PART I - RECOMMENDATIONS

RECOMMENDATION I - Review of the Licensing Policy

The Committee considered a report of the Executive Director Community and Environment, which advised on the outcome of the review of Harrow's Licensing Policy. The Policy has to be reviewed every three years, following its implementation, to comply with relevant legislation.

Harrow's Licensing Policy established the basis for applications under the Licensing Act and how they were to be determined. Harrow had developed, consulted on and published a statement of its Licensing Policy on 6 January 2005, which was due to expire on 5 January 2008. The Authority in reviewing its Policy had to consider responses from stakeholders as part of a consultation process. Stakeholders were widely consulted with participation from local businesses, residents' associations, Ward Councillors, the London Fire and Emergency Planning Authority, Metropolitan Police as well as other statutory organisations and interested parties.

It was noted that the existing Policy had been written prior to the Licensing Act coming into force and appeared to incorporate more of a legal approach to its guidance. However, three years on a lot had happened, national precedents had been set and everyone was more familiar with the understanding of the Policy. The revised draft Policy had more flexibility and had incorporated suggestions following wide consultation.

Having considered the responses to the draft Licensing Policy following consultation, it was:

Resolved to RECOMMEND: (to Council)

That Harrow's Licensing Policy, attached at Appendix A, be endorsed.

Appendix A - Review of the Licensing Policy

RECOMMENDATION II - Feedback and Recommendations from Member Working Group – Polling District Review

The Committee considered a report of the Director of Legal and Governance Services, at its last meeting, which advised of the necessity to review Harrow's polling districts and stations in accordance with legislation, and sought the establishment of a working group to undertake the work.

The Polling District Working Group met twice in order to review every polling district within the Borough and made several recommendations.

It was noted that if officers found suitable alternative locations for polling centres, particularly where requests had been made by the working group or Ward Councillors, they would use it.

Resolved to RECOMMEND: (to Council)

That (1) the recommendations in relation to individual polling districts, as set out in Appendix B be endorsed; and

(2) future reviews of polling districts address selected parts of the Borough each year, to ensure that the statutory requirement to conduct a review every four years of all of the Borough's polling districts are met.

(See also Minute 62).

LICENSING ACT 2003

**LICENSING
POLICY**

Published on 18th October 2007

London Borough of Harrow

Licensing Policy – Licensing Act 2003

1. Introduction

1.1 Harrow Council is the Licensing Authority under the Licensing Act 2003 ('the Act.'). It is responsible for premises licences, club premises certificates, temporary events notices and personal licences in the Borough in respect of licensable activities:

- The sale and/or supply of alcohol.
- The provision of regulated entertainment.
- Late night refreshment.

1.2 The guiding principles in the Licensing Act 2003 are the Licensing Objectives:

- The prevention of crime and disorder.
- Public safety.
- The prevention of public nuisance.
- The protection of children from harm.

1.3 These Objectives and the Statutory Guidance are the basis for this policy. In the context of licensing, our society has to strike a balance between those activities that profit one portion of that society and those that may have a detrimental effect on another. All views will be taken into account when determining licensing policy.

1.4 This licensing policy covers the period from 18th October 2007 to 17th October 2010. It will be kept under review and, following consultation, revised or amended at any point in that period that the Council see fit.

2. Main Principles

2.1 'Licensing' in this policy means the administrative functions behind the issue of Personal Licences, Premises Licences, Club Premises Certificates to qualifying clubs and temporary events within the terms of the Act, especially in relation to s.5. Nothing in this policy will undermine the rights of any person to apply under the Act and have the application considered on its individual merits, and/or override the right of any person to make representations or to seek a review of a licence or certificate where they are permitted to do so under the Act. Further explanation of licensing functions can be found in Annexes B to G

2.2 The Act provides flexibility for operators to provide licensable activities that suit the individual nature of a venue. The application form and accompanying Operating Schedule for a premise enable a business to reflect its individual needs, setting down when and how the activities will take place. While this Licensing Policy assists with the interpretation of the Objectives, applicants must carefully consider the potential impact of their licensable activities and seek advice where necessary. They should conduct a thorough risk assessment with regard to the Licensing Objectives when preparing their application. The matters put forward on an Operating Schedule normally become conditions on any licence or certificate granted, hence applicants should carefully consider what is in the application and must be willing and able to comply with the Operating Schedule.

