatement of the post of Chief Executive and an appointment to the position was confirmed by Council on 13 November 2014.
- Delivered £12mof cashable savingsin 2014/15
- Over 120 staff have successfully completed our Leadership Development Programme which has also been accredited by the Institute of Management and Development

6. Our Equalities Priorities

Harrow is one of the most ethnically and religiously diverse boroughs in London and this richness of diversity is something to value and encourage as we believe it helps make Harrow a great place. As a Council, we are committed to ensuring equality and diversity is integral to everything we do irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

That is why we have included our key equality objectives for 2015-2019 in this plan. They set out our commitment as a community leader to work in partnership with the public, voluntary and private sectors to ensure we recognise the needs of every local community and promote inclusion, cohesion, fairness and justice. Our commitment as an employer is to employ a diverse workforce, to help us to understand and relate to the communities we serve. And our commitment as a service provider and commissioner is to ensure our services are open, fair and accessible.

| Making a Difference for the Most Vulnerable | Making a Difference for Communities | Making a Difference for Families | Making a Difference for Businesses |
|---|---|---|---|
| Protect vulnerable people from the harmful impact of crime, anti-social behaviour, stigma and abuse Minimise health inequalities and deprivation in the borough. | Ensure all services, delivered by or on behalf of the Council, are accessible and responsive to the needs and aspirations of all communities Encourage pride in the diversity of our borough | Improve opportunities for vulnerable young people Minimise health inequalities and deprivation in the borough. | Improve the skills and employment opportunities for disadvantaged groups. |
| Develop a workforce that feels valued, respected and is reflective of the diverse | | | |
| | | ty we serve | |
| | | | |

Measures for eachequality objective areintegrated into the Council's overall performance scorecard. This is then reviewed quarterly through the Council's performance management framework and reports to Cabinet and Scrutiny through the Strategic Performance Report.

We will continue to ensure all key decisions have an Equalities Impact Assessment that highlights any disproportionate impact and enables the Council to put in place appropriate mitigations.

7. Delivery Plan

This section sets out the key projects and initiatives the Council will prioritise over the next four years to make the ambition, priorities and outcomes of thisCouncil Plan a reality. It also sets out some of the key measures and targets we will use to evidence our performance (The full list of our performance measures is contained within our Corporate Scorecard and reported to Cabinet and Scrutiny through the Strategic Performance Report. The reports are available on the Council's website at:<u>www.harrow.gov.uk/strategicperformance</u>.)

| Corporate Priority | Making a Difference for the Vulnerable |
|--|--|
| Outcomes we want | a. Our most vulnerable residents are safe from harm and abuse |
| to achieve | Support our residents who fall on hard times and give them the opportunities they need, such as welfare support or employment opportunities |
| | c. Work with our partners in the NHS to ensure that Harrow residents live as independently as they can |
| | d. The mental health and well-being of residents improves |
| | e. Minimise health inequalities within the borough |
| Key projects and initiatives to deliver the Council Plan | Invest an extra £1m into domestic violence, support to carers and those in need Provide investment for extra children's social workers Deliver our Child Sexual Exploitation action plan to help keep children |
| | safe Deliver our offer around Special Educational Needs & Disability provision |
| | • Joint working with the CCG and health partners to ensure quality health and social care provision for those in need |
| | Implementation of the Care Act which is making major changes to the way in which adult social care is funded Deliver the West London Mental Health and Employment Integration |
| | Trailblazer to help support people with mental health issues into work Bring together autism support across the borough to create a strong, coherent support package |
| | Prevent homelessness by helping families stay in their homes or find suitable alternative accommodation |
| | Invest in extra staff in Access Harrow to deal with residents' Council Tax enquiries Composing for a fairer grant for Harrow residents |
| | Campaign for a fairer grant for Harrow residents Work with and encourage businesses to pay the London Living Wage as a minimum |
| | Refresh the Health and Well-being strategy for the borough Tackle fuel poverty in the Borough |
| Key Performance Indicators and | The extent to which those with long term support had their care needs reviewed during the year |
| targets | Percentage of children with Child Protection Plan for over two years |
| | Stability of placements of Children Looked After (% with more than 2 placement moves) |
| | Repeat referrals to Children's Social Care (within 12 months) |
| | % of social care users who receive self-directed support |
| | % of carers who receive self-directed support |
| | Council adaptations: average time taken from assessment to completion |
| | Number of eligible people receiving health checks |
| | Adult participation in sport and active recreation |
| | Number of people setting a quit date with Smoking Cessation services who successfully quit at 4 weeks |
| | Violence with injury - Domestic abuse |
| | % of street lights functioning |
| | Number of schools registered for the Healthy Schools London Awards |

| Corporate Priority | Making a Difference for Communities |
|--|--|
| | a. Harrow is a pleasant place to live |
| Outcomes we want to achieve | b. Maximise opportunities for volunteering |
| want to achieve | c. Collaborative working with the voluntary and community sector |
| | d. Harrow is one of the safest boroughs in London |
| | e. Residents are empowered to influence local decisions |
| | f. People from all backgrounds are respected and treated fairly |
| Key projects and initiatives to deliver the Council Plan | Restart a council house building programme Begin the regeneration of key sites in the Borough, such as the Civic site, Greenhill Way, Grange Farm Estate and Gayton Road Develop a resident engagement & involvement agenda, with a residents regeneration board and greater citizen control over budgets Secure improvements to public transport – access to Harrow on the Hill Tube station and apotential crossrail link to Harrow & Wealdstone station Invest in improved social infrastructure – new urban parks and spaces, new central library, arts provision and new restaurant offersin key regeneration sites across the borough Engage with key stakeholders to consider the redevelopment of the Leisure Centre and surrounding site. Maximise further opportunities for volunteering in the borough Design and deliver a new 'Community Champions'volunteering scheme Set up Park User Groups Support and promote greater community engagement to give residents more control over local decisionsand make neighbourhoods more pleasant places for residents to live Ensure that residents have access to sport facilitates and opportunities for physical activity Explore opportunities for a sustainable future for both the Arts Centre and Harrow Museum, as well as exploring the development of cultural opportunities within the Borough Ensure that the centenary of the First World War is commemorated each and every year Tackle fly-tipping in the Borough and introduce on the spot fines for littering and spitting |
| Key Performance Indicators and | Street and environmental cleanliness – litter, detritus, graffiti (excluding private land), fly posting |

| Corporate Priority | Making a Difference for Communities | |
|-----------------------|---|--|
| | Number of active park user groups | |
| | No. of hours contributed by volunteers supporting the direct delivery of Community & Culture services | |
| | Number of trained Community Champions | |
| | Number of voluntary & community sector events supported in the delivery of Harrow's Cultural Calendar | |
| | Percentage of food establishments broadly compliant with food hygiene law | |
| | Residents who are satisfied with the safety of Harrow Town Centre | |
| | Residential burglaries | |
| | Rate of proven re-offending by young offenders | |
| | Percentage of residents who feel that they can influence decisions affecting their local area | |
| | Percentage of residents who agree that people from different backgrounds get on well together in their local area | |

| Corporate Priority | Making a Difference for Local Businesses | | |
|--|---|--|--|
| Outcomes we | a. Residents and businesses benefit from local economic growth | | |
| want to achieve | b. Sustainable business growth | | |
| | c. The skills and apprenticeship opportunities for residents improve | | |
| | d. Provide the homes, schools, jobs and infrastructure needed through regeneration | | |
| | e. Create and maintain strong local links and partnerships between the Council and local businesses | | |
| Key projects and initiatives to deliver the Council Plan | Create up to 3,000 new jobs and 500 apprenticeships for young people through the delivery of the regeneration strategy and action plan Support low paid residents to gain higher level skills, through employment and training plans with developers and contractors and Harrow's Employment and Construction Training Initiative Provide free recruitment service through Job Fairs and Xciteto help business recruit locally Work with businesses to encourage them to pay the London Living Wage Deliver the commercial and procurement strategy to support local business and achieve additional social value that meets the needs of Harrow's residents and businesses | | |
| Key Performance | Vacancy rates in Town Centre | | |
| Indicators and | Resident perceptions of town centre and range of shops | | |
| targets | Number of businesses supported by the Council (annual) | | |
| | Percentage of 3rd party contract spend placed with local organisations | | |
| | 16 to 18 year olds who are not in education, employment or training (NEET) | | |
| | Number of residents supported in sustained employment with job outcomes sustained for 6 months or more | | |
| | Number of apprenticeships / work experience places offered by the Council | | |
| | The number of young people supported into apprenticeships and jobs | | |
| | Net number of new homes completed | | |

| Corporate Priority | Making a Difference for Families | | | |
|--|---|--|--|--|
| | a. Families live in quality, affordable homes | | | |
| Outcomes we want to achieve | b. Help is targeted at the families most in need of support | | | |
| want to achieve | c. Create skills and apprenticeship opportunities for residentsimprove their life chances | | | |
| | d. Secure an excellent education for every child | | | |
| Key projects and initiatives to deliver the Council Plan | Deliver the schools expansions programme and build 2 new primary schools in the borough Seek to close the educational attainment gap for disadvantaged groups of young people Implement the Homes for Harrow Programme to build new council houses through the renewal of Grange Farm estate and an infill programme Tackle landlords that are trying to take advantage of families, through licensing, support and the tenants and landlords charter Help turn around the lives of families with complex needs by delivering the second phase of the national Troubled FamiliesProgramme Help parents meet the cost of childcare, and ensure they have all the support they need Support low paid residents to gain higher level skills, through | | | |
| | employment and training plans and the creation of 500 apprenticeships | | | |
| Key Performance Indicators and targets | Number of affordable family homes completed Number of social housing homes freed up through Council intervention/Grants2Move Total number of households to whom we have accepted a full homelessness duty | | | |
| | Adult and Community Learning - success rates (annual) | | | |
| | 16 to 18 year olds who are not in education, employment or training (NEET) | | | |
| | Number of residents supported into employment by the Council | | | |
| | The % of children with a good level of development. Children are meeting or exceeding the Early Learning Goals | | | |
| | The percentage inequality gap in achievement across all the Early Learning Goals at Early Years Foundation Stage | | | |
| | Achievement gap between pupils with special educational needs and their peers, based on pupils achieving level 4 or above in reading & writing and mathematics at Key Stage 2 | | | |
| | The Special Educational Needs (SEN) / non-SEN gap – achieving 5 A*- C GCSE inc. English and Maths GCSEs (equalities measure) | | | |
| | Permanent and fixed term exclusions as percentage of Harrow school population | | | |
| | Termly rate of overall absence in primary and secondary schools | | | |
| | Achievement gap between pupils eligible for free school meals and their peers, based on pupils achieving level 4 or above in Reading & Writing and mathematics at Key Stage 2 and 4 | | | |
| | Percentage of Children Looked After for 1 year plus achieving Level 4+ at KS2 in both English and Maths | | | |
| | Percentage of Children Looked After for 1 year plus achieving 5+ A*-C GCSEs including English and Maths GCSEs at KS4 | | | |

| | Efficient and Effective Organisation |
|--|--|
| Outcomes we want to achieve | We want to be a modern and efficient Council, able to meet the challenges ahead. In order to help protect frontline services we will continue to deliver support functions in the most cost effective way, seeking alternative sources of income and continuing to collaborate with regional bodies and other boroughs on shared services and procurement opportunities. We will protect people and Council assets from risks and retain our customer services in Harrow where possible, modernising and simplifying the access channels to the Council, making more services available online and therefore accessible on a more 24/7 basis. |
| Key projects and initiatives to deliver the Corporate Plan | The development of a commercialisation strategy for the Council Look at ways of increasing alternative sources of income, i.e.Private Rented Sector Programme Pilots Implement a senior management restructure Continue to ensure appropriate use of agency and interim staff Put consultation and resident engagement at the heart of everything the Council does Work with our partners and other councils to explore further opportunities for integrated and shared services Rationalise and maximise the use of all Council assets Consider the options for a cost-effective re-provision of the Civic Centre To be the leader in cross council working in west London |
| Key Performance Indicators and | Percentage of residents who agree the Council provides good value for money |
| targets | Percentage of residents who feel the Council keeps them informed of services & benefits it provides |
| | Percentage of residents who are satisfied with the way the Council runs things |
| | Customer enquiries that should not have been necessary (percentage) |
| | The proportion of enquiries that were resolved at the first point of contact |
| | Proportion of web forms and web visits as a percentage of overall contact |
| | Average wait on calls in Access Harrow |
| | Average cost per transaction (£) (Access Harrow) |
| | Total debt collected, at year to date, as a % of total debt raised |
| | Percentage of Council Tax collected |
| | Percentage of non-domestic rates collected |
| | Variation in business rate yield |
| | Time taken to process housing benefit and council tax benefit new claims and change events |
| | Staff sickness - average days per FTE excluding schools |
| | Workforce with appraisal in last 12 months (previously IPAD) |

Section 1 – Summary and Recommendations

This report sets out the final revenue budget for 2015/16 and Medium Term Financial Strategy (MTFS) for 2015/16 to 2018/19. In December 2014 Cabinet approved draft versions of the revenue budget and MTFS for general consultation.

Recommendations:

Cabinet is requested to:

- Note the increase in the estimated budget gap for the four year period 2015/16 to 2018/19 from £75m to £83m following the final 2015/16 Local Government Financial Settlement and revised projections of Revenue Support Grant from London Councils (paragraph 1.5)
- 2) Recommend the 2015/16 budget to Council for approval, being mindful of the results of the various consultations and equality impact assessments, to enable the Council Tax for 2015/16 to be set (Appendix 2)
- 3) Approve the Medium Term Financial Strategy (MTFS) at Appendix 2 for referral to Council.
- 4) Note the current remaining budget gaps of £23.2m, £15.3m and £13.9m for 2016/17, 2017/18 and 2018/19 respectively (table 3)
- 5) Note the intention to increase Council Tax by 1.99% in 2015/16 (paragraph 1.13).
- 6) Recommend to Council the 2015/16 Schools Budget as set out in Appendix 6.
- 7) Note the 2015/16 Public Health Budget as set out in Appendix 7.
- 8) Agrees the risk assessment (Appendix 8) and refers it to the Governance, Audit and Risk Management and Standards Committee for consideration and monitoring.
- 9) Note the sum of Better Care Funding to be received by the Council in 2015/16 (£6.601m) (paragraph1.29)
- 10)Recommends the 2015/16 Members Allowance Scheme to Council for approval (Appendix 13)
- 11)Recommends the 2015/16 Annual Pay Policy Statement to Council for approval (Appendix 14)

Reason: (For recommendations)

To ensure that the Council sets a balanced budget for 2015/16.

Section 2 – Report

INTRODUCTORY PARAGRAPH

- 1.0 This is the final report in a series of budget reports for the MTFS covering the period 2015/16 to 2018/19.
- 1.1 This report shows that the 2015/16 Revenue Budget is balanced and the MTFS has estimated budget gaps of £23.2m, £15.3m and £13.9m for 2016/17, 2017/18 and 2018/19 respectively. The MTFS has been updated to reflect the final 2015/16 Local Government Financial Settlement announced on 3 February and the revised projections of Revenue Support Grant (RSG) from London Councils for 2016/17 to 2018/19. The three year impact is an estimated further reduction in RSG of £6.7m which, along with funding additional pressures for homelessness and the impact of welfare reform, takes the overall four year indicative savings target from £75m to £83m.

CURRENT FINANCIAL CONTEXT

- 1.2 The budget process is designed to ensure that it is priority led so that resources are aligned with council priorities and statutory responsibilities. A new vision and set of Council priorities were agreed at Council in June 2014 and the draft budget for 2015/16 has been prepared in line with these.
- 1.3 The MTFS agreed by Cabinet and Council in February 2014 showed a balanced budget position for 2014/15 and an estimated budget gap of £24.74m for 2015/16 and £20.765m for 2016/17. This budget gap was based on an indicative central government grant settlement for 2015/16 alongside a number of assumptions on council tax, inflation and movements on government grants.
- 1.4 In July 2014 Cabinet received a budget planning process update report which looked forward to 2017/18 and 2018/19 and estimated an additional budget gap of £15m for each year taking the total estimated budget gap for the four year period 2015/16 to 2018/19 to £75m. This is an indicative amount which is subject to change based on announcements in the annual central government grant settlement and local factors. The July Cabinet report identified an indicative savings target of £30m for 2015/16. This is slightly higher than the reported MTFS budget gap position of £24.74m to provide an element of slippage for those saving proposals that may require a long lead in time. To ensure the target for 2015/16 is achieved Cabinet, in July and November 2014, agreed to savings of £1.732m being taken in-year (2014/15) which contribute towards the £30m.
- 1.5 The final 2015/16 Local Government Financial Settlement was announced on 3 February 2015. The MTFS has been updated to reflect:
 - The impact of the settlement

- The revised projections of Revenue Support Grant (RSG) from London Councils for 2016/17 to 2018/19.
- Additional demand pressures
- 1.6 The financial impact is an increase in the estimated budget gap for 2015/16 to 2018/19 to £83m, an increase of £8m of which £6.7m is attributable to the estimated reduction in RSG and £1.2m to an increase in homelessness. Welfare Reform pressures of £740k have been mitigated by application of the Welfare Reform Contingency.

EXTERNAL FUNDING POSITION

1.7 Harrow is one of the lowest funded councils in London. A focused piece of work was recently commissioned from LG Futures to investigate Harrow's funding settlement and the reasons behind the variances from other London Boroughs and across England. The review identified that in 2015/16 Harrow's revenue spending power per head is projected to be £159 (or 17.3%) lower than the London average which ranks Harrow 26th out of 32. A similar comparison with the England average shows Harrow's revenue spending power per head is £127 (or 14.3%) below average and ranks Harrow 105th out of 120.

DELIVERY OF THE 2014/15 BUDGET

1.8 Delivery of the 2014/15 budget is critical to maintaining the Council's financial standing. The 2014/15 revenue budget includes a challenging savings target of £12.9m and investment of £7.712m. The Quarter 3 position (as at 31 December) is subject to a separate report on the agenda. Overall the Council is forecasting a balanced budget. This is the net effect of a forecast overspend of £1m within the directorates off set by a forecast underspend £860k against corporate budgets and a draw down on the central contingency for unforeseen items of £140k:

| | Revised Budget | Forecast Outturn | Quarter 3 Variance | Variance | Quarter 2 Variance |
|---------------------------------|-------------------|---------------------|--------------------------|----------|--------------------------|
| | £000 | £000 | £000 | % | £000 |
| Resources | 26,638 | 26,400 | (238) | -0.9% | (530) |
| Environment and Enterprise | 41,111 | 40,602 | (509) | -1.2% | (481) |
| Community, Health and Wellbeing | 75,873 | 76,967 | 1,094 | 1.4% | 462 |
| Children and Families | 47,171 | 47,830 | 659 | 1.4% | 811 |
| Total Directorate Budgets | 190,793 | 191,799 | 1,006 | 0.5% | 262 |
| Corporate Items | (16,367) | (17,373) | (1,006) | 6.1% | (350) |
| Total Budget Requirement | 174,426 | 174,426 | 0 | 0.0% | (88) |
| | | | | | |
| HRA | (905) | (821) | 84 | | 268 |

1.9 Managers continue to try and manage down the pressures within their directorates to prevent any calls on contingency

BUDGET PLANNING PROCESS

1.10 Through the budget process there has been a very clear steer that officers must come forward with a range of saving proposals to give Members options to meet the original estimated budget gap of £75m for the four year period 2015/16 to 2018/19, as reported to Cabinet in July 2014.

DEVELOPMENTS IMPACTING UPON THE COUNCIL'S MEDIUM TERM FINANCIAL STRATEGY

- 1.11 The 2014/15 MTFS, covering the three year period 2014/15 to 2016/17, was approved by Council in February 2014. Though the MTFS is approved annually, it is reviewed on a continual basis as the Council's financial position is dynamic and could be affected by a number of financial uncertainties and adjustments that could affect its financial position over the medium term.
- 1.12 In preparing the draft budget for 2015/16 there were a number of adjustments to the MTFS which were reported to December Cabinet and are detailed in table 2 below:

| Local Government Financial | 2015/16 | 2016/17 | 2017/18 | 2018/19 |

<u>Table 2: Adjustments to Year MTFS (2015/16 to 2018/19) (PRIOR to the</u> Local Government Financial Settlement)

(*) The current MTFS runs to 2016/17. It has been extended by two years hence a starting point of $\pounds 0$.

1.13 On 3 December 2014 Chancellor George Osborne delivered his 5th annual Autumn Statement followed by the provisional Local Government Finance Settlement on 18 December and the final settlement on 3 February. The announcements, along with other changes, have resulted in a number of adjustments to the MTFS which are summarised in table 3 and supported by explanatory text. The 2015/16 budget still includes a Council Tax increase of 1.99%. To raise the council tax by more than 2% would trigger a referendum which the Council would need to pay for.

| Table 3: Adjustments to MTFS 2015/16 to 2018/19 (AFTER the | |
|--|--|
| Local Government Financial Settlement) | |

- 1.14 **Impact of Financial Settlement.** The overall impact of the grants announced as part of the Financial Settlement on 2015/16 is an increase in grant of £791k compared to the position reported to December Cabinet:
 - The combined total of **Revenue Support Grant, Top-up grant and Council Tax Freeze Grant** shows an increase of £142k compared to what was assumed in the December Cabinet report. There has been a reduction of £93k of grant to reflect the ending of the Carbon Reduction Commitment Charge. There has also been an addition as part of the final settlement of £248k to reflect the costs of welfare reform and social care faced by councils. This has been added to the general contingency for unforeseen items, increasing it from £1m to £1.248m.
 - The **New Homes Bonus** is £478k higher than estimated following an exercise to review the classification of properties previously shown as empty within the Council Tax system.
 - The estimate of the **Education Services Grant** receivable is £171k higher than previously expected. This reflects the most up to data received from the DfE on rates and academy conversions. The grant allocation will be revised in-year to reflect any conversions that take place.
 - London Council's update their forward looking RSG projections annually after the announcement of the local government financial settlement. Harrow uses these projections in its MTFS and London Councils are forecasting Harrow's RSG will reduce by a further £6.7m:
 - 2016/17 Further reduction of £5.986m
 - o 2017/18 Additional grant of £330k
 - 2018/19 Further reduction of £1.061m

It is accepted that these projections are an estimate, and will be subject to change, but it is considered prudent to include the grant reductions in the MTFS. This, along with other adjustments, increases the overall 4 year indicative savings target from £75m to \pounds 83m.

 In terms of Freedom Passes, the London Council's Transport and Environment Committee on 11 December agreed the final levy for 2015/16 at £9.838m which is £89k lower that previously provided for.

1.15 **Technical Adjustments:**

Food / Garden Waste saving proposal. The Environment and Enterprise directorate are proposing a saving of £2.681m against food and garden waste collection (ref E&E 34). The year 1 saving value of £540k was net of one off revenue implementation costs of £430k. These one off costs will be funded from the MTFS Implementation Reserve, the impact of which will be additional revenue in the financial model of £430k in 2015/16 which will be reversed out in 2016/17. The total value of the food and garden waste proposal remains the same at £2.681m but the saving has been re-profiled to £970k in 2015/16 and £1.711m in 2016/17. £430k will be drawn down from the MTFS Implementation Fund and transferred to E & E on 01/04/15.

• The Quarter 3 review of the 2014/15 Capital Programme has been completed and, due to additional slippage, a non recurrent saving on capital financing costs of £1.163m is achievable in 2015/16 and this is reflected in the MTFS.

1.16 **Additional Pressures:**

Homelessness. One of the significant consequences of welfare reform is that homelessness pressures are continuing to grow as the gap between actual rents in the market and what is payable through housing benefit grows, with the result that many more families who would otherwise have been able to find their own housing solution are now priced out of accommodation in West London, and have to approach the Council for help to secure accommodation. The other main welfare reform pressure is the overall benefit cap that has resulted in about 200 families needing on-going financial support, mainly through the Discretionary Housing Payments fund (DHP), to sustain tenancies and avoid homelessness. This has depleted the DHP provision available to help other groups avoid homelessness by agreeing higher (realistic) rents with their landlords or be assisted to move into the private rented sector. The main homelessness budget has had to meet this additional cost, as it is still cheaper to do this than take even more families into bed and breakfast.

Despite interventions that have been implemented, the combined impact of these has been to give rise to a significant overspend in respect of Homelessness in 2014-15. Based on current projections, the trends are unlikely to change in 15-16 as there is no likelihood Housing Benefit will meet even bottom quartile rents locally, and legislation restricts us on where else we can accommodate most homeless households. The amount of DHP Harrow will receive in 2015-16 has been reduced by 40%, which further reduces the ability to meet these anticipated additional costs. It has therefore been necessary to include growth in the Homelessness budget to help meet the increased demand for the service. The saving of £200k included in the draft budget has therefore been removed, and a further £800k growth included in respect of homelessness, giving an overall increase of £1m.

The prospects remain uncertain for future years, and from the detailed modelling work carried out, it is possible that actual demand for the service may result in costs in excess of the budgeted amount in 2015-16, though it should be noted that officers continue to work to try to mitigate this growth, both through

the continuation of existing initiatives and the development of new ones.

Welfare Reform. A Welfare Reform Contingency of £1.036m was set aside which was funded from a reduction in the Council Tax Support Scheme spends. This has now been brought into the MTFS and applied as follows:

- £296k contribution to Homelessness pressures
- £275k contribution to the Emergency Relief Scheme (ERS). In 2014/15 the scheme is funded from a separate grant for Local Welfare Provision (Social Fund Growth). From 2015/16 this will be subsumed into the RSG and the £275k is allocated to partly off set the loss of the separate grant.
- £215k to fund 6 additional staff, experienced in Revenues and Benefits, to address concerns from members of the public at not being able to make contact with Access Harrow and experiencing long wait times. This funding is allocated for 2015/16 only, after which it will be applied to the homelessness pressures.
- £250k contribution to the Council Tax summons costs budget to reduce the income expectation. This will allow for flexibility in cost withdrawal / write off therefore removing the financial burden from those tax payers on council tax support and with limited financial means who can lest afford to pay additional charges.
- 1.17 The saving proposal to reduce the **Trade Union facilities time** (RES 11) for £27k has been deleted.
- 1.18 **Rephasing of Access Harrow / HR Savings.** 4 saving's, already approved by Cabinet for 2015/16, within Access Harrow and HR are being re-phased within the MTFS:
 - RES029 Channel shift through roll out of My Harrow account (£60k)
 - RES030 Close face to face and telephony channels for public realm enquiries (£70k)
 - RES031 Reconfigure one stop shop (£190k)
 - RES042 Reduction in HR Development posts (£75k)

The growth allocated to address a change in legislation for local land charges (RES 14) has been reduced by £250k in 2015/16 to partly off set the impact of the re-phased savings.

1.19 The saving for **School Crossing Patrols** (E&E_03) has been rephased to 16/17. A consultation with all 12 schools affected by the proposal commenced at the beginning of 2015 with a view that SLAs will be put in place with the schools which choose to continue the service. This will give sufficient time for schools to consider the proposal are/or seek their own alternative arrangements beyond 2015/16. There is a compensating saving of £32K in 15/16 from rephasing the saving on the highways maintenance budget (E&E_08).

This is considered feasible as a result of additional capital investment made in highways infrastructure during the last quarter of 14/15.

1.20 **Community festivals**. It is proposed to reduce the subsidy to festivals by £10k rather than cease it.

ANALYSIS OF DIRECTORATE SAVINGS

1.21 The proposed 2015/16 budget includes savings totalling £30.9m. The MTFS process was guided by work under the themes of regeneration, commercialisation and procurement, public service integration, efficiency and management savings. Table 4 below analyses the savings between management savings, additional income, contractual savings, efficiency savings and service changes (MICES):

| | Management | Income | Contractual | Efficiency | Service Changes | Total |
|-------------------------------|------------|--------|-------------|------------|--------------------|--------|
| Directorate | £000 | £000 | £000 | £000 | £000 | £000 |
| Resources | 150 | 410 | 1,798 | 4,672 | 1,205 | 8,234 |
| Community, Health & Wellbeing | 308 | 2,235 | 313 | 2,124 | 1,892 | 6,872 |
| Environment & Enterprise | 367 | 3,871 | 830 | 1,684 | 1,560 | 8,312 |
| Children & Families | 205 | 541 | 50 | 586 | 1,215 | 2,597 |
| Pan Organisation | 0 | 0 | 0 | 1,720 | 2,350 | 4,070 |
| Business Support | 0 | 0 | 0 | 730 | 0 | 730 |
| Total | 1,030 | 7,057 | 2,991 | 11,516 | 8,222 | 30,815 |

Table 4: Saving Proposals 2015/16 to 2018/19 MICES Analysis

Table 4 does not account for the following four growth items which were not categorised:

- Children and Families Social Worker growth of £715k
- Community, Health and Wellbeing Care Act funding from the Better Care Fund of £545k
- Homelessness growth £800k
- Resources savings rephasing £395k
- 1.22 The saving proposals, as detailed in appendix 1, currently approximate to a reduction of 145 fte in 2015/16.

FEES AND CHARGES 2015/16

1.23 The proposed fees and charges for 2015/16 were agreed by January Cabinet. The estimated effect of the changes proposed has been accounted for in the MTFS.

SCHOOLS BUDGET 2015/16

1.24 The funding arrangements for the Dedicated Schools Grant and the Schools Budget for 2015/16 are detailed in Appendix 6. Cabinet are asked to recommend to Council the Schools Budget for 2015/16 which was presented to Schools Forum on 20 January 2015.

PUBLIC HEALTH FUNDING 2015/16

- 1.25 The Department of Health announced in September 2014 that local authorities would receive a £2.79 billion ring fenced public health grant for their public health duties, the same level as in 2014/15. The allocation for Harrow totals £9.146m for 2015/16. There will be further ring-fenced funding for 0-5 years public health services (health visiting) announced in due course in relation to the services that will transfer from NHS England to local authorities in October 2015.
- 1.26 During 2014/15 further contract efficiencies have been identified enabling wider determinants of public health to be charged to the grant. A programme of procurement will continue in 2015/16 and beyond and in particular, a collaborative approach to the commissioning of sexual health services across London, is expected to deliver further efficiencies (or as a minimum contain growth) from April 2018.
- 1.27 The commissioning intentions (detailed in Appendix 7) were presented, as part of the overall Council budget, to the Health and Wellbeing Board at its meeting on 08 January 2015.

BETTER CARE FUND

- 1.28 From April 2015 the NHS Funding Transfer will become the Better Care Fund (BCF) with funding of £3.8bn nationally. The allocation for Harrow, across the Health and Social Care economy is £14.373m. This represents a re-allocation of existing resources and includes £1.190m for capital expenditure (including Disabled Facilities Grants) together with the funding associated with a range of duties from the Care Act that comes into effect in April 2015.
- 1.29 Following extensive joint work and negotiations, the Health & Wellbeing Board on 8th January agreed the allocation of the BCF funding for 2015/16. The proposed budget now reflects a transfer to the Council of £6.601m comprising revenue funding of £5.411m to protect social care services (including resources for the Care Act) together with the full capital allocation of £1.190m.
- 1.30 A series of further conversations, outside of the BCF, were agreed on a number of other issues:
 - To consider financial support for the Council for winter pressures
 - To consider the funding associated with the enhanced discharge scheme
 - A review process to ensure that the protection of social care is considered as part of the allocation of any health care resource available to the economy
- 1.31 The transfer now agreed, whilst greater than the existing NHS Funding Transfer amount, is less than was anticipated in the 2015/16 draft budget reported to Cabinet in December. Should additional funding to protect social care services be identified during 2015/16, this will be held corporately to offset the shortfall.

1.32 It is assumed that the BCF will, subject to national political decision, be ongoing. As a result, discussions will be necessary with the Harrow Clinical Commissioning Group (CCG) to agree the funding required for the protection of social care services in 2016/17 and will be included as appropriate in future draft budgets. The Council expectation is that discussions for 2016/17 will start at £6.5m, the anticipated transfer value for 2015/16.

DEMOGRAPHY

Adult Services

- 1.33 Adults demography, based on statistical information, has been required in the region of £2.5m to £2.8m in recent years and reflects largely the cost of supporting older service users in the community (106 additional placements at an average cost of £8,250 pa) and children transitioning to adult hood (£1m). The balance represents additional residential placements (17 additional placements at an average cost of £30kpa) and cases no longer meeting continuing care criteria. These demographic pressures are expected to continue into 2017/18 and beyond, at least at the level of the existing MTFS. It is possible that these demographic costs may need to be increased further to reflect the ongoing costs arising from the introduction of the Care Act. Whilst it is not yet possible to quantify with any certainty the likely costs in this respect, estimates indicate that this could be anywhere between £3.7m and £5m pa over the term of the MTFS.
- 1.34 The Care Act is expected to be funded in 2015/16 by a new burdens grant (£1.2m) and the BCF (£0.545m), a shortfall on the estimated costs. These costs will be closely monitored with any evidenced variations being reported at the earliest opportunity. Whilst the BCF funding is expected to be ongoing, it is not yet clear whether the new burdens grant will continue after April 2016, although the Council will be required to continue to support service users and their carers once assessed under the eligibility criteria.
- 1.35 The current MTFS assumes demographic growth of £2.8m in 2015/16 and £2.5m in 2016/17. For the final two years of the MTFS assumes that any demographic pressures will be offset by compensatory savings hence no growth is included. Given the pressures this will need to be kept under review.

