4.5 Strengthening Communities Scrutiny Sub-Committee 13<sup>th</sup> July 2004 – To consider the Panel's strategic proposals the consultation process and provide any comments for the Panel's consideration.

5. **Relevance to Corporate Priorities**

5.1 This report addresses the Council's stated priority of "strengthening Harrow's local communities by promoting social inclusion amongst all Harrow residents both young and old, by seeking to eradicate poverty and by reducing the fear of crime."

6 **Background Information and options considered**

6.1 On 27<sup>th</sup> April 2004 Members approved the recommended strategy for supporting the Voluntary Sector in Harrow and authorised officers to carry out a two-stage consultation with the Voluntary Sector. In the 1<sup>st</sup> stage the consultation involved 9 umbrella groups as well as the Chairs of the Primary and Secondary Headteachers' Associations and the Chair of the Association of Harrow Governing Bodies. The consultation documents were sent out on 19<sup>th</sup> May 2004 and responses were due to be received by Friday 11<sup>th</sup> June 2004.

6.2 For the 2<sup>nd</sup> stage consultation the Council consulted 426 community groups, many of which are in receipt of some form of support from the Council. In order to expedite the process and ensure transparency and accountability, the Council commissioned MORI to conduct the 2<sup>nd</sup> stage consultation. MORI carried out a postal survey of the 426 groups from 14<sup>th</sup> June to 12<sup>th</sup> July 2004. They also carried out depth interviews with 10 umbrella groups suggested by the Council. MORI will provide a combined report on the postal survey and the depth interviews by Friday 23<sup>rd</sup> July 2004 and this will be tabled at the Panel's meeting.

6.3 Members need to note that the wording in the Community Strategy Priorities was changed slightly following consultation. This is reflected in the Strategic Review Consultation document. In view of this, Members may wish to approve the wording of the agreed Common Grants Criteria, before they are reported to Cabinet.

## 7. **Consultation**

- 7.1 Extensive consultation has been carried out as set out above. Similar consultation will be undertaken in respect of other aspects of the review.
- 7.2 A report setting out the strategic proposals together with the documents relating to the consultation with the voluntary sector was presented to the Strengthening Communities Sub-Committee at its meeting on 13<sup>th</sup> July.
- 7.3 The purpose of this report was to seek comments from the Sub-Committee in order to inform the decisions of the panel.
- 7.4 There were two main comments made:
- (a) That more emphasis should be given to monitoring the performance of the groups against targets set and that this should inform the Panel's decisions on future funding.
  - (b) In respect of groups which may no longer qualify for funding under the new community strategy criteria, the Council should place more emphasis on assisting groups to meet their objectives through capacity building advice and access to wider Council support.

## 8. **Finance Observations**

- 8.1 This is a report of the Director of Financial and Business Strategy and deals with financial matters throughout.

## 9. **Legal Observations**

- 9.1 None.

## 10. **Conclusion**

- 10.1 The strategic review of grants is proposing a new Council-wide system of providing support to voluntary sector in Harrow. The voluntary sector has been consulted extensively on the review. The involvement of MORI in the collection and analysis of responses ensured transparency to the process of consultation.

Dear Colleague,

## ***HAVE YOUR SAY ON HOW VOLUNTARY ORGANISATIONS IN HARROW ARE FUNDED***

Harrow Council is undertaking a Strategic Review of the way that it provides funding support to the voluntary sector. This aims to establish a framework to ensure that the Council's grant processes and policies are as simple, efficient, transparent and fair as possible.

A draft strategic framework has been developed, and Harrow Council has conducted an initial consultation with the umbrella organisations who represent the sector. The Council is now rolling out this consultation to invite the voluntary and community groups in the Borough to have an opportunity to comment on the proposals. This is your opportunity to have your say on how your organisation is funded.

Accompanying this letter you will find two documents;

- a) the 'Consultation Strategy Document' – this explains the proposals
- b) the 'Consultation Response Form' – where you can express your views on the proposals.

Harrow Council is handling the mailing of these materials, but it has asked MORI – the independent research company – to process and analyse the results. This means that while the Council will know which organisations have responded to the survey, the individual answers you give will remain strictly confidential to MORI.

The results of this survey will feed directly into the Council's work to improve the way voluntary groups are funded in Harrow, so we would be very grateful if you could spare a few minutes to complete the questionnaire and return it to MORI in the FREEPOST envelope enclosed by **Friday 25<sup>th</sup> June 2004.**

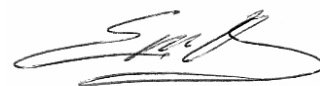

If you have problems reading or understanding this questionnaire, or if you have any other queries, please call David Ward at Harrow Council on 020 8424 1064, or Joanna Slaymaker or Emma Holloway at MORI on 020 7347 3000.