- 2.3 Where there are no representations to an application the Licensing Authority must grant the licence or certificate with only those conditions that are consistent with the Operating Schedule and any mandatory conditions in the Act. In the case of an event organised under a Temporary Event Notice, a counter notice can only be served following appropriate representations made by the Police.
- 2.4 When determining unresolved representations the Licensing Authority will primarily focus on the impact of the activities taking place at licensed premises on persons living, working or engaged in normal activity in the area concerned.
- 2.5 Conditions on licences and certificates might only arise from the following sources:
- The Operating Schedule.
 - The mandatory conditions within the Act.
 - At a hearing by the Licensing Authority to determine unresolved representations.
- 2.6 Conditions attached to Premises Licences and Certificates will as far as possible, relate local necessity; for example, the provision of CCTV. A key concept of the Act is the tailoring of conditions to the individual style of premises and events. A standardised group of conditions should therefore be avoided, and may be unlawful where they cannot be shown to be necessary to promote the licensing objectives. This is not to say that the wordings of conditions themselves cannot be identical when applied to different premises, since there are bound to be regular requirements. Examples could be conforming to ACPO principles, and other professional standards.
- 2.7 There are a number of available mechanisms for addressing issues of unruly behaviour that can occur away from licensed premises, including:
- Planning controls.
 - Positive measures to create a safe and clean environment in these areas in partnership with local businesses, transport operators and other Council departments.
 - Designation of parts of the Borough as places where alcohol may not be consumed publicly.
 - Regular liaison with Police on law enforcement issues regarding disorder and anti-social behaviour, including the issue of fixed penalty notices, prosecution of those selling alcohol to people who are drunk; confiscation of alcohol from adults and children in designated areas and the instant temporary closure of licensed premises or temporary events on the grounds of disorder, or likelihood of disorder or excessive noise from the premises.
 - The power of the Police, other responsible authority or a local resident or business to seek a review of the licence or certificate.
- 2.8 The council addresses many of these issues in partnership with the Police and other agencies within the Partnership framework. The council acknowledges that some aspects of the law may be difficult to understand, and therefore always advises early consultation when applications are being made. Specific business advice cannot be given nor application forms filled in on behalf of applicants, but assistance can be provided in understanding the legislation. The Council acknowledge the speed at which legislation can change and will, as far as possible, undertake education by way of mail shot, group e-mails and seminars.

3. Licensing Objective 1: Prevention of Crime and Disorder

- 3.1 Licensed premises that serve alcohol and refreshments, especially those offering late night/early morning entertainment, can be a source of crime and disorder problems through the actions of their patrons and staff. Good management at premises makes an important contribution to reducing the impact on the local community. An example of good practice by management is active participation in local Pub and Drug Watch schemes.
- 3.2 The Council will work with the Police to encourage licensees to work in partnership with local Pub and Drug Watch schemes as a way of supporting licensees to actively prevent crime and disorder issues and to inform crime reduction strategies. Schemes will encourage the sharing of information, effective communication and will seek to address matters such as under-age sales, problems associated with drunkenness, prevention of illegal drug use, and violent and anti-social behaviour. Where there is no scheme in place applicants are strongly encouraged to visit www.uniquepubs.com/pubwatch to obtain further information and advice on setting up a scheme.
- 3.3 When addressing the crime and disorder objective, applicants should initially identify any issues likely to adversely affect the objective and then the steps to deal with them. Such measures on the Operating Schedule might include the following:
- (a) What measures will be taken by the licensee to promote drugs awareness and what provision has been made for facilities to store seized drugs. In the interests of public safety, nightclub owners and dance event promoters are encouraged to follow guidance in the Safer Clubbing Guide to ensure the health and safety of anyone attending dance events. Particular attention will be paid to the measures taken to record the seizure and storage of controlled drugs, weapons and similar material.
 - (b) What measures will be taken by the licensee to prevent alcohol abuse such as drinking games and continuous drink promotions, such as the adoption of advice by the British Beer and Pub Association and the Portman Group. This is to avoid potential crime and disorder incidents linked to binge drinking.
 - (c) What features are currently in place or planned for physical security at the premises, for example, CCTV. Advice is available from the local Crime Prevention Design Advisor on the layout and specification of CCTV systems.
 - (d) How licensees propose to work in partnership with the Licensing Authority, Police and other traders in establishing a possible agreement on co-ordinating operating hours to prevent large numbers of people moving between premises. For example, disco nights, promotion nights and special events that could attract large numbers of people. Such co-ordination could be achieved through a local Pub Watch Scheme.
 - (e) What arrangements will be put in place in respect of the adoption and use of a recognised or appropriate age-monitoring scheme.
 - (f) What active management measures will be taken for the prevention of violence or public disorder. For example, where appropriate, employment of registered door staff to effectively control potential flashpoints such as the management of persons awaiting entry to premises and flashpoints within the premises itself.