Children and Families

Children's Services has received annual demographic growth totalling 1.36 £413k. Of this, £260k funds client costs in relation to children with disabilities and accommodation costs for looked after children and care leavers. The remaining £153k supports the social care work force. Children's Services has seen a growth in demand for services, an which shown example of are as follows: 41% increase in the number of 0-4 year olds since 2001 31% increase in Children in Need (CiN) from 2013 to 2014 50% increase in Child Protection Plans (CPP) from 2013 to 2014

- 51% increase in referrals from 2013 to 2014
- 1.37 The current MTFS assumes demographic growth of £413k in 2015/16 but nothing beyond this. The MTFS assumes that any demographic pressures will be offset by compensatory savings hence no growth is included. Given the pressures this will need to be kept under review.
- 1.38 The MTFS includes a budget planning contingency of £3m for 2016/17, 2017/18 and 2018/19 which is intended to address budget pressures.

REGENERATION

1.39 Indicative net income is estimated to be realised from a long term regeneration strategy for the borough (saving proposal PO 03). The Harrow Regeneration Strategy and Action Plan was presented to December Cabinet.

RESERVES AND CONTINGENCIES

- 1.40 Reserves and contingencies need to be considered in the context of their need to protect the Council's good financial standing and in the context of the overall risks that the Council faces during a continuing period of economic uncertainty. The MTFS reflects the Council's need to ensure an adequate level of reserves and contingencies which will enable it to manage the risks associated with delivery of the budget and unforeseen events. As at the time of writing this report general non earmarked balances stand at £10m and those for specific purposes are detailed:
 - Unforeseen contingency (including mitigation should decision makers want to make alternative decisions for equalities reasons) £777k
 - Pay and Energy Inflation contingency £1.400m with an anticipated draw down of £950k once the current year pay award is finalised
 - Transformation and Priorities Initiatives Fund £3.891m
 - Carry forwards £195k
 - Business Risk Reserve £2.859m
 - MTFS Implementation £5.112m
- 1.41 The report of the Director of Finance and Assurance which includes the adequacy of reserves is detailed in Appendix 11.

PROPOSALS FOR GENERAL RESERVES / BUDGET RISK ASSESSMENT

1.42 The detailed risk assessment of the budget has been updated and included in this report at Appendix 8. Cabinet agreed the following reserves policy in February 2014:

The risk assessment of the budget dictates the minimum level of general balances required.

One of the calls on any under spend at the end of the year will be a contribution to general balances. The value of the contribution will be determined with regard to the size of the underspend, the underlying strength of the balance sheet, the need to support the transformation programme and other priorities.

At the current time no amendments are required to the reserves policy which is detailed in Appendix 9.

COUNCIL TAX MODEL RESOLUTION

1.43 The draft Council Tax Model Resolution is attached at Appendix 12. This is still subject to confirmation of the GLA precept which is expected to be confirmed on 23 February. Any changes will be made for approval at Council on February 26.

MEMBERS ALLOWANCE

- 1.44 The proposed Members' Allowances scheme for 2015/16 is attached at Appendix 13. This has been prepared having regard to the report of the Independent Panel that considered the Remuneration of Councillors in London. It is proposed that the basic allowance and the different bands of Special Responsibility Allowance (SRA) and Mayoral Allowances, which have been in place since 2009/2010, be uprated in line with the Local Government Pay Settlement (2.2%) from those agreed in 2014/15. It is also proposed that the SRA banding for a number of roles be reduced and that the current Band 2 be deleted.
- 1.45 Cabinet is requested to recommend the scheme to Council for approval.

ANNUAL PAY POLICY STATEMENT

- 1.46 Under the Localism Act all public authorities must publish annual pay policy statements. The statement must set out the Authorities policies for the financial year relating to:
 - Remuneration of its Chief Officers
 - Remuneration of its lowest paid employees
 - The relationship between the remuneration of its Chief Officers and the remuneration of those employees who are not Chief Officers
- 1.47 The proposed statement is attached at Appendix 14 and Cabinet is requested to recommend it to Council for agreement.

CONSULTATION

- 1.48 As a matter of public law the duty to consult with regards to proposals to vary, reduce or withdraw services will arise in 3 circumstances:
 - Where there is a statutory requirement in the relevant legislative framework
 - Where the practice has been to consult or where a policy document states the Council will consult then the Council must comply with its own practice or policy

Where consultation is required to inform and equality impact assessment.

- 1.49 Regardless of whether the Council has a duty to consult, if it chooses to consult, such consultation must be carried out fairly. In developing saving proposals consultation has or is being undertaken with a significant number of stakeholder groups to inform proposals.
- 1.50 'Take Part' was the start of a conversation with residents about changes the council needs to make over the next four years to meet the significant budget gap. The consultation was carried out over an eight week period from 11 September to 8 November 2014 and the feedback and equality impact assessment (process) were fully reported to December Cabinet.
- 1.51 The Environment and Enterprise directorate has undertaken a public consultation on five key proposals over December and January:
 E&E 23 Environmental Health out of hour's noise nuisance response service
 E&E 25 Shopping Areas Street cleaning
 E&E 26 Reduce Parks service to statutory minimum
 E&E 27 Highways verge grass cutting
 E&E 34 Garden waste

The results of the public consultation and the high level implementation plans for the 5 key proposals are detailed in the report 'Environment and Enterprise Medium Term Financial Strategy Implementation Plan' which is a separate item on this agenda.

- 1.52 The Children & Families directorate has undertaken a public consultation on proposed changes to the Children's Centres services (ref C&F12). The consultation was carried out over the period 11 November 2014 through to 4 January 2015. The results of the consultation and proposals for the future model of Children's Centres are detailed in the report 'Children's and Families Children's Centres' which is a separate item on the agenda.
- 1.53 The Community, Health and Wellbeing directorate has undertaken two public consultations:

Review of the Library Service (ref CHW16). The consultation ran from November through to January and the results will be reported to March Cabinet as part of the 'Library Strategy 2015 – 2018' report.

Review of Voluntary Sector Funding (ref CHW 11). The consultation is currently running until 13 February and the results will be reported to March Cabinet as part of the 'Voluntary & Community Sector: Outcome of consultation on funding' report.

1.54 A number of specific stakeholder groups were held which are detailed in table 5 below and the minutes are detailed in appendix 15:

| consultation | | |
|-----------------------|------------------------|------------------|
| Stakeholder | Meeting | Date |
| Trade Unions | Special Finance CJC – | 09 December 2014 |
| | Trade Union | |
| | consultation on budget | |
| Elected members and | Employee Consultative | 13 January 2015 |
| Trade Unions | Forum | |
| Overview and Scrutiny | Special meeting of | 20 January 2015 |
| | Overview and Scrutiny | |
| | to review the budget. | |
| Local businesses | Harrow Business | 27 January 2015 |
| | Consultative Panel | |

Table 5: Stakeholder Consultation in addition to the 'Take Part' consultation

- 1.55 The Council is currently holding a 4 week consultation so provide residents with the opportunity to comment on the draft revenue budget for 2015/16, the MTFS for 2015/16 to 2018/19 and the draft capital programme 2015/16 to 2018/19. The consultation closes on Sunday 15 February and interested parties can participate online. The results of the consultation will be considered by Cabinet.
- 1.56 Should the consultation and equalities process highlight any outcomes that the council will be unable to accept or demonstrates an adverse impact which cannot be justified, the Council's balances allow for such proposals not to be proceeded with.

LEGAL IMPLICATIONS

- 1.57 Section 31A of the Local Government Finance Act 1992 requires billing authorities to calculate their council tax requirements in accordance with the prescribed requirements of that section. This requires consideration of the authority's estimated revenue expenditure for the year in order to perform its functions, allowances for contingencies in accordance with proper practices, financial reserves and amounts required to be transferred from general fund to collection fund.
- 1.58 Local authorities owe a fiduciary duty to council tax payers, which means it must consider the prudent use of resources, including control of expenditure, financial prudence in the short and long term, the need to strike a fair balance between the interests of council tax payers and ratepayers and the community's interest in adequate and efficient services and the need to act in good faith in relation to compliance with statutory duties and exercising statutory powers.
- 1.59 When approving its budget, the Council must take into account all relevant material, including its fiduciary duty, consultation responses to the general budget consultation and potential equality implications in order to reach a decision. This report presents the 2015/16 revenue budget, following consultation on specific proposals and the budget overall. Cabinet must consider the results of the various consultations

and the equality impact assessment results, when deciding whether to approve the budget.

1.60 As an alternative to agreeing any of the proposals, the Council also has the option to maintaining the current level of services; however this will impact on the proposed budget. If savings are not made, the Council will have to consider what alternatives are available to meet its anticipated budgetary shortfall. Alternatives could include cutting services elsewhere, use of reserves and increasing council tax.

FINANCIAL IMPLICATIONS

- 1.61 Financial Implications are integral to this report.
- 1.62 Under the Local Government Act 2003 the Director of Finance and Assurance (in their capacity as the Chief Finance Officer under S151 of the Local Government Act 1972) is required to comment on the robustness of the budget and the adequacy of reserves. The overall view is that the budget is robust, the Council has suitable specific reserves and general balances are adequate. The Directors Report is set out in Appendix 11 and details the factors taken into consideration when forming the overall view.

PERFORMANCE IMPLICATIONS

1.63 The in-year measurement of the Council is reported in the Strategic Performance Report. The Corporate Plan, which will be developed alongside the Budget Report, will have measures within it which will set out how Council delivery in 2014/15 will be measured and this again will be reported through the Strategic Performance Report.

EQUALITIES IMPLICATIONS / PUBLIC SECTOR EQUALITY DUTY

1.64 Decision makers should have due regard to the public sector equality duty in making their decisions. The equalities duties are continuing duties they are not duties to secure a particular outcome. The equalities impact will be revisited on each of the proposals as they are developed. Consideration of the duties should precede the decision. It is important that Cabinet has regard to the statutory grounds in the light of all available material such as consultation responses. The statutory grounds of the public sector equality duty are found at section 149 of the Equality Act 2010 and are as follows:

A public authority must, in the exercise of its functions, have due regard to the need to:

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
- (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:

- (a) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;
- (b) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;
- (c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.

Having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:

(a) Tackle prejudice, and

(b) Promote understanding.

- Compliance with the duties in this section may involve treating some persons more favourably than others; but that is not to be taken as permitting conduct that would otherwise be prohibited by or under this Act. The relevant protected characteristics are:
- Age
- Disability
- Gender reassignment
- Pregnancy and maternity
- Race,
- Religion or belief
- Sex
- Sexual orientation
- Marriage and Civil partnership
- 1.65 All new directorate proposals have been subject to an initial equalities impact assessment followed by a full assessment where appropriate.
- 1.66 An assessment has been carried out on the whole budget, when all proposals have been identified, to ensure that decision makers are aware of any overall impact on any particular protected group.
- 1.67 Officers have indicated ways that these impacts can be mitigated. The individual equalities impacts will be kept under review as the projects are initiated and throughout the life time of the projects. Officers will put in place appropriate mitigation where this is possible.
- 1.68 If deemed appropriate, a project may be subject to future individual Cabinet decisions once the budget envelope has been set by Council. The equality impacts will be updated for these decisions. As an alternative to agreeing any of the proposals, the Cabinet would have

the option of maintaining the current level of services; however this will impact on the proposed budget.

RISK MANAGEMENT IMPLICATIONS

1.69 As part of the budget process the detailed budget risk register has been reviewed and updated. This helps to test the robustness of the budget and support the reserves policy. It is summarised below in table 6 and is attached in Appendix 8:

| | 2015/16 | 2016/17 | 2017/18 | 2018/19 |
|-----------------|---------|---------|---------|---------|
| | £m | £m | £m | £m |
| Net Risk | 10.718 | 14.252 | 14.037 | 14.372 |
| Contingencies: | | | | |
| Unforeseen | (1.248) | (1.248) | (1.248) | (1.248) |
| events | | | | |
| Budget Planning | | (3) | (3) | (3) |
| Remaining risk | 9.470 | 10 | 9.789 | 10.124 |

Table 6: Risk Assessment – Summary

1.70 As at March 2014 the level of General Reserves was £10m, which is within the recommended minimum level and is sufficient to cover the remaining risk as highlighted in table 6.

COUNCIL PRIORITIES

- 1.71 The Council's vision is **Working Together to Make a Difference for Harrow**. This is supported by the administration's priorities of:
- Making a difference for the vulnerable
- Making a difference for communities
- Making a difference for local businesses
- Making a difference for families
- 1.72 The budget for 2015/16 supports delivery of the Council's vision, the administrations priorities and is consistent with the Corporate Plan.

| E&E_32 | Environmental Services - Waste Services | Clinical waste : Review of current waste composition to identify genuine clinical waste which will be collected by a specialist service | 87 | 10 | 50 | | | | 60 | S | Done |
| E&E_33 | Environmental Services - Waste Services | CA Site : Reduce assistance to public upper level at Civic Amenity site from 1st January 15. Reduction of 2 Waste Recycling Assistant posts (currently vacant). | 590 | 12 | 38 | | | | 50 | S | Done |
| E&E_34 | Environmental Services - Waste Services | Change mixed organic waste collection system with separate collection of food waste and introduce charges for garden waste from 1st October 2015. Food Waste - Each household on 3 wheeled bin system will be provided with a new 23L food waste bin and a kitchen caddy which will be emptied weekly. Garden Waste - Garden waste will be collected fortnightly on a chargeable basis. Households that subscribe to the service will receive 25 lifts per year at a price of £75. Concessions will be provided to residents on means tested benefits. Introductory offer - £75 to cover the period between 1st oct 15 and 31st Mar 17. The saving figure assumes 40% of households will take up the chargeable service. One-off implementation costs are estimated as follows: Revenue costs of approx £430K, and Capital costs for new food waste bins and kitchen caddies (£720K); the construction of a bulking facility for food waste at the depot (£250K). | | | 970 | 1,711 | | | 2,681 | Ι | Done |

Levies, Contribution and Subscriptions

The table below shows the main levies, contributions to other bodies, and subscriptions that the Council will pay in 2015-16. These sums are set by other bodies and are outside the Council's control. With the exception of the subscriptions to London Councils and the Local Government Association, the payments are compulsory.

| | £000 | £000 | £000 | % | |
|---|-------|-------|------|-------|-------------|
| West London Waste Authority Levy | 1,858 | 1,721 | -137 | -7.4% | Final |
| Lee Valley Levy | 264 | 269 | 5 | 1.9% | Estimated |
| London Councils subscription | 172 | 167 | -5 | -2.9% | Final |
| London Boroughs Grants Scheme | 239 | 260 | 21 | 8.8% | Provisional |
| Freedom Pass Levy | 9,648 | 9,838 | 190 | 2.0% | Final |
| Environment Agency Levy | 182 | 183 | 1 | 0.5% | Provisional |
| Coroners Court Levy | 200 | 202 | 2 | 1.0% | Estimated |
| Traffic Control Levy | 348 | 355 | 7 | 2.0% | Estimated |
| Local Government Association subscription | 38 | 38 | 0 | 0.0% | Final |
| London Pension Fund Authority Levy | 307 | 303 | -4 | -1.3% | Final |

Note. The fixed cost levy for West London West Authority is reducing as costs are transferred to pay as you throw charges.

Policy on Use of Contingency

General Principles

- 1. As a general principle, directorate budgets should be structured to cover business as usual, investment and efficiency programmes that have been agreed as part of the budget and service planning round and administration priorities.
- 2. Budgets which are "demand led" should be set to deal with the forecast level of activity. For example; the predicted client numbers and needs in Adults and Children's social care; the usual level of activity for planning appeals; winter gritting average weather conditions
- 3. Income budgets should be set to take into account likely activity levels and any changes in fees and charges.
- 4. The contingency is there to deal with unforeseen/exceptional items and one-off projects that are approved during the year.

Appropriate uses

- 5. It is recommended that the contingency is used for the following purposes:
 - To deal with demographic risk, where the number of clients or cost per client varies from the estimate in Children's or Adults services
 - To deal with unexpected increases in demand for services due to policy changes, for instance an increase in homelessness due to the housing benefit changes beyond what has been budgeted
 - To deal with seasonal risks, such as exceptionally bad weather or a flu pandemic
 - To deal with tonnage risk, where the number of tonnes disposed of via West Waste varies from the estimate in Environment and Enterprise
 - To deal with the consequences of a recession
 - To deal with major planning appeals and litigation
 - Cost pressures in relation to the services delivered jointly with Health partners
 - To deal with uncertainty due to consultation and equality impact on proposals
 - To deal with unexpected income shortfalls due to changes in the external environment or changes in the law/regulations
 - To fund small one-off projects which are high priority and have the portfolio holder for Finance's approval
 - Any other unforeseen items / pressures

Criteria

- 6. Clear evidence will be required to support variations from estimated demand agreed as part of the budget review process.
- 7. Contingency funds will not be used where there has been a failure to deliver planned savings (except where this is due to the outcome of consultation) or properly manage spending.

Approval Process

8. Use of the contingency will be reported to Cabinet as part of the quarterly budget monitoring report by the s151 officer. The s151 officer will liaise with the Finance portfolio holder and make proposals to Cabinet for virements from Contingency as appropriate.

Unspent balances

9. If there is an under spend at the end of the year a contribution to general balances will be considered with regard to the size of the under spend, the underlying strength of the balance sheet and the need to support other priorities.

Schools Budget 2015-16

1. Introduction

The Dedicated Schools Grant (DSG) is a ring fenced grant of which themajority is used to fund individual school budgets. It also funds certain centralservices provided by the local authority such as Early Years (private andvoluntary sector nurseries) and fees for out of borough pupils at independentspecial schools.

In March 2012 the DfE announced their intention to introduce a new schoolfunding methodology with effect from April 2013.

In 2015-16 the DSG will continue to be split into the following three blocks:

- Schools Block
- High Needs Block
- Early Years Block

The DfE issued the "Schools Revenue Funding 2015 to 2016: Operational guide" in July 2014 to enable local authorities and their Schools Forums in setting the 2015-16 DSG budgets.

2. DSG settlement 2015-16

The 2015-16 DSG is based on the number of pupils on the October 2014 school census. The total DSG for 2015-16 is £187,224,915. The High Needs Block has been updated to include the outcome of the High Needs Exceptional Cases review carried out in December 2014.

Table 1 below shows the breakdown of the 2015-16 DSG across the three blocks. The sections following the table provide a detailed explanation for each funding block and the adjustments made by the DfE. As previously advised, the DSG is not ringfenced to the specific blocks.

Table 1 – 2015-16 Dedicated Schools Grant allocation

| Area | Per Pupil Funding (GUF) | Pupil Numbers | Total |
|-------------------|-------------------------------|------------------|--------------|
| | £ | | £ |
| Schools Block | £4,919.97 | 30,090 | £148,041,897 |
| Early Years Block | £4,320.96 | 2,303 | £9,951,171 |
| High Needs Block | | | £26,145,492 |
| Sub Total | | | £179,439,647 |

| Additional Amounts | |
|--|--------------|
| Induction for NQT | £45,130 |
| Early Years Pupil Premium Grant | £180,969 |
| Cash Transfer for Avanti House | £2,860,255 |
| 2015-16 DSG as at 17 th December 2014 | £187,224,915 |

The 2015-16 schools budget was presented to Schools Forum on 20th January 2015. The anticipated2015-16 funding for each block is detailed in Table 2.

Table 2 – 2015-16 DSG Blocks

| Category | 2015-16 Budget |
|------------------------------------|-------------------|
| Schools Block – delegated | £146,291,693 |
| Schools Block - centrally retained | £2,373,866 |
| Early Years Block | £10,611,400 |
| High Needs Block | £27,947,956 |
| Total DSG | £187,224,915 |

3. Schools Block – Allocated to Schools

The 2015-16 school budgets are being prepared using the updated fundingformula which has been consulted with Schools Forum in theautumn 2014 and approved by Cabinet in December 2014.

Schools are protected by the Minimum Funding Guarantee (MFG) whichensures that no school experiences a reduction in their school budget greaterthan 1.5% per pupil. In order to fund the MFG, a cap to schools whosebudgets gain through the formula must be applied. This will be set at 0.8%.

The Schools Block currently includes the funding in respect of academies.Under the regulations the Council continues to calculate academy budgets.The DfE then recoup the DSG in respect of academy budgets and pass thisfunding on the academies in their General Annual Grant.

4. Schools Block - Centrally Retained

Services currently funded from centrally retained DSG are included in eitherthe High Needs block or Early Years block where appropriate, with theremaining falling into the Schools Block. All the funding in the schools blockhas to be passed to schools apart from the following named exceptions whichcan still be retained but are frozen at 2012-13 levels:

- Co-ordinated Admissions
- Servicing of Schools Forum

In addition, the following services will be delegated to schools:

- Behaviour Support Services
- Support to underperforming ethnic minority groups and bilinguallearners
- Trade Union Facilities Time

Schools Forum has agreed to continue to de-delegate funding in respect ofTrade Union Facilities Time.

At its meeting in November 2014 Schools Forum agreed to a ring fencedGrowth Fund from the DSG in order to provide revenue funding for pupilgrowth including the planned expansion programme and temporary bulgeclasses running from September 2015. This provides for growth in bothmaintained and academy schools but not free schools. In addition, the growth fund will include pre- and post-opening grants in respect of schools extending the age range. In order to fund the overall cost of the formula and the growth fund for expansion approximately £1.5m will need to be funded from brought forward DSGbalances.

5. High Needs Block

The high needs funding system has been designed to support a continuum of provision for pupils and students with special educational needs (SEN), learning difficulties and disabilities, from their early years to age 25.

In December 2014 the Local Authority submitted an Exceptional Case return to the EFA on the basis of an anticipated increase in the number of commissioned places for pre & post 16 from 2015-16.

The bid included a request for increase in places as follows:

- Special schools expansion
- New SEN ARMs units
- Expansion of sixth form provision at Harrow College
- Increase in provision by Choices 4 All

On 19th December 2014 the EFA announced the outcome of this review. The EFA state that a large number of exceptional cases were received and applied the following principles

- Generally, elements of a case which were based on actual occupancy in the academic year 2014-15 **have been** supported
- Generally, elements of a case which were based on predictions of occupancy levels in the academic year 2015-16 **have not been** supported
- Where a case has been supported it has only been funded at the element of growth above the levels considered exceptional so as not to disadvantage those who have seen growth below those levels and decided not to make a case.

As a result of this review, Harrow have only been allocated approximately an increase of £225k as the majority of growth will start from September 2015 and therefore does not meet the EFA criteria for only funding existing growth. At the time of writing, the EFA has not published the detail behind the additional funding and therefore it is not clear which cases have been successful and which have not.

As a result, growth in budget required to meet the demand from September 2015 will need to be transferred from the Schools Block.

6. Early Years Block

The 2015-16 Early Years Block allocation is a provisional figure based on January 2014 census data. These allocations will be updated and finally bebased on 5/12ths of the January 2015 census and 7/12ths of the January 2016 census.

Until the Early Years DSG funding is confirmed in the summer, there remains uncertainty around the funding available for 2015-16.

The Early Years Single Funding Formula (EYSFF) has been revised and approved by Cabinet on 15th January 2015 for implementation from 1st April 2015. The anticipated total cost of the new formula is affordable within the existing Early Years Block allocations and assumes that growth in funding through growth in pupil numbers will be also allocated to Early Years.

Included in the Early Years Block is funding of £617kfor centrally provided Early Years services. This budget has been frozen for 3 years from 2013-14. This provides the following:

- Funding for Early Year SEN places and full time places
- Support and training to PVI sector including externally commissioned support

In addition, £181k has been transferred to local authorities to fund the Early Years Pupil Premium Grant. The grant will be paid to providers at a rate of £0.53 per hour per child upon evidencing that children in their settings meet the eligibility criteria. From 2013-14 Early Years funding for 2 year old nursery places has been based on an estimated number of participating 2 year olds. From 2015-16 the funding will be based on participation. As with 3 & 4 year old nursery funding, the calculation will be based on 5/12ths of the January 2015 census and 7/12ths of the January 2016 census. As this data has not yet been collected, the DfE has been unable to provide an indicative sum, except to confirm the current continuing hourly rate of £5.53. Therefore this has been excluded for this paper and assumed that whatever funding is received for 2 year olds will be ringfenced to Early Years.

7. Pupil Premium Grant 2015-16

Schools also receive the Pupil Premium in respect of pupils who have ever been eligible for Free School Meals (FSM) in the last 6 years plus Children Looked After continuously for more than 6 months. Table 3 shows the Pupil Premium rates for 2015-16 and the comparative rates for 2014-15.

| Area | 2014-15 | 2015-16 |
|-------------------------------|---------|---------|
| FSM - Primary School Pupils | £1,300 | £1,320 |
| FSM - Secondary School Pupils | £935 | £935 |
| Service children | £300 | £300 |
| Children Looked After | £1,900 | £1,900 |
| Adopted children | £1,900 | £1,900 |

Table 3 - Pupil Premium rates agreed for 2015-16, per pupil

Allocations per school will be available once the data from the January 2015 census has been collated.

Risk Register 2015-16 to 2018-19

| | | | | 2015-16 | | | | 2016-17 | | | | 2017-18 | | | | 2018-19 | | |
|-----|----------------------------|----------------|---------------|------------------|-------------|----------------|---------------|------------------|-------------|----------------|---------------|------------------|-------------|----------------|---------------|------------------|-------------|---|
| Ref | Risks | Risk rating | Worst case | Like - lihood | Net risk | Risk rating | Worst case | Like - lihood | Net risk | Risk rating | Worst case | Like - lihood | Net risk | Risk rating | Worst case | Like - lihood | Net risk | Mitigation/Comments |
| | | | £000 | % | £000 | | £000 | % | £000 | | £000 | % | £000 | | £000 | % | £000 | |
| | POLITICAL RISKS | | | | | | | | | | | | | | | | | |
| 1 | By-Election | C 4 | 105 | 50% | 53 | C 4 | 105 | 50% | 53 | C 4 | 105 | 50% | 53 | C 4 | 105 | 50% | 53 | There is provision in the budget for the scheduled elections but not by-elections. Worst case is based on three by-elections in one year. |
| | ECONOMIC / FINANCIAL RISKS | | | | | | | | | | | | | | | | | |
| 2 | Inflation - Pay | D 4 | 100 | 17% | 17 | D 3 | 1,000 | 30% | 300 | D 3 | 1,200 | 30% | 360 | D 3 | 1,500 | 40% | 600 | The 2015-16 budget reflects the 2.2% award agreed from Jan 2015 to Mar 2016. From 2016-17 2% p.a. is assumed. There is some risk as general inflation is running at a higher level and there is pressure from the Trade Unions for higher increases. Given the current pressures on spending in the public sector and that the government has signalled the continuation of public sector pay restraint, there is likely to continue to be downwards pressure on public sector pay in particular. The longer pay restraint continues the more likely there will be a rebound when pay levels generally start to increase again. |
| 3 | Inflation - Prices | D 3 | 1,500 | 17% | 255 | D 3 | 1,500 | 17% | 255 | D 3 | 1,500 | 17% | 255 | D 3 | 1,500 | 17% | 255 | The budget assumes 1.3% for prices each year with an expectation that directorates will manage suppliers to keep within that. Inflation has been falling and at December 2014 CPI was 0.5%. There is still some risk as the items that the Council spends on are not necessarily the same as those covered by the index and prices and prices for services have been rising somewhat faster. It is however anticipated that given the general constraint on public spending that significant elements of the Council's spend can through negotiation be held below the general level of inflation. There are potential risks around fuel costs and major contracts with indexation terms. At this stage the medium term outlook for inflation is unclear. |
| 4 | Inflation - utilities | D 4 | 200 | 17% | 34 | D 4 | 200 | 17% | 34 | D 4 | 200 | 17% | 34 | D 4 | 200 | 17% | 34 | The 2015-16 budget reflects an allowance for an increase of 10% in energy prices. While energy costs have been reducing recently, the market is volatile and dependent on international events. |

| | | | | 2015-16 | | | | 2016-17 | | | | 2017-18 | | | | 2018-19 | | |
|-----|--|--------|----------------|----------------|-------------|--------|----------------|----------------|--------------|--------|--------------|----------------|-------------|--------|----------------|----------------|--------------|---|
| Ref | Risks | Risk | Worst | Like - | Net | Risk | Worst | Like - | Net | Risk | Worst | Like - | Net | Risk | Worst | Like - | Net | Mitigation/Comments |
| | | rating | case | lihood | risk | rating | case | lihood | risk £000 | rating | case £000 | lihood | risk | rating | case | lihood | risk £000 | |
| 5 | Treasury Management - investments and borrowing | F 2 | £000 10,000 | <u>%</u> 2% | £000 200 | F 2 | £000 10,000 | <u>%</u> 2% | 200 | F 2 | 10,000 | <u>%</u> 2% | £000 200 | F 2 | £000 10,000 | <u>%</u> 2% | | The risk of losing a deposit is low given the use of a prudent lending list. The budget reflects the current base rate and anticipated borrowing costs. Note that Treasury Management decisions also affect the HRA and have the potential to impact the 30 year business plan. This in turn could impact homelessness. |
| 6 | Asset management. | F 3 | 1,500 | 10% | 150 | F3 | 1,500 | 10% | 150 | F 3 | 1,500 | 10% | 150 | F 3 | 1,500 | 10% | 150 | Backlog maintenance is significant and the capital programme funds the highest priority work only. The creation of Academies has reduced the risk as these are no longer a Council responsibility. The School expansion programme will also reduce the backlog |
| 7 | Income collection: council tax, business rates, housing benefit overpayments, sundry debtors, rents and service charges | D 3 | 1,000 | 30% | 300 | D 3 | 1,250 | 30% | 375 | D 3 | 1,500 | 30% | 450 | D 3 | 1,750 | 30% | 525 | Collection performance has held up well since the introduction of Council Tax Support, and the bad debt provision is reviewed quarterly. There is an increased risk to the council as a result of Business Rate Retention if rateable value. Losses on Collection Fund items would impact the General Fund in the year after they were incurred |
| 8 | Welfare Reform | C 3 | 4,000 | 30% | 1,200 | C 3 | 4,000 | 30% | 1,200 | C 3 | 4,000 | 30% | 1,200 | C 3 | 4,000 | 30% | 1,200 | There are a number of areas of potential risk. Council Tax Collection has held up relatively well so far but might possibly worsen as further Welfare reforms impact low income households in the borough. Homelessness has started to increase and further increases are possible. Financially stressed clients may have increased Social Care interactions etc. Collection methods are being adapted to mitigate impacts and the Harrow HELP fund does mitigate this but there is a potential for increased costs and loss of income. |
| 9 | Income from parking services and parking enforcement | C 3 | 1,500 | 50% | 750 | C 3 | 1,500 | 50% | 750 | C 3 | 1,500 | 50% | 750 | C 3 | 1,500 | 50% | 750 | The Government's proposal to prohibit the use of CCTV cameras for parking enforcement and to introduce 'Grace' periods to allow motorists to return to their vehicles late and not immediately incur a penalty, will have an adverse impact on parking income. It is uncertain at this stage when this will come into effect. Mitigating actions are being formulated to prepare for the change. In addition, there is some ongoing risk given the historic volatility of the income. |

| | | | | 2015-16 | | | | 2016-17 | | | | 2017-18 | | | | 2018-19 | | |

| | | rating | case | lihood | risk | rating | case | lihood | risk | rating | case | lihood | risk | rating | case | lihood | risk | |
| 10 | Wasta Dianagal agata | <u></u> | £000 | % 30% | £000 | 62 | £000 | % | £000 | <u></u> | £000 | % | £000 | 62 | £000 | % 30% | £000 | Cignificant pricing fluctuation on dry requeling waste |
| 10 | Waste Disposal costs | СЗ | 150 | | 45 | C3 | 150 | 30% | 45 | C3 | 150 | 30% | 45 | C3 | 150 | | | Significant pricing fluctuation on dry recycling waste disposal has been experienced in the last couple of years (it changed from an income of circa £40 per tonne to a cost of £2 per tonne). It is anticipated the market condition for materials will remain sluggish and therefore the council may incur additional costs. A small fluctuation on residual waste tonnage could lead to significant cost increase . A 2% increase in tonnage would result in £100K additional costs. The tonnage forecast has taken into account the waste growth, however there is a risk the growth exceeds the forecast. |
| 11 | Economic risk - demand for services | Β3 | 750 | 65% | 488 | В3 | 750 | 65% | 488 | Β3 | 750 | 65% | 488 | В3 | 750 | 65% | | There may be additional demands on services such as housing due to the recession. There are also risks to income earning services such as planning and building control from lower volumes. This is in addition to the risks specifically linked to Welfare Reform and identified separately. |
| 12 | Litigation against the Council | C 3 | 2,600 | 38% | 988 | C 3 | 2,000 | 38% | 760 | C 3 | 2,000 | 38% | 760 | C 3 | 2,000 | 38% | | The MTFS includes an annual contribution to a provision for litigation including employment and planning related matters. Some of this risk will be covered by insurance, but individual cases can have significant cost. There is a heightened risk of a procurement challenge due to the EU remedies directive. There is also the potential for risk around the costs of Health and a possible risk of judicial review across a wide range of services, particularly Adult and Children's Social Care |
| 13 | Major fraud | E 3 | 500 | 6% | 30 | E 3 | 500 | 6% | 30 | E 3 | 500 | 6% | 30 | E 3 | 500 | 6% | 30 | No major cases in recent years. |
| 14 | Increased Pension Fund contributions | D3 | 400 | 20% | 80 | D 3 | 600 | 20% | 120 | D 3 | 700 | 20% | 140 | D 3 | 800 | 20% | | The MTFS provides for increase in employers contributions as agreed with the actuary. There is some risk that higher contributions will be required because of fund performance although it is anticipated that any further increases will still be in stages. If numbers of fund members decrease then this will also increase the percentage contribution required to fund the deficit on the fund. There will also a requirement to fund any pension fund strain on non ill health early retirements. |

| | | | | 2015-16 | | | | 2016-17 | | | | 2017-18 | | | | 2018-19 | | |

| 2 | | 52 | | | | | 0,000 | | 1,000 | | | | | | ŕ | | | are risks due to the extensive policy agenda of the new government and the speed of implementation of changes in some areas. A particular area of concern is welfare reform. |
| 2: | 2 Adult Social Care Reform | C2 | 1,000 | 25% | 250 | C2 | 3,000 | 25% | 750 | C2 | 2,000 | 25% | 500 | C2 | 2,000 | 25% | 500 | The Care Act became law in Mary 2014 and will come into force in April 2015. The Act creates a single route to establishing entitlement to care and support for all adults with needs for care and support. For the first time carers will be recognised in the law in the same way as those they care for. The Act sets out a clearer approach to charging and financial assessment and requires the Council to have a Deferred Payments Policy so that service users are not forced to sell their home to pay for their care. New burdens funding has been provided for 2015/16 however, it is not yet clear if this will be sufficient to fund the additional responsibilities placed on the Council. Further reforms are expected, subject to legislation, from April 2016 making the Council responsible for care costs once a cap has been reached. |
| | SERVICE RISKS | | | | | | | | | | | | | | | | | |
| 2: | 3 Safeguarding - recent high profile cases have resulted in a significant increase in referrals | В3 | 1,000 | 65% | 650 | В3 | 1,000 | 65% | 650 | В3 | 1,000 | 65% | 650 | В3 | 1,000 | 65% | 650 | Detailed plans put in place in Children's services including case reviews. There is a potential for significant costs in both Adults and Children particularly in relation to Deprivation of Liberty Standards |
| | EMERGENCIES | | | | | | | | | | | | | | | | | |
| 2 | 4 Natural disaster, accident or terrorist incident costing £4m in total. | E3 | 3,000 | 15% | 450 | E3 | 3,000 | 15% | 450 | E3 | 3,000 | 15% | 450 | E3 | 3,000 | 15% | | The government has a scheme (the Bellwin scheme) that covers authorities for 85% of eligible costs of a major disaster over a threshold (£620k in 2014-15). This is due to increase to 100% above the threshold in 2015-16. The risk to the Council is currently 100% of costs below the threshold together with any costs that are not eligible. |

Reserves Policy

The recommended reserves policy is as follows:

The risk assessment of the budget dictates the minimum level of general balances required.