*Thank you very much for sparing the time to complete the questionnaire. Your views will be vital in helping Harrow to plan for the future*

Yours sincerely,

David Ward

# **Harrow Council Strategic Review of Support to Voluntary Organisations: Consultation Strategy Document**

Harrow Council is undertaking a Strategic Review of the way it provides funding support to the voluntary sector and needs your help in understanding the views of the organisations in the Borough.

This strategy document sets out the background and aims of this Review, as well as detailing the proposals where Harrow Council would like your feedback, as a representative of a voluntary organisation in Harrow. Your views on these proposals are very important, so we would be very grateful if you can spare the time to consider these carefully before completing the Consultation Response Form (which should also be in your pack).

## **Reasons for the Strategic Review:**

- Funding patterns and administrative structures have remained unchanged for many years
- New and emerging needs
- Priorities needed re-evaluating, in line with the council's Community Strategy

## **Aims of the Review**

To establish a strategic framework for future funding that:

- Encompasses a council-wide approach to supporting the voluntary sector
- Simplifies administrative processes and establishes common criteria for different types of support
- Has maximum impact and represents best value
- Delivers Harrow Council's policy and grants priorities

## **Principles underpinning the Review**

- The need to improve partnership working
- A desire to improve transparency and clarity about funding decisions
- A commitment to improving the capacity and accountability of voluntary organisations in Harrow.

## **Introduction**

There has been no strategic review of the way in which the Council supports voluntary organisations across the Borough for a number of years. As well as the funds allocated to organisations via the Grants Panel, the Council provides support to voluntary organisations from a number of sources, including;

- Concessionary lettings
- Payments direct from departmental budgets
- Free / discounted use of premises
- Discretionary rate relief

The total support provided in 2003/04 was £4.3m. This included £1m allocated via the Grants Panel of which 97% was provided to previously funded organisations and 3% was given to new applicants. Therefore it is clear that the bulk of funding is provided on a historical basis, which diminishes the Council's capacity to fund new and emerging needs.

## **Issues identified through the Strategic Review**

The following sections of this document raise issues identified through the Strategic Review and raise questions about the proposals made. The information about each proposal is presented, followed by the corresponding question/s which are asked about this proposal. You should read each section carefully and then record your answers in the corresponding section of the Consultation Response Form.

## Q1 and 2: Common Grants Criteria

To encompass a Council-wide approach to supporting the voluntary sector, a consistent strategic approach is essential.

The Council's Community Strategy sets out the Council's commitments to strengthening Harrow's community. Clearly therefore, in considering a consistent approach to supporting community organisations, there is a need to ensure that the priorities of the strategy are embedded in the grants processes.

Therefore the following criteria, which are based on the community strategy priorities, are proposed as an over-arching framework for supporting voluntary organisations in Harrow. Proposals must be consistent with one or more of the headings within the Council's Community Strategy: -

- **Empowering Local Communities** - To promote the objectives of community cohesion, equality of access to services and life opportunities for all, enhancing the quality of life of older people, working with the voluntary and community sector as equal partners and celebrating the diversity of the communities of Harrow.
- **Safer Harrow** - To promote and increase the safety of the whole community by working in partnership to reduce crime, disorder and the fear of crime; to reduce the incidence of personal, home, fire and road accidents within Harrow.
- **Regenerating Harrow** - To create a more vibrant and sustainable community with a diversity of employment, thriving businesses, a broad range of good quality and affordable homes and a dynamic town centre.
- **Greener Harrow** - To create a cleaner, greener, sustainable and more attractive Harrow in which to live, work and visit.
- **Children and Young People** - To ensure that the life chances of children and young people are enhanced and supported by the provision of universal and targeted services. To ensure that services are provided for children, young people and their families at appropriate times in their development and transition in an accessible, transparent and seamless fashion across all agencies. To ensure that every child has the chance to fulfil his or her potential by reducing levels of educational failure, ill health, substance misuse, teenage pregnancy, abuse and neglect, crime and anti-social behaviour.
- **Learning for All** - To create a borough where everybody has the opportunity to fulfil their potential through improved standards of education and wider participation in lifelong learning.
- **Making ICT Work** - To develop the availability and use of Information and Communications Technology (ICT) across Harrow to enable better and faster access to information and services for the residents of Harrow and facilitate "joined up" working between all partner organisations.
- **Healthy Harrow** - To improve the health of local people by tackling health inequalities and enhancing health and social care services in Harrow.