- (g) What arrangements have been made for the safety of staff and other persons (including performers, contractors, agency staff and other persons in the premises for work purposes) in premises open between 11pm and 5am, or in premises where there is history of violence from customers or the public. One example of such a premises would be a shop selling alcohol for consumption off the premises (an “off-licence”).
- (h) What arrangements have been made for seating in pubs, bars, nightclubs and late night refreshment premises. Research has shown that the amount of seating can be relevant to the prevention of crime and disorder.

- 3.4 When considering controls at premises applicants are recommended to seek early advice from the Council’s licensing staff and the Police.
- 3.5 Where conditions have not been adhered to in the past, the Licensing Authority will expect applicants to have considered and taken action to rectify those issues. If there is continued abuse of the regulations, action will be taken in accordance with the Enforcement Policy.
- 3.6 In the interests of the Licensing Objectives, the Licensing Authority advise that where alcohol is consumed in designated outside areas, appropriate risk assessments are undertaken to minimise risks. Such measures may include the serving of drinks in plastic vessels, regular cleaning of litter, control of noise levels, etc.
- 3.7 Wherever possible, applicants are expected to be aware of local groups known to incite violence or hatred, or partake in extremist activities, in order to prevent the likelihood of meetings resulting in crime or disorder. Licensees will be expected to take into consideration the potential impact on privacy or religious freedom and the ethnic and cultural composition of the local area when accommodating these meetings. The Council recognises the need to promote the elimination of unlawful discrimination and to promote equality of opportunity. Therefore, the Council recommends licensees seek guidance from the Home Office website www.raceimpact.homeoffice.gov.uk
- 3.8 When determining unresolved representations to an application and where necessary in individual circumstances to comply with the Licensing Objectives, the Licensing Authority may consider attaching specific conditions related to the licensed activities and conditions as outlined in Annex C – Conditions relating to the prevention of crime and disorder.

4. Licensing Objective 2: Public Safety

- 4.1 Members of the public visiting licensed premises expect that their physical safety and health will be protected. Licensees must be able to demonstrate that they have considered and put into effect measures to protect the safety of the members of the public. Applicants are advised to seek early advice from the Council’s Licensing Officers, Environmental Health Officers and the London Fire and Emergency Planning Authority (Fire Authority) before preparing their plans, Operating Schedules, establishing new premises, commencing refurbishment work, etc.
- 4.2 A wide range of premises fall within the scope of the Act including cinemas, halls, theatres, nightclubs, public houses, cafés, restaurants and fast food outlets/takeaways. In addition open-air events such as concerts, or other events in parks, marquees and stadia, may also fall under licensing requirements. Each type of premises presents a mixture of risks, some common to the bulk of premises while others are unique to specific activities. It is essential that premises are constructed

or adapted and operated to acknowledge and safeguard occupants against these risks. When addressing the public safety objective, applicants should initially identify any issues likely to adversely affect the objective and then the steps to deal with them. Such measures on the Operating Schedule might include those in Annex D – Conditions relating to Public Safety (including fire safety) and Annex E – Theatres and Cinemas (Promotion of Public Safety).