The first call on any under spend at the end of the year will be to fund the one off cost to transition. A contribution to general balances will then be considered with regard to the size of the under spend, the underlying strength of the balance sheet and the need to support other priorities.

The rationale for this policy is set out below.

Councils need balances so that they can deal with unforeseen calls on resources without disrupting service delivery. It is the responsibility of each authority to set its level of reserves based on local conditions, but taking into account national factors. Although advice can be sought from the external auditor, it is not their responsibility to prescribe the appropriate level.

It is good practice for a risk assessment to be carried out to determine the level of reserves and the External Auditor expects the Council to review its reserves on an annual basis.

The risk assessment above shows that the total risk identified has been quantified at ± 9.478 m for 2015-16after allowing for the contingency. However, the appropriate level of reserves for a council to hold is extremely subjective. It is important to find a balance between being at risk of wiping out all reserves in a single bad year and having excessive reserves and thereby wasting taxpayer's money.

The Council should at least be able to cope with a modest overspend in any one year and still be in a stable financial position.

The target level of reserves depends on:

- The degree of risk contained in the budget
- The effectiveness of budget monitoring during the year
- The effectiveness of balance sheet management during the year
- The extent to which the Council has earmarked reserves and provisions to deal with specific items

The Council is continually working to improve financial management and the emphasis in 2015-16 will be on the accuracy of capital budget management and forecasting. In addition more emphasis will be placed on delivery of in-year savings and the delivery of new savings proposals.

The Council has built up more appropriate annual contributions to provisions for debt, litigation and insurance in the last few years, and strengthened its balance sheet, but still has few earmarked reserves.

There is greater risk arising from the continuing recession and the ongoing requirement for large savings targets over a prolonged period.

Taking all this together, the target level for reserves should be £10 - £12.5m.

As at 31 March 2014 the level of General Fund Reserves was £10m, which is within the recommended minimum level.

A decision will be made at year end on the best use of any available capacity.

Forecast reserves and provisions

| | Estimated | Planned | Estimated | Estimated |
|------------------|---------------|---------------|--------------|-------------|

Report of the Chief Finance Officer

Under the Local Government Act 2003 the Director of Finance and Assurance (in his capacity as the Chief Finance Officer under S151 of the Local Government Act 1972) is required to comment on the robustness of the budget and the adequacy of reserves. The Directors report is set out below.

Robustness of the Budget

Clearly the economic climate and the Local Government Settlement make this budget round particularly challenging and there is considerable uncertainty about inflation, interest rates, the property market, employment levels and the impact of the economic climate. All these issues affect the Council's own finances and every effort has been made to ensure that the technical assumptions underpinning the budget are robust. The economic climate also has major implications for Harrow's residents and businesses and may therefore create additional demand on services.

In my view the budget is robust.

I have taken a number of factors into account in arriving at my opinion:

- Reasonable assumptions have been made in relation to inflation
- Service managers have made reasonable assumptions about demand led pressures and taken a prudent view of volatile areas
- Savings proposals have been explored and scrutinised in some detail by varied forums and Directorates have confirmed that they are achievable. The MTFS has been extended to cover the four period 2015/16 to 2018/19 in line with the Capital Programme.
- The final 2015/16 Local Government Financial Settlement was announced on 3 February (with some grants still to be announced)
- Prudent assumptions have been made about capital financing costs and investment income
- \circ The recommended increases in fees and charges are in line with the assumptions in the budget
- A risk assessment has been conducted
- The budget for 2015/16 includes a general contingency of £1.248m

A sensitivity analysis for the key assumptions is attached.

Adequacy of Reserves

The Council has suitable provisions and some earmarked reserves to deal with particular issues such as insurance claims, bad debts, litigation and employment matters.

General balances are adequate and, dependent upon the outturn position, consideration will be given to making a contribution to general balances in view of the significant financial challenges ahead.

Budget Monitoring

The Local Government Act 2003 also introduced requirements in relation to budget monitoring and management action. Budget monitoring arrangements are in place in Harrow. These arrangements are continually being developed, and the risk areas identified in the assessment will be kept under review. The financial position can change relatively quickly and any adverse variations must be identified and addressed promptly by service managers to avoid further calls on reserves.

2015/16 Budget Sensitivities

Steve to update

| Budget area | Assumption in 2015/16budget | Change | Impact |
|----------------------------------|--|-----------|-----------|
| Pay | Increase of 1% | + 0.5% | + £475k |
| General Prices Inflation | Increase of 1.3% | +/- 0.5% | +/- £465k |
| Energy Inflation | Increases in gas and electricity prices of 10% | +/- 1% | +/- £22k |
| Investment Income | Base rate is 0.5% for the year | +/- 0.5% | +/- £250k |
| Council Tax Collection Rate | Collection rate of 97.5% | +/- 0.25% | +/- £243k |
| Business Rate Collection Rate | Collection rate of 98% | +/- 0.25% | +/- £36k |
| Homelessness | Cost per year for family | +/- 1 | +/-£2k |

Note that a variation in the collection rates for council Tax and Business Rates would be managed within the collection fund in-year and have an impact on the revenue budget the following year

Model Council Tax Resolution

Harrow Council

Council Tax Resolution 2015-2016

To approve as part of the Summons for Council, the model budget and Council Tax resolutions reflecting the recommendations of Cabinet and the GLA precept.

Council is requested to determine the level of the Council Tax for 2015-2016 in the light of the information on the precept and make the calculations set out in the resolution shown below.

- (1) To note that at its meeting on 11 December 2014the Council calculated the amount of 79,795 as its Council Tax Base for the year 2015-2016 in accordance with Regulation 3 of the Local Authorities (Calculation of Council Tax Base) Regulations 2012made under Section 31B(3) of the Local Government Finance Act 1992 (The Act).
- (2) That the following amounts be now calculated by the Council for the year 2015-2016, in accordance with Sections 31A, 31B and 34 to 36 of the Local Government Finance Act 1992:
 - (i) Being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(2) [(a) to (f]) of the Act. (Gross expenditure) £588,500,000
 - (ii) Being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(3)[(a) to (d)] of the Act. (Gross income including use of reserves)
 - (iii) Being the amount by which the aggregate at (i) above exceeds the aggregate at (ii) above, calculated by the Council, in accordance with Section 31A(4) of the Act, **as its Budget requirement for the year.**

£153,368,468

£435,131,532

(iv) Being the aggregate of the sums which the Council estimates will be payable for the year into its General Fund in respect of Revenue Support Grant and Business Rates Top-up grant, increased by the amount of the sums which the Council estimates will be transferred in the year from its Collection Fund in accordance with Section 97(4) of the Local Government Finance Act 1988 (Collection Fund Surplus)

£54,872,712

(v) Being **the amount to be raised from Council Taxes** Calculated as the amount at 2 (iii) above less the amount at 2 (iv.) above.

£98,495,756

(vi) Being the amount at (v) divided by the Council Tax Base, calculated by the Council at its meeting on 11 December 2014 in accordance with Section 31B(1) of the Local Government Finance Act 1992, as the basic amount of its Council tax for the year. (*The average Band D Council Tax*)

£1,234.36

(vii) Valuation Bands

| | A | В | С | D | E | F | G | Н | |
|---|--------|--------|----------|----------|----------|----------|----------|----------|--|
| £ | 822.90 | 960.06 | 1,097.21 | 1,234.36 | 1,508.66 | 1,782.97 | 2,057.26 | 2,468.72 | |

Being the amounts given by multiplying the amount at (vi.) above by the number which, in the proportion set out in Section 5(1) of the Local Government Finance Act 1992, is applicable to dwellings listed in a particular valuation band divided by the number which in that proportion is applicable to dwellings listed in valuation band D, calculated by the Council, in accordance with Section 36(1) of the Local Government Finance Act 1992, as the amounts to be taken into account for the year in respect of categories of dwellings listed in different valuation bands.

(3)

That it be noted that for 2015-2016 the Greater London Authority stated the following amount in precept issued to the Council, in accordance with section 40 of the Local Government Finance Act 1992, for each of the categories of dwellings shown below

Valuation Bands

| | A | В | С | D | E | F | G | Н |
|---|--------|--------|--------|--------|--------|--------|--------|--------|
| £ | 196.67 | 229.44 | 262.22 | 295.00 | 360.56 | 426.11 | 491.67 | 590.00 |

(4)

That, having calculated the aggregate in each case of the amounts at (2)(vii) and (3) above, the Council, in accordance with Section 30(2) of the Local Government Finance Act 1992, hereby sets the following amounts as the amounts of Council Tax for the year 2015-2016 for each of the categories of dwellings shown below

| £ 1,019.57 1,189.50 1,359.43 1,529.36 1,869.22 2,209.08 2,548.93 3,058.72 | | | А | В | С | D | Е | F | G | Н |
|---|---|---|----------|----------|----------|----------|----------|----------|----------|----------|
| | £ | 2 | 1,019.57 | 1,189.50 | 1,359.43 | 1,529.36 | 1,869.22 | 2,209.08 | 2,548.93 | 3,058.72 |

(5)

Determine for the purposes of 52ZB and Section 52ZC of the Local Government Finance Act that the Council's basic amount of Council Tax for 2015-16 is not excessive in accordance with the principles approved under Section 52ZB and 52ZC of the Local Government Finance Act 1992 and the Referendums Relating to Council Tax Increases (Principles) Report (England) 2015/2016. This page is intentionally left blank

Members' Allowances Scheme

1. This scheme shall have effect until 31st March 2016. It replaces all former schemes.

Basic Allowance

2. A basic allowance of £8,340 per annum shall be paid to each Councillor.

Special Responsibility Allowances and Mayoral Allowances

- (1) A special responsibility allowance shall be paid to those Councillors who have the special responsibilities in relation to the posts specified in Schedule 1 to this scheme. The amount of each such allowance shall be the amount specified against that special responsibility in that schedule.
 - (2) An allowance of £10,475per annum shall be paid to the Mayor and an allowance of £2,085 per annum shall be paid to the Deputy Mayor.
 - (3) No Member may receive special responsibility allowances in respect of more than one post. For the purposes of this paragraph, the mayoral allowances referred to in 3(2) above are considered to be special responsibility allowances.

Uprating the Basic and Special Responsibility Allowances

4. The basic allowance and special responsibility allowances may be uprated annually in line with an index approved by the London Councils Independent Panel. The index to be used will be the level of the Local Government Pay Settlement. When making the scheme for 2016/17, the indexing arrangements will be reviewed.

Travel and Subsistence Allowances

5. The reimbursement of travel and subsistence expenses incurred in respect of **approved duties** (as set out in Schedule 2) **undertaken outside the Borough boundaries** can be claimed by Members, co-optees to formal Council committees and Independent Members of the Standards Committee at the rates paid and on the conditions specified in the officer scheme for travel and subsistence allowances.

Carers' Allowance

- 6. (1) The allowance shall only be paid for attendance at approved duties as listed in Appendix A.
 - (2) The maximum basic rate of pay is £2.90 per half hour for the duration of the meeting together with the Member's travel time between home and the place of the meeting and the carer's reasonable travelling time.
 - (3) The allowance is claimable in respect of children aged 15 or under or where a professional carer is required to meet a specialist need (eg a nurse for an elderly person).
 - (4) Actual costs will be paid on production of an invoice or receipt.
 - (5) Where the length of the meeting cannot be predicted and payment to the carer is necessarily contractually committed then a payment of up to 4 hours will be made. (For day time quasi-judicial meetings, payment of up to 8 hours may be made if the estimated length of the meeting is for the whole day).
 - (6) In addition, the reasonable travelling expenses of the person taking care of the dependent shall be reimbursed either at the appropriate public transport rate, or in cases of urgency or where no public transport is available, the amount of any taxi fare actually paid.
 - (7) The allowance is not to be paid where the carer is a member of the Member's household.
 - (8) Any dispute as to the entitlement and any allegation of abuse should be referred to the Governance, Audit, Risk Management and Standards Committee for adjudication.

Co-optees' Allowance

 A basic allowance of £445 per annum shall be paid to co-optees to formal Council Committees and Independent Members of the Governance, Audit, Risk Management and Standards Committee.

Claims and Payments

- 8. (1) A claim for allowances or expenses under this scheme shall be made in writing within two months of the date of undertaking the duty in respect of which the entitlement to the allowance or expense relates.
 - (2) Payment shall be made
 - in respect of basic and special responsibility allowances, in instalments of one-twelfth of the amount specified in this scheme each month;
 - (b) in respect of out-borough travel and subsistence expenses and Carers' Allowance, each month in respect of claims received up to one month before that date.

Backdating

9. Any changes made to this scheme during the year may be backdated to 1st April 2015 by resolution of the Council when approving the amendment.

Pensions

.

10. Allowances paid under the Harrow Members' Allowances Scheme will **not** be pensionable for the purposes of the Superannuation Act.

Renunciation

11. A person may, by notice in writing given to the Director of Legal and Governance Services, elect to forgo any part of his/her entitlement to an allowance under this scheme.

Appendix A

Approved duties for Carers' Allowance

- A meeting of the Executive.
- A meeting of a committee of the Executive.
- A meeting of the Authority.
- A meeting of a Committee or Sub-Committee of the Authority.
- A meeting of some other body to which the Authority make appointments or nominations.
- A meeting of a committee or sub-committee of a body to which the Authority make appointments or nominations.
- A meeting which has <u>both</u> been authorised by the Authority, a committee, or sub-committee of the Authority or a joint committee of the Authority and one or more other authorities, or a sub-committee of a joint committee <u>and to</u> which representatives of more than one political group have been invited (if the Authority is divided into several political groups) or to which two or more councillors have been invited (if the authority is not divided into political groups).
- A meeting of a Local Authority association of which the Authority is a member.
- Duties undertaken on behalf of the Authority in pursuance of any Procedural Rule of the Constitution requiring a member or members to be present while tender documents are opened.
- Duties undertaken on behalf of the Authority in connection with the discharge of any function of the Authority conferred by or under any enactment and empowering or requiring the Authority to inspect or authorise the inspection of premises.
- Duties undertaken on behalf of the Authority in connection with arrangements made by the authority for the attendance of pupils at a school approved for the purposes of section 342 of the Education Act 1996.

Schedule 1

Special Responsibility Allowances (SRAs)

There are 6 bands of SRAs:

| Band | Post | SRA - £/annum |
|------|--|---------------|
| 1 | Chief Whips of the two largest Groups Performance Lead Members for Scrutiny Policy Lead Members for Scrutiny Chairman of Licensing and General Purposes Committee Portfolio Holder Assistants | £2,100 |
| 2 | Nominated Member of the party not holding the Chair of the Planning Committee Chairman of the Traffic Advisory Panel Chairman of Governance, Audit, Risk Management and Standards Committee Chairman of the Pension Fund Committee Chairman of the Performance and Finance Scrutiny Sub Chairman of the Health and Social Care Scrutiny Sub Nominated Member of the largest party not holding the Chair of the Performance and Finance Scrutiny Sub | £4,700 |
| 3 | Nominated Member of the largest party not holding the Chair of the Overview and Scrutiny Committee Non Executive Members of Cabinet | £6,780 |
| 4 | Chairman of the Overview and Scrutiny Committee Leader of the Second Largest Group | £8,860 |
| 5 | Cabinet Members | £20,100 |
| 6 | Leader of the Council | £31,400 |

NOTE

The Groups are as follows:-

Largest Group = Labour Group Minority Group = Conservative Group

Schedule 2

Claims for Out-Of-Borough Travel and Subsistence Expenses

Duties Undertaken Out-of-Borough

Claims for travel and subsistence expenses incurred can normally only be paid in respect of approved duties undertaken at venues out of the Borough. Expenses will be reimbursed at the rates paid and on the conditions specified in the officer scheme for travel and subsistence allowances.

- 1. Members may claim travel and subsistence expenses in respect of the following **<u>out-of-Borough</u>** duties:-
 - (a) Attendance at any meeting which may be convened by the Authority provided that Members of at least two groups are invited and the meeting is not convened by officers.
 - (b) Attendance at a meeting of an outside body to which the Member has been appointed or nominated as a representative of the Council, where the Outside Body does not itself operate a scheme to reimburse travel and subsistence expenses.
 - (c) (i) attendance at an appropriate out-of-Borough conference, seminar, meeting or other appropriate non-political event as a representative of an Outside Body to which that Member has been either nominated or appointed by Council to serve in a role with a specific pan-Authority remit;
 - (ii) attendance at meetings in the capacity of a direct appointee of a Local Authority Association, joint or statutory body or other London-wide or national body subject to the following proviso:

that the Member serves on the appointing body by virtue of an appointment made by Council to an authorised Outside Body;

subject in either case to the Outside Body/Bodies concerned themselves not making provision for any travel and subsistence expenses necessarily incurred.

(d) Attendance at a meeting of any association of local authorities of which the Authority is a member and to which the Member has been appointed as a representative.

- (e) Attendance at a training session, conference, seminar or other nonpolitical event, the attendance fees for which are being funded by the Council through a Departmental or a corporate budget.
- (f) Attendance at any training session, conference, seminar or other non-political event for which there is either no attendance fee or any attendance fee is being met by the Member him/herself (or from the relevant political group secretariat budget) subject to the relevant Director confirming that the content of the training, conference, seminar or event is relevant to the Member's responsibilities in respect of the services provided by the Authority or to the management of the Authority.
- 2. Duties for which out-of-Borough travel and subsistence expenses may <u>not</u> be claimed include:-
 - (a) Political meetings or events.
 - (b) Any meetings of 'Outside Bodies' to which the Member has not been appointed or nominated by the Council as its representative.
 - (c) Meetings of the Governing Bodies of Schools.

HARROW COUNCIL PAY POLICY STATEMENT 2015/16

Harrow Council supports openness and accountability and is pleased to publish its Pay Policy Statement for 2015/16. In compliance with the Localism Act 2011 this statement outlines the Council's policy on pay and benefits for Council employees (excluding Schools)¹ and specifically for its senior management for 2015/16.

Context

The Council's vision is: 'Working Together to Make a Difference for Harrow' and the Workforce Strategy is focused on supporting delivery of the Council's vision and priorities by ensuring an efficient and effective organisation; continuing to build the people maturity of the Council and developing the organisational capability to meet our changing future needs.

We want to be a modern and efficient Council, able to meet the challenges ahead. In order to help protect frontline services we will continue to deliver support functions in the most cost effective way, improving the working between services within the Council and continuing to collaborate with regional bodies and other boroughs on shared services and procurement opportunities. We will protect people and Council assets from risks and retain our customer services in Harrow where possible, modernising and simplifying the access channels to the Council, making more services available online and therefore accessible on a more 24/7 basis.

Our Workforce Strategy reflects that the Council of the future may be very different and having the right people *engaged* with the Council will be vital for our future success. We already compete for people across London and this will increase as the needs of the organisation change and the search for talent in local government increases.

We will establish the people we want, the skills they need and the performance we require and develop recruitment and retention packages that maximise our employment offer. Our Pay Policy supports this by ensuring that fair and transparent processes are in place to determine the grading and pay for all jobs and that remuneration packages enable the attraction and retention of people with the skills we need. We will also look to create opportunities for staff to benefit through organisational change.

As a Council we are committed to ensuring equality and diversity is integral to everything we do so our Pay Policy seeks to reduce income inequality and ensure that the pay, terms and conditions of Council employees comply with the Council's duties under the Equality Act. The Council recognises that a significant proportion of our workforce lives locally² and that therefore our Pay Policy helps support a strong local economy.

Modernising Terms & Conditions Review 2011/12

In 2011/12 the Council undertook a review of pay and terms and conditions for employees. The objectives of the review, which were agreed by Cabinet, were to:

• Modernise: to support the future needs of the Council

¹ The Pay Accountability provisions of the Localism Act 2011 do not apply to staff employed in Schools

² Circa 60% of employees have a permanent address with a Harrow (HA) postcode

- Simplify: wherever possible, to make terms and conditions easier to understand and reduce administration
- Reduce cost: to reduce the costs of terms and conditions of employment as part of its plan to make savings over the next 3 years
- Give greater choice: to continue to have core terms and conditions but to provide each individual with an element of choice beyond that.

The modernising review was completed in 2012 and the Council reached a collective agreement with the relevant recognised trade unions, which established new pay and terms and conditions for all employees covered by this Pay Policy, including those of senior management, from January 2013.

The collective agreement is published at: <u>http://www.harrow.gov.uk/downloads/file/5879/collective_agreement</u>

The changes introduced through the collective agreement were in accordance with the Council's Pay Policy Statement 2012/13 and include the following key provisions:

- 2.5% pay cut for the Chief Executive and Corporate Directors
- 1% pay cut for staff earning £21,375 and above
- Revised grading structure so that the Council's lowest paid employees are paid not less than the London Living Wage.³
- A scheme making incremental pay progression subject to satisfactory performance
- No enhancements for overtime or weekend working except for Bank Holidays and night work
- Reduced redundancy compensation payments
- Improved salary sacrifice schemes and other employee benefits

Council Pay Rates / Scales

The Council considers it important to be able to locally determine pay rates. This enables it to respond to regional and local labour market conditions. The Council benchmarks its pay rates with other London Boroughs to ensure that it is able to recruit and retain qualified and competent employees.

The following Council pay scales were revised by the Council in January 2013 as a result of the modernising review:

- Harrow pay scale
- Senior Professional & Managerial pay scale
- Chief Officer pay scales⁴

³ London Living Wage is set periodically by the Mayor of London and is implemented from 1 April. The rate rose to £9.15 per hour in November 2013, which will be implemented from 1 April 2015.

⁴ In April 2013 the Council took over specific public health functions from the NHS and was required to appoint a statutory Chief Officer post of Director of Public Health. The current post holder is paid on NHS pay scales.

• Chief Executive pay scale

The Council also revised the pay scales for employees who are Education Psychologists (Soulbury), and Youth & Community Workers.

The Council's pay scales are subject to any pay awards agreed through the relevant national and regional negotiating bodies. The current pay scales are published at: http://www.harrow.gov.uk/downloads/file/5882/jan_15_salaries

Remuneration of Senior Management (Chief Officers)

The Council defines its senior management as the top 3 tiers in the management structure commencing with the Chief Executive (Tier 1), Corporate Directors (Tier 2) and Directors (Tier 3), this includes all statutory and non-statutory Chief Officer and Deputy Chief Officer posts.

The senior management structure is published at: <u>http://www.harrow.gov.uk/downloads/file/5880/org_chart_feb_2015</u>

Senior management pay is published at: <u>Senior manager salaries - Further info | Harrow</u> <u>Council</u>

The Council's policy is to optimise the senior management pay bill. The pay rates and numbers of senior managers reduced in 2012/13 and following the Council's decision to reinstate the post of Chief Executive in 2014, an appointment has been made on a salary less than the previous Chief Executive received. The new Chief Executive will be undertaking a review of the Council's senior management structure and pay.

The Council may, in exceptional circumstances, employ senior managers under contracts for services. The Council publishes details of all payments made under contracts for services in excess of £500 at:

http://www.harrow.gov.uk/info/100004/council and democracy/555/council spending

Remuneration of Lowest Paid Employees

The Council defines its lowest paid employees as those paid at the lowest pay spine column point on the lowest Harrow pay grade, excluding trainees and apprentices. The Council's lowest paid employees are paid not less than the London Living Wage.

Pay Multiple

The 'pay multiple' is the ratio between the highest paid employee's pay and the median average pay of the Council's workforce. The Council's highest paid post is the Chief Executive and the current pay multiple is published at: <u>Senior manager salaries - Further info | Harrow Council</u>

Pay Grading

In 2004 the Council entered into a single status agreement with its recognised trade union, introducing common job evaluation schemes⁵ and pay scales for the Council's former manual workers, administrative, professional, technical and clerical employees with the exception of

⁵ The Greater London Provincial Council (GLPC) Scheme is used for all Harrow grade jobs and the Hay Scheme for senior professional and managerial jobs.

Education Psychologists, Nursery Nurses, Youth & Community Workers, Chief Officers and the Chief Executive.

In 2007 job evaluation was extended to include Chief Officers.

From April 2013 the Council took over specific public health functions from the NHS and staff who transferred from the NHS to the Council remain on NHS grades and pay scales. New posts are being recruited to on the local government grades and pay scales.

Pay on Appointment

All employees, including Chief Officers are normally appointed on the lowest pay spine column point for their job evaluated grade. In exceptional circumstances employees may be appointed at a higher point within the evaluated grade.

The Council delegates authority to the Chief Officers' Employment Panel to make recommendations to Council on the appointment of the Head of Paid Service and make appointments of Chief Officers in accordance with the Council's Pay Policy.

The Council's delegations to the Chief Officers' Employment Panel also include, determination of any remuneration package of £100,000 or greater

Remuneration packages of £100,000 or greater are also reported to full Council

Pay Progression

All employees are able to incrementally progress through the pay spine column points for their job evaluated grade.

Progression will normally be one increment (pay spine column point) on the 1st of April each year until they reach the top of their grade.

Progression for Chief Officers is subject to the following qualifications:

- i. increments may be accelerated within a Chief Officer's scale at the discretion of the council on the grounds of special merit or ability.
- ii. an increment may be withheld following an adverse report on a Chief Officer (subject to that Chief Officer's right of appeal). Any increment withheld may be paid subsequently if the Chief Officer's services become satisfactory.

The criteria for pay progression for other staff were changed as a result of the modernising review so that progression for all staff is now subject to satisfactory performance.

Performance Related Pay

Council employees including the Chief Executive and Chief Officers do not currently receive performance related payments or bonuses.

The Council operates a Reward and Recognition Scheme for employees who, subject to meeting the criteria of the scheme, may receive payments of £250 or £500. Details of Reward and Recognition payments to senior management are published at: Senior manager salaries - Further info | Harrow Council

National / Regional Pay Agreements

The Council supports the national (JNC/NJC⁶ and Soulbury) and regional (GLPC) collective bargaining arrangements for pay and conditions of service and the pay scales for all employees, including the Chief Executive and Chief Officers, are increased in line with national and regional pay agreements. Some conditions of service are negotiated locally.

The last pay agreement increasing pay scales for the Chief Executive and Chief Officers was implemented in 2008/9. Since then there have been no increases for this group.

The most recent pay agreement increasing pay scales for other non-teaching employees was implemented in 2014/15.

Market Supplements

The Council may apply market supplement payments to jobs with recruitment or retention difficulties. Details of market supplement payments to senior management are published at: <u>Senior manager salaries - Further info | Harrow Council</u>

Fees for Election Duties

The Council's policy for payment of fees for election duties is published at: <u>http://www.harrow.gov.uk/info/687/election_information/689/election_fees_and_charges</u>

Details of fees for election duties paid to senior management are published at: <u>Senior manager salaries - Further info | Harrow Council</u>

Other Payments

The Head of Paid Service may authorise other payments as necessary, in accordance with the Council's delegations.

Details of any other payments to senior management are published at: <u>Senior manager</u> salaries - Further info | Harrow Council

Pension

All employees are auto enrolled into the Local Government Pension Scheme and employees who remain in the Scheme receive benefits in accordance with the provisions of that Scheme as applied by the Council. Details of the Council's policy and decisions in respect of discretionary elements of the Scheme are published at: http://www.harrow.gov.uk/download/downloads/id/5338/discretionary policy statement-

http://www.harrow.gov.uk/download/downloads/id/5338/discretionary_policy_statement pensions_2014

http://www.harrow.gov.uk/download/downloads/id/2545/pension_fund_accounts_2012-2013

From April 2013 the Council took over specific public health functions from the NHS and staff who transferred from the NHS to the Council and were members of the NHS Pension Scheme continue to be members of that Scheme and receive benefits in accordance with the provisions of that Scheme.

⁶ Joint Negotiating Committee / National Joint Council

Other Terms and Conditions of Employment

The pay, terms and conditions of council employees are set out in employee handbooks. Handbooks are produced for all employees, including managers and senior professionals, Chief Officers and the Chief Executive and the latest editions are published at: <u>http://www.harrow.gov.uk/downloads/download/1016/employee_handbooks</u>

Payments on Termination of Employment

In the event that the Council terminates the employment of an employee, including a Chief Officer, on the grounds of redundancy or efficiency of the service they will be entitled to receive compensation and benefits in accordance with the Council's Redundancy and Early Retirement schemes, which are published at:

http://www.harrow.gov.uk/downloads/download/1016/employee_handbooks_and http://www.harrow.gov.uk/download/downloads/id/5338/discretionary_policy_statementpensions_2014

The Council's Redundancy scheme was changed as a result of the modernising review and compensation payments to employees reduced in 2014 and will be reduced again from April 2015.

The Council delegates authority to the Chief Officers' Employment Panel, determination of any payments on termination of £100,000 or greater.

Details of compensation payments paid to senior management are published at: <u>Senior manager salaries - Further info | Harrow Council</u> <u>http://www.harrow.gov.uk/downloads/file/5881/red_payments_agreed</u>

Severance payments of £100,000 or greater are also reported to full Council

Re-employment of Employees

Section 7 of the Local Government and Housing Act 1989 requires that every appointment to paid office or employment in a local authority shall be made on merit.

Further Information

RESOLVED ITEMS

7. INFORMATION REPORT - Draft Revenue Budget 2015/16, Medium Term Financial Strategy 2015/16 to 2018/19 and Capital Programme 2015/16 to 2018/19

The Forum received a report of the Director of Finance and Assurance which set out the Council's proposals for the draft Revenue Budget and Medium Term Financial Strategy 2015/16 to 2018/19 and the Draft Capital Programme 2015/16 to 2018/19.

Following a question from a Representative regarding the Council Tax Freeze Grant of £1.068m, an officer advised that the current Medium Term Financial

Strategy was based on the implementation of a Council Tax increase of 1.99% in 2015/16 which would generate an estimated income of £1.922m and therefore the Freeze Grant would no longer be applicable.

A Representative commented that charging residents for the disposal of organic waste would deter residents from recycling, which would impact on the landfill charges the Council paid. He added that the new 23 litre caddies supplied to households had caused injuries to staff and would lead to increased sickness absence and personal injury claims. He suggested that households should be charged for additional residual bins. Another Representative asked whether residents had been consulted about the charge and stated that those residents who chose not to pay for this service would still need to dispose of their waste. The Portfolio Holder for Finance and Major Contracts stated that the introduction of a charge for organic waste had been a difficult decision, made only after extensive discussions and was part of the overall savings the Council was required to make over coming years. It was anticipated that the scheme would require a 40% take up rate to make it viable and those residents who did not pay the charge had the alternative of composting or taking their waste to the Civic Amenity Site (CAS). Savings could be made by separating organic waste from dry waste and disposing of them separately and officers would continue to monitor the situation. He added that he would welcome further discussions with the Representative regarding the supply of a second bin to all households.

The Director of Finance and Assurance stated that comparable London boroughs had a similar 40% target and that, in his view, this was achievable and would deliver savings. A Representative added that the CAS saw a high volume of use by residents at weekends, often with long queues building up.

The Chair asked what plans were in place to reduce the funding gap and how this fitted into the Council's overall commercialisation agenda. The Director of Finance and Assurance stated that he anticipated that savings planned for future years would help reduce the funding gap and he would be working closely with the Portfolio for Finance and Major Contracts on this issue.

The Chair asked about the Council's contribution to West London Waste (WLW). Harrow residents were actively engaged in recycling and 50% of all waste was recyclable. However, this had not led to a reduction in the £7m figure. The Portfolio Holder advised that there was a 'pay as you throw' element to the charge which meant lower charges for less waste.

A Representative queried whether there was any data regarding the gradings of the posts which would be lost as part of the efficiency and managements savings. The Director of Finance and Assurance advised that the 'management savings' would be made through a reduction in the number of posts. However, not all the 'efficiency savings' related to loss of posts and not all of these posts were lower grade posts. Some proposals were still at the consultation stage and therefore data relating to the grading of posts identified for deletion was not available.