One or more of the above criteria could be given additional weighting in a particular year so that there was a theme to the support provided.

### **Consultation Questions:**

Please now answer questions 1 and 2 in your Consultation Review Response form

## Q3, 4 and 5: Conditions of Funding

It is proposed that in future applicants should satisfy the following conditions:

- The applicant must be a voluntary group based in Harrow, with 80% of its members/users from Harrow.
- The organisation must be properly constituted, have a management committee and a bank account in the name of the organisation.
- The organisation must not promote or oppose any political party.
- The activities the organisation provides must not be of a religious nature.
- The organisation must not be profit making.
- The organisation must demonstrate commitment to the Council's equal opportunities policy.
- The organisation must set out in its application any existing funding provided.
- For community premises applications – the organisation must have no accommodation of their own

and the period of use is limited to a maximum of 3 years.

- The organisation must accept all financial transactions from the Council electronically.
- The organisation must agree to provide a report on the use of the grant, and audited accounts (where audited accounts are not available, management accounts and copy bank statements as appropriate).
- Organisations in receipt of funding in excess of £1,000 per annum, must display the Council logo on their stationery acknowledging they are “supported by Harrow Council”.

**Consultation Question:**

Please now answer question 3 in your Consultation Review Response form

Further it is suggested that particular emphasis be placed on the following types of organisation and activity, those that:

- Have been awarded the Community Legal Services quality mark, or any other recognised quality assurance award.
- Are proposing projects dealing with consumer advice, debt counselling, immigration, housing, and mental health.
- Are serving black and minority ethnic communities, refugees and asylum seekers and address domestic violence issues.
- Demonstrate that they will use the Council’s grant to attract funding from other sources.

**Consultation Question:**

Please now answer question 4 in your Consultation Review Response form

It is recommended that the criteria and conditions will apply to the central grants and SLA's, community premises and community lettings, but not the departmental arrangements or discretionary rate relief. The latter are necessarily based on separately identified needs and criteria.

In respect of the community premises, you are asked to consider whether the existing administration process is still relevant or whether the cost of running the premises should be allocated on a grants basis, for voluntary organisations to submit bids to purchase space.

**Consultation Question:**

Please now answer question 5 in your Consultation Review Response form

**Q6, 7 and 8: Grants vs SLA's and Funding Duration**

Under the present support given by the Grants Panel, there is no clear rationale over why some organisations are given SLA funding as opposed to a grant.

It is therefore advisable that a threshold be established for SLA funding. Grants below this threshold of, say £10,000, could be subject to a simple funding letter setting out the purpose of funding and reporting requirements.

New SLAs will include details of any conditions attached to the funding, objectives and performance measures, clear reporting requirements linked to staged payments, and "clawback" arrangements, to reduce the financial risks to the Council.

You are also asked to consider the merits of 3 year funding for grants and / or grants-based SLA's, which would offer organisations more financial security, enable them to plan services on a longer term basis and assist them in their attempts to secure funding from other sources. In addition a three-year funding cycle would fit well with the Council's medium term budget strategy.

**Consultation Questions:**

Please now answer questions 6, 7 and 8 in your Consultation Review Response form

### **Q9: The Balance of Funding**

Another area for consideration is the balance of funding. It is recommended that the application form and monitoring requirements are amended to collect information on :-

- Location of activity
- Type of activity
- Equality issues (for the organisation itself and its service users).

This will enable the Council to compile data and assess the balance of funding over a period of time across geographical areas / activities / equalities groups. It will also enable comparison with the vitality profile.

#### **Consultation Question:**

Please now answer question 9 in your Consultation Review Response form

### **Q10: Transitional Funding**

Depending upon the agreed criteria for future support, it would be advisable to establish transitional arrangements to enable historically funded groups, that may no longer qualify for funding, to make other arrangements. Transitional funds would also provide start-up grants for emerging organisations not yet meeting the new criteria.

#### **Consultation Question:**

Please now answer question 10 in your Consultation Review Response form

Thank you for taking part in this consultation. Please send your completed Consultation Response Form back to MORI in the enclosed reply paid envelope by **Friday 25<sup>th</sup> June**.

Consultation Response Form**

Please read the Consultation Strategy document enclosed in this pack carefully. When you have read the Strategy document you should then complete this Consultation Response Form. Harrow Council will know which organisations have responded to the survey, but they will not know the views of individual groups; the individual answers you give will remain strictly confidential to MORI.

This form should be returned to MORI in the freepost envelope provided by **Friday 25<sup>th</sup> June 2004**. The return address for this document should you not have a reply paid envelope enclosed is: MORI Data Services, 77-81 Borough Road, London, SE1 1ZY