- 4.3 When determining unresolved representations to an application and where necessary in individual circumstances to comply with the Licensing Objectives, the Licensing Authority will consider attaching conditions to licences and certificates to promote safety, and these may include conditions drawn from Annex D or Annex E.
- 4.4 The principal purpose of a safe capacity limit is to ensure the safety of all persons on the premises at the time and to ensure a safe means of escape in the event of fire. Capacity limits can also assist in preventing crime or disorder, as overcrowded premises can increase the risks of disorder as crowds become frustrated and hostile. Following relevant representations the Licensing Authority will consider the need for occupancy limits for an individual premises in consultation with the Fire Authority, Health and Safety Officers, and Building Control Officers, as appropriate, where there is a concern for public safety. Premises that have safe capacity limits imposed under fire safety legislation will not have a safe capacity limit imposed for the same activities under the premises licence, or club registration certificate, unless recommended by the Fire Authority.
- 4.5 Subject to the existence of controls under other legislation and the need to determine representations, the Council as Licensing Authority will wish to:
- Ensure that all licensed premises or temporary events have adequate and effective means of escape in case of fire and that all fire safety measures have been implemented.
 - Ensure, as appropriate, licensed premises or temporary events are provided with fire alarms, emergency lighting and fire fighting equipment suitable to the assessed risks and adequately maintained.
 - Ensure that the number of people present can safely be evacuated in the case of emergency.
 - Ensure adequate staff training to deal with emergencies and that the Operating Schedule expressly states what training is to be undertaken, its frequency and what records are kept to demonstrate this has taken place.
 - Ensure that safety measures are clearly stated in the Operating Schedule. Applicants might usefully make reference to relevant risk assessments.
 - Nightclub type premises can be a focus for the trade in and consumption of illegal drugs. The Council as licensing authority will continue to encourage measures such as “Safer Clubbing” (available at www.drugs.gov.uk) and existing work through the Drug Action Team and the Crime and Disorder Reduction Partnership, as a strategic approach to addressing drug problems.

5. Licensing Objective 3: The Prevention of Public Nuisance

- 5.1 The Licensing Authority is committed to preventing public nuisance in the Borough by working in close partnership with Police and licensees, as well as coordinating

action across the Council's services. The term 'public nuisance' is not limited to existing legal definitions of the term and the Licensing Authority intends to interpret the term in its widest sense, including issues affecting the amenity of the area such as noise, light, odour, litter and anti-social behaviour.

- 5.2 In the Operating Schedule, applicants should indicate how they intend to carry out the licensable activities in a way that will not cause public nuisance. Where premises are located near to noise-sensitive areas, for example, nursing homes, hospitals or places of worship, the Operating Schedule should specify the steps to be taken to ensure there is no loss of amenity to persons in these premises when licensable activities are taking place.
- 5.3 When addressing the public nuisance objective, applicants should initially identify any issues likely to adversely affect the objective and then the steps needed to deal with them. Such measures on the Operating Schedule might include the following:
- Measures taken or proposed that will reduce noise and vibration escaping from the premises. This would include music and human voices whether or not amplified. Additionally measures to control noise from vehicles and plant, such as ventilation and refrigeration equipment.
 - Measures taken or proposed that will minimise disturbance by persons arriving or departing from the premises, also the delivery of goods and services to the premises.
 - Measures taken to control light to ensure that it does not stray outside the boundary of the premises such as to give rise to problems in the locality.
 - For late night premises, provision for access to taxis and private vehicle hire services. For example, lists of taxi companies displayed by a public telephone.
 - Measures taken to encourage patrons to arrive and disperse quickly and quietly from the immediate vicinity of the premises.
 - Measures taken to ensure the removal of persons ejected from the premises and their dispersal from the immediate vicinity.
- 5.4 In appropriate circumstances to control access to and egress from the premises during events and prevent public nuisance, the Licensing Authority will consider attaching a condition to licences requiring the use of Door Supervisors, Stewards, Security or other staff. Such staff need to be licensed by the Security Industry Authority.
- 5.6 At large events or events likely to create a particular noise or disturbance, following relevant representations, the Licensing Authority may request or require an organiser to conduct regular monitoring to determine the degree of disturbance to any nearby residential premises. Where such a condition is applied, the applicant will maintain a log of such monitoring indicating the time, any incidents and what remedial action was taken.
- 5.7 Applicants seeking licences for the sale or supply of alcohol should consider the measures to be taken to prevent individuals from consuming excess alcohol and to manage individuals who have consumed excess alcohol. The Licensing Authority would expect the holders of Premises Licences to promote the training of staff in alcohol abuse awareness as part of responsible trading within the Licensed trade.

- 5.8 When determining unresolved representations to an application and where necessary in individual circumstances to comply with the Licensing Objective, the Licensing Authority may consider attaching specific conditions related to the licensed activities and conditions as outlined in Annex F – Conditions relating to the prevention of public nuisance. The authority expects stricter conditions to be applied to control noise nuisance in areas that have denser residential accommodation.