The Chair asked how many of the identified FTEs (full time equivalent) were senior posts and how many were agency staff. The Director of Finance and

Assurance advised that the posts were a mixture of permanent, agency-filled and vacant posts.

A Representative asked why the £10m reserve was not being used to save jobs under threat. The Portfolio Holder advised that Harrow was in the lowest quartile in London in terms of its reserves and using this to save jobs would not be a permanent solution as the savings would still need to be made in subsequent years.

The Chair asked whether there was a contingency fund for the commercialisation agenda and how far it was reliant on government funding. The Portfolio Holder advised that the sum of £3m per annum had been allocated for this from the Transformation Fund. He added that the aim of the Council's commercialisation agenda was to make it less reliant on government funding.

The Chair queried whether there were robust procurement and management procedures in place for the Council's procurement contracts to ensure these were value for money and cited the recent example of issues with the timely sign-off for the dry recyclables contract. The Portfolio Holder advised that the procurement team was highly skilled in contract management and that delivering value for money was central to its function.

A Representative expressed his concern regarding the impact of reduced staff and resources on frontline services and asked how the commercialisation agenda would help mitigate against this. The Portfolio Holder advised that the Council would need to make £75m worth of savings over coming years. With this in mind, the administration had identified areas of efficiency, such loss of posts and areas of priority, such as supporting the borough's vulnerable residents, employing more social workers and tackling homelessness.

A Representative queried the £100k savings to be made from Occupational Health Service (OHS), the review of the time and facilities afforded to the Unions and the re-tendering of the Communications contract. The Director of HRD and Shared Services advised that the OHS assessment of preemployment health questionnaires would be replaced by a declaration of fitness by applicants and management referrals would be more tightly controlled. Staff and their family members would continue to have access to the Employee Assistance Programme (EAP). The amount of administration time and facilities afforded to the Unions would be reviewed. The Director of Finance and Assurance added that the Communications contract was being re-tendered following a full review of the service area.

The Leader advised that the Communications section were responsible for producing the Harrow People and Homing In magazines, disseminated internal council communiqués, and had facilitated a number of recent consultations, for example, the Take Part initiative, the School Expansion Programme and had encouraged resident participation and engagement with these. He added that £30k had already been invested in sports and the Council, local sports organisations, health providers and other stakeholders were working collaboratively in this area.

He further added that the council depended on its Reserves to deal with unanticipated expenses, for example, homelessness. With regard to commercialisation, he was in close communication with the new Chief Executive regarding the Council's future challenges and priorities.

The Chair asked about the non-renewal of the Council's contract with Wiseworks printing. The Director of Finance and Assurance advised that the Council was committed to reducing its printing costs and all Councillors had been issued with IPADs as part of this drive. The Council followed a strict procurement process that was designed to be open and transparent and the bidding process was open to all.

A Representative stated that the establishment of Business Support services was a fairly recent initiative that had received a considerable start-up investment. He advised that a very large proportion of the BS workforce was female and asked about the anticipated savings from this service area the likely impact of job losses. The Director of Finance and Assurance stated that the savings in BS equated to the loss of 12 posts, and that there were changes planned to the service provided by the print unit and the mail room.

RESOLVED: That the report be noted.

HARROW BUSINESS CONSULTATIVE PANEL MINUTES

27 JANUARY 2015

RESOLVED ITEMS

6. INFORMATION REPORT - Draft Revenue Budget 2015/16, Medium Term Financial Strategy 2015/16 to 2017/18 and Capital Programme 2015/16 to 2018/19

The Panel received a report of the Director of Finance and Assurance which set out the Council's proposals for the draft Revenue Budget and Medium Term Financial Strategy 2015-16 to 2017-18 and the Draft Capital Programme 2015-16 to 2018-19 for consultation.

The Chair welcomed local business representatives to the meeting and explained that it was a statutory requirement that the Council consulted with the business community before setting the budget and Council Tax for the forthcoming year. In response to an enquiry, the Director of Finance and Assurance confirmed that small businesses could be entitled to discounts and exemptions in respect of business rates, and described the criteria governing these.

The Chair advised that bills for business rates would be issued at the end of February, and that the funds were passed directly to government, apart from 20% which the Council was now entitled to retain, following a change in the rules introduced a year ago. Discounts and exemptions for businesses were determined by government in a national scheme.

He further advised that the Council's controllable budget would be reduced by £25m over each of the coming three years, resulting in revenue being reduced by half, despite increasing burdens on the Council's statutory and discretionary budgets. He stated that the Council had opted to retain the Economic Development Team as it was considered important to support and promote local businesses for the benefit of residents and the wider community. Councillors had moved from choosing where to direct funds and prioritising services, to identifying which services could be cut or reduced with the least negative impact.

In response to a query, he said that he did not think the result of the forthcoming general election would necessarily change the economic situation for the Council. In the light of this, he believed it was important to change attitudes about what Council's could and should do, and the public could no longer assume a particular function was the Council's responsibility. Statutory obligations would have to be discharged, and monies were often ring-fenced for this, but discretionary services would need to be looked at carefully and prioritised.

In response to a question, the Director of Finance and Assurance explained that the funding formula was highly complex, and that Harrow received less in funding grants than many of its neighbours. There was a range of reasons for this, from the deprivation index to the amount of green space within the borough. When deciding where to introduce charges for certain services, it was helpful to benchmark among other authorities.

He informed those present that the draft budget would go to cabinet for consideration on 19 February, and to Council for decision on 26 February. He reminded business representatives that the public could attend meetings and hear the debate.

Business representatives commented that it was easier to understand the need for cuts once the financial situation was explained, and the Council's priorities were outlined. The Chair added that sometimes the scale of reduction required in a service resulted in a closure, as there would come a point when the service was unsustainable and resources were better directed elsewhere or rationalised. A Member used the Library Service to illustrate this point, describing the range of criteria that might be used in deciding which to close and which to keep open, including: attendance and usage, the demographic profile of users, transport links, accessibility issues, the viability and fitness for purpose of the premises, and the proximity of other libraries and alternative resources.

In conclusion, the Chair stated that the consultation on the budget was still open and all suggestions and ideas would be welcome and noted. He thanked those present for their contribution.

RESOLVED: That the report be noted.

LONDON BOROUGH OF HARROW

CABINET – 19 FEBRUARY 2015

REFERENCE FROM OVERVIEW AND SCRUTINY COMMITTEE (SPECIAL) – 20 JANUARY 2015

QUESTION AND ANSWER SESSION WITH THE LEADER OF THE COUNCIL AND HEAD OF PAID SERVICE ON BUDGET 2015/16

The Chair welcomed the Leader of the Council, Portfolio Holder for Finance, the Head of Paid Service and the Director of Finance and Assurance to the meeting and explained that any questions which could not be answered at the meeting would receive a written response.

The Leader of the Council gave a brief introduction and confirmed that, whilst agreeing the budget had been a very difficult process, particularly in view of a £25m deficit, his Group had achieved a balanced budget. Staff and residents had been engaged with through a range of initiatives, including the 'Take Part' programme and public consultations on Harrow Libraries and Harrow Museum. The budget was still a work in progress, and all petitions and suggestions received would be noted before the February Cabinet meeting. He had been open about the difficult decisions now faced by the Council, and he believed the reductions in services were not as severe as they could have been. He stressed the importance of consultation with the public in order to ensure that their views were heard and to be mindful that councillors were here to serve the residents of Harrow.

The Head of Paid Service was pleased that a balanced budget had been achieved, despite the scale of reductions, and noted that steps had been taken towards achieving savings in future years. There was scope for income generation and increasing work with partners. He was pleased that the 'Take Part' programme had given a voice to the community.

The Portfolio Holder for Finance reiterated that the budget process had been difficult this year, given the need to find savings of $\pounds75m$ over 4 years. Recent revised figures suggested that the total figure could be closer to $\pounds82m$, which would pose an even greater challenge.

Members asked a series of questions and received responses as follows:

Can you provide a fully costed budget for waste collection, including information on the separate charge for garden waste? Does the budget fully reflect possible costs in respect of vehicles and operational equipment?

The Portfolio Holder stated that the budget included both savings and income generation. The income assumed a 40% take up of the garden waste scheme, which was a prudent estimate when benchmarked against other authorities, and he was consulting on discounts for residents on means tested benefits. The Leader stated that a written answer would be provided to give greater detail on the operational costings.

A number of savings are predicated on increased use of IT for engagement with the Council and services, eg via Access Harrow. Currently residents can use libraries to avail of IT facilities, but if they close then this option will be lost.

The Portfolio Holder agreed that this was an important point and it was intended to use the welfare contingency fund to provide more staff on telephone services. The Leader added that some investment in more response resources was already taking place, eg there were 5 extra staff in the Revenues and Benefits team.

Some libraries earmarked for closure were in areas of deprivation, why had these been chosen, and had the knock-on effect been considered, particularly in respect of residents' ability to interact with the Council?

The Leader responded that those libraries with the lowest attendance, and reducing year on year, had been identified. There would inevitably be adverse impacts, but any possible mitigating measures would be considered. The Chief Executive advised that there would be an Equality Impact Assessment on the budget in its entirety which would consider such issues.

The loss of school crossing patrols would achieve a very small saving but could have a very significant impact on those affected – what was the feedback on this proposal?

The Leader agreed that there were a number of proposals which affected schools, and Members were working with schools to consider if they could take over the cost.

On what basis was the assumption made of a 40% take up of the garden waste scheme, and how would the charge be collected?

The Leader explained that models in other boroughs had been looked at, and the figure was a conservative estimate of what the minimum take-up might be. Residents could opt-in to the scheme at any time.

How was the charge of £75 decided? Residents would often clear leaves outside their properties thermselves in the autumn, but a charge for disposing of the waste was a disincentive. If there was a reduction in street cleaning and maintenance in parks, other costs could arise as a result. Had these factors been considered in a risk register?

The Leader noted that there was a £172k saving from the cut in street cleansing, which might not seem significant when set against the total figure, but was more about a shift in priorities as the council could not continue with existing commitments. Similarly, maintenance in parks was not a priority against other identified needs, although it was hoped to increase community activity in these areas. The Council would need to communicate effectively about its straitened financial circumstances and difficult choices. The Portfolio Holder stated that cuts had been imposed by government and that the Council's priorities were important in deciding which services to protect, for instance, there would be more social workers and more adult social care provided for in the budget.

The Leader stated that all proposals had been assessed for risk, and he believed risk assessment was something local authorities did very well. The £75 charge for garden waste collection was not yet final, but compared sensibly with charges by other boroughs.

Had the teenage perspective been taken into account when proposing the closure of libraries and loss of security in parks, as this group would be particularly affected?

Proposals in the budget would affect all age groups. While libraries were heavily used at certain times, attendances were declining, probably as a result of greater internet use. All parts of the community had been encouraged to give their views. The Portfolio Holder stated that libraries were not closing because they were not valued, but because the Council had lost half its budget and cuts had to be made. He believed it was right to maintain services for the most vulnerable, but was aware that other proposals would also have an impact. The Head of Paid Service said that there were initiatives, such as the 'Community Clicks' scheme and the housebound library service, to address issues of isolation, which were covered in other budget areas.

Would the Council have sufficient funds to fully implement the requirements of the Care Act from April 2015, and what was the impact of government funding cuts?

The Leader replied that the funding formula had been disappointing and insufficient, with an ageing population and more people eligible for care packages. The Portfolio Holder added that the impact was devastating and would affect the most vulnerable.

Had the capital programme been completed within the financial year? It was difficult to find the £75m savings, how would the £82 be achieved?

The Director of Finance and Assurance explained that each February Members agreed a capital programme and the current programme now spanned 4 years. There had been a history of slippage, and it was not always possible or desirable to spend according to a timetable, as Members' priorities could change, or planning obstacles could arise. Slippage was acceptable if it arose from operational issues. The current programme stood at 60-70% achieved in the third quarter. The Portfolio Holder said the extra £7m of savings would be extremely difficult to achieve; there was no contingency for this, and it would have to be looked at going forward.

What had been the impact of welfare reforms on the Council in the last year, and would this continue going forward ? Had the high level of interest in the 'Take Part' programme contributed to a 'participatory' budget?

The Portfolio Holder stated that welfare reforms had had a massive impact on the budget and increased the burden on the Council. Residents could not avoid incurring penalties as a result of the 'bedroom tax' as they had nowhere to move to, and only the bottom 5% of housing stock had entitlement to benefit. The Leader said it was right to be honest with residents and involve them in budget decisions. He hoped discussions with the voluntary sector would lead to new ways of working, and co-designing services.

What provision was there for people with autism arising from the Autism Act 2010?

The Head of Paid Service replied that while there were no specific proposals, the department was undertaking an 'autism self-assessment' and the budget had built in growth for young people with disabilities and transition to adult provision. There were plans to develop 'personalisation' with a range of services, and he could provide further information on this outside the meeting.

Can you rule out council tax rises over the next 3 years?

The Leader replied that this could only be considered on a year by year basis

Given that a prospective Labour administration has said that there would need to be \pounds 500m of cuts, funding will be reduced regardless of who wins the general election – what options are there for savings if contracts are better managed?

The Leader stated that it was clear where 'back office' savings could be made. The Portfolio Holder added that a procurement team had been created with a view to secure savings in contracts, and that these skills should become mainstream throughout the organisation.

The charge for garden waste could impact on other areas, eg more leaves on the ground could result in a greater flood risk if drains became blocked. If a policy had the potential to impact on another area, had this been fully costed? Would it be possibly to have a full business case for street cleansing and waste services, including gritting?

The Leader replied that costings on waste collection would be provided, if possible by Friday as requested. All budget lines had been considered; if a particular pressure point arose, then a one-off investment could be made.

What is the statutory minimum provision for the Parks Service? Would reductions in service at Canons Park breach the terms of the agreement for receipt of lottery funding?

The Leader explained that maintenance of parks could not continue as before, and that a programme of 'naturalisation' would replace tree pruning and other tasks. He was not familiar with the details of statutory obligation, but this could be provided. The proposals for Canons Park had been given legal clearance and must therefore be lawful.

If Community Champions, whose role is to empower the community, report problems to the Council but no action is taken, this will demotivate them.

The Leader agreed that a nil response could demotivate Community Champions and that if this occurred it would be looked into.

Had the police been consulted on proposals such as non-closure of parks at night, which could lead to a rise in crime?

The Leader confirmed that regular consultation took place with the police, who were statutory partners in a number of areas.

Would the budget be cut for consultancy and agency staff?

The Leader stated that while they would like to reduce the use of agency staff where possible, it would continue if necessary.

Are there plans to generate income? Would the Council involve more young people in community work, and consider greater use of social media to interact with them?

The Leader stated that income generation was a priority for the Council. The Council would use its relationship with the youth parliament and the voluntary sector to promote greater involvement and co-design services.

Cabinet has already moved to paperless meetings, would other committee meetings follow?

The Portfolio Holder stated he hoped that committees would be paperless by the end of the year, but noted that opposition members were not committed to this.

The Chair thanked the Leader, Portfolio Holder and Head of Paid Service for their attendance and responses, and all present for their contribution

RESOLVED: That the Committee's comments be forwarded to Cabinet for consideration.

Equality Impact Assessment Template

The Council has revised and simplified its Equality Impact Assessment process. There is now just one Template. Project Managers will need to complete Stages 1-3 to determine whether a full EqIA is required and the need to complete the whole template.

| Equality Impact In order to carry out this assessment, it is importar | tt Assessm ant that you | Equality Impact Assessment (EqIA) Template In order to carry out this assessment, it is important that you have completed the EqIA E-learning Module and read the | ad the |

| | Yes | No |

| The cumulative budget equalities assessment has taken account of 61 individual assessments which are shown on the table attached to this document. For those savings where a full assessment has been undertaken the impact both before and after mitigating actions is known. In these cases if the initial assessment has highlighted a negative impact, the assessments show mitigating actions which officers believe will reduce the impact of the proposal on the protected characteristics. For these assessments it is the impact after mitigating actions that has been used to identify the cumulative impact. For the other assessments, one impact has been identified and incorporated into the cumulative assessment. | 15 assessments, or 25%, are highlighting a negative impact on one or more of the protected groups, with age, disability and sex being the most impacted upon groups. The impact per group is shown in the table above. In the attached table to this assessment, those saving proposals that are showing a negative impact on any of the characteristics are highlighted in blue. However, set out below is a short paragraph on each of the 15 assessments which impact outlining the group impacted and the mitigating action(s): | Res 18 (Stop funding Senior Residents Assembly). The impact is on older people, The initial impact assessment recognised an impact on this group on the basis of four assemblies being held a year and an attendance of around 80 people. However, this is a small budget reduction in the context of the Council's spend supporting older people, so the impact is considered to be small. | Res 23 (Increased Income from Harrow Helpline and reduction in staffing costs). The impact will be on age, disability, marriage and civil times intership, race, religion & belief and sex. The proposal is to increase income levels, but this will be subject to consultation with users, which has in taken place yet. Therefore Members are asked to note that in taking this proposal forward there is likely to be an impact on these groups, and multigations will be considered as part of the finalisation of the proposal subject to the consultation. | CHW 03 (Review of Business Support Services - BSS). This is an internal service to the Council and therefore impacts on staff. The precise impact of this proposal upon staffing is not possible to gauge at this point as delivery arrangements have not been finalised, so therefore it is considered to impact potentially on all protected characteristics, given the current make-up of the BSS, although the BSS teams are statistically over-represented in the following groups: female; older age groups; BAME. It has been decided to provide support tailored to the needs of individuals in those groups who may be affected by the proposals of the BSS review and to gather further data on those areas where there is no data. | CHW 10 (Review of in-house residential care). This proposal will largely impact on staff and therefore is likely at this stage to potentially impact all characteristics. The proposal through its delivery should have no adverse impact on service users. The mitigating action will be for consultation to take place in accordance with the Council's Reorganisation procedure and the Council's Protocol for Managing Organisation Change and following this to carry out further analysis of the staff group to collate and understand the impact on staff. | |
|---|--|---|--|---|---|--|
|---|--|---|--|---|---|--|

| CHW 11 (Review of Voluntary Sector). This proposal impacts on a number of protected characteristics, but is still in consultation. The findings of the consultation and delivery of the saving, with mitigations outlined will be reported to Cabinet in March 2015. CHW 16 (Library Strategy). This proposal impacts on a number of protected characteristics, but is still in consultation. The findings of the consultation and delivery of the saving, with mitigations outlined will be reported to Cabinet in March 2015. |
|---|
| |
| CHW 19 (Reduction in discretionary health checks). The proposal will affect age and race. It will affect residents between to the age of 40 – 74 with no pre-existing CV condition. Groups that have high prevalence of CV (i.e. older people, those who have a family history and are of South Asian origin) and those who are under-represented on the programme (men and those who are aged 40-55) are likely to be disproportionately affected by these proposals. In implementing this saving, the service take up will be monitored as part of the mitigation. |
| CHW 23 (Efficiencies with Smoking Cessation & Tobacco control). Smoking disproportionately affects certain groups. These include babies, ildren and young people, pregnant women, people with a disability, the LBGT community, some BAME groups and people in routine and anual social groups where smoking rates are higher. This would increase health inequalities within the borough. It is likely that people in routine c. id manual groups will be affected by these changes more than others. Smoking rates are higher in these groups. Although it seems counterintuitive, times of financial hardship often show an increase in smoking rates. The mitigation will be to monitor the smoking prevalence data to see if this is happening locally. |
| CHW 24 (Reduce Funding in Physical Activity Services). The proposal is likely to impact on low income groups, people living in areas of social deprivation, black and minority ethnic communities and disabled people, which includes people with learning difficulties, people with mental health problems, people with physical or sensory impairments and people with long-term limiting conditions. Removal of these initiatives will further reduce available support. Officers will consider mitigations on the basis of analysis of uptake. |

| EE03 (School crossing patrols). The proposal is likely to impact on young people and disability. The proposal is to work with schools to have provision met whilst reducing the cost to the Council. Therefore the mitigation is to maintain school crossing patrols but for the service to be funded from elsewhere, therefore having no impact on protected characteristics. |
|---|
| EE07 (Introduction of staff car parking). This proposal may have an impact on elderly or disabled staff who may struggle to use alternative modes of transport and have little choice but to drive and as a result may find that they are adversely affected by the proposals. The mitigation is to consult with staff on a preferred scheme and therefore make any changes where disproportionate impact is found as a result. |
| EE 26 (Reduce parks service to statutory minimum / Parks management). This proposal will impact upon staff and the protected characteristics of age and disability. Consultation feedback has identified key priorities for any targeted maintenance to direct mitigations. Mitigations being put forward currently are: Path borders and accessible fencelines will be cut and/or pruned at current standards to ensure safe passage from vegetation and possibly hidden litter and natural surveillance in terms of reducing fear of crime; More efficient use of mobile teams to deal with excessive accumulation; There will remain rapid response teams who will be able to address fly tips and unacceptably excessive amounts of litter and other debris in between any scheduled cleansing operation, maintaining the existing SLA time for addressing such issues; and, if monitoring indicates continuing issues in key parks, they can be reviewed under the Council's Zonal cleansing approach. |
| 34 (Food and Garden Waste). This proposal will impact upon age, disability and pregnancy & maternity. The proposal is to alter the current is indem waste recycling collection to a chargeable service. The scheme will be introduced in October subject to budget approval and the cunsultation will consider the mitigating actions that are necessary to manage any disproportionate impacts which are found. The operation of the scheme will then be reviewed to explicitly consider mitigations for low income groups and the associated EQIA for this proposal will be updated accordingly to advise Members. |
| CF 12 (Early Years and Early Intervention Services). This proposal following mitigations will impact on age (young people) and sex. The proposal is to remodel and to close some Children's Centres and Children's Centre delivery sites. Revised options following consultation will include some opportunities to reduce impact and generate income e.g. keeping additional buildings for income generation and social enterprise. Specific issues raised will be collated so that a paper can be written to support increased understanding of the centres and the reasons why decisions are made. Myths and misunderstandings were evident and the CC strategic group will take forward a piece of work to that effect. As mitigation, Hub Managers along with Performance intelligence staff reporting to the Children's centre committees and strategic group. Quarterly reports are currently produced these offer access to information to scrutinise. Feedback protocols are in place and will be increased for a period of 6 months with outcomes analysed. |

| Impact on Staff There may be a disproportionate cumulative impact on staff in one or more of the protected characteristic groups when all of the staffing re- organisations envisaged as part of the budget proposals are fully worked up. Each proposal impacting on staff will be the subject of a full EqIA before the proposal can be implemented. The council will look for redeployment opportunities for staff. | lative impact on staff in one or m budget proposals are fully worke d. The council will look for rede | ore of the protected characteristic gr d up. Each proposal impacting on s oloyment opportunities for staff. | oups when all of the staffing re- taff will be the subject of a full EqIA |

2015-16 Draft Budget Consultation summary report

Summary:

The council held a 4 week consultation so that residents could have the opportunity to provide comment on the 2015-16 Draft Council Budget.

The consultation closed on Sunday 15 February 2015 with the Final Budget to be approved on 26 February with consideration of the feedback collected as part of the consultation.

The Draft Budget consultation was promoted in the following ways:

- Harrow Council Home Page banner
- Harrow E Newsletter distributed to 65,000 residents
- Harrow Times advertorial on Thursday 5th February 2015
- Harrow Council's Twitter and Facebook accounts.

The survey was provided in an online format and held 2 main questions which were followed with the council's equality monitoring information.

The equality monitoring data is not analysed in this report.

The consultation received 88 responses.

This brief summarises these findings. For a full copy of the consultation data visit <u>www.harrow.gov.uk/draftbudget</u> or contact <u>communications@harrow.gov.uk</u> to be sent a copy of the responses.

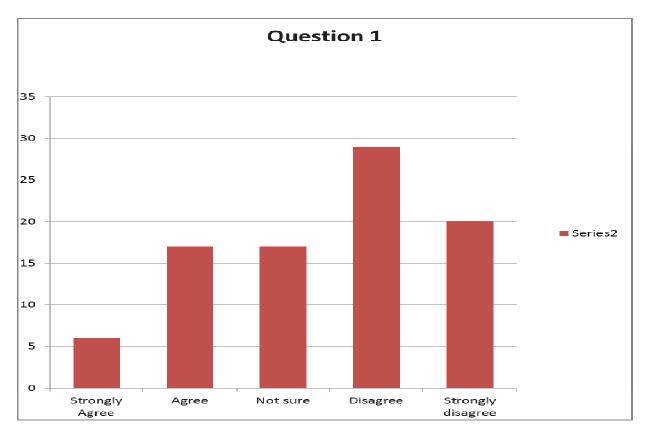

Findings:

Question 1: Do you agree with the changes that the council have made to the budget in response to the Take Part consultation as listed on www.harrow.gov.uk/draftbudget ?

98% of the consultation respondents answered this question, with 54.44% disagreeing or strongly disagreeing with the changes the council has made to the budget in response to the Take Part Consultation.

However 25.56% of the respondents agreed or strongly agreed with the changes, leaving 18.89% of respondents not sure.

The breakdown of this is as follows:

Question 2: Do you have any further comments on any aspects of the 2015-16 Draft Council Budget?

The council received 48 responses to this question. For the purpose of this report, these responses have been broken down according to style and topic of response.

Concerns with the proposal:

The main issue coming out of this consultation was residents concern for changes to Harrow Council Waste services. 22 of the responses addressed their concern with this area with issues cited including (but not limited to):

- It is unfair to charge more for this service at a time of Council Tax rise
- Concerns about and increase in fly tipping, people contaminating other bins
- Fairness between garden owners and non-garden owners
- Collection regularity
- Costs involved with policing compliance

5 respondents as part of their response suggested concern with fly tipping in response to this proposal.

Some quotes from the respondents included:

"A large wheelie (b)in is not required for household organic waste and council tax is already v(erry) high. I would not pay'

"I strongly disagree with garden refuse being collected fortnightly, especially from June until the end of November. During the rest of the year fortnightly collections would be sufficient."

"Introducing A£75 annual Garden Waste charge is effectively a charge for having a garden, and is stated will reduce the burden on those who do not have gardens. However most properties in Harrow that do not have gardens are flats and as such not participating in recycling provisions the way that non-flat residents do therefore subsidising those who live in flats."

"Fly tipping will increase, if you charge to collect garden waste."

The second biggest concern was the issue of a Council Tax increase. 12 responders suggested that they were **not** happy with the council tax rise, with 3 saying they found the increase in council tax as a **good** thing, with one of those people suggesting only if service is maintained.

Some of the response quotes:

"Why does the council tax have to be increased when we are paying a lot as it is?"

"How come neighbouring councils can manage without increasing council tax?"

"You have a high populated area with very few services left. If you intend to increase council tax but not retain the level of service or indeed terminate certain services then why should we pay the additional council Tax."

3 responder's commented on the costs of re-introducing the Chief Exec role.

Other concerns highlighted by the responders include (but not limited to):

- Cuts to Environmental health service
- Libraries closures (with equal amount of people saying council should close them)
- Street cleaning and parks maintenance being compromised
- Respite for disabled carers
- Parking costs for Harrow Council employee
- Insufficient funding of cycling
- Voluntary sector cuts
- Pavements and potholes

Suggested ways to reduce costs or limit cuts proposed:

3 responders suggested cutting down on senior managers would be a way to handle cuts, with a further 2 respondents suggesting to cut senior management pay.

2 respondents suggested cutting subcontractor and 1 suggested mayoral costs.

1 responder suggested charging council staff for parking.

Other comments:

That the budget document was too hard to read/ understand as it was too long.

That the survey questions were not sufficient given the size of the budget document.

There was a call for more transparency.

A number of respondents asked for more information and the opportunity to comment on more detailed proposals e.g.: Environmental Health Officer Post, Voluntary sector cuts.

Cuts to front line services appear to be politically motivated.

Harrow should receive a fairer grant.

Appendix:

- 1. 2015/16 Draft Budget Consultation Data
- 2. 2015/16 Draft Budget Equalities data.

| Question 1 - Do you agree with the changes that the council have made to the budget in response to the Take Part consultation as listed on www.harrow.gov.uk/draftbudget ? | Question 2 - Do you have any further comments on any aspects of the 2015-16 Draft Council Budget? |
|--|--|
| Not sure; Disagree | |
| Not sure | |
| Strongly disagree | Why does the council tax have to be increased as we are paying alot as it is. |
| Strongly Agree | |
| Strongly disagree | You have a highly populated area with very few services left. If you intend to increase council tax but not retain the level of service or indeed terminate certain services then why should we pay the additional council tax. Street cleaning and park maintenance are essential so that at least people can enjoy open spaces which cost nothing. |
| Disagree | charging extra for garden waste collection seems v unreasonable. A large wheely in is not required for household organic waste and council tax is already v high. I would not pay. |
| Strongly disagree | |
| Disagree | Cuts to front line services appear to be politically motivated rather than rational. There does not appear to be any effort into reducing the cost to residents of the Council in administration and reduction in the amount of waste and excessive running costs of the organisation. It would be good to see more transparency, especially on the website, of salaries for example and the number of people employed. |

| Disagree One question: Strongly disagree Strongly disagree Strongly disagree Inis is the 2nd year the Council is proposing to increase the Council Tax. How come the neighbouring Councils can manage without increasing the Council Tax. Also, how do you propose to save money and manage the 'pree' 'agenda of recycling garden waste if you start charging for this service. What guarntee do you have that there will be 100 % take -up? There will be more fly tipping and Council will end up clearing this thus costing ratepayers more money. This document is also so long that its impossible to read it all on the screen. Strongly disagree Insufficient funding and priority has been giving to cycling: in particular cross-harrow cycle routes. Agree Council Tax should not be increased. Instead the Council should reduce wastage and unnecessary spending in its own operations. Disagree rising council tax is not good. cutting voluntary sector espcially CAB is not good. Strongly disagree rising council tax is not good. cutting voluntary sector espcially CAB is not good. Disagree Istrongly disagree with garden refuse being collected forthightly, especially from June until around the end of November. During the rest of the year forthightly collections would be sufficeent. | Disagree | This is an awful consultation. Where is the real value in one question? |

| Disagree | Very unhappy with yet another council tax increase as Harrow already has one of the highest rates of all London boroughs. |
|-------------------------------|---|
| Agree | Fly tipping will increase, if you charge to collect garden waste, |
| Disagree | Get rid of unnecessary position of CEO ASAP, with no more "compensation" paid out. Cap all Council salaries at £70,000 p.a. Expenses to be no more than £3,000 a year at most. |
| Disagree | The proposal to charge for Brown bins will lead to potential fly tipping as well as garden waste being buried in green bins and ending up in land fill. In our area the Brown bins are filled from September to December with blown leaves from council trees on council land the council has not indicted how these will be collected I fail to see why I should pay extra for leaves from council land? |
| Strongly disagree Not sure | Introduction of £75 annual Garden Waste charge is effectively a charge for having a garden, and is stated will reduce the burden on those who do not have gardens. However, most properties in Harrow that do not have gardens are flats and as such are not participating in recycling provisions the way that non- flat residents do - therefore in effect those living in houses in Harrow are subsidising those who live in flats - this charge is further penalising those residing in homes with gardens - a choice they made without knowledge of this new charge. This should be reviewed with this in mind. Council tax should not be increased. |
| Not sure | By all means collect our brown bin fortnightly but we do not have food waste as we either eat everything or the vegetable trimmings go on the compost heap. This is an EXTRA TAX that presumably you cannot put on the council tax. The money is wasted supplying these bins and in our case will be used for something else and as you are collecting them weekly why not our garden waste (mainly wood). |

| Agree | |

| | |
| | |
| | |
| | |
| | I have concerns about reducing the respite care facility for disabled children and carers as this could end up costing more in health and social care for these families. There is great pressure when caring for a child with special needs. Shouldn't staff be charged for parking space at Civic Centre as no one these days expects to have their travel to work paid for from public's money. People who travel to work on public transport do not have their fares paid, people are expected to make their own way to work and at own cost including parking. There is no free parking in car parks for visitors to civic nor any public car parks in Borough. This is unrealistic when other services are being cut which are higher priority and help EVERYONE who lives here. |
| | |
| Strongly disagree | |
| Strongly disagree | I am happy with the council tax increase. Cut the benefits and senior manager's pay. |
| Disagree | |
| Agree | I'm concerned at the proposed charge for the disposal of garden waste. £75 might not be excessive, but I think the figure should be set in stone at that level: as things stand it looks like it might be that for the first year and then shoot up in future years. |
| Strongly disagree | Please streamline the Council's management structure first - that is very costly. Also, lucrative sub-contracting such as road works/repairs are very poor quality and last only a few months! |
| | |
| Not sure | Think the proposal to charge an extra £75 a year for the recycling bin is ridiculous particularly when planning to raise council tax. I live in a maisonette and pay the same concil tax as those who live in the houses on my road but I'm pretty sure I earn significantly less. |

| Disagree | |
|----------------------------|--|
| | |
| | |
| | the council is measured on how it manages its responsibilities for public realm which includes roads, paths, public spaces, in terms of safety, attractiveness, cleanliness, tidiness, maintenance. As you have said the biggest cost in the in bureaucracy of the Civic centre. Other councils have taken the knife to their organisations. It seems as if you are not facing up to the real issues of cost reduction and fiddling on the edges and trying to prove how painful it must be for the general public. |
| Disagree | Charges for garden collection. Incredible a session on council taxes, closure of museum libraries and upkeep of parks |
| | |
| Strongly Agree | More attention be paid to the forget area of the borough, that is Sudbury Hill area including Cavendish Avenue where the pavements are a disgrace, the potholes are numerous especially the newly surfaced area. There are achohol fuelled parties at the junction of Cavendish, Hartington close and the Greenford Road. This leaves rubbish all over the place at weekends and yet it is supposed to be an achohol free zone! |
| Disagree | There is going to be a lot of flytipping of garden waste if residents are given a choice about whether to pay for extra collections. There is already going to be an increase of the council tax, £75 is a lot to be asked to pay on top of that. |
| Agree | It would be useful to be able to express views on the more detailed proposals at department level as well as just the headline budget, maybe as the budget moves from top line to actual action. |
| ~ | |
| Strongly Agree Disagree | |
| Jisayiee | |
| Strongly disagree | |
| Agree | |
| Disagree | Don't agree with stealth tax regarding rubbish collection - the cost of policing compliance will be another cost passed on to taxpayers. |
| Disagree | |