6. Licensing Objective 4: The Protection of Children from Harm

- 6.1 The definition of 'Protection of Children from Harm' is written in the Act, and includes the protection of children from moral, psychological and physical harm. A wide range of premises fall within the scope of the Act and children can be expected to visit many of these for food or entertainment. The Act introduces some limits on access by persons under the age of 16 years to premises licensed for the sale of alcohol, but this aside, children should have access to licensed premises. It is recognised in certain situations that limitations may have to be considered where it appears necessary to protect children from harm.
- 6.2 When addressing the protection of children, applicants should initially identify any issues likely to adversely affect the objective and then the steps needed to deal with them. Such steps as are required to deal with these identified concerns should be included on the Operating Schedule. Applicants should consider the arrangements in place to prevent the sale of any alcohol to children, such as an age-monitoring scheme. The Licensing Authority promote the following as part of a proof of age scheme:
- Passport;
 - Photo Card driving licence issued in the European Union;
 - Proof of Age Standards Scheme Card (PASS);
 - Citizen Card supported by the Home Office;
 - Official ID card issued by HM Forces or by a European Union country bearing a photo and date of birth of holder
- 6.3 The Act details a number of offences intended to protect children in licensed premises and the Licensing Authority will work closely with the police and through Trading Standards Officers, to ensure the appropriate enforcement of the law, especially relating to the sale and supply of alcohol to children. The Licensing Authority will consult with the Local Safeguarding Children Board on any application where there are concerns over access for children. Licensees are encouraged to inform the appropriate agencies when it comes to their knowledge that children have tried to purchase alcohol illegally.
- 6.4 Licensees retain the right to permit or not to permit children into their premises at any time; where appropriate, applicants should state in the Operating Schedule
- Whether or not they will admit children to the licensed premises.
 - Whether or not children will be admitted to all parts of the premises.
 - Where children are to be admitted, the steps that will be taken to protect children from harm, e.g. designated areas for children and families, age (below 18) and hour limitations, or full exclusion of people under 18 in accordance with this objective.

- 6.5 The Licensing Authority considers that certain premises are likely to give rise to particular concern in respect of children. Where the discretion of the Authority is engaged through representations the circumstances of the case and the need for conditions limiting the access of children will be considered. The following are examples of premises that will raise concern:
- Where adult entertainment or services of a sexual nature is commonly provided at the premises.
 - Where there have been convictions of members of the current staff at the premises for serving alcohol to minors.
 - Premises where there is a strong element of gambling.
 - 'Off-sales' premises that allow children under the age of 12, entry after 9pm without an accompanying adult.
- 6.6 When determining representations the Licensing Authority will consider measures including any of the following options when dealing with a licence or certificate application where limiting the access of children is considered necessary to prevent harm to children:
- Limitations on the hours when children may be present.
 - Limitations on ages below 18 years.
 - Limitations or exclusion when certain activities are taking place.
 - Requirements for an accompanying adult.
 - Full exclusion of people under 18 from the premises when any licensable activities are taking place.
- 6.7 In relation to the exhibition of films, programmes or videos, included would be the protection of children from exposure to strong language, horror, violence and sexual content. In appropriate cases, the Licensing Authority will expect the licensee to provide evidence of how they intend to prevent these occurrences. It is expected that licensees of cinemas and places where films are shown will include in their operating schedules arrangements for restricting children from viewing age-restricted films, classified according to the recommendations of the British Board of Film Classification (BBFC) or the requirements of the Licensing Authority.
- 6.8 In relation to cinemas and places where films are shown applicants, when considering the need for control measures, should consider how entry to the premises will be controlled as part of an age-monitoring strategy and to demonstrate these measures in their Operating Schedule.
- 6.9 With regard to film classifications and the Protection of Children from Harm Licensing Objective, the Licensing Authority reserves the right to classify, or reclassify any film. Any classification by the Authority will be notified to relevant premises in the Borough and a notice placed on the Council's website.
- 6.10 Many children go to see and/or take part in entertainment arranged especially for them, for example children's film shows and dance or drama productions. Additional arrangements are required to safeguard them while at licensed premises. In appropriate cases, the Licensing Authority will expect the licensee to provide evidence of how they intend to provide for the supervision and welfare of children as customers and as performers. In appropriate circumstances, where children are supervised, the Licensing Authority will expect the Operating Schedule to demonstrate that these supervisors have been appropriately cleared of relevant offences through the Criminal Records Bureau.

- 6.11 Where events are taking place that are solely provided for children, for example an under 18's disco, any licence or Temporary Event Notice must contain a risk assessment to prevent consumption of alcohol at or near the event.
- 6.12 Subject to the existence of controls under other legislation and the need to determine relevant representations, where a regulated entertainment is specially presented for children the Council as Licensing Authority will consider the following in order to control access and egress and to ensure the safety of children:
- An adult member of staff to be stationed in the vicinity of each of the exits from any level, subject to a minimum of one member of staff per 50 children or part thereof.
 - No child unless accompanied by an adult to be permitted in the front row of any balcony.
 - No standing to be permitted in any raised seating (balcony, raked seating, etc) during the performance.
- 6.13 Where appropriate, and particularly with regard to large public events, an applicant should consider robust procedures for lost and found children.
- 6.14 The Licensing Authority would encourage licensees to demonstrate in their Operating Schedule that they implement guidance from the Portman Group Code of Practice on the naming, packaging and promotion of alcoholic drinks to prevent children from being enticed into purchasing inappropriate products.
- 6.15 When determining unresolved representations to an application and where necessary in individual circumstances to comply with the Licensing Objective, the Licensing Authority may consider attaching specific conditions related to the licensed activities and conditions as outlined in Annex G – Conditions relating to the protection of children from harm.

7. Licensed Hours

- 7.1 A primary aim of the Licensing Act is to move away from fixed permitted hours for the sale of alcohol, but allied to these freedoms for the licensed trade are the responsibilities established by the Licensing Objectives.
- 7.2 If its discretion is triggered, the Licensing Authority will consider conditions to licences and certificates to prevent public nuisance, crime or disorder, and these may include conditions drawn from the annexes to this Policy. Stricter conditions to control noise will be expected in areas that have denser residential accommodation, but this should not limit opening hours without regard to the individual merits of any particular application.
- 7.3 In the light of relevant representations, the Licensing Authority will deal with the issue of licensing hours having due regard to the individual merits of each application. Consideration will be given to conditions in respect of issues such as noise control measures, door staff, use of external or noise sensitive areas, CCTV, travel planning, etc, where premises affect, or are likely to affect residential areas.
- 7.4 As a general guide to applicants where indicated by their individual assessments, the Licensing Authority would expect pub and nightclub type premises (characterised by the predominant consumption of alcohol, 'vertical drinking', etc) applying for the 'on' sale of alcohol beyond 11pm, to consider stricter conditions. Other types of premises seeking to apply for licences or certificates after midnight, either to sell alcohol for consumption on the premises, or for entertainments, are

also expected to consider stricter conditions. These latter premises include restaurants and cafés.

- 7.5 Where the only licensable activity is the sale of alcohol for consumption off the premises the Licensing Authority will generally consider licensing premises at any times they are open for shopping. Typically these premises are shops, stores and supermarkets. However, it may be considered that there are very good reasons for restricting hours, or imposing stricter conditions where, for example, the Police make representations in respect of shops known to be the focus for disorder, or disturbance.
- 7.6 Licensed premises, especially those operating late at night and in the early hours of the morning, can have a significant impact on people living, working or sleeping in the vicinity of the premises. The concerns include noise nuisance, light pollution, the potential for disorder and noxious smells. Due regard will be taken of the impact these may have and the Licensing Authority will expect Operating Schedules to satisfactorily address these issues. Applicants are advised to seek advice from the Council's Planning, Environmental Health and Pollution Control Officers before preparing plans, Operating Schedules, making alterations to premises, etc.

8. Applications

- 8.1 It is recognised that some ambiguity exists in the legislation surrounding applications for Premises Licences. The council officers will be the final arbiter on whether an application is deemed as being 'new' or a 'variation' and will process the application accordingly.
- 8.2 It is also accepted that the legislation does not specify that plans have to necessarily be prepared for a 'variation' application. It is the view of this Licensing Authority that plans are an essential element of any Premises Licence and that an accurate representation of the premises is required. Any variation of the layout will therefore require an up to date plan to be submitted with the application.
- 8.3 The Act imposes duties on applicants to provide the Licensing Authority with information in the form of an application, with specified supporting documents and a fee, in order to process an application. To assist the Licensing Authority applicants should check that the application pack is fully completed before sending it to the Licensing Authority and other statutory consultees. The Operating Schedule is essential so that the Licensing Authority and other interested parties can form a proper view as to what measures may be necessary to meet the four Licensing Objectives.
- 8.4 Applicants for the initial grant or variation of a licence or certificate are to describe in detail how they propose to meet the requirements of the four Licensing Objectives and relevant aspects of this Licensing Policy in the Operating Schedule which accompanies the application. Operating Schedules should be precise and clear about the measures proposed to promote each of the licensing objectives.
- 8.5 The Licensing Authority has produced annexes to this Policy describing conditions that may be applied in appropriate circumstances. If representations are raised with the Licensing Authority that the Licensing Objectives cannot be met unless additional specific conditions are attached, then the Licensing Authority may consider attaching additional conditions. In any event where measures to promote the Licensing Objectives are included in the Operating Schedule, conditions

consistent with the Schedule will be attached to the licence or certificate, subject to the need for the Licensing Authority to amend, reword or revise the measure.