| Disagree Disagree | Do not increase council tax fr 2015/16, we have been paying enough over many years, fight with central govt. like Brent Council did a few years ago and get more subsidies. Harrow may not have as many council properties as Brent does, but Harrow certainly have plenty of residents renting privately owned homes and claim all the benefits, this is no fault of honest hard working people who has always paid their way. |
|-------------------------------|---|
| Disagree | |
| Not sure | I strongly object to having to pay for garden refuse removal. There are a good number of services I have to pay you for which I never use, so I consider your argument that a number of residents don't use garden disposal so shouldn't have to pay for it as trumped up and inappropriate. |
| Not sure | |
| Not sure | |

| Disagree | Close the Libraries |
| Disagree | |
| Not sure | |
| Not sure | |
| Agree | 1. I welcome the proposal to increase council tax by 1.99%. 2. I would have wanted clearer evidence of the risks to the public (if any) arising from the proposal to cut environmental health posts 3.I would have welcome further clarification of the justification and vfm analysis associated with the decision to reinstate the post of Chief Executive (and the previous incumbent) 4.I strongly believe many Harrow residents would welcome cessation of Labour - Conservative hostilities and petty snipping and instead would warmly welcome an agreed approach, to the greatest extent possible, to deal with the urgency of the financial situation that the borough faces for many years to come. |
| | |
| Strongly Agree | |
| 6 | |

| The suggestion to charge for garden waste collection is ill thought out and inappropriate. This will simply lead to more fly tipping etc and deterioration of the urban environment. The proposal is simply a way to massage the council tax increase to pretend the increase in council revenue is below the set limit. Agree A heavy heart, but it seems it has to be done. I strongly disagree in the charge of ţ75.00 to collect garden waste. My rate bands are higher than those in properties without gardens ie. flats and for those who had a garden and converted it into a drive should surely be paying more rates than they are now. Also because of all the converted gardens into drives - WHERE HAVE ALL THE PAVEMENTS GONE for people, young, old disabled etc. to walk on safely!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! | | |
|--|-------------------|---|

| Increasing the Taxes while the Borough remains as it had been up to now will not help the Tax Payers. If the Council budget cannot accommodate its financial requirements, the excessive salaries drawn by the Executives of the Council should be reduced considerably rather than putting further burdens on the Tax Payers .Specifically the Garden Refuse Tax of £75 should be completely avoided as the small householders with small gardens will be badly affected by it. Increasing the Taxes while the Tax Payers are left without any benefits accruing to them by the imposition of additional tax burdens on them | Strongly disagree | garden waste. | | Strongly disagree | |

| Not sure | I am concerned that the number of Environmental Health Officers are being cut. If there are no Environmental Health Officers to help ensure the planning system is rigorously enforced, with the technical expertise to make sure planning decisions are sound, I am concerned that public health will suffer. Indeed, it is estimated that 114 people died prematurely in Harrow during 2008 as a result of poor air quality, due to the elevated concentrations of PM2.5 (not considering the other pollutants associated with poor air quality and lung problems) (Miller, 2010). However, when I requested up-to-date monitoring data (which the Council SHOULD have collected in order to comply with the Air Quality Standards Regs. and Environmental Protection Act), I was told that the Air Quality Progress reports utilising 2012-2014 data have not been written. It is concerning that the Council feels that cutting staff, who are clearly already constrained, will enable to meet their day-to-day duties. Asking Consultancies to do these jobs on the Councils' behalf will only cost the taxpayer more (at least that's what Defra think regarding Air Quality). And the same officer would then be able to review planning applications with regards to a range of environmental issues, whilst reducing expenditure in social care and the NHS. |
|-------------------|--|
| Strongly disagree | The document is over 200 pages long, it is unreasonable to expect anyone to read a document that long and make fair comment. |
| Disagree | |
| Agree | |
| Not sure | |
| | |
| Strongly Agree | Harrow should receive a fairer grant |

| Disagree | kept Harrow Arts Centre and Harrow Museum open for a further year How often are these used by general public. Expensive luxury? Reduced the level of cuts to the voluntary sector - Better evaluation which should be shared with general public to allow us to have an influence on what should be cut. Services for vulnerable adults and children to be prioritized. Reduced the level of cuts in the Children's and Family Services - agreed. Suggested a 1.99 per cent rise in Council Tax - Only happy to do so if services are improved and maintained. Suggest a Councillor contact the Council on trying to change council tax registration, see how long that takes and poor service provided. Invested £715,000 in social workers - What are the improved outcomes, and how will these be measured. £715,000 doesn't really go that far over time. Reducing temps and having full time social workers will have an impact, but is increase in staff numbers sustainable. |

| Disagree | |

| Disagree | You have stated an increase to council tax to help make relevant savings, yet now also suggested charging for garden waste. Why wasnt that increase just incorporated into the overal council tax increase. Theres a suggestion that staff may now be charged for parking - well that seems irrational when many staff are also Harrow residents so will be hit multiple times with increase in council tax, garden waste charging, parking charges & worst of all restructures/regrading to their jobs!! It seems that councillors have been very lax in displaying the honest truth. Facts and figures should have been provided at the start of take part so we could all see the bigger picture. Slipping extra charges in here & there & expecting all of us to stay calm over them was expecting too much. I still dont see what cuts will befall councillors as we obviously have too many who dont necessarily earn their keep. Dont know what changes Michael Lockwoods return will bring - could be positive or negative - these decisions were obviously thought through by someone but have not been transparent to us. What cuts are being brought to mayoral services. He doesnt need that car & chauffuer he could travel on public transport as many of us do. If he does need a car - it could be a smaller & cheaper electric one - that would save costs ultimately too. Dont hit residents with as much as you are planning. You need to learn how to budget better many other neighbouring councils do a better job. Dont talk about the fair grant as that will take time to resolve and prehaps in reality it was poor housekeeping on Harrow's part that has failed everyone? |
|-------------------|---|
| Not sure | |
| Strongly disagree | There is one one topic, one agenda and one decision - CUT, cut and more cuts |
| Disagree | Disagree with fortnightly collections for garden waste and charging for this service. |
| Disagree | Don't agree with stealth tax regarding rubbish collection - the cost of policing compliance will be another cost passed on to taxpayers. |

| Strongly disagree | View with great concern the proposals to reduce grass cutting in public parks. I live next door to Harrow Weald Park and remember only too well the overgrown state |
|-------------------|---|
| | of the park and the growing problem with rats entering my own back garden and those of my neighbours from |
| | the long grass in the park. Public parks should be a pleasant amenity for local people to enjoy. They should |
| | NEVER become a wilderness and a health hazard. Any council that stints in the mainten ance of its open |
| | spaces in my opinion is in negation of its duty. Worse |
| | than that they are openly showing contempt for their public, and deserve to be removed from office at the |
| | earliest opportunity. I would also be concerned at any renewed attempts to dispense with the Park Patrol. |
| | Doing this would leave local residents vulnerable to crime, resulting from open access to the park at night - |
| | e.g. prospective burglars having access to property via adjacent back gardens, and the park becoming a site of |
| | other anti social activities such as gang culture and drug dealing. Ideas that have been mooted in the past, |
| | such as giving keys to local residents to lock and unlock the park gates, amount to little more than |
| | inviting the residents to put themselves into potential danger. Again, a negation by the council of its duty to |
| | the paying public. As a runner I regularly access the |
| | parks and green spaces in Harrow. I would hate to see any lawful access to such places in any way |
| | compromised. I'm only too aware that the council tried to implement similar ideas back in 2013, and that after |
| | public pressure such ideas were, rightly, shelved. It's sad to see these proposals being put forward again. |
| | But I hope and believe that the local public can speak with a strong enough voice to let the council see the |
| | error of its ways, and once again step away from such potentially catastrophic action. I also view with dismay |
| | the proposal to impose additional charges on the public for the disposal of garden waste. Lastly, Harrow Arts |
| | Centre is a wonderful local amenity. An enhancement |
| | to the quality of life in our borough, I hope you will keep it open for the indefinite future. |
| Agree | |
| Agree | |
| Agree | council tax must not increse. it should remain same. |

REPORT FOR: CABINET

| Date of Meeting: | 19 February 2015 |
|---------------------------------|--|
| Subject: | Treasury Management Strategy Statement including Prudential Indicators, Minimum Revenue Provision Policy Statement and Annual Investment Strategy for 2015/16 |
| Key Decision | Yes |
| Responsible Officer: | Simon George, Director of Finance and Assurance |
| Portfolio Holder: | Councillor Sachin Shah, Portfolio Holder for Finance and Major Contracts |
| Exempt: | Νο |
| Decision subject to Call-in: | No, as the decision is reserved to Council |
| Wards affected: | All |
| Enclosures: | Appendix 1 - Legislation and Regulations Impacting on Treasury Management Appendix 2 - Treasury Management Delegations and Responsibilities Appendix 3 - Interest Rate Forecasts Appendix 4 - Economic Background |

Section 1 – Summary and Recommendations

This report sets out the Council's Treasury Management Strategy Statement including Prudential Indicators, Minimum Revenue Provision Policy Statement and Annual Investment Strategy 2015/16.

Recommendation:

Cabinet is asked to recommend to Council that they approve the Treasury Management Strategy Statement for 2015/16 including:

- the Prudential Indicators for 2015/16;
- Minimum Revenue Provision Policy Statement for 2015/16;
- Annual Investment Strategy for 2015/16;
- The upper limit for borrowing of under 12 months be increased to 30%;
- The lower limit for borrowing of 5 to under 10 years be reduced to 0%;
- The deletion of the "Viability" criteria for Specified and Non-specified investments.

<u>Reason</u>

To promote effective financial management and comply with the Local Authorities (Capital Finance and Accounting) Regulations 2003 and other relevant guidance.

Section 2 – Report

1. INTRODUCTION

1.1 Background

1. The Chartered Institute of Public Finance and Accountancy (CIPFA) defines treasury management as:

"The management of the local authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."

The Council has adopted this definition.

2. The Council operates a balanced budget, which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned, with cash being available when it is needed. Surplus monies are invested in low risk counterparties or instruments

commensurate with the Council's low risk appetite, providing adequate liquidity initially before considering investment return.

- 3. The second main function of the treasury management service is the funding of the Council's capital plans. These capital plans provide a guide to the borrowing need of the Council, essentially the longer term cash flow planning to ensure that the Council can meet its capital spending obligations. This management of longer term cash may involve arranging long or short term loans, or using longer term cash flow surpluses. On occasion, any debt previously drawn may be restructured to meet Council risk or cost objectives.
- 4. The Local Government Act 2003 and supporting regulations require the Council to 'have regard to' the CIPFA Prudential Code and Treasury Management Code of Practice, to set Treasury and Prudential Indicators for the next three years and to ensure that the Council's capital investment plans are affordable, prudent and sustainable.
- 5. The Act, the Codes and subsequent Investment Guidance (2010) requires the Council to set out its Treasury Strategy for Borrowing and to prepare an Annual Investment Strategy that establishes the Council's policies for managing its investments and for giving priority to the security and liquidity of those investments. In 2011 CIPFA updated both their Code of Practice and Prudential Code and, in 2013 issued revised guidance notes. All the changes are fully reflected in this strategy statement. At the request of the former Governance, Audit and Risk Management Committee a summary of the relevant legislation, regulations and guidance is included as Appendix 1.
- 6. The budget for each financial year includes the revenue costs that flow from capital financing decisions. Under the Code of Practice, increases in capital expenditure should be limited to a level whereby increases in charges to revenue from:
 - increases in interest charges caused by increased borrowing to finance additional capital expenditure, and
 - any increases in running costs from new capital projects

are affordable within the projected income of the Council for the foreseeable future.

- 7. The Council regards compliance with the relevant legislation, regulations, codes and prudential indicators as the prime criterion by which the effectiveness of its treasury management activities will be measured. The effective management and control of risk, recognising the primacy of security and liquidity over yield, is a key component in this compliance.
- 8. The Council recognises that effective treasury management will provide support towards the achievement of its business and service objectives. It is therefore committed to the principles of achieving value for money in treasury management, and to employing suitable comprehensive performance measurement techniques, within the context of effective risk management.

1.2 CIPFA Requirements

- 9. The Council has formally adopted CIPFA's Code of Practice on Treasury Management (revised November 2011). The primary requirements of the Code are as follows:
 - Creation and maintenance of a Treasury Management Policy Statement which sets out the policies and objectives of the Council's treasury management activities.
 - Creation and maintenance of Treasury Management Practices ("TMPs") that set out the manner in which the Council will seek to achieve those policies and objectives.
 - Receipt by the full Council of an annual Treasury Management Strategy Statement - including the Annual Investment Strategy and Minimum Revenue Provision Policy - for the year ahead, a Half-year Review Report and an Annual Report (stewardship report) covering activities during the previous year.
 - Delegation by the Council of responsibilities for implementing and monitoring treasury management policies and practices and for the execution and administration of treasury management decisions.
 - Delegation by the Council of the role of scrutiny of treasury management strategy and policies to a specific named body.

1.3 Reporting Requirements

10. As introduced above, the Council is required to receive and approve, as a minimum, three main reports each year, which incorporate a variety of policies, estimates and actuals.

Prudential and treasury indicators and treasury strategy (this report) - The first, and most important report covers:

- the capital plans (including prudential indicators);
- a minimum revenue provision (MRP) policy (how residual capital expenditure is charged to revenue over time);
- the treasury management strategy (how the investments and borrowings are to be organised) including treasury indicators; and
- an investment strategy (the parameters on how investments are to be managed).

A mid year treasury management report – This will update members with the progress of the capital position, amending prudential indicators as necessary, and identifying whether the treasury strategy is meeting the objectives or whether any policies require revision.

An annual treasury report – This provides details of a selection of actual prudential and treasury indicators and actual treasury operations compared to the estimates within the strategy.

Scrutiny - The above reports are required to be adequately scrutinised before being recommended to the Council. This role is undertaken by the Cabinet and the Governance, Audit, Risk Management and Standards Committee (GARMSC).

- 11. The Council has delegated responsibility for the implementation and regular monitoring of its treasury management policies and treasury management practices to the Section 151 officer. The Section 151 Officer chairs the Treasury Management Group (TMG), which consists of the Head of Technical Finance and Accountancy and the Treasury and Pension Fund Manager, to monitor the treasury management activity and market conditions.
- 12. Further details of responsibilities are given in Appendix 2.

1.4 Training

- 13. The CIPFA Code requires the responsible officer to ensure that Members with responsibility for treasury management receive adequate training in treasury management. This especially applies to Members responsible for scrutiny.
- 14. The Council's Treasury Management consultants will be asked to provide a training session for all Members of GARMSC and other interested Members and other training opportunities will be offered as appropriate.
- 15. The training needs of treasury management officers are periodically reviewed as part of the Learning and Development programme. The officers attend various seminars and conferences throughout the year.

1.5 Treasury management consultants

- 16. The Council has engaged Capita Asset Services, Treasury Solutions as its external treasury management adviser.
- 17. The Council recognises that responsibility for treasury management decisions remains with itself at all times and will ensure that undue reliance is not placed upon external service providers.
- 18. It also recognises that there is value in employing external providers of treasury management services in order to acquire access to specialist skills and resources. The Council will ensure that the terms of their appointment and the methods by which their value is assessed are properly agreed and documented, and subjected to regular review.

1.6 Treasury Management Strategy for 2015/16

19. The Strategy covers:-

Capital issues

- the capital plans and the prudential indicators;
- the MRP policy.

Treasury management issues

- policy on use of external service providers;
- the current treasury position;
- the borrowing strategy;

- treasury indicators which limit the treasury risk and activities of the Council;
- prospects for interest rates;
- policy on borrowing in advance of need;
- debt rescheduling;
- the investment strategy;
- creditworthiness policy.
- 20. These elements cover the requirements of the Local Government Act 2003, the CIPFA Prudential Code, the Department for Communities and Local Government (DCLG) Minimum Revenue Provision Guidance, the CIPFA Treasury Management Code and DCLG Investment Guidance.
- 21. It is not considered necessary to produce a separate treasury strategy for the Housing Revenue Account (HRA) in light of the co-mingling of debt and investments between HRA and the General Fund. Where appropriate, details of allocations of balances and interest to HRA are contained in this report.

1.7 Options considered

22. No options were considered beyond those discussed in the report due to the statutory and risk management constraints inherent in treasury management.

2. CAPITAL PRUDENTIAL INDICATORS 2015/16 – 2017/18

23. The Council's capital expenditure plans are the key drivers of treasury management activity. The output of the capital expenditure plans is reflected in the prudential indicators, which are designed to assist Members' overview and confirm capital expenditure plans. The values shown in the tables for 2013-14 and 2014-15 are actual and forecast outturn respectively and not the strategy for those years.

2.1 Capital expenditure

24. This prudential indicator is a summary of the Council's capital expenditure plans, both those agreed previously and those forming part of this budget cycle. Amendments may be necessary in the light of decisions taken during the budget cycle.

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |

| Net financing need for the year | 14,668 | 28,100 | 29,655 | 32,245 | 25,705 |

2.2 The Council's borrowing need (Capital Financing Requirement)

- 25. The second prudential indicator is the Council's Capital Financing Requirement (CFR). The CFR is the total outstanding capital expenditure which has not yet been paid for from either revenue or capital resources. It is essentially a measure of the Council's underlying borrowing need. Any new capital expenditure, which has not immediately been paid for, will increase the CFR.
- 26. The CFR does not increase indefinitely, as the Minimum Revenue Provision (MRP) is a statutory annual revenue charge which broadly reduces the borrowing need in line with each asset's life.
- 27. The CFR includes any other long term liabilities (e.g. PFI schemes, finance leases). Whilst these increase the CFR, and therefore the Council's borrowing requirement, these types of scheme include a funding facility and so the Council is not required to borrow separately for these schemes. The Council currently has £22m of such schemes within the CFR.

Table 2 Capital Financing Requirement

Table 3 Capital Financing Requirement – reasons for annual change

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|-----------------------------|---------|---------------------|----------|----------|----------|
| | Actual | Forecast Outturn | Estimate | Estimate | Estimate |
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Net financing need | 14,114 | 27,600 | 29,155 | 31,745 | 25,205 |
| Lease liability | 554 | 500 | 500 | 500 | 500 |
| Less MRP for PFI and Leases | -2,040 | -2,035 | -2,034 | -2,035 | -2,035 |
| Less MRP | -12,638 | -14,142 | -11,965 | -14,142 | -15,936 |
| TOTAL | -10 | 11,923 | 15,656 | 16,068 | 7,734 |

a) General Fund CFR increases over the five years from £244m to £290m reflecting the schools re-building and improvements programme and environmental improvements. Through a special determination the debt limit for the HRA has been increased to £154.8m and work will be carried out in line with this increase.

b) It is anticipated over this period that the increase in CFR requirements and the additional HRA expenditure can be met from existing cash balances.

2.3. Minimum Revenue Provision

- 28. Capital expenditure is generally defined as expenditure on assets that have a life expectancy of more than one year e.g. buildings, vehicles, machinery etc. The accounting approach is to spread the cost over the period during which such assets are used to provide services to the local community. The mechanism for spreading these costs is through an annual MRP. The MRP is the means by which capital expenditure which is financed by borrowing or credit arrangements is funded by Council Tax and housing rents.
- 29. The Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2008 (the Regulations) require the Council to approve a Minimum Revenue Provision (MRP) Statement setting out what provision is to be made in the General Fund for the repayment of debt, and how the provision is to be calculated. The purpose of the Statement is to ensure the provision is prudent, allowing the debt to be repaid over a period reasonably commensurate with that over which the capital expenditure benefits. The Council is recommended to approve the following MRP Statement:
 - For capital expenditure incurred before 1 April 2008 or which in the future will be Supported Capital Expenditure, the MRP policy will be the 'Regulatory Method' (option 1) outlined in CLG guidance on MRP. This option provides for an approximate 4% reduction in the borrowing need (CFR) each year.
 - For all capital expenditure financed from unsupported (prudential) borrowing (including PFI and finance leases), MRP will be based upon an asset life method in accordance with Option 3 of the guidance.
 - In some cases where a scheme is financed by prudential borrowing it may be appropriate to vary the profile of the MRP charge to reflect the future income streams associated with the asset, whilst retaining the principle that the full amount of borrowing will be charged as MRP over the asset's estimated useful life.
 - A voluntary MRP may be made from either revenue or voluntarily set aside capital receipts.
 - Estimated life periods and amortisation methodologies will be determined under delegated powers. To the extent that expenditure is not on the creation of an asset and is of a type that is subject to estimated life periods that are referred to in the guidance, these periods will generally be adopted by the Council. However, the Council reserves the right to determine useful life periods and prudent MRP in exceptional circumstances where the recommendations of the guidance would not be appropriate.
 - Freehold land cannot properly have a life attributed to it, so for the purposes of Asset Life method it will be treated as equal to a maximum of 50 years. But if there is a structure on the land which the authority considers to have a life longer than 50 years, that same life estimate will be used for the land.

- As some types of capital expenditure incurred by the Council are not capable of being related to an individual asset, asset lives will be assessed on a basis which most reasonably reflects the anticipated period of benefit that arises from the expenditure. Also, whatever type of expenditure is involved, it will be grouped together in a manner which reflects the nature of the main component of expenditure and will only be divided up in cases where there are two or more major components with substantially different useful economic lives.
- Repayments included in annual PFI or finance leases are applied as MRP.
- Where borrowing is undertaken for the construction of new assets, MRP will only become chargeable once such assets are completed and operational.
- Under Treasury management best practice the Council may decide to defer borrowing up to the capital financing requirement (CFR) and use internal resources instead. Where internal borrowing has been used, the amount chargeable as MRP may be adjusted to reflect the deferral of actual borrowing.

2.4 Affordability Prudential Indicators

30. The previous sections cover the overall capital expenditure and financing requirements but within this framework prudential indicators are required to assess the affordability of the capital investment plans. These provide an indication of the impact of the capital investment plans on the Council's overall finances.

2.5 Ratio of Financing Costs to Revenue Stream

31. This indicator identifies the trend in the cost of capital (borrowing and other long term obligation costs net of investment income) against the net revenue stream. The estimates of financing costs include current commitments and the proposals in the budget report.

Table 5 Ratio of Financing Costs to Revenue Stream

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 | |
|-------|---------|---------------------|----------|----------|----------|--|
| | Actual | Forecast Outturn | Estimate | Estimate | Estimate | |
| | % | % | % | % | % | |
| - HRA | 13 | 14 | 13 | 15 | 17 | |
| Α. | 45 | 45 | 41 | 40 | 39 | |

2.6 Incremental Impact of Capital Investment Decisions on Council Tax and Housing Rents

32. This indicator identifies the revenue costs associated with proposed capital programme and the impact on Council Tax and Housing Rents.

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|--|---------|---------------------|----------|----------|----------|
| | Actual | Forecast Outturn | Estimate | Estimate | Estimate |
| | £ | £ | £ | £ | £ |
| Incremental impact of capital investment decisions | | | | | |
| Increase in Council Tax (band D) per annum | 21.71 | 42.04 | 42.49 | 44.59 | 33.35 |
| Increase in average housing rent per week | 2.65 | -2.92 | 1.34 | -0.04 | -0.07 |

2.7 Local HRA indicators

33. The latest CIPFA guidance suggests that the Council be aware of the following ratios when making its treasury management decisions.

Table 7 HRA Ratios

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|---|---------|---------------------|----------|----------|----------|
| | Actual | Forecast Outturn | Estimate | Estimate | Estimate |
| Debt (CFR) (£m) | 149.5 | 149.5 | 151.2 | 154.8 | 154.8 |
| Gross Revenue Stream (£m) | 31.1 | 31.9 | 32.2 | 33.2 | 34.1 |
| Ratio of Gross Revenue Stream to Debt (%) | 21 | 21 | 21 | 21 | 22 |
| Average Number of Dwellings | 4,933 | 4,898 | 4,877 | 4,867 | 4,843 |
| Debt outstanding per dwelling (£) | 30,306 | 30,560 | 31,000 | 31,806 | 31,964 |
| | | | | | |

The ratio of gross revenue stream to debt is stable. As the number of dwellings reduces over the period, the debt outstanding per dwelling is estimated to increase. However, the annual increases are only marginal and the ratio compared to the average value of each dwelling is low enough for the measure to raise no concern.

2.8 Housing Revenue Account (HRA) Major Repairs Allowance (MRA)

- 34. The National Subsidy system was replaced by Self Financing on 01 April 2012 as part of the Government's reform of the HRA. As a result, the Council will make a charge for depreciation in respect of its dwellings calculated on a componentised basis, which will be counted as a genuine charge against the HRA. Under the National Subsidy system, the Council made a charge equal to the Major Repairs Allowance receivable from Central Government thereby ensuring a nil overall effect for depreciation.
- 35. As the value of housing stock is expected to increase HRA debt as a proportion of the value of housing stock will decline.

3. BORROWING

36. The capital expenditure plans set out in Section 2 provide details of the service activity of the Council. The treasury management function ensures that the Council's cash is organised in accordance with the relevant professional codes, so that sufficient cash is available to meet this service activity. This involves both the organisation of the cash flow and, where capital plans require, the organisation of approporiate borrowing

facilities. The strategy covers the relevant treasury indicators, the current and projected debt positions and the annual investment strategy.

3.1 Current portfolio position

37. The latest position on actual borrowings and investments is as shown below:

Table 8 Treasury Position as at 31 December 2014

| | | Princi | pal | Ave. rate |
|--|--------|--------|-------|--------------|
| | | £m | £m | % |
| Fixed rate funding | PWLB | 218.5 | | |
| | Market | 115.8 | 334.3 | 4.25 |
| Variable rate funding | | | 0 | |
| Other long term liabilities (PFI & leases) | | | 21.8 | |
| Total Debt | | | 356.1 | |
| | | | | |
| Total Investments | | | 132.5 | 1.06 |

- 38. The Council has borrowed £83.8 million under Lender Option, Borrower Option (LOBO) structures with maturities between 2050 and 2078. In exchange for an interest rate that was below that offered on long term debt by the PWLB, the lender has the option at the end of five years (and half yearly thereafter) to reset the interest rate. If the rate of interest changes, the Council is permitted to repay the loan at no additional cost.
- 39. The Council's treasury portfolio position with forward projections is summarised below. The table shows the actual external debt, against the underlying capital borrowing need, highlighting any over or under borrowing.

Table 9 Changes to Gross Borrowing

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|--|---------|---------------------|----------|----------|----------|
| | Actual | Forecast Outturn | Estimate | Estimate | Estimate |
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| Debt 1st April | 350,358 | 340,293 | 334,293 | 334,293 | 334,293 |
| Expected change in debt | -10,065 | -6,000 | 0 | 0 | -10,000 |
| Other long term liabilities (OLTL) 1st April | 23,923 | 21,841 | 20,306 | 18,772 | 17,237 |
| Expected change in OLTL | -2,082 | -1,535 | -1,534 | -1,535 | -1,535 |
| Actual gross debt at 31st March | 362,134 | 354,599 | 353,065 | 351,530 | 339,995 |
| Capital Financing Requirement 31st March | 393,753 | 405,676 | 421,332 | 437,400 | 445,134 |
| Under / (over) borrowing | 31,619 | 51,077 | 68,267 | 85,870 | 105,139 |

- 40. Debt outstanding should not normally exceed CFR.
- 41. Within the prudential indicators there are a number of key indicators to ensure that the Council operates its activities within well defined limits. One of these is that the Council needs to ensure that its gross debt does not, except in the short term, exceed the total of

the CFR in the preceding year plus the estimates of any additional CFR for 2015/16 and the following two financial years. This allows some flexibility for limited early borrowing for future years, but ensures that borrowing is not undertaken for revenue purposes.

- 42. The Director of Finance and Assurance reports that the Council complied with this prudential indicator in the current year and does not envisage difficulties for the future. This view takes into account current commitments, existing plans, and the proposals in the budget report.
- 43. The table below shows the net borrowing after investment balances are taken into account. Net debt is forecast to increase as the capital programme continues to be financed from existing cash resources.

Table 10 Net Borrowing

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|--------------------------|---------|---------------------|----------|----------|----------|
| | Actual | Forecast Outturn | Estimate | Estimate | Estimate |
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| | | | | | |
| brought forward 1 April | 273,284 | 230,942 | 269,107 | 282,736 | 297,695 |
| carried forward 31 March | 230,942 | 269,107 | 282,736 | 297,695 | 306,031 |
| Change in net borrowing | -42,342 | 38,165 | 13,629 | 14,959 | 8,336 |

3.2 Treasury Indicators: limits to borrowing activity

The Operational Boundary

- 44. This is the limit which external debt is not normally expected to exceed.
- 45. The boundary is based on current debt plus anticipated net financing need for future years.

The Authorised Limit for External Debt.

- 46. This is a further key prudential indicator which represents a control on the maximum level of borrowing. It represents a limit beyond which external debt is prohibited. It reflects the level of external debt which, while not desired, could be afforded in the short term, but may not be sustainable in the longer term. It relates to the financing of capital plans by both external borrowing and other forms of liability, such as credit arrangements.
- 47. This is the statutory limit determined under section 3 (1) of the Local Government Act 2003. The Government retains an option to control either the total of all councils' plans, or those of a specific council, although this power has not yet been exercised.

Table 11 Operational boundary and authorised limit

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|---|---------|---------|---------|---------|---------|
| | £m | £m | £m | £m | £m |
| Authorised Limit for external debt | | | | | |
| Borrowing and finance leases | 394 | 406 | 421 | 437 | 445 |
| Operational Boundary for external debt | | | | | |
| Borrowing | 340 | 334 | 334 | 349 | 347 |
| Other long term liabilities | 22 | 21 | 19 | 17 | 16 |
| Total | 362 | 355 | 353 | 366 | 363 |
| Upper limit for fixed interest rate exposure Net principal re fixed rate borrowing | 340 | 406 | 421 | 437 | 445 |
| Upper limit for variable rate exposure Net principal re variable rate borrowing | 0 | 0 | 0 | 0 | 0 |
| Upper limit for principal sums invested over 364 days* | 25 | 40.5 | 40.5 | 40.5 | 40.5 |

* From 2014/15 includes a potential loan facility of £0.5m for HB Public Law Ltd.

HRA Debt Limit

48. Separately, the Council is also limited to a maximum HRA CFR (Debt limit) through the HRA self-financing regime. This limit is shown in the table below.

Table 12 HRA Debt Limit

| | 2013/14 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|----------------|---------|---------------------|----------|----------|----------|
| | Actual | Forecast Outturn | Estimate | Estimate | Estimate |
| | £'000 | £'000 | £'000 | £'000 | £'000 |
| HRA Debt Limit | 149,648 | 149,648 | 151,384 | 154,984 | 154,984 |
| HRA CFR | 149,537 | 149,525 | 151,231 | 154,801 | 154,771 |
| Headroom | 111 | 123 | 153 | 183 | 213 |

3.3 Prospects for Interest Rates

49. The treasury management adviser has provided the commentary in the remainder of this section 3.3 and a more detailed economic commentary is included as Appendices 3 and 4.

The commentary was produced on 7 January 2015.

| Annual Average % | Bank Rate % | PWLB Borrowing Rates % (including certainty rate adjustment) | | | |
|---------------------|----------------|---|---------|---------|--|
| Average // | /0 | 5 year | 25 year | 50 year | |
| Mar 2015 | 0.50 | 2.20 | 3.40 | 3.40 | |
| Jun 2015 | 0.50 | 2.20 | 3.50 | 3.50 | |
| Sep 2015 | 0.50 | 2.30 | 3.70 | 3.70 | |
| Dec 2015 | 0.75 | 2.50 | 3.80 | 3.80 | |
| Mar 2016 | 0.75 | 2.60 | 4.00 | 4.00 | |
| Jun 2016 | 1.00 | 2.80 | 4.20 | 4.20 | |
| Sep 2016 | 1.00 | 2.90 | 4.30 | 4.30 | |
| Dec 2016 | 1.25 | 3.00 | 4.40 | 4.40 | |
| Mar 2017 | 1.25 | 3.20 | 4.50 | 4.50 | |
| Jun 2017 | 1.50 | 3.30 | 4.60 | 4.60 | |
| Sep 2017 | 1.75 | 3.40 | 4.70 | 4.70 | |
| Dec 2017 | 1.75 | 3.50 | 4.70 | 4.70 | |
| Mar 2018 | 2.00 | 3.60 | 4.80 | 4.80 | |

The Council has appointed Capita Asset Services as its treasury advisor and part of their service is to assist the Council to formulate a view on interest rates. The following table gives Capita's view.

UK GDP growth surged during 2013 and the first half of 2014. Since then it appears to have subsided somewhat but still remains strong by UK standards and is expected to continue likewise into 2015 and 2016. There needs to be a significant rebalancing of the economy away from consumer spending to manufacturing, business investment and exporting in order for this recovery to become more firmly established. One drag on the economy has been that wage inflation has only recently started to exceed CPI inflation, so enabling disposable income and living standards to start improving. The plunge in the price of oil brought CPI inflation down to a low of 1.0% in November, the lowest rate since September 2002. Inflation is expected to stay around or below 1.0% for the best part of a year; this will help improve consumer disposable income and so underpin economic growth during 2015. However, labour productivity needs to improve substantially to enable wage rates to increase and further support consumer disposable income and economic growth. In addition, the encouraging rate at which unemployment has been falling must eventually feed through into pressure for wage increases, though current views on the amount of hidden slack in the labour market probably means that this is unlikely to happen early in 2015.