- 8.6 Applications that are incomplete will be returned with an explanation for the return. Such reasons are many and may include non-payment of the fee, absence of appropriate documentation and non-compliance with the legislation. The council are entitled to expect that reasonable steps have been taken to address the Licensing Objectives, and applications will be returned when minimum requirements have not been met. Such minimum requirements are;
- No entries in the Operating Schedule at all.
 - Entries that replicate other legislation
 - Entries that cannot be readily converted into credible enforceable conditions.
 - Failure to address the issues.
- 8.7 Examples of the above are many, and can include such diverse matters as a premises closing after the last times for public transport. This Authority expects some effort to have been made by the relevant premises to provide information on how patrons can safely journey home, such as a dedicated telephone to a licensed Hackney Carriage company or a list of licensed companies, etc.
- 8.8 The objective is to prevent unnecessary work on the part of the Licensing team, Responsible Authorities and Interested Parties, and the applicants themselves. Poorly constructed applications will be highly likely to attract representations, causing additional expense and needless delay in the process. It is in the applicant's best interest to present a well thought out application that addresses relevant topics, and can be processed with the minimum of fuss.
- 8.9 As a matter of course, the suggested Operating Schedule will be scrutinised by the Licensing Authority when applications are received, and such conditions that will appear on any future licence in Annex 2 will be extracted. The applicant and/or their solicitor or agent will be notified of these proposed conditions so that any discrepancies can be addressed during the consultation period. Attention is drawn to para 7.15 *inter alia* of the Guidance issued under s. 182 of the Act, where it states it should be expected that applications submitted by professional agencies will conform to a reasonable standard, and will express steps in clear and readily translatable terms.
- 8.10 When no entry is made in the application box relating to 'adult entertainment' it will be taken that there is no application for such entertainment and that a condition will be made to this effect.
- 8.11 Planning legislation exists as a control over the use of property; it is independent of licensing legislation and has different objectives. The Licensing Authority considers as a matter of routine, that the planning position for a premise is resolved before an application for a licence or certificate is made. An exception to this would be the application for a provisional statement, in advance of carrying out proposed alterations to premises.
- 8.12 It is strongly recommended that applicants ensure that:
- The proposed licensable activity does not contravene planning legislation; and

- The hours sought are within the limits authorised by any planning permission.
- 8.13 In circumstances where an applicant seeks to apply without resolving the necessary planning requirements, it will be for the applicant to detail the special circumstances that justify a departure from the policy. This should be done in writing, and a failure to address these issues will be noted for the benefit of any of the Responsible Authorities and a Licensing Panel.
- 8.14 Potential applicants are requested to seek early advice from the Licensing Authority and other authorities such as the Police and Fire Authority, concerning the licensing requirements for premises, or for activities they are planning. Large or unusual events often need particular consideration, the Licensing Authority will expect authorities to be consulted at the earliest planning stage for such an event, and not less than six months prior to the performance. This will minimise uncertainty and provide time to finalise the Operating Schedule with the organisers well before a formal application is submitted.
- 8.15 Where a licence or certificate is in force but an event outside of the normal Operating Schedule is proposed, the licensee is encouraged to notify the Licensing Authority at least 3 months prior to the event in order that the Authority is able to complete any consultation required and offer any appropriate advice.
- 8.16 In the case of Temporary Event Notices, the Licensing Authority should be consulted at the earliest practical stage, and it is recommended that Notice be given at least 4 weeks before the event. For routine events the Notice should be made not more than 10 weeks prior to the event.
- 8.17 In line with all guidance on safer drinking and responsible behaviour, it is the view of the council that drinks promotions are actively discouraged, and consideration will be given to using the conditions on a Premises Licence to reinforce this viewpoint. The type of promotion would include such occasions as 'happy hours,' 'two for the price of one' and similar. It would not necessarily include a 'free drink with a meal,' but consideration will be given to the attending circumstances surrounding any promotion.
- 8.18 It must be stressed that the role of the Licensing Authority is to simply process applications fairly. It is a strictly neutral role and will apply the principles in the Act properly with due regard to all parties. The decision to grant or refuse a Premises Licence is not made by the Licensing Team, and any application will stand or fall on its merits.
- 8.19 Applications for the transfer of a Premises Licence will be closely scrutinised. It will be expected that the signatures of all parties will be attached which will assist the process. In the case of a Premises Licence holder being unavailable for whatever reason, the Licensing Section will expect details of the steps that have been taken to locate the absent licensee. If there is not an adequate explanation, then a 'new' application will be required.
- 8.20 It is recognised that the Designated Premises Supervisor of premises will be in day to day charge of that particular premise. It will be the policy of this Licensing Authority that the Premises Licence holder will retain overall responsibility for the operational running of the premise and it will be that person who will be held accountable should any proceedings become necessary. The Authority reserves the right to require a specified person (rather than a company) to be named as the Premises Licence holder.