The US, the biggest world economy, has generated stunning growth rates of 4.6% (annualised) in Q2 2014 and 5.0% in Q3. This is hugely promising for the outlook for strong growth going forwards and it very much looks as if the US is now firmly on the path of full recovery from the financial crisis of 2008. Consequently, it is now confidently expected that the US will be the first major western economy to start on central rate increases by mid 2015.

The current economic outlook and structure of market interest rates and government debt yields have several key treasury management implications:

• Greece: the general election on 25 January 2015 is likely to bring a political party to power which is anti EU and anti austerity. However, if this eventually results in Greece leaving the Euro, it is unlikely that this will directly destabilise the Eurozone as the EU has put in place adequate firewalls to contain the immediate fallout to just Greece. However, the indirect effects of the likely strenthening of anti EU and anti austerity political parties throughout the EU is much more difficult to quantify;

- As for the Eurozone in general, concerns in respect of a major crisis subsided considerably in 2013. However, the downturn in growth and inflation during the second half of 2014, and worries over the Ukraine situation, Middle East and Ebola, have led to a resurgence of those concerns as risks increase that it could be heading into deflation and prolonged very weak growth. Sovereign debt difficulties have not gone away and major concerns could return in respect of individual countries that do not dynamically address fundamental issues of low growth, international uncompetitiveness and the need for overdue reforms of the economy (as Ireland has done). It is, therefore, possible over the next few years that levels of government debt to GDP ratios could continue to rise to levels that could result in a loss of investor confidence in the financial viability of such countries. Counterparty risks therefore remain elevated. This continues to suggest the use of higher quality counterparties for shorter time periods;
- Investment returns are likely to remain relatively low during 2015/16 and beyond;
- Borrowing interest rates have been volatile during 2014 as alternating bouts of good and bad news have promoted optimism, and then pessimism, in financial markets. The closing weeks of 2014 saw gilt yields dip to historically remarkably low levels after inflation plunged, a flight to quality from equities (especially in the oil sector), and from the debt and equities of oil producing emerging market countries, and an increase in the likelihood that the ECB will commence quantitative easing (purchase of EZ government debt) in early 2015. The policy of avoiding new borrowing by running down spare cash balances has served well over the last few years. However, this needs to be carefully reviewed to avoid incurring higher borrowing costs in later times, when authorities will not be able to avoid new borrowing to finance new capital expenditure and/or to refinance maturing debt;
- There will remain a cost of carry to any new borrowing which causes an increase in investments as this will incur a revenue loss between borrowing costs and investment returns.

3.4 Borrowing Strategy

- 50. As shown in Table 9 above, currently the Council has a debt portfolio of £334m, mainly long term, with an average maturity of 37 years. Cash balances have remained high and at 31 December 2014 were £132.5m. With the investment portfolio yielding around 1% and the average cost of debt 4.2%, there is a substantial short term cost to carrying excessive debt. The same picture is true if investment rates are compared with new borrowing rates.
- 51. As shown in Table 9 above the Council is currently maintaining an under-borrowed position. This means that the capital borrowing need (CFR), has not been fully funded with loan debt as cash supporting the Council's reserves, balances and cash flow has been used as a temporary measure. This strategy is prudent with investment returns low and counterparty risk relatively high.
- 52. For the next three years the capital programme will continue to be funded to a large extent from grants and revenue resources and there is not likely to be a need for further borrowing. The only foreseen circumstances in which new long term borrowing in the next three years might be required therefore, are either if part of the LOBO portfolio had to be refinanced early, or if made available to fund new affordable

housing development on the basis that there was no revenue impact on the General Fund. Even then, the preference would be to reduce investment balances unless the gap between investment and borrowing rates has narrowed.

- 53. It may be necessary to resort to temporary borrowing from the money markets or other local authorities to cover mismatches in timing between capital grants and payments. However with several Government grants now paid early in the financial year this is not very likely.
- 54. Against this background and the risks within the economic forecast, caution will be adopted with the 2015/16 treasury management operations. The Director of Finance and Assurance will monitor interest rates in financial markets and adopt a pragmatic approach to changing circumstances.
- 55. The Council has adopted a single pooled approach for debt. Allocations to HRA are based on its CFR, with interest charged to HRA at the average rate on all external borrowing. Longer term, the HRA's ability to repay borrowing will depend on future revenues and capital expenditure plans.

3.5 Treasury Management Limits on Activity

56. There are three debt related treasury activity limits. The purpose of these are to restrain the activity of the treasury function within certain limits, thereby managing risk and reducing the impact of any adverse movement in interest rates. However, if these are set to be too restrictive they will impair the opportunities to reduce costs and improve performance.

Upper limit on variable interest rate exposure

57. This identifies a maximum limit for variable interest rates based upon the debt position net of investments. As shown in Table 11 above the Council does not expect to undertake any borrowing on this basis.

Upper limit on fixed interest rate exposure

58. This identifies a maximum limit for fixed interest rates based upon the debt position net of investments. The Council's limits are shown in Table 11 above

Maturity Structure of Borrowing

- 59. These gross limits are set to reduce the Council's exposure to large fixed rate sums falling due for refinancing, and are required for upper and lower limits.
- 60. The Council has no variable rate borrowing and the comments below relate only to its fixed rate portfolio.
- 61. In the table below, the maturity structure for the LOBO debt, in accordance with CIPFA Guidance, is shown as the first date that the interest rate can be increased.

Table 13 Maturity Structure of Fixed Rate Borrowing

| | As at 31.12.2014 % | Upper limit % | Lower limit % |
|----------------------------|--------------------------|------------------|------------------|
| Under 12 months | 25.1 | 20 | 0 |
| 12 months to 23 months | 0.0 | 20 | 0 |
| 24 months to under 5 years | 9.6 | 30 | 0 |
| 5 years to under 10 years | 1.5 | 40 | 5 |
| 10 years and over | 63.8 | 90 | 30 |

- 62. The current limits do not fully reflect the maturity structure of the LOBOs all of which could theoretically be repayable within a year. Additionally, adjusting the borrowing profile at this stage is not considered to be either economic or desirable hence the opportunity to comply with some of the limits is very constrained.
- 63. Cabinet is therefore asked to recommend to Council to agree:
 - The upper limit for borrowing of under 12 months be increased to 30%
 - The lower limit for borrowing of 5 to under 10 years be reduced to 0%

3.6 Policy on Borrowing in Advance of Need

- 64. The Council will not borrow more than or in advance of its needs purely in order to profit from the investment of the extra sums borrowed. Any decision to borrow in advance will be within forward approved CFR estimates, and will be considered carefully to ensure that value for money can be demonstrated and that the Council can ensure the security of such funds.
- 65. Risks associated with any borrowing in advance activity will be subject to prior appraisal and subsequent reporting through the mid-year or annual reporting mechanism.

3.7 Debt rescheduling

66. The reasons for any rescheduling to be considered will include:

- the generation of cash savings and / or discounted cash flow savings;
- helping to fulfil the treasury strategy;
- enhancing the balance of the portfolio (amend the maturity profile and/or the balance of volatility).
- 67. Opportunities to reduce the cost of debt by premature repayment or to improve the maturity profile are kept under review in discussion with the Council's treasury management adviser. Early repayment of market loans is by negotiation. For PWLB loans, there are daily published prices for early repayment that allows analysis of the opportunities for restructuring. There is currently a spread which has generally made restructuring uneconomic. With capital expenditure plans being constrained, the level of required debt will be monitored and if deemed excessive, early redemption will be considered.

- 68. Should any of the LOBO loans with interest rate reset dates in 2015-16 (£83.8 m) require refinancing, the most likely source will be a combination of internal cash and external borrowing to protect the budget. The ratio will depend on the relative cost of the existing and replacement debt.
- 69. All rescheduling will be reported to Cabinet at the earliest meeting following the exercise.

4 ANNUAL INVESTMENT STRATEGY

4.1 Investment policy

- 70. The Council's investment policy has regard to the DCLG's Guidance on Local Government Investments ("the Guidance") and the revised CIPFA Treasury Management in Public Services Code of Practice and Cross Sectoral Guidance Notes ("the CIPFA TM Code"). The Council's investment priorities will be security first, liquidity second, then return.
- 71. In accordance with the above guidance and in order to minimise the risk to investments, the Council below clearly stipulates the minimum acceptable credit quality of counterparties for inclusion on the lending list. The creditworthiness methodology used to create the counterparty list fully accounts for the ratings, watches and outlooks published by all three ratings agencies. The treasury management adviser monitors counterparty ratings on a real time basis with knowledge of any changes advised electronically as the agencies notify modifications.
- 72. Further, the Council's officers recognise that ratings should not be the sole determinant of the quality of an institution and that it is important to assess continually and monitor the financial sector on both a micro and macro basis and in relation to the economic and political environments in which institutions operate. The assessment will also take account of information that reflects the opinion of the markets. To this end the Council will engage with its adviser to maintain a monitor on market pricing such as "credit default swaps" and overlay that information on top of the credit ratings.
- 73. The aim of the strategy is to generate a list of highly creditworthy counterparties which will provide security of investments, enable divesification and minimise risk.
- 74. Investment instruments identified for current use are listed in paragraphs 83 and 84 under the 'specified' and 'non-specified' investments categories. Counterparty limits will be as set through the Council's treasury management practices.

4.2 Creditworthiness policy

- 75. The primary principle governing the Council's investment criteria is the security of its investments, although the yield or return on the investment is also a key consideration. After this main principle, the Council will ensure that:
 - It maintains a policy covering both the categories of investment types it will invest in, criteria for choosing investment counterparties with adequate security, and monitoring their security. This is set out in the specified and non-specified investment sections below; and

- It has sufficient liquidity in its investments. For this purpose it will set out procedures for determining the maximum periods for which funds may prudently be committed. These procedures also apply to the Council's prudential indicators covering the maximum principal sums invested.
- 76. The Director of Finance and Assurance will maintain a counterparty list in compliance with the following criteria and will revise the criteria and submit them to Council for approval as necessary. These criteria are separate to those which determine which types of investment instrument are either specified or non-specified as they provide an overall pool of counterparties considered high quality which the Council may use, rather than defining what types of investment instruments are to be used.
- 77. The minimum rating criteria uses the lowest common denominator method of selecting counterparties and applying limits. This means that the application of the Council's minimum criteria will apply to the lowest available rating for any institution. For instance, if an institution is rated by two agencies, one meets the Council's criteria, the other does not, the institution will fall outside the lending criteria.
- 78. Credit rating information is supplied by the treasury management adviser on all active counterparties that comply with the criteria below. Any counterparty failing to meet the criteria would be omitted from the counterparty (dealing) list. Any rating changes, rating watches (notification of a likely change), rating outlooks (notification of a possible longer term change) are provided to officers almost immediately after they occur and this information is considered before dealing. For instance, a negative rating watch applying to a counterparty at the minimum Council criteria will be suspended from use, with all others being reviewed in light of market conditions.
- 79. Recently the Council's treasury management adviser has provided advice affecting some of the Council's most significant counterparties as follows:

The main rating agencies (Fitch, Moody's and Standard & Poor's) have, through much of the financial crisis, provided some institutions with a ratings "uplift" due to implied levels of sovereign support. More recently, in response to the evolving regulatory regime, the agencies have indicated they may remove these "uplifts". This process may commence during 2014/15 and / or 2015/16. The actual timing of the changes is still subject to discussion, but this does mean immediate changes to the credit methodology are required.

It is important to stress that the rating agency changes do not reflect any changes in the underlying status of the institution or credit environment, merely the implied level of sovereign support that has been built into ratings through the financial crisis. The eventual removal of implied sovereign support will only take place when the regulatory and economic environments have ensured that financial institutions are much stronger and less prone to failure in a financial crisis.

Both Fitch and Moody's provide "standalone" credit ratings for financial institutions. For Fitch, it is the Viability Rating, while Moody's has the Financial Strength Rating. Due to the future removal of sovereign support from institution assessments, both agencies have suggested going forward that these will be in line with their respective Long Term ratings. As such, there is no point monitoring both Long Term and these "standalone" ratings.

Furthermore, Fitch has already begun assessing its Support ratings, with a clear expectation that these will be lowered to 5, which is defined as "A bank for which there is a possibility of external support, but it cannot be relied upon." With all institutions likely to drop to these levels, there is little to no differentiation to be had by assessing Support ratings.

As a result of these rating agency changes, the credit element of our future methodology will focus solely on the Short and Long Term ratings of an institution. Rating Watch and Outlook information will continue to be assessed where it relates to these categories. This is the same process for Standard & Poor's that we have always taken, but a change to the use of Fitch and Moody's ratings. Furthermore, we will continue to utilise CDS prices as an overlay to ratings in our new methodology

80. The Council's criteria for an institution to become a counterparty are:

Specified Investments

81. These are sterling investments of a maturity period of not more than 364 days, or those which could be for a longer period but where the lender has the right to be repaid within 364 days if it wishes. These are low risk assets where the possibility of loss of principal or investment income is negligible. The instruments and credit criteria to be used are set out in the table below.

| Instrument | Minimum Credit Criteria | Use |
|---------------------------|-------------------------|----------|
| Debt Management Agency | Government backed | In-house |
| Deposit Facility | | |
| Term deposits – other LAs | Local Authority issue | In-house |
| Term deposits – banks and | AA- Long Term | In-house |
| building societies | F1+Short-term | |
| | 2 Support | |
| | AA- Viability | |
| | UK or AAA Sovereign | |
| Money Market Funds | AAA | In-house |

Non-Specified Investments

82. Non-specified investments are any other type of investment (i.e. not defined as Specified above). They normally offer the prospect of higher returns but carry a higher risk. The identification and rationale supporting the selection of these other investments are set out in the table below.

| | Minimum Credit Criteria | Use | Max % of total investments | Max. maturity period |
|--|---|----------|-----------------------------------|----------------------------------|
| Term deposits – banks and building societies | A Long Term F1 Short-term 1 Support A Viability UK or AAA Sovereign | In-house | 50% | 3 months |
| Callable Deposits | A Long Term F1 Short term 1 Support | In-house | 20% | 3 months |
| UK nationalised Banks [Lloyds / HBOS] | F1 Short-term 1 Support | In-house | 50% | 36 months |
| UK nationalised Banks [RBS] | F2 Short-term 1 Support | In-house | 50% | 36 months |
| Enhanced Cash Funds | AAA | In-house | 25% (maximum £10m per fund) | Minimum monthly redemption |
| HB Public Law Ltd | | In house | £0.5m | 36 months |

Unless specified above, individual bank & building society counterparty limits that are consistent with the above limits are approved by the Section 151 Officer in accordance with the Council's Treasury Management Practices.

83. In view of the advice given by the treasury management adviser and quoted in paragraph 79 Cabinet is recommended to agree to the deletion of the "Viability" criteria included in the tables in paragraphs 81 and 82.

4.3 Country limits

84. The Council has determined that it will only use approved counterparties from the UK or from countries with a minimum sovereign credit rating of AAA. Currently the only countries meeting this criterion are Australia, Canada, Denmark, Germany, Luxembourg, Norway, Singapore, Sweden and Switzerland. The current UK rating is the second level of AA+. This list will be added to, or deducted from, by officers should ratings change in accordance with this policy.

4.4 Investment strategy

- 85. **In-house funds.** The Council's funds are mainly cash flow derived primarily the General Fund and HRA. Balances are also held to support capital expenditure. From 1st April 2011, pension fund cash balances have been held separately from those of the Council. However, a separate investment strategy has not been developed for the pension fund and all its cash is held on overnight call account with RBS. Investments are made with reference to the core balance and cash flow requirements and the outlook for short-term interest rates (i.e. rates for investments up to 12 months).
- 86. **Investment returns expectations.** Bank Rate has remained unchanged at 0.50% since March 2009 and is not forecast to rise until quarter 4 of 2015. Bank Rate forecasts for financial year ends are:
 - 2014/15 0.50%
 - 2015/16 0.75%
 - 2016/17 1.25%
 - 2017/18 2.00%
- 87. As regards returns and potential returns key points made by Capita in Section 3.3 above and of prime significance in the Council's investment strategy are:
 - Counterparty risks therefore remain elevated. This continues to suggest the use of higher quality counterparties for shorter time periods; and
 - Investment returns are likely to remain relatively low during 2015/16 and beyond.
- 88. The only amendment proposed to the counterparty policy is explained in paragraph 85 above though close attention will be paid to Government intentions to sell off its stake in Lloyds and RBS. This will gradually remove the additional security offered by Government ownership which is a key element in sustaining the Council's current investment strategy.

- 89. **Investment treasury indicator and limit** total principal funds invested for greater than 364 days. These limits are set with regard to the Council's liquidity requirements and to reduce the need for early sale of an investment. The Council's limit for investments of over 364 days is £40.5m.
- 90. Throughout 2014-15 to date interest rates for periods of up to a year have remained stable with the Council receiving about 1% for 364 days' investments with Lloyds and 0.25% for the RBS Special Interest Bearing Account. Yields available for periods of 1-3 years have fallen during the year to date.
- 91. As a consequence of these rates and the maturity of several higher yielding investments the Council's return for the whole year is likely to be close to 1%. Whilst this compares well with the LIBOR benchmark and peer authorities it represents a substantial reduction from the 1.5% earned in 2013-14 and 1.8% earned in 2012-13.
- 92. As a result of the Council's strategy and the interest rates available the only counterparties actively in use during 2014-15 have been Lloyds and Royal Bank of Scotland Group, Enhanced Money Market Funds and Svenska Handelsbanken. The investment portfolio has inevitably remained concentrated with RBS and Lloyds with 83% of the total portfolio invested with them on 31st December 2014. When opportunities arise consistent with the Council's policies diversification will be sought but it is not anticipated that there will be any significant change during 2015-16.
- 93. Due to the low interest rates environment and uncertainties around Government funding for banks, setting expected income levels for 2015-16 and beyond is imprecise. Investment income (net of allocations and excluding interest from West London Waste Authority) has been budgeted at £699,000 for 2015/16 (2014/15 £1,052,000).

Implications of the recommendations

- 94. The recommendations primarily relate to the requirements for the Council to comply with statutory duties. However, the content of the report, covering borrowing and investment strategy, has implications for the Council's ability to fund its capital projects and revenue activities.
- 95. The recommendations do not directly affect the Council' staffing/workforce.

Performance issues

- 96. The Council meets the requirements of the CIPFA Code of Practice for Treasury Management and, therefore, is able to demonstrate best practices for the Treasury Management function.
- 97. As part of the Code the Council must agree a series of prudential indicators and measure its performance against them. Success is measured by compliance with the indicators and the accuracy of future estimates so far as they are within the control of the Treasury Management function.

Environmental Implications

98. There are no direct environmental implications.

Risk Management Implications

- 99. The identification, monitoring and control of risk are central to the achievement of treasury management objectives and to this report. Potential risks are identified, mitigated and monitored in accordance with Treasury Management Practice Notes approved by the Treasury Management Group.
- 100. Risks are included in the Directorate Risk Register.

Legal Implications

101. The relevant legal provisions are contained within the body of the report.

Financial Implications

102. Financial matters are integral to the report.

Equalities Implications / Public Sector Equality Duty

103. Officers have considered possible equalities impact and consider that there is no adverse equalities impact as there is no direct impact on individuals

Council Priorities

104. This report deals with the Treasury Management Strategy which is a key to delivering the Council's corporate priorities

Call-In Waived by the Chairman of Overview and Scrutiny Committee NOT APPLICABLE

[Call-in does not apply as the decision is reserved to Council]

LEGISLATION AND REGULATION IMPACTING ON TREASURY MANAGEMENT

The following items numbered 1 - 4 show the sequence of legislation and regulation impacting on the treasury management function. The sequence begins with primary legislation, moves through Government guidance and Chartered Institute of Public Finance and Accountancy (CIPFA) codes of practice and finishes with implementation through the Council's own Treasury Management Practices.

1. Local Government Act 2003

Link below

Local Government Act 2003

Below is a summary of the provisions in the Act dealing with treasury management.

In addition the Secretary of State is empowered to define the provisions through further regulations and guidance which he has subsequently done through statutory instruments, Department of Communities and Local Government Guidance and CIPFA codes of practice.

Power to borrow

The Council has the power to borrow for purposes relevant to its functions and for normal treasury management purposes – for example, to refinance existing debt.

Control of borrowing

The main borrowing control is the duty not to breach the prudential and national limits as described below.

The Council is free to seek loans from any source but is prohibited from borrowing in foreign currencies without the consent of Treasury, since adverse exchange rate movements could leave it owing more than it had borrowed.

All of the Council's revenues serve as security for its borrowing. The mortgaging of property is prohibited.

It is unlawful for the Council to 'securitise', that is, to sell future revenue streams such as housing rents for immediate lump-sums.

Affordable borrowing limit

The legislation imposes a broad duty for the Council to determine and keep under review the amount it can afford to borrow. The Secretary of State has subsequently defined this duty in more detail through the Prudential Code produced by CIPFA, which lays down the practical rules for deciding whether borrowing is affordable.

It is for the Council (at a meeting of the full Council) to set its own 'prudential' limit in accordance with these rules, subject only to the scrutiny of its external auditor. The Council is then free to borrow up to that limit without Government consent. The Council is free to vary the limit during the year, if there is good reason.

Requirements in other legislation for the Council to balance its revenue budget prevents the long-term financing of revenue expenditure by borrowing. However the legislation does confer limited capacity to borrow short-term for revenue needs in the interests of cash-flow management and forseeable requirements for temporary revenue borrowing are allowed for when borrowing limits are set by the Council.

The Council is allowed extra flexibility in the event of unforeseen needs, by being allowed to increase borrowing limits by the amounts of any payments which are due in the year but have not yet been received.

Imposition of borrowing limits

The Government has retained reserve power to impose 'longstop' limits for national economic reasons on all local authorities' borrowing and these would override authorities' self-determined prudential limits. Since this power has not yet been used the potential impact on the Council is not known.

Credit arrangements

Credit arrangements (eg property leasing, PFI and hire purchase) are treated like borrowing and the affordability assessment must take account not only of borrowing but also of credit arrangements. In addition, any national limit imposed under the reserve powers would apply to both borrowing and credit.

Power to invest

The Council has the power to invest, not only for any purpose relevant to its functions but also for the purpose of the prudential management of its financial affairs.

2. Department for Communities and Local Government Investment Guidance (March 2010)

The Local Government Act 2003 requires a local authority ".....to have regard (a) to such guidance as the Secretary of State may issue......" and the current guidance became operative on 1 April 2010.

The Guidance recommends that for each financial year the Council should prepare at least one investment Strategy to be approved before the start of the year. The Strategy must cover:

• Investment security –

Investments should be managed prudently with security and liquidity being considered ahead of yield

Potential counterparties should be recognised as "specified" and "nonspecified" with investment limits being defined to reflect the status of each counterparty

• Investment risk

Procedures should be established for monitoring, assessing and mitigating the risk of loss of invested sums and for ensuring that such sums are readily accessible for expenditure whenever needed.

The use of credit ratings and other risk assessment processes should be explained

The use of external advisers should be monitored

The training requirements for treasury management staff should be reviewed and addressed

Specific policies should be stated as regards borrowing money in advance of need

• Investment Liquidity

The Strategy should set out procedures for determining the maximum periods for which funds may prudently be committed

The Strategy should be approved by the full Council and made available to the public free of charge. Subject to full Council approval, or approved delegations, the Strategy can be revised during the year.

<u>3. Treasury Management in the Public Services: Code of Practice and Cross Sectoral Guidance Notes (CIPFA 2011)</u>

The primary requirements of the Code are:

- Creation and maintenance of a Treasury Management Policy Statement which sets out the policies and objectives of the Council's treasury management activities.
- Creation and maintenance of Treasury Management Practices ("TMPs") that set out the manner in which the Council will seek to achieve those policies and objectives.
- Receipt by the full Council of an annual Treasury Management Strategy Statement including the Annual Investment Strategy and Minimum Revenue Provision Policy for the year ahead, a Half-year Review Report and an Annual Report (stewardship report) covering activities during the previous year.
- Delegation by the Council of responsibilities for implementing and monitoring treasury management policies and practices and for the execution and administration of treasury management decisions.
- Delegation by the Council of the role of scrutiny of treasury management strategy and policies to a specific named body.

4. The Prudential Code for Capital Finance in Local Authorities (CIPFA 2011)

Compliance with the objectives of the Code by the Council should ensure that:

- Capital expenditure plans are affordable in terms of their implications on Council Tax and housing rents
- External borrowing and other long term liabilities are within prudent and sustainable levels
- Treasury management decisions are taken in accordance with good professional practice

As part of the two codes of practice above the Council is required to:

- agree a series of prudential indicators against which performance is measured
- produce Treasury Management Practice Notes for officers which set out how treasury management policies and objectives are to be achieved and activities controlled.

APPENDIX 2

Treasury Management Delegations and Responsibilities

The respective roles of the Cabinet, GARMCS, the Section 151 officer, the Treasury Management Group and the Treasury Team are summarised below. Further details are set out in the Treasury Management Practices.

The main responsibilities and delegations in respect of treasury activities are:

<u>Council</u>

Council will approve the annual treasury strategy, including borrowing and investment strategies. In doing so Council will establish and communicate their appetite for risk within treasury management having regard to the Prudential Code

<u>Cabinet</u>

Cabinet will recommend to Council the annual treasury strategy, including borrowing and investment strategies and receive a half-year report and annual out-turn report on treasury activities.

Cabinet also approves revenue budgets, including those for treasury activities.

Governance, Audit, Risk Management and Standards Committee

GARMSC is responsible for ensuring effective scrutiny of the Treasury strategy and policies.

Section 151 Officer

Council has delegated responsibility for the implementation and monitoring of treasury management decisions to the Section 151 Officer to act in accordance with approved policy and practices. In particular, the Sector 151 Officer:

- Approves all new borrowing, investment counterparties and limits and changes to the bank mandate,
- Chairs the Treasury Management Group ("TMG"), and
- Approves the selection of treasury advisor and agrees terms of appointment.

Treasury Management Group

Monitors the treasury activity against approved strategy, policy, practices and market conditions.

Approves changes to treasury management practices and procedures.

Reviews the performance of the treasury management function using benchmarking data on borrowing and investment provided by Sector.

Monitors the performance of the appointed treasury advisor and recommends any necessary actions.

Ensures the adequacy of treasury management resources and skills, and the effective division of responsibilities within the treasury management function.

Monitors the adequacy of internal audit reviews and the implementation of audit recommendations.

Treasury and Pension Fund Manager

Has responsibility for the execution and administration of treasury management decisions, acting in accordance with the Council's Treasury Policy Statement and CIPFA's 'Standard of Professional Practice on Treasury Management'.

Treasury Team

Undertakes day to day treasury investment and borrowing activity in accordance with strategy, policy, practices and procedures and recommends changes to these to the TMG.

APPENDIX 4

The commentary was produced on 7 January 2015.

Economic Background

UNITED KINGDOM

After strong UK GDP growth in 2013 at an annual rate of 2.7%, and then in 2014 0.7% in Q1, 0.9% in Q2 2014 (annual rate 3.2% in Q2), Q3 has seen growth fall back to 0.7% in the guarter and to an annual rate of 2.6%. It therefore appears that growth has eased since the surge in the first half of 2014 leading to a downward revision of forecasts for 2015 and 2016, albeit that growth will still remain strong by UK standards. For this recovery to become more balanced and sustainable in the longer term, the recovery needs to move away from dependence on consumer expenditure and the housing market to exporting, and particularly of manufactured goods, both of which need to substantially improve on their recent lacklustre performance. This overall strong growth has resulted in unemployment falling much faster than expected. The MPC is now focusing on how quickly slack in the economy is being used up. It is also particularly concerned that the squeeze on the disposable incomes of consumers should be reversed by wage inflation rising back significantly above the level of inflation in order to ensure that the recovery will be sustainable. There also needs to be a major improvement in labour productivity, which has languished at dismal levels since 2008, to support increases in pay rates. Unemployment is expected to keep on its downward trend and this is likely to eventually feed through into a return to significant increases in wage growth at some point during the next three years. However, just how much those future increases in pay rates will counteract the depressive effect of increases in Bank Rate on consumer confidence, the rate of growth in consumer expenditure and the buoyancy of the housing market, are areas that will need to be kept under regular review.

Also encouraging has been the sharp fall in inflation (CPI), reaching 1.0% in November 2014, the lowest rate since September 2002. Forward indications are that inflation is likely to remain around or under 1% for the best part of a year. The return to strong growth has helped lower forecasts for the increase in Government debt over the last year but monthly public sector deficit figures during 2014 have disappointed until November. The autumn statement, therefore, had to revise the speed with which the deficit is forecast to be eliminated.

EUROZONE

The Eurozone is facing an increasing threat from weak or negative growth and from deflation. In November 2014, the inflation rate fell further, to reach a low of 0.3%. However, this is an average for all EZ countries and includes some countries with negative rates of inflation. Accordingly, the ECB took some rather limited action in June and September 2014 to loosen monetary policy in order to promote growth. It now appears likely that the ECB will embark on full quantitative easing (purchase of EZ country sovereign debt) in early 2015.

Concern in financial markets for the Eurozone subsided considerably after the prolonged crisis during 2011-2013. However, sovereign debt difficulties have not gone away and major issues could return in respect of any countries that do not dynamically address fundamental issues of low growth, international uncompetitiveness and the need for overdue reforms of the economy, (as Ireland has done). It is, therefore, possible over the next few years that levels of government debt to GDP ratios could continue to rise for

some countries. This could mean that sovereign debt concerns have not disappeared but, rather, have only been postponed. The ECB's pledge in 2012 to buy unlimited amounts of bonds of countries which ask for a bailout has provided heavily indebted countries with a strong defence against market forces. This has bought them time to make progress with their economies to return to growth or to reduce the degree of recession. However, debt to GDP ratios (2013 figures) of Greece 180%, Italy 133%, Portugal 129%, Ireland 124% and Cyprus 112%, remain a cause of concern, especially as some of these countries are experiencing continuing rates of increase in debt in excess of their rate of economic growth i.e. these debt ratios are likely to continue to deteriorate. Any sharp downturn in economic growth would make these countries particularly vulnerable to a new bout of sovereign debt crisis. It should also be noted that Italy has the third biggest debt mountain in the world behind Japan and the US.

Greece: the general election due to take place on 25 January 2015 is likely to bring a political party to power which is anti EU and anti austerity. However, if this eventually results in Greece leaving the Euro, it is unlikely that this will directly destabilise the Eurozone as the EU has put in place adequate firewalls to contain the immediate fallout to just Greece. However, the indirect effects of the likely strenthening of anti EU and anti austerity political parties throughout the EU is much more difficult to quantify. There are particular concerns as to whether democratically elected governments will lose the support of electorates suffering under EZ imposed austerity programmes, especially in countries which have high unemployment rates. There are also major concerns as to whether the governments of France and Italy will effectively implement austerity programmes and undertake overdue reforms to improve national competitiveness. These countries already have political parties with major electoral support for anti EU and anti austerity policies. Any loss of market confidence in either of the two largest Eurozone economies after Germany would present a huge challenge to the resources of the ECB to defend their debt.

USA.

The U.S. Federal Reserve ended its monthly asset purchases in October 2014. GDP growth rates (annualised) for Q2 and Q3 of 4.6% and 5.0% have been stunning and hold great promise for strong growth going forward. It is therefore confidently forecast that the first increase in the Fed. rate will occur by the middle of 2015.

CHINA

Government action in 2014 to stimulate the economy appeared to be putting the target of 7.5% growth within achievable reach but recent data has indicated a marginally lower outturn for 2014, which would be the lowest rate of growth for many years. There are also concerns that the Chinese leadership has only started to address an unbalanced economy which is heavily over dependent on new investment expenditure, and for a potential bubble in the property sector to burst, as it did in Japan in the 1990s, with its consequent impact on the financial health of the banking sector. There are also concerns around the potential size, and dubious creditworthiness, of some bank lending to local government organisations and major corporates. This primarily occurred during the government promoted expansion of credit, which was aimed at protecting the overall rate of growth in the economy after the Lehmans crisis.

JAPAN

Japan is causing considerable concern as the increase in sales tax in April 2014 has suppressed consumer expenditure and growth to the extent that it has slipped back into recession in Q2 and Q3. The Japanese government already has the highest debt to GDP ratio in the world.

CAPITA ASSET SERVICES FORWARD VIEW

Economic forecasting remains difficult with so many external influences weighing on the UK. Our Bank Rate forecasts, (and also MPC decisions), will be liable to further amendment depending on how economic data transpires over 2015. Forecasts for average earnings beyond the three year time horizon will be heavily dependent on economic and political developments. Major volatility in bond yields is likely to endure as investor fears and confidence ebb and flow between favouring more risky assets i.e. equities, or the safe haven of bonds. The overall longer run trend is for gilt yields and PWLB rates to rise, due to the high volume of gilt issuance in the UK, and of bond issuance in other major western countries. Increasing investor confidence in eventual world economic recovery is also likely to compound this effect as recovery will encourage investors to switch from bonds to equities.

The overall balance of risks to economic recovery in the UK is currently evenly balanced. Only time will tell just how long this current period of strong economic growth will last; it also remains exposed to vulnerabilities in a number of key areas.

The interest rate forecasts in this report are based on an initial assumption that there will not be a major resurgence of the EZ debt crisis. There is an increased risk that Greece could end up leaving the Euro but if this happens, the EZ now has sufficient fire walls in place that a Greek exit would have little immediate direct impact on the rest of the EZ and the Euro. It is therefore expected that there will be an overall managed, albeit painful and tortuous, resolution of any EZ debt crisis that may occur where EZ institutions and governments eventually do what is necessary - but only when all else has been tried and failed. Under this assumed scenario, growth within the EZ will be weak at best for the next couple of years with some EZ countries experiencing low or negative growth, which will, over that time period, see an increase in total government debt to GDP ratios. There is a significant danger that these ratios could rise to the point where markets lose confidence in the financial viability of one, or more, countries, especially if growth disappoints and / or efforts to reduce government deficits fail to deliver the necessary reductions. However, it is impossible to forecast whether any individual country will lose such confidence, or when, and so precipitate a sharp resurgence of the EZ debt crisis. While the ECB has adequate resources to manage a debt crisis in a small EZ country, if one, or more, of the larger countries were to experience a major crisis of market confidence, this would present a serious challenge to the ECB and to EZ politicians.

Downside risks to current forecasts for UK gilt yields and PWLB rates currently include:

- Geopolitical risks in Eastern Europe, the Middle East and Asia, increasing safe haven flows.
- UK strong economic growth is weaker than we currently anticipate.

- Weak growth or recession in the UK's main trading partners the EU, US and China.
- A resurgence of the Eurozone sovereign debt crisis.
- Recapitalisation of European banks requiring more government financial support.
- Monetary policy action failing to stimulate sustainable growth and to combat the threat of deflation in western economies, especially the Eurozone and Japan.

The potential for upside risks to current forecasts for UK gilt yields and PWLB rates, especially for longer term PWLB rates include: -

- An adverse reaction by financial markets to the result of the UK general election in May 2015 and the economic and debt management policies adopted by the new government
- ECB either failing to carry through on recent statements that it will soon start quantitative easing (purchase of government debt) or severely disappointing financial markets with embarking on only a token programme of minimal purchases which are unlikely to have much impact, if any, on stimulating growth in the EZ.
- The commencement by the US Federal Reserve of increases in the central rate in 2015 causing a fundamental reassessment by investors of the relative risks of holding bonds as opposed to equities, leading to a sudden flight from bonds to equities.
- A surge in investor confidence that a return to robust world economic growth is imminent, causing a flow of funds out of bonds into equities.
- UK inflation returning to significantly higher levels than in the wider EU and US, causing an increase in the inflation premium inherent to gilt yields.

REPORT FOR: CABINET

| Date of Meeting: | 19 February 2015 |
|---------------------------------|---|
| Subject: | Capital Programme 2015/16 to 2018/19 |
| Key Decision: | Yes |
| Responsible Officer: | Simon George, Director of Finance and Assurance |
| Portfolio Holder: | Councillor Sachin Shah, Portfolio Holder for Finance and Major Contracts |
| Exempt: | No |
| Decision subject to Call-in: | No, as the decision is reserved to Council |
| Wards affected: | All |
| Enclosures: | Appendix 1 - Proposed Capital Programme 2015/16 to 2018/19 |

Section 1 – Summary and Recommendations

This report sets out the proposed capital programme for 2015/16 to 2018/19.

Recommendations:

Cabinet is requested to approve the proposed capital programme, as detailed within Appendix 1 for recommendation to Council,

Reason: To enable the Council to have an approved capital programme for 2015/16to 2018/19.

*Tarrow*council LONDON

Section 2 – Report

Development of the Capital Programme

- 1. This report sets out the Council's proposals for capital investment over the next four years. These provide for a very substantial investment of £239m in infrastructure on General Fund and Housing Revenue Account services.
- 2. The proposed capital programme has been prepared in the current climate of increased demandpressures, reduced external funding from Central Government as well as current challenging property market conditions.
- 3. The existing capital programme is afour year rolling programme with first year approved budgets and the subsequent three years provisional budgets subject to confirmation. The proposed programme extends the existing programme by one year, to align it with the four year Medium Term Financial Strategy (MTFS).
- 4. Service directorates were invited to bid for capital resources, as part of their serviceproposals for 2015/16 to 2018/19. The starting point for this exercise was a refresh of the existing programme to 2017/18 and the extension of programmes to 2018/19. The proposals were scored using an updated scoring matrix to take account of the council's new priorities and in order to give a higher weighting to projects that generate revenue savings. These were then subject to challenge by officers and members.
- 5. A draft Capital Programme was reported to Cabinet in December 2014 and was agreed for consultation, together with the Revenue budget and MTFS. .
- 6. As well as the pressures highlighted in the first paragraph, flexibility in the capital programme is also constrained by a number of factors:
 - Unavoidable spending requirements such as the need to provide school places for the increasing school population, and major repairs to the Council's buildings and carriageway and footway resurfacing.
 - Restrictions in the way funding can be used e.g. ring fenced funding such as Transport for London and DfE grants for schools.
 - The limited availability of capital receipts.
 - A limited capacity to fund borrowing. Although there are no specific limits to borrowing in order to fund capital expenditure, since the introduction of the prudential borrowing framework, Councils must however consider the revenue implications in the context of the overall revenue budget commitments in the medium term. Proposals must be affordable.
- 7. Alist of the proposed projects is detailed in appendix 1.

Changes To The Programme Since December Cabinet

8. The following changes have been made to the programme considered at December Cabinet. These add £8.729m to the Harrow funded programme in 2015/16, £14.004m in total.

| Amendments To The Capital Programme | | | | | |
|--|---------|---------|---------|---------|--------|
| | 2015-16 | 2016-17 | 2017-18 | 2018-19 | Total |
| | £000 | £000 | £000 | £000 | £000 |
| Children & Families | | | | | |
| Addition to schools programme financed by contributions | | | | | |
| from schools and s106 planning developer contributions | 1,964 | -150 | -60 | 0 | 1,754 |
| Less External funding | -1,964 | 150 | 60 | 0 | -1,754 |
| Net Change to Children's Harrow Funded programme | 0 | 0 | 0 | 0 | C |
| Resources | | | | | |
| * Amended indicative ICT budget to reflect potential costs | | | | | |
| of new ICT contract | 7,229 | -1,775 | 525 | 525 | 6,504 |
| Regeneration | | | | | |
| Haslam House | 1,500 | 6,000 | | | 7,500 |
| Net Addition to Harrow Funded Programme | 8,729 | 4,225 | 525 | 525 | 14,004 |
| HRA - adjustments to programme detailed in HRA report | | | | | |
| elsewhere on this agenda | 397 | 1,900 | 0 | 0 | 2,297 |

* The final spend will be dependant on the outcome of contract negotiations.

9. The gross value of the proposed General Fund programme is £67.2m for 2015/16, with external funding of £31.1m and a net cost to the Council of £36.1m.

Backlog Maintenance

Table 1

- 10. The Council has considerable backlog maintenance the figures from the latest Asset Management Plan are as follows:
 - Corporate, Education and Miscellaneous buildings £5m
 - Highways £80m

The level of investment contained within this programme does not clear the full backlog. It should be noted that the Council cannot afford to fully address the backlog in the short-term, however, the Council will do at least what is necessary in order to comply with health and safety legislation. The programme does include projects which address some of the backlog. The investment that has taken place in the Civic Centre is freeing up buildings for disposal and hence removingsome of the backlog maintenance requirement.

Environment and Enterprise

11. There has been significant reprofiling of projects across the first 3 years, with £1.120m being brought forward to 2015/16 from 2016/17, mainly to fund waste bins. There has been a reduction in the highways programme of £750k from 2016/17 and the net is a reduction of £920k in 2017/18. The programme added for 2018/19 totals £9.095m in respect of rolling programmes.

- 12. The draft programme allows for substantial highways works, to address some of the backlog, improvement to the ageing street lighting and drainage infrastructure.
- 13. The programme also provides for investment in Parks improvements and Parks buildings.
- 14. There is provision for a number of Carbon reduction schemes. Carbon reduction schemes result in savings in energy costs.
- 15. There is provision for collaboration with the GLA/TfL on a project to enhance the quality and safety of Harrow on the Hill station and bus station including provision of step free access. The Council contribution of £3m is earmarked for 2017/18, and is aimed at (and conditional upon) levering in the significant investment required by GLA/TfL to deliver the project over a series of phases.
- 16. There is provision for Station Road Highway and Environmental improvements. This reflects a bid that has been made to the GLA's High Street fund with a council contribution of £100k with the balance coming from the High Street fund, TfL and s106.

Children's Services

- 17. The existing programme for Children & Families is budgeted to be funded entirely from grant. The proposed programme, both re-profiles the programme and also adds to the programme to reflect the requirements of the school expansion programme, not all of which is funded from grant. The net increase in Harrow funded expenditure is £6.120m in 2015/16, £11.355m in 2016/17, £8.715m in 2017/18 but with an assumption that grant will exceed expenditure by £2.615m in 2018/19. The total of Harrow funded expenditure over the four years is £23.575m.
- 18. The existing programme has been re-profiled to reflect the anticipated spend profile as a result of all of the Agreed Maximum Price schedules for the School Expansion Programme Phase 2 schemes being finalised in December 2014.
- 19. In addition it is proposed to increase the existing capital programme by £1.754m to reflect contributions from schools of £1.385m and s106 funds totalling £369k for which the cost of the works in relation to these is included in the overall programme. This is a net nil cost to Harrow.

Community, Health and Wellbeing

- 20. The net proposed programme changes are -£793k in 2015/16, -£843k in 2016/17 and £798k in 2017/18. £1.670m has been added in 2018/19 in respect of rolling programmes.
- 21. The programme provides for a targeted programme of improvements to the Council's leisure and library facilities. There will be ongoing contractual commitments around the replacement of Lifecycle gym equipment which will need to be included in future planning years.
- 22. The Government's reforms of Health and Social Care require significant investment in IT systems to support them. Provision for this has been included, with an assumption that 50% of the costs will be supported by grant. There is a further scheme not included in the draft programme

which is still under consideration. Should the grant funding not be allocated as anticipated, the schemes will be funded within overall available resources.

- 23. Provision has been made for Disabled Facility Grants (received via the Better Care Fund) to provide adaptations for vulnerable residents.
- 24. Provision of £1m has been made in 2017/18 for a refit of the Central Library and for Library refurbishments.

Resources

- 25. The Council outsourced the provision of IT services to Capita in November 2010. This contracts ends in October 2015 and the procurement of a new partner is currently being undertaken.
- 26. The proposed Resources programme has been updated to include potential additional indicative capital costs of £6.8m in 2015/16 arising from the ending of the Capita contract and transfer to the new service provider. The new provider has not yet been selected and the appointment will be the subject of a separate report to cabinet, in which the final revenue and capital costs will be set out.
- 27. The programme provides for further enhancement of existing systems.

Regeneration

28. A series of projects will be designed within the overarching Regeneration programme to deliver the Council's priorities. The Cabinet report in December 2014 presented the draft Regeneration Strategy and approval was obtained to progress a number of core components of the Strategy. External consultancy support will be required to take forward the programme and is estimated at £250K per year. One of the core components is to develop several of council's own sites for housing to provide both affordable housing and private rented sector (PRS) housing. A wide range of sites in Council ownership are being evaluated. Haslam House site has been identified as a pilot scheme for the PRS project with the potential of providing 25-40 housing units depending on the option chosen. The work undertaken so far has allowed more robust costing including construction and professional fees of £7.5M to be built in to the 2015/16 capital programme.

Capital Receipts

29. Historically the timing and value of capital receipts has proved difficult to forecast, and have tended to be later than anticipated. The draft capital programme does not assume any capital receipts in future years. To the extent that capital receipts are actually received, this will enable a reduction in capital financing costs, commencing in the year following their receipt. However the council is planning to move away from disposals towards developing its own assets and delivering a sustainable revenue stream.

Housing Revenue Account (HRA)

30. The HRA Capital Programme is detailed in a separate report to Cabinet elsewhere on this agenda.

Capital Funding

31. The capital programme is funded from a number of sources. These include:

• External Funding of the order of £31m in 2015/16,£75m across the four year programme period, primarily from the DfE and Transport for London;

- Borrowing;
- Capital receipts;
- s106 planning agreements in relation to specific schemes;
- Direct Revenue Financing (Housing Revenue Account).

It is anticipated that the General Fund programme will be financed as follows:

| General Fund Programme | | | | |
|--------------------------|---------|---------|---------|---------|
| | 2015-16 | 2016-17 | 2017-18 | 2018-19 |
| | £m | £m | £m | £m |
| Planned spending | 67.255 | 51.677 | 38.637 | 21.807 |
| External funding | -31.107 | -19.307 | -12.907 | -11.407 |
| Net Prudential Borrowing | 36.148 | 32.370 | 25.730 | 10.400 |

Table 2: New borrowing requirement

32. The revenue implications of this new borrowing, in the context of the Council's treasury management activity, are set out in the table below. The revenue implications are factored into the revenue budget report for 2014/15 to 2018/19 being considered by Cabinet elsewhere on this agenda. The table below shows for each year what the full year's effect of that year's capital programme and capital receipts are. The table only includes the revenue effects of the programme that is proposed and excludes the revenue implications of previous years' capital programmes. It also excludes the impact of other changes to funding the existing programme e.g. interest rate changes.

| | 2015-16 | 2016-17 | 2017-18 | 2018-19 | 2019-20 |
|----------|---------|---------|---------|---------|---------|
| | £000 | £000 | £000 | £000 | £000 |
| MRP | | 2,207 | 4,554 | 6,131 | 7,357 |
| Interest | 581 | 1,178 | 1,131 | 744 | 209 |
| Total | 581 | 3,385 | 5,685 | 6,875 | 7,566 |

 Table 3: Capital Financing Implications of Capital Programme

33. The table above reflects the cost in each year of financing 2015/16 to 2018/19 programme. There is no MRP impact in 2015/16 as MRP in relation to expenditure in 2015/16 does not commence until 2016/17. The Council as at 20 January 2015 hadcash balances of £142m and as such it is very likely that for 2015/16 any borrowing would be made internally (That is to say from Council cash balances rather than taking on an additional external loan).

- 34. There is no new planned borrowing in respect of the HRA programme. This is because under HRA Reform, the HRA is allowed to keep all of its net income rather than transferring some to the Government. This income will allow the HRA to maintain its capital programme without the need for further borrowing. In addition, the HRA will be at its "borrowing cap" so cannot borrow any more. These issues are more fully explained in the HRA budget report elsewhere on the agenda.
- 35. It should be noted that the capital financing costs are based on a number of assumptions about the level of capital expenditure, level of capital receipts, timing of any borrowing, interest rates, and use of the minimum revenue provision. The revenue budget reflects the best estimate based on these assumptions.

Harrow's Community Infrastructure Levy (CIL)

- 36. Harrow's CIL came into effect on 1st October 2013 and enables the Council to levy a charge on certain types of new development to help fund improvements to local infrastructure such as schools, transport, green spaces, health and leisure facilities. To date Harrow has receipts in respect of CIL total £128k. Harrow's CIL is an additional levy on top of the London Mayor's existing Crossrail CIL. The Harrow CIL is underpinned by the Infrastructure Delivery Plan (IDP) which sets out the infrastructure required to enable investment and planned growth in the Borough. Against an infrastructure bill, estimated to be at least £150m, CIL is expected to account for circa £20-30m by 2026, depending upon the level development permitted and the ability of the development industry to bring new proposals forward. It is likely that a significant proportion of the CIL contributions may be made in kind - for example through the provision of new social & community facilities within new developments. In this context, CIL is additional top-up funding, but is not the primary source of funding for infrastructure and, even with CIL funding, there will still remain a funding gap that requires choices and priorities to be made.
- 37. To date, no firm arrangements have been made regarding the governance for spending CIL receipts. Based upon experience with tariffs previously, officers consider that the most transparent and appropriate means of managing infrastructure delivery in future, is through a single but expanded and dynamic IDP process that addresses the following requirements:
 - Long (10 year+) and short term (1-3 year) strategic infrastructure delivery programmes
 - A clear and transparent approval process for all infrastructure projects
 - Consultation with the community on infrastructure delivery (including the obligation to pass CIL to the local communities impacted by development)

- Engagement with the development industry about priorities and capacity, including their potential role in assisting delivery
- Effective monitoring of progress against the infrastructure plans and the effective implementation of the spatial vision for the borough set out in the adopted Local Plan

Harrow's Infrastructure Delivery Plan (IDP)

- 38. The IDP identifies the types and quantum of social, physical and environmental infrastructure required to support development and growth within the Borough to 2026, and sets this out in a detailed delivery plan. In particular it:
 - Provides a benchmark of existing infrastructure provision, identifying how well existing needs are met;
 - Identifies what new infrastructure is being planned as well as future infrastructure requirements to support existing population change as well as the new housing and employment growth planned for through the Council's Spatial Strategy;
 - Provides an indication of the potential costs and means of funding the required infrastructure through public funding, developer contribution and other sources;
 - Establishes responsibilities for delivery of individual projects, when and where infrastructure will be provided, and provides a basis for collaborative and effective working between stakeholders.
- 39. The effectiveness of the IDP is in capturing Harrow's future infrastructure improvements and requirements in one place. As such, the IDP represents the beginning of a long-term (10 year) capital works programme for the Council, providing an overarching framework for the consideration of a coordinated programme of delivery across all service areas and rational basis for the evaluation and prioritisation of individual project bids for capital investment.
- 40. The proposed capital programme for 2015/16to2018/19 will deliver a number of the infrastructure improvements identified in the IDP. Going forward, closer alignment of the capital programme to the delivery against the IDP will significantly aid in Council's communication of a clear and coherent picture around its strategic investment choices and decisions.
- 41. However, it is not intended that the IDP be a static document, rather it will be subject to periodic review and updated as necessary to take account of improvements already delivered, new population projections, changes in demands for different infrastructure provision, development completions and changes in service delivery and/or service funding. Such information will routinely be feed-in from the various service areas, enabling the IDP to provide a 'top-down' approach to Council's strategic decision-making about its future investment in capital improvements alongside other funding initiatives and property disposals.

Governance Structure For Delivery Of The Programme

- 42. The processes and procedures implemented surrounding the governance of the capital programme have continued to be developed. All capital projects are now included in VERTO, the Council's project management system.
- 43. Governance of the Capital Programme in 2015/16 will continue to include monthly monitoring and review, the Capital Forum process and reporting to Cabinet at the end of each quarter.

Options considered

44. These are as detailed in paragraph 6.

Legal Implications

45. Included in the body of the report.

Financial Implications

46. Financial matters are integral to the report.

Performance Issues

- 47. The capital programme proposed represents a significant investment by the Council in infrastructure. This will have an impact on a range of performance indicators across the Council's services.
- 48. Monitoring of the approved programme, including Capital Forum, is ongoing and is essential for good financial management. As well as performing project assessments on completed projects it will be important to develop and track performance measures to ensure that the Council can evidence and demonstrate good value for money (VFM).
- 49. Target for spend. It is proposed that a performance target is set of 90% of the approved budget for the programme being spent in 2015/16. Having approved an investment programme it is important that the programme is then substantially delivered in the planned timeframe, in line with member priorities.

Environmental Impact

- 50. The Council adopted the climate change strategy in September 2009 and set an annual target to reduce corporate and borough carbon emissions by 4% a year.
- 51. Capital expenditure of this scale will have an environmental impact on the Council's operations (and the wider borough). The investment carries the risk of increasing carbon emissions. Hence each proposed project is required to consider their respective carbon impacts and include measures to ensure that the above target is supported.

52. Some of the projects will specifically support the strategy in terms of mitigation and adaptation.

Risk Management Implications

53. The individual schemes within the programme will either be incorporated within departmental registers or have individual registers. A significant consideration in developing the programme has been the risks arising from not keeping our infrastructure in good order. Not doing so would lead to an increase in health and safety risks and additional costs in replacing assets when they deteriorate too much to repair.

Equalities implications/Public Sector Equality Duty

- 54. One of the aims of the Capital Strategy is to ensure the responsible allocation of funding in line with the Council's priorities and legislative requirements such as equalities legislation. Equalities implications form part of the way that the projects are prioritised. All of the schemes benefit either all protected characteristic groups through improving general service provision, or particular groups such as those connected by their age in relation to the school expansion schemes and age and disability in relation to carer and residential establishment investments. Where individual scheme design could have a less than positive impact on certain protected characteristic groups, a full EqIA will be undertaken.
- 55. Decision makers should have due regard to the public sector equality duty in making their decisions. Consideration of the duties should precede the decision. It is important that Cabinet has regard to the statutory grounds in the light of all available material such as material in the press and letters from residents. The statutory grounds of the public sector equality duty are found at section 149 of the Equality Act 2010 and are as follows:

A public authority must, in the exercise of its functions, have due regard to the need to:

(a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;

(b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;

(c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

The relevant protected characteristics are:

- Age
- Disability
- Gender reassignment
- Pregnancy and maternity
- Race,
- Religion or belief
- Sex
- Sexual orientation
- Marriage and Civil partnership

Council Priorities

The Council's vision is:

Working Together to Make a Difference for Harrow

- 56. This report deals with the use of financial resources which is key to delivering the Council's new priorities:
 - Making a difference for the vulnerable
 - Making a difference for communities
 - Making a difference for local businesses
 - Making a difference for families

Section 3 - Statutory Officer Clearance

| Name: Dawn Calvert | x | on behalf of Chief Financial Officer |

Capital Programme

Outline Capital Bids 2015/16 to 2018/19

| Outline Capital Bids 2015/16 t | | 2015/16 | | | 2016/17 | | | 2017/18 | | | 2018/19 | | | | TOTAL | | |
|---|---|---------------|-----------------|---------------|---------------|-----------------|---------------|---------------|-----------------|---------------|---------------|-----------------|---------------|--------------|------------------|--------------|--|
| | | Gross | External | Net | Gross | 0 | Net | |
| Project Title | Description | Value £000 | Funding £000 | Value £000 | Bid Value | Grant Funding | Bid Value | |
| Children & Families - New | | | | | | | | | | | | | | | | | |
| Primary Expansion Phase 3 - additional 3 schools | The original capital programme included 3 expansions in Phase 3. Latest projections indicate the need for an additional 3 expansions in Phase 3. This phase will cover September 2015 and September 2016. These are likely to be expensive solutions as we have already expanded the schools with simpler solutions. Without scoping based on specific schools, an estimate of £2.5m is being allowed for each of 3 expansions. | 5,280 | | 5,280 | 2,805 | | 2,805 | 165 | | 165 | | | 0 | 8,250 | 0 | 8,250 | |
| Primary Expansion Phase 4 - 4 schools | Latest projections indicate the need for a Phase 4 primary expansion programme, requiring 4 additional forms of entry. This phase will cover September 2017 and September 2018. These are likely to be expensive solutions as we have already expanded the schools with simpler solutions. Without scoping based on specific schools, an estimate of £2.5m is being allowed for each of 3 expansions. | 420 | | 420 | 4,200 | | 4,200 | 4,200 | | 4,200 | 1,680 | | 1,680 | 10,500 | 0 | 10,500 | |
| Secondary Expansion | The growth in demand for primary places will progress to secondary schools and it is projected that there will be a shortfall of Year 7 places from 2018. Additional capacity has been secured through the expansion of two schools, Bentley Wood and Whitefriars and the permanent location of Avanti House will contribute to an overall increase in places. In addition, a further 6 forms of entry has been secured through the successful free school bid opening on the Heathfield School site. However, there will still be a shortfall of places from September 2020 rising to approx. 13 forms of entry in September 2023. | | | 0 | | | 0 | | | 0 | 525 | | 525 | 525 | 0 | 525 | |

| Project Title SEN Expansion | Description There is pressure for special educational needs (SEN) provision places, which will be alleviated in the medium term as additional places will become available from 2015 following successful TBNP applications in accordance with Harrow's Special Schools and SEN Placement Planning Framework. However, in light of the projections and in light of the Government's Special Educational Needs and Disability reform agenda, consideration needs to be given to the next phase of expansion. A time limited task and finish group has been established, which will drive forward work on producing a refresh of he Harrow SEN strategy. | £000 420 | £000 | £000 420 | £000 4,200 | £000 | £000 4,200 | £000 4,200 | £000 | <u>£000</u> 4,200 | £000 1,680 | £000 | £000 1,680 | Value 10,500 | Funding 0 | Value 10,500 |
| Capital Maintenance | Five years ago a comprehensive survey of all schools a significant maintenance backlog on our school premises. Since then, the majority of our High Schools and a small number of primary schools have transferred to academy status, and recently the condition of some of our primary schools has led to them being accepted on a national programme for school rebuilds. However, a backlog remains in our remaining primary and high schools which needs to be addressed as well as trying to develop an ongoing proactive maintenance | | | 0 | | | 0 | | | 0 | 1,350 | | 1,350 | 1,350 | 0 | 1,350 |
| Bulge Classes | The pupil numbers in Harrow have risen rapidly in recent year, particularly at primary intake level. This has given rise to the School Expansion Programme which is covered in other bids. However, until permanently expanded schools are available, the short term measure has been to provide 'bulge classes' in multiple schools across the borough. These are where an additional form of entry are placed in a particular year which then passes through the school without being followed by additional classes. | | | 0 | 150 | | 150 | 150 | | 150 | 150 | | 150 | 450 | 0 | 450 |

| Date of Meeting: | 19 February 2015 |
|---------------------------------|--|
| Subject: | Housing Revenue Account Budget 2015-16 and Medium Term Financial Strategy 2016- 17 to 2018-19 |
| Key Decision: | Yes |
| Responsible Officer: | Simon George, Director of Finance and Assurance Paul Najsarek, Corporate Director of Community, Health and Wellbeing |
| Portfolio Holder: | Councillor Glen Hearnden, Portfolio Holder for Housing Councillor Sachin Shah, Portfolio Holder for Finance and Major Contracts |
| Exempt: | Νο |
| Decision subject to Call-in: | Yes, except for the Recommendations to Council |
| Wards affected: | All |
| Enclosures: | Appendix 1 – HRA Budget 2015-16 Appendix 2 – Average Rents & Service Charges (Tenants) Appendix 3 – Garage & Parking Space Charges Appendix 4 – Facility Charges Appendix 5 – Water charges Appendix 6 – Community Centre Charges Appendix 7 – Capital Programme Appendix 8 – HRA Growth Fund Bid |

Harroucouncil LONDON

Section 1 – Summary and Recommendations

This report sets out the Housing Revenue Account ("HRA") Budget for 2015-16 and Medium Term Financial Strategy ("MTFS") for 2016-17 to 2018-19.

Recommendations:

- 1) That Cabinet approves:
 - a. the Medium Term Financial Strategy for the HRA as attached in Appendix 1;
 - b. the proposed increase of 2.2% to housing rent charges for 2015-16, resulting in an average rent of £114.97 per week for 2015-16;
 - c. a service charge increase of 2.2% (an average of £0.06) resulting in an average tenant service charge of £2.91 per week;
 - d. that garage and car parking rents be frozen for a further year pending development of a usage and differential charging policy (Appendix 3);
 - e. an increase in energy [heating] charges of 5% from 1 April 2014 as detailed in Appendix 4;
 - f. an increase in annual water charges of 4% as detailed in Appendix 5;
 - g. increases in Community Centre charges of 4% as set out in Appendix 6;
 - h. The four year capital programme set out in Appendix 7
- 2) That Cabinet recommends Council approve:
 - a. The HRA Budget for 2015-16;
 - b. The HRA capital programme (as detailed in appendix 7)

Reason: (For recommendation)

To publish the final HRA budget and set Council rents and other charges for 2015-16

Section 2 – Report

Introductory paragraph

The Council has a statutory obligation to agree and publish the HRA budget for 2015-16. This report sets out the budget proposals along with the MTFS to 2018-19, which sets out the indicative income and expenditure for the HRA for this period and shows how the income collected will be spent in the management and maintenance of the Council's stock and in meeting its landlord obligations. The MTFS indicates a sustainable position in the medium term, consistent with the updated 30 year HRA business plan approved by Cabinet in July 2014.

Options considered

Alternative rent options were considered during the preparation of this report and were consulted on at a meeting of the Tenants, Leaseholders and Residents' Consultative Forum on 7th October 2014. The view expressed was not to change from the current rent-setting policy.

Background

- Cabinet received a report in July 2014 that set out the updated 30-year business plan for the HRA. This report updated the HRA element of the Housing business plan approved in June 2013, and set out a 30-year forecast of the income and expenditure anticipated to occur within the HRA, based on an agreed set of assumptions.
- 2. The starting point for the updated business plan was the HRA budget and MTFS approved by Cabinet in February 2014, and the first four years of the plan mirrored the MTFS. Thereafter, a set of fairly prudent assumptions were used to project income and expenditure for the remainder of the 30-year period. The cash flows resulting from the projections indicated that the HRA remained in a very sound position and was forecast to generate significant balances over the life of the business plan.
- 3. Further work has been undertaken regarding the options available to the Council to deliver new affordable housing, and to deliver estate regeneration within the HRA. This has resulted in approval being granted to commence work on developing a comprehensive set of proposals to regenerate the Grange Farm estate, as well as further proposals for a modest Purchase and Repair programme and phase 2 of the HRA development programme being developed. Phase 1 of the HRA development programme is anticipated to be on site towards the end of 2014-15.
- 4. The business plan is intended to form a framework within which future budgets are set, and the budget and MTFS information

contained within this report are largely in line with the forecasts contained within the business plan approved in July. Some minor variations have resulted from changes in inflation used to calculate rent increases, changes to the assumed levels of Right-to-Buy sales, and from pressures within some of the budgets. This is to be expected, as the business plan should be a guide to future budgets, and must retain the ability to flex to meet changing requirements.

5. A further change that has impacted on the HRA is the changes to national rent-setting policy proposed last year and subsequently confirmed in 2014. These changes mean that the rent convergence process that has been going on since 2001 has now ceased following the 2014-15 increase, and that the basis for rent increases from 2015-16 onwards is now the Consumer Prices Index (CPI) plus 1% each year, rather than the Retail Prices Index (RPI) plus 0.5% plus £2 each year until convergence was reached. As previously the inflation figure is as at September of the previous year.

The inflation figures we had used in constructing the MTFS and Business Plan had already assumed that the government would seek to implement some form of reduction in the long-term inflation uplift, and so the HRA was not badly affected by this change, and remains in a sound position. For the purposes of this budget, we are assuming increases based on CPI + 1%, but have considered and modelled several alternative rent scenarios based on varying rates of CPI, as well as whether rent policy is likely to change further following the end of the government's 10year "guarantee" period.

- 6. The HRA budget and MTFS detailed in Appendix 1, is based on these principles, and is consistent with the approved 30 year business plan for the HRA approved by Cabinet in July 2014. The HRA budget proposed reflects the costs of delivering services at current levels and takes account of areas of identified pressures and savings.
- 7. The key assumptions that continue to underpin the financial strategy are set out in the following sections.

Consultation

8. Under s.105 of the Housing Act 1985, the Council is required to maintain arrangements as it considers appropriate to enable secure tenants to be informed and consulted about housing management matters which substantially affect them. However, rent and other charges for facilities are specifically excluded from the definition of housing management; therefore there is no statutory requirement to consult secure tenants on proposed rent changes. The Council has however, always consulted through the Tenants' Leaseholders' and Residents' Consultative Forum (TLRCF).

9. The TLRCF has the remit to consider and submit observations to Cabinet on the annual HRA budget and in particular on the consequent rent implications. At the TLRCF meeting held on 7th October 2014, a report was presented outlining several rent options that the Council could potentially adopt for 2015-16, and seeking guidance from the meeting as to whether there was any wish to consider an option other than compliance with national policy (the Council's existing strategy). There was no evidence at the meeting of any desire to change the current policy, so this has been assumed to continue for the purposes of this report.

Balances

- 10. HRA Balances are currently forecast to be £4.4m at the end of March 2015. The budget estimates that balances in the region of £5.0m will remain at the end of March 2016. Increased depreciation charges in the last two years have already had the effect of moving resources out of the revenue account and into the Major Repair Reserve for capital funding purposes, meaning less contributions from revenue are now required.
- 11. Over the period of the MTFS, balances are estimated to increase to around £7.5m, or around 21% of gross annual income. Decisions regarding future levels of balances need to be taken in conjunction with considerations around future levels of capital investment, availability of Right-to-Buy receipts for use in the HRA, the Council's plans for new affordable housing as these become more developed, and the potential impact of welfare reform as the proposals are phased in. It is felt that a prudent minimum level of balances would be in the region of 4.5-6% of gross income, approximately £1.5 - £2.0m in today's prices, though this will depend on the level of risk at any given point and will need to be reviewed periodically.

Income

Dwelling rents

12. As indicated above, TLRCF considered several options for setting rents in 2015-16 at its meeting in October 2014, but there was no suggestion that there should be any change from current rent policy for setting rents, i.e. in line with the national social rent policy increase of CPI + 1%. We have therefore assumed that this approach would be followed. The CPI figure to be used for rent setting is the September figure, which was 1.2%. This then results in an average rent increase of 2.2% in 2015-16, meaning an average rent of £114.97 per week (the 2014-15 current average is £112.45). Average rents and service charges under the existing strategy are detailed in Appendix 2.

Alternative Rent Options

- 13. The HRA business plan approved by Cabinet on 19th July 2014 was formulated on the basis of prudent long term inflation figures for both income and expenditure, with rents being forecast to increase by CPI + 1% throughout. Our working assumption was that the long term CPI figure would be 1.5%, which is below the government's long term assumption of 2.0%.
- 14. For the purposes of the four-year MTFS projections, the proposal is to continue with this assumption for rent increases. Over the longer term, however, it is appropriate to consider both alternative long-term CPI figures and also whether the government may decide to make further changes to national policy following the end of the 10-year "guarantee period", and these could significantly impact on the level of resources generated by the HRA over the long- term.
- 15. Whilst these alternatives do not affect the MTFS position, they are an important factor in determining the long-term health of the HRA, and so the resources likely to be available for future investment in new affordable housing. We will therefore model a range of scenarios for the next version of the HRA Business Plan based on the approved budget and MTFS to illustrate the sensitivity of the Plan to changes in future levels of rent increase and to assist in decision-making around further new build/acquisition.

Right-to-Buy sales

- 16. There have been thirty-one sales under Right-to-Buy so far in 2014-15 as a result of the increased discounts and a further four sales are anticipated by the year end. A stock level of 4,880 at the start of April 2015 is therefore assumed. It is envisaged the HRA will continue to be viable if Right-to-Buy sales continue at these levels. There is potentially a risk issue if we experience a sustained increase in sales and this is referenced in the risk section.
- 17. To assist with managing this risk, and to provide immediate assistance to ease homelessness pressures, a policy has been developed to enable the buy-back of ex Local Authority properties.
- 18. During the consultation on the feasibility for regeneration and/or redevelopment of a number of council estates between January and March 2014, a number of leaseholders expressed concern that the sale of their properties may have been blighted by potential proposals to develop some of our estates. There is no evidence to justify these concerns and all of the council's communications made clear we were only considering options and no firm decisions had been made. However, a number of

leaseholders have expressed interest in selling their property back to the council.

- 19. In July 2014, Cabinet made the decision to proceed with the regeneration of the Grange Farm estate and approved the early buy backs of leasehold properties on the estate which would then be used as either temporary accommodation for homeless households or for decants during the Grange Farm regeneration before demolition.
- 20. There is a continuing demand for both permanent and temporary affordable housing within Harrow. We continue to see an increase in demand from homeless households. Whilst the vast majority are offered a private sector housing solution either in Harrow or beyond, the number of families housed in expensive temporary Bed and Breakfast accommodation has increased significantly.
- 21. A bid was therefore submitted for additional HRA borrowing to the HRA Growth Fund which included proposals to purchase 20 properties which would then be refurbished and let as permanent accommodation. Purchasing existing homes provides a quicker solution to increasing the supply of affordable housing than new build and offers an interim solution pending the completion of our infill new build programme. Unfortunately this element of the bid was unsuccessful, but there are sufficient resources available elsewhere to enable this programme to proceed without additional borrowing. The buyback of ex-Harrow property could be included within this programme.
- 22. The Capital provision to enable buy backs is currently included in the Purchase & Repair element of the Growth fund bid, and is included in the Capital Programme. Further provision may need to be made from within HRA resources should the scheme prove successful, and a bid would be made in that event in accordance with Financial Regulations.

Service charges: Tenants & Leaseholders

- 23. Tenants who benefit from specific estate based services will pay a charge to the Council on a weekly basis in addition to their weekly rent charge. This service charge will increase by 2.2% on average resulting in an average weekly charge of £2.91 (2014-15 current service charge £2.85), an increase of £0.06 on the current weekly charge.
- 24. Leaseholders are no longer charged an estimated service charge but are invoiced annually by the end of September for the previous financial year, based on actual recovery of costs (resulting in the leasehold financial year spanning the 1st September to 31st August rather than the financial year of 1st April to 31st March) Leaseholders are required to settle these

invoices within 30 days, but in practice the challenge process and the payment options available to leaseholders results in some leaseholders not settling their accounts until well into the following financial year. The total income expected to be recovered from leaseholders in 2015-16 (excluding s20 income in relation to capital schemes) is £566k and reflects the recovery of costs associated with estate based costs, communal lighting, repairs, ground maintenance, insurance premiums and administration charges.

Other income

- 25. Historically other rental income from garages, car parking, and facilities charges are recommended to increase by an annual percentage, consistent with fees & charges across the Council. The charge for garage rents has been held since 2011-12 pending finalisation of the Garage Strategy Review. Progress on the review has been slow as there are some complex issues to address, garages are no longer in demand and individual consultation with residents locally is necessary on the future of each site. A pilot storage project is also being considered that could make good use of existing garage sites, whilst still generating an income to the HRA. Given the work that is in progress, and evidence from a recent marketing exercise for some refurbished garages that letting garages at existing rent levels is now proving problematic, let alone at higher rents, we are proposing to continue this policy by freezing rents for HRA garages and car parking for a further year. We anticipate that once it is clear how many garages will be retained there may be a proposal for including alternative pricing strategies for garages and car parking, and that a further report will be presented following completion of this work.
- 26. Details of the proposed rents for garages and parking, facility charges and charges for community centres are set out in appendices 3, 4, 5 and 6 respectively.

Expenditure

Employee Costs

- 27. The HRA budgets are based on the staffing establishment, and assume a pay & superannuation increase of 3.07% reflecting the overall increase expected for 2014-15 and 2015-16, then 2% thereafter.
- 28. Salary allocations between the HRA and the General Fund have been reviewed and a small amount of additional salaries (in the region of £40,000) in respect of more recent staff members currently charged to the General Fund were found to be attributable to HRA. These have therefore been adjusted.

29. Given the increasing focus on the delivery of new housing going forward, it has been necessary to develop proposals to restructure the way that services are delivered for Housing as a whole in order to ensure that we have the capacity in the appropriate areas to ensure we can meet the ever-increasing demand. The proposed new structure is anticipated to be in place for 2015-16 financial year, and will include additional support for delivering the new build and regeneration proposals, the majority the cost of which will be chargeable to the capital schemes being supported.

Utility Costs

30. These budgets have been uplifted by 5% in 2015-16 and subsequent years, as this is the corporate assumption on the general level of increases for utilities costs.

Support Service Charges

31. The costs of Support Service Charges (SSCs) have been assumed to increase by 2.6%, comprising an inflationary uplift of 1.3% and a reallocation of expenditure from recharges to SSCs although this reallocation has a neutral effect in the HRA overall as recharges are reduced by the same amount.

Repairs

32. Increased provision for response and void repairs to reflect enhanced standards and works required for temporary accommodation partially offset by reduction in the external decorations programme as this is now delivered largely through the capital programme. Additional costs arising from use of HRA property as temporary accommodation are anticipated to be recovered via enhanced service charges.

Charges for Capital

33. Capital charges to the HRA are assumed to continue to be charged at the rate of 4.2978% of the HRA borrowing from the General Fund. This figure is £149.6m at the start of 2015-16, but during the year it is anticipated that additional borrowing of £1.736m will be made following the successful bid to the Local Growth Fund for additional HRA borrowing capacity to help fund the development of new affordable housing. A further bid for additional borrowing capacity of £5.6m to help fund property purchases and additional new build was made in October 2014, of which £3.6m was successful and assumed to apply in 2016-17. This amount has therefore been assumed within the HRA capital charges assumptions. Any additional borrowing is assumed to be at the same rate of interest as that charged for the original HRA debt.

- 34. As part of the ongoing business planning activity, consideration will be given to the ability to repay debt, and to reduce capital charges to the HRA. Interest rate risk is one of the key risks associated with the longer term planning of the HRA finances, and whilst the risk is relatively small as the loans pool is predominantly comprised of long-term fixed rate loans, the main risk will be as a result of the rates available as existing loans are re-financed on maturity.
- 35. Interest on HRA balances, including the Major Repairs Reserve are expected to be earned at a rate of 0.5% for 2015-16. Interest is also earned at this rate on the s106 Affordable Housing reserve.

Capital Investment

- 36. In February 2014 Cabinet agreed the first 4 year Capital Programme for Housing, and since then officers have been working on improving the delivery of the capital programme from 2015-16 onwards in two ways:
 - Developing a broader "Better Homes Standard" that will enable us to include in future programmes some works we were not able to do under the government imposed Decent Homes standard. The new standard will include more works to the exterior of properties, communal areas and the environment surrounding homes as well as doing more inside homes when we upgrade kitchens and bathrooms to "future proof" these works
 - Developing the detailed four year programme that will enable contractors to be procured over a longer term, reducing the lead in time to starting the programme of works each year
- 37. Due to a combination of the progress already made in respect of internal improvement works to properties, and because we continue to be proactive in achieving value for money through procurement, annual programmes are projected to be smaller than they have been over recent years. The result of this is that it will be possible to deliver this enhanced standard of investment from within existing levels of budget.
- 38. The details of the new standard have been consulted on, both informally with a group of residents who have been assisting us in identifying priorities for the future and formally at the Tenants', Leaseholders' and Residents' Consultative Forum meeting on 10th December 2014. The HRA capital programmes for 2015-16 to 2018-19 are in line with those previously approved in the business plan, with the addition of further budgets for the purchase of properties and phase 2 of the HRA new build programme as set out in the Homes for Harrow section below. These additional budgets represent the

maximum cost of the proposals. The four-year capital programme is attached as Appendix 7.

- 39. The programme as it is currently constructed is anticipated to deliver in the region of:
 - 500 kitchens and/or bathrooms
 - 200 heating systems
 - 90 electrical re-wires

As indicated above, these numbers have fallen from those in previous years as the significant investment we have been able to deliver in those years means that we have caught up with backlog repairs and are now able to invest more in a broader range of areas from within the same level of resources. To this end we are targeting investment towards improving the environment in which our residents live by undertaking:

- Enveloping works
- Replacing door entry systems
- Environmental works
- Works to communal areas
- 40. In line with the approach taken last year, Housing Services propose to use the scheme of delegation to implement variations to the HRA Capital programme within agreed limits and following appropriate consultation, to meet the requirements of the Housing Asset Management Strategy and ensure delivery against programme can be maximised. As is currently the case, the HRA Capital programme would continue to be funded from HRA revenue resources, and therefore any such variations would not affect the Council's borrowing position or General Fund resources.

Homes for Harrow

41. As a result of the additional resources retained within the HRA following the introduction of self-financing in April 2012, it has been possible to commence planning for a programme to deliver new housing within the HRA for the first time in decades, initially largely on infill plots or vacant/underused garage sites. The first sites in phase 1 are currently being worked up for the purposes of gaining planning permission, and are likely to commence on site at the end of 2014/15 with the remaining sites coming on stream in 2015 and completions from 2016 onwards. This will deliver a minimum of new 50 homes, of which 10 are anticipated to be shared ownership, and the remainder let at affordable rents. The capital budgets for the development of these homes have already been approved, and additional borrowing capacity of £1.74m was secured from the Local Growth Fund earlier this year to assist in funding the new homes.

42. Following the outcome of the bidding process used to allocate the additional borrowing (above), it was apparent that there was still a significant proportion of additional borrowing capacity that remained unallocated, and so the deadline for bids was extended. Following discussions with the Greater London Authority, it was determined that a further bid should be submitted, and that the amounts bid for per unit should be increased from those assumed in the first round. A bid was therefore submitted comprising two strands. The first was in respect of a 20-property purchase and repair programme, whereby properties would be purchased on the open market and which could include buy back of ex LA council properties, repaired to Harrow's letting standards and then let at affordable rents. This was intended to supplement the phase 1 new build programme and assist in relieving pressure on homelessness budgets within the General Fund. Unfortunately this element of the bid was unsuccessful. The second strand of the round 2 bid was a phase 2 new build programme, with the additional borrowing enabling previously-identified sites to be brought forward guicker than had previously been anticipated. This element of the bid was successful, with £3.6m having been allocated to the Council. Outline scheme costs and indicative funding sources are set out in Appendix 8, and are summarised below:

| Additional G | rowth bid | | | | |
|----------------------|-------------|------------------|---|------------------|----------------|
| | Total Costs | HRA Borrowing | Other Affordable Housing Resources | Total Funding | No Of Units |
| Purchase & Repair | 6,232,000 | | 6,232,000 | 6,232,000 | 20 |
| Phase 2 new build | 6,901,000 | 3,600,000 | 3,301,000 | 6,901,000 | 30 |
| | 13,133,000 | 3,600,000 | 9,533,000 | 13,133,000 | 50 |

43. In addition to starting to build new homes within the HRA, proposals are currently being developed to completely regenerate Grange Farm, one of the worst condition estates within the Borough. This is likely to involve some land assembly to maximise the development opportunities, and a design-led proposal to significantly increase density and make best use of the available land to generate cross subsidy from market sales necessary to enable the scheme to proceed. It is envisaged that there will be no net loss of affordable housing, and that the replacement affordable homes will be retained and managed within the HRA. Housing has previously been given approval to engage architects to develop a viable proposal for Grange Farm based on the previous study by PRP, and in addition has approval to commence the buying back of properties on the estate as they become available. This has the two-fold effect of reducing the requirement to use compulsory purchase to

facilitate the regeneration, and providing additional properties for use as temporary accommodation in the meantime, which helps to reduce the cost of homelessness in the General Fund. Further reports will be made in respect of this scheme as proposals are developed.

- 44. Within the Grange Farm Estate a number of tenants have already indicated that a permanent move off the estate would be their preference rather than potentially moving twice before becoming settled in a new property. Where we are able to facilitate an early move of this nature, it would be desirable to progress it now and in the process make the necessary Home Loss disturbance payments. Currently Home Loss payments are set nationally at £4,900, and disturbance costs cover the associated costs of removal. These costs can initially be met from within the existing budgets approved to progress the Grange Farm proposals.
- 45. The final strand of the Homes for Harrow current proposals is firmly linked to the Council's wider regeneration proposals, and will follow on from a wholesale review of HRA and non-HRA assets and land not currently included in any other programme, with a view to assessing whether there is any potential for future use/development for housing purposes, either within or outside the HRA. This is currently referred to as phase 3 of the Homes for Harrow programme, but in reality will be the start of several more phases of work to maximise the ability for the Council to develop properties for rent, and to ensure that resources are identified and allocated appropriately to maximise numbers of homes delivered, whether this be within or outside of the HRA. As yet this strand is unquantifiable, but resources are anticipated to be available within the HRA to progress further development opportunities in years to come.
- 46. The Phase 1 and Phase 2 new build programmes, along with the Purchase & Repair scheme will require a significant investment from Housing resources to complement the additional borrowing. This will use the majority of the capital resources available of the period, although some is currently being held in reserve to cover risks around build-cost inflation, as well as to provide resources to help deliver the Grange Farm regeneration project, should this not achieve a break-even position.

Impairment Allowance

47. Current tenant arrears continue to remain under control, and action has been taken to write off a significant amount of former tenant arrears where all options for recovery of the debts have been exhausted. Whilst a number of payment arrangements are in place in respect of the remaining former tenant arrears, prudence dictates that provision should be made for the nonrecovery of the majority of these arrears via an impairment allowance. The ongoing impact of welfare benefit changes are likely to continue to have an impact on arrears, although it is difficult to quantify at this stage. The annual provision has reduced from the £400k allowed for in 2014-15 and is budgeted at £300k for 2015-16 per annum and subsequent years. The Council is, however, setting aside further funding to mitigate the impacts of welfare reforms by the establishment of a hardship fund.

Hardship Fund

48.£100k will be set aside in 2015-16 and subsequent years to mitigate the worst impacts of benefit changes arising from the continuing welfare reforms.

General Contingency

49. In addition to the HRA balances, an annual amount of £200k is set aside to cover unforeseen expenditure that may arise in the management and maintenance of the housing stock.

Variation to MTFS 2015-16

- 50. The MTFS approved by Cabinet and Council in March 2014 estimated an in year surplus of £1.565m for 2015-16. The proposed budget changes result in a surplus of £0.567m. The decrease in surplus of £0.998m is explained below :
- +£0.348m Depreciation & capital charges, a transfer of resources from revenue to capital reserves to fund future capital expenditure therefore no overall impact on financial resources
- +£0.178m Repairs, increase in budget for responsive and void repairs, reflecting new standards and works on properties used for temporary accommodation to alleviate General Fund pressures; partially offset by reduction in external decorations delivered largely through capital programme
- +£0.128m Affordable Housing, mainly revenue costs relating to Grange Farm redevelopment approved by Cabinet in 17 July 2014
- +£0.100m Hardship Fund, resources set aside to mitigate impact of ongoing Welfare Reforms on tenants in line with Corporate priorities
- +£0.085m Revisions in dwelling and non-dwelling income estimates
- +£0.074m Supplies & Services, manly tenant expenses associated with removals and decants resulting from the impact of Welfare Reforms

- +£0.171m Employee costs, reallocation of staff time reflecting a shift in work to the Council's landlord function
- -£0.086m Central service & other charges, central charges, pending a comprehensive review, are expected to reduce by £0.038m and other costs by £0.048m

Summary

51. The HRA Budget and MTFS detailed in Appendix 1 continues to reflect the significantly improved position reported in last year's budget as a result of HRA reform. The 30-year HRA business plan approved by Cabinet in July 2014 has been used as the framework within which this budget has been developed, and the outcome of the budget process will be used to re-state the business plan. Current forecasts suggest that significant balances are still likely to be generated within the HRA over the period of the business plan, depending on expenditure and income decisions made in the future, with current levels of projected investment expenditure being fully funded over this period. This remains an extremely positive position for the Council to be able to report and will enable the Council to meet both the challenges faced by the service from the Government changes and the increasing expectations of its tenants and Members.

Performance Issues

During Q2 of 2014/15 we have successfully sustained, and in many areas improved performance despite the continued impacts of welfare reform. We continue to proactively work with those most affected by the welfare reform changes to mitigate where possible, the impact and to manage budgetary demands arising from the reforms as well as customer needs and expectations. A snapshot of the Q2 performance data for HRA and affordable housing-related services is shown below.

| Housing Scorecard No | Reporting frequency | Measure (cumulative for the year unless stated otherwise) | Corporate scorecard | Corporate priority | Corporate Equalities ► Objective | Polarity - good to be high ↓ Iow | Q1 actual 2014/1 5 | R A G | Q1 target 2014/1 5 | Q2 actual 2014/15 | R A G | direction of travel since Q1 | Q2 Target 2013/14 | Q4 / year end target | Current Assessment | Measure owner |
|----------------------|---------------------|---|---------------------|--------------------|-------------------------------------|-------------------------------------|-----------------------------|-------------|-----------------------------|-------------------|-------------|------------------------------|-------------------|-------------------------------|--|------------------|
| 1 | qtrly | Tenant satisfaction with responsive repairs service (telephone survey carried out by Access Harrow) | yes | E&E | | high | 82% | HR | 95% | 98.96 | LG | Ť | 95% | 96% | This is the first time, following a resident led audit of contractors KPI's that we have relied on data produced by the contractorss for this figure, rather than a much smaller sample from surveys undertaken by Access Harrow. As it is a much larger sample it is a more robust assessment of the true figure for customer satisfaction. | M Challoner |
| 2 | qtrly | Council adaptations: average time from assessment to completion of work (weeks) quarterly performance | yes | v | | low | 22 | НG | 30 | 20 | HG | ↑ | 30 | 30 | Performance continues within target | MChalloner |

| | | Making a difference for families | | | | | | | | | | | | | Low Red - poor | A LR |
| | | Efficient & effective organisation | E&E | | | | | | | | | | | | High Red - needs prompt attention | HR |

Environmental Implications

The HRA Budget 2015-16 includes investment in a number of areas such as new heating systems, enveloping and cladding of thermally inefficient properties that will improve the energy efficiency of the Council's housing stock and thus make a contribution towards delivering the Council's Climate Change Strategy. The Asset Management Strategy action plan addresses elements of the "Delivering Warmer Homes" (HECA) strategy which was reported to the Department for Energy and Climate Change (DECC) in March 2013. We were successful in obtaining a grant from DECC to help reduce fuel poverty in the privately-owned stock within the Borough, and have contractors in place to deliver this important work. Resources are available within the HRA to supplement this investment in the private sector with similar works to the Council's own stock, subject to progress on delivery of the grant-funded scheme.

Risk Management Implications

The key risks which should be highlighted, and which are referenced in the main body of the report, are those associated with the changes in the RTB arrangements and, for the longer-term HRA business plan, interest rate risk. Whilst these are real risks to the HRA these are not considered to be significant in the short term.

Current regulations require impairments of non-dwelling assets in excess of balances held on the revaluation reserves to be charged to revenue. These regulations are due to be extended to cover dwelling assets from April 2017 when transitional measures for self-financing are due to come to an end. This could result in significant charges to HRA revenue reserves which run counter to the Government's stated objectives of encouraging new build. This issue would have an impact on all Councils with housing stock and the Council has already requested the Department of Communities & Local Government to address this anomaly as a matter of urgency.

These risks are detailed on the Housing risk register.

Legal Implications

Under section 103 of the Housing Act 1985 (as amended) the terms of a secure tenancy which is a periodic tenancy may be varied by the landlord by a notice of variation served on the tenant. The landlord authority is required to serve a preliminary notice on the secure tenant giving them advance notification of any change proposed to be made to the terms of their tenancy and inviting their comments. However, rent and other charges for facilities are specifically excluded from this requirement.

Section 105 of the Housing Act 1985 requires a landlord authority to maintain such arrangements as it considers appropriate to enable those secure tenants who are likely to be substantially affected by matters of housing management, to be informed and consulted about them, and before deciding on the matter, the landlord authority has to consider any representations made. However, rent and other charges for facilities are specifically excluded from the definition of housing management. Therefore there is no statutory requirement to consult secure tenants on proposed rent changes. However, as noted earlier in this report, the Council has historically consulted the Tenants Leaseholders and Residents Consultative Forum (TLRCF) and intends to do so again.

Financial Implications

Financial matters are integral to this report.

Equalities implications / Public Sector Equality Duty

Pursuant to the Equality Act 2010 ("the Act"), the council, in the exercise of its functions, has to have 'due regard' to (i) eliminating discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act; (ii) advancing equality of opportunity between those with a relevant protected characteristic and those without; and (iii) fostering good relations between those with a relevant protected characteristics are age, race, disability, gender reassignment, pregnancy and maternity, religion or belief, sex and sexual orientation. The duty also covers marriage and civil partnership, but to a limited extent.

When making decisions, the Council must take account of the equality duty and in particular any potential impact on protected groups. There are no new equality impacts of the recommended rent increase option as this represents a continuation of existing rent policy, having consulted with our tenant, leaseholder and resident representative groups on the proposal. Overall there is no proposed change to the current rent policy.

Council Priorities

The Council's vision:

Working Together to Make a Difference for Harrow

52. This report incorporates the following council priorities:

Making a difference for the vulnerable – through providing support in finding appropriate affordable housing solutions to meet need, and developing new housing to meet future assessed need.

Making a difference for communities – through engaging residents in decisions around regeneration of estates and the wider communities, and delivering housing that people want to live in, in areas they are proud to call home.

Making a difference for local businesses – through supporting the council-wide regeneration agenda, and maximising the contribution that new housing can make towards delivering the regeneration vision and objectives.

Making a difference for families – through providing good quality housing and safe neighbourhoods, and targeting our resources as best we can so that families can feel the full benefits of economic growth. Our priority for every family is to ensure that they can live in a neighbourhood which has a real sense of community, in a house they can be proud to call their home.

Section 3 - Statutory Officer Clearance

| Name: Simon George | x | Chief Financial Officer |

Average Rent & Service Charges

Appendix 2

| Description | No. units | 2014-15 Total Weekly Charge | 2015-16 Rent | 2015-16 Service Charge | 2015-16 Total | Increase £ |
|---------------------------|--------------|--------------------------------------|-----------------|------------------------------|------------------|---------------|
| Bedsit bungalow | 20 | £103.40 | £103.05 | £2.63 | £105.67 | £2.27 |
| 1 Bed bungalow | 116 | £114.16 | £114.46 | £2.22 | £116.68 | £2.51 |
| 2 Bed bungalow | 25 | £129.82 | £129.21 | £3.46 | £132.67 | £2.86 |
| Bedsit flat | 84 | £89.59 | £87.61 | £3.95 | £91.56 | £1.97 |
| 1 bed flat | 1,213 | £99.49 | £98.20 | £3.48 | £101.68 | £2.19 |
| 2 bed flat | 819 | £113.16 | £111.66 | £3.99 | £115.65 | £2.49 |
| 3 bed flat | 43 | £124.64 | £122.63 | £4.75 | £127.38 | £2.74 |
| 1 bed Maisonette | 6 | £92.79 | £94.43 | £0.40 | £94.83 | £2.04 |
| 2 bed Maisonette | 51 | £112.51 | £111.38 | £3.61 | £114.98 | £2.47 |
| 3 bed Maisonette | 46 | £124.91 | £123.49 | £4.17 | £127.66 | £2.75 |
| 4 bed Maisonette | 1 | £132.41 | £135.32 | £0.00 | £135.32 | £2.91 |
| | | | | | | |
| 2 bed Parlour House | 34 | £124.84 | £126.38 | £1.21 | £127.59 | £2.75 |
| 3 bed Parlour House | 541 | £138.10 | £139.44 | £1.69 | £141.14 | £3.04 |
| 4 bed Parlour House | 57 | £149.61 | £150.54 | £2.36 | £152.90 | £3.29 |
| 5 & 6 bed Parlour House | 10 | £158.72 | £161.05 | £1.16 | £162.21 | £3.49 |
| | | | | | | |
| 2 bed Non Parlour House | 516 | £121.67 | £122.36 | £1.98 | £124.35 | £2.68 |
| 3 bed Non Parlour House | 740 | £133.34 | £134.16 | £2.12 | £136.28 | £2.93 |
| 4 bed Non Parlour House | 31 | £147.32 | £147.57 | £2.99 | £150.56 | £3.24 |
| 5,6 & 7 bed Parlour House | 6 | £159.85 | £162.23 | £1.14 | £163.37 | £3.52 |
| | | | | | | |
| Sheltered bedsit | 55 | £90.00 | £89.36 | £2.62 | £91.97 | £1.98 |
| Sheltered – other units | 501 | £97.24 | £96.23 | £3.15 | £99.38 | £2.14 |
| Total | 4,915 | £115.30 | £114.97 | £2.91 | £117.88 | £2.58 |

The average charge during 2014-15 was £115.30 per week comprising £112.45 rent and £2.85 service charge compared to the budgeted £112.43 and £2.85 per week respectively.

The rent increase for 2015-16 is based on the latest Government Guidance which requires rents to increase by the Consumer Prices Index (CPI) plus 1%. This yields an average rent of £114.97 and an average service charge of £2.91 per week, representing an average increase of 2.2%.

Average rents for the additional 50 Phase 1 properties expected to be constructed 2015-16 to 2016-17 (not included in the above table) are expected to be £180.64 per week for the 40 at affordable rent, and £36.06 per week for the 10 shared ownership properties. Average rents for Phase 2 and Purchase & Repair are expected to be £169.89 & £159.43 respectively.

| | Current Weekly Rental | Proposed Weekly Rental |

Terms & Conditions associated with Hall lets:

- Lets to Tenants and Residents Associations are free, providing 4 weeks notice is provided.
- Charges shown are exclusive of VAT at 20% and Insurance Premium at 7%
- Day time rates are from 9.00am to 3.30pm
- Commercial lets will be charged at above hourly rates plus 20%.
- Registered Charities will receive a discount of 50% (9.00am to 3.30pm only).
- Block Bookings of 6 months minimum will receive a 25% discount.
- A refundable deposit of £100 against loss or damage will be required by all other users.

Of the 11 community centres, there are a number of premises that are fully let and supported by lease agreements and therefore charges not levied in accordance with the above schedule. These are:

- Methuen Road community centre is fully let to Flash Musicals Youth Theatre group on a lease agreement of £25,000 rent per annum.

- Stone Gardens hall is fully let as a nursery on a lease agreement of $\pm 10,000$ rent per annum.

- Northolt Road hall is partly let as a nursery on a lease agreement of £5,200 rent per annum.

- Churchill Place hall is partly let as a nursery on a lease agreement of £10,000 rent per annum.

The 2015-16 budget includes \pounds 1,810,000 re-phasings relating to the main programme and \pounds 1,287,000 for the Affordable housing programme.

HRA Growth Fund bid no 2

LB Harrow decided to submit a further bid for additional borrowing under the HRA Growth Fund following the success of our first bid. We bid for borrowing to support the acquisition and development of a further 50 affordable homes as follows:

- 1. 20 unit Purchase and Repair programme we submitted this bid because we want to increase the supply of affordable housing quickly to meet urgent homelessness needs.
- 2. 30 unit Phase 2 Infill Development Programme this was similar to our successful bid but looking to bring forward the second phase. We have already completed Stage A designs on some sites and are in the process of commissioning others. Given the stage we are at ideally we would have preferred to bid for these as indicative but have decided to submit a firm bid on the assumption we may need to substitute sites as they are progressed within the cost parameters set out in the bid.

The amount of borrowing we bid for per unit was significantly higher than for our first bid. In our first bid we approached it as if we were bidding for grant, whereas the second bid was for the amount of borrowing that we felt we could reasonably support from the rental income stream. This was intended to enable us to stretch our other resources further to deliver more homes. The Phase 2 Infill Development Programme included free land. Both bids were still supported by other HRA resource as well as S106 commuted payments.

In all other respects this bid met the other criteria set out in the bid documents e.g. the homes will be let at Affordable Rents in accordance with our local policy.

As noted in the body of the report, the bid was only partially successful, and we did not receive the £2m additional borrowing approval for the P & R scheme. There are, however, sufficient resources available to enable this scheme to go ahead without the additional borrowing, and the proposed capital budget assumes this to be the case.

The table below sets out the estimated costs and funding for Phase 2 following notification of the outcome of the bidding process:

Agenda Item 13 Pages 325 to 330

| REPORT FOR: | GOVERNANCE, AUDIT, |
|--------------------|----------------------------|
| | RISK MANAGEMENT AND |
| | STANDARDS COMMITTEE |

| Date of Meeting: | 29 January 2015 |
|-----------------------------|--|
| Subject: | Standards Complaints Procedure |
| Responsible Officer: | Hugh Peart Director of Legal and Governance Services |
| Exempt: | Νο |
| Wards affected: | All Wards |
| Enclosures: | Appendix 1 – Current Model Procedure and Flow Chart (Arrangements for Dealing with Standards Allegations under the Localism Act 2011) |
| | Appendix 2 – Proposed Model Procedure and Flow Chart (Making A Complaint About A Councillor) |
| | Appendix 3 – Proposed Constitutional Changes |

Section 1 – Summary and Recommendations

This report sets out proposals to revise the procedure relating to complaints against Councillors.

Recommendations:

The Committee is requested to recommend to Full Council that:

1) The new procedure for dealing with complaints against Councillors, as contained in Appendix 2 to this report, be agreed;

2) That a new Standards Working Group be established;

3) That the Assessment Working Group and Hearing Working Group be disbanded;

4) That the Assessment Sub-Committee and Hearing Review Sub-Committee be disbanded;

5) That the Council delegate to the Monitoring Officer the power to make decisions on complaints as set out in the procedure contained in Appendix 2 to the report;

6) That the Constitutional amendments contained in Appendix 3 to this report be agreed.

Section 2 – Report

Background

- 1. The requirement to have arrangements to deal with complaints made against Councillors is set out in Section 28 of the Localism Act 2011.
- 2. The Localism Act 2011 also requires the Council to promote and maintain high standards of conduct by members and co-opted members of the authority. A new code of conduct based on the seven 'Nolan principles' of public life was agreed by council on 5 July 2012 and also covers the registration of pecuniary interests, the role of an 'independent person' to investigate alleged breaches, and sanctions to be imposed on any councillors who breach the code.

3. However, the action that can now be taken by the Council against any Councillor found to have breached the Code of Conduct is limited with the most serious sanction being censure or criminal prosecution pursued by the Police for deliberately withholding or misrepresenting a financial interest.

Current situation

- 4. Full Council adopted the current procedure to deal with complaints against Councillors on 5 July 2012. This is detailed in Appendix 1 to this report.
- 5. Appendix 2 to this report details the proposed new procedure to deal with complaints against Councillors.
- 6. The main changes include the following:
 - Strengthening the filter process by the Monitoring Officer in consultation with the Independent Person. Currently only complaints that do not fall within the scope of the code of conduct or are considered to be vexatious can be filtered out. Under the new proposals the power would also extend to frivolous complaints, complaints which are more than 6 months old (unless there are exceptional circumstances) or which do not merit further investigation on public interest grounds;
 - The abolition of the Assessment and Hearing Working Groups, the Assessment Sub-Committee and Hearing Review Sub-Committee;
 - The establishment of a Standards Working Group to make recommendations to the Monitoring Officer about whether there has been a breach of the Code of Conduct or not, whether further investigation is required and whether a Local Hearing should be held. Where the Monitoring Officer decides that a Local Hearing should be held it will be conducted by the Standards Working Group;
 - A new delegation to this Committee to consider a referral from the Monitoring Officer where he/she disagrees with the recommendations from a Standards Working Group following a Local Hearing.
- 7. Appendix 3 to this report details the consequential constitutional amendments that will be required if the proposed new complaints process is adopted.

Why a change is needed

- 8. Whilst as a general rule it is important to deal robustly with complaints of a breach of the code of conduct, on occasion complaints are received which do not merit the inevitable expenditure of time and money which investigation and possibly a hearing would involve. The new proposal strengthens the Monitoring Officers powers, in consultation with the Independent Person, to filter out such complaints and ensure that the process allows a proportionate response to alleged breaches of the code.
- 9. The new process is also simplified in terms of the number of stages and different hearings which can be involved. This should be easier for the public to understand.
- 10. The new process will reduce officer time spent on standards complaints and as a result save money.

Financial Implications

11. The proposed new procedure for dealing with complaints against Councillors would be implemented and contained within existing budgets.

Risk Management Implications

Risk included on Directorate risk register? Yes/No (Delete as appropriate)

Separate risk register in place? No

The Council must have a Code of Conduct and a procedure for dealing with complaints against Councillors. These are requirements of the Localism Act 2011.

Equalities implications

Was an Equality Impact Assessment carried out? No

If no, state why an EqIA was not carried out below:

The proposed new procedure will allow all members of the public and stakeholders to have access to a system where they can easily voice concerns about the conduct of Councillors.

Council Priorities

A transparent and robust complaints procedure against Councillors contributes towards all of the Council's Corporate Priorities as it promotes the integrity of the Council as a whole.