9 Specific premises

- 9.1 Applications received from premises ostensibly acting as a restaurant will be closely scrutinised. The council reserves the right to examine the operating emphasis of premises and to take such steps necessary to avoid misrepresentation. A restaurant will normally be expected to offer the condition that alcohol would be served as being ancillary to a meal and if this is not present, consideration will either be given to placing this on the licence if there is a committee hearing, or treating the premises as a public house.
- 9.2 It is recognised that there are premises where alcohol sales are only a part of the operation, such as a general grocery type of shop. It is also recognised that there may be a difference in the last permitted hours for alcohol sales and the closing time of the premises, during which time goods other than alcohol may be legitimately sold. It will be expected that during the time when alcohol sales cease and the shop has yet to close, there is some effort to demonstrate that alcohol is not for sale. Such measures may include the use of a shutter, signage, roping off the alcohol area, or similar.

10 Representations

- 10.1 The Licensing Act places duties on persons and organisations to make “relevant representations” and often in a relatively short timescale. In this context a “relevant representation” has to positively link the issues to the premises (or person) in question and the issues must relate to the Licensing Objectives. The intention of Parliament is to apply a lighter bureaucratic touch to applications for licences and their variation; however, in the case of poorly performing premises, one of the sanctions is the power of review.
- 10.2 The Licensing Authority cannot accept representations that it considers frivolous or vexatious. Additionally, in the case of a review of a licence or certificate, repetitive representations are also invalid.
- 10.3 Council officers will determine whether a representation is irrelevant, frivolous, vexatious or repetitive in accordance with the Licensing Act and Guidance. This is subject to the power to refer a decision to the appropriate meeting of Elected Members where the particular circumstances require such an approach.
- 10.4 Where the Licensing Authority determines that a representation is invalid it will notify the person of the decision and the reason.
- 10.5 The ability to make representations is restricted to ‘interested parties’ and ‘responsible authorities’ as defined in the Act. Interested parties include persons and businesses in the vicinity of a premise, or the bodies representing them. Responsible authorities are usually public bodies including the Police, Fire Authority, Planning, Environmental Health, and health and safety authorities.
- 10.6 In determining whether ‘interested parties’ are in the vicinity of an applicant’s premises the Licensing Authority will primarily focus on the direct impact of the activities taking place on the premises on members of public living, working or in the area concerned. It is recognised that where there is a cumulative impact or effect of

a premises on an area, other considerations may be relevant to the consideration of the vicinity of a premises.

- 10.7 When a representation is made which purports to be on behalf of a group, society or other association, the council will require such proof as is reasonably necessary to verify that a signatory is genuinely speaking on behalf of the members of that group. This could take the form of minutes to a meeting, a resolution passed or similar documentation. 'Group' has a wide meaning and can include a Residents Association or similar.

11 Reviews by Responsible Authorities and interested parties

- 11.1 It is a requirement for posters to be prominently displayed to advertise the fact that a party has applied for a review of licensed premises. Experience has shown that posters on hoardings, railings lamp-posts and the like are prone to be damaged, therefore failing in the primary requirement of advertisement. The council therefore reserves the right to ensure that the community is properly consulted on this important issue by taking such steps as seem appropriate in the circumstances. This would include such measures as a mail drop in the surrounding area or other form of advertisement.
- 11.2 The council also take the view that an essential part of the legislation is that the community are directly encouraged to be involved in quality of life issues surrounding licensed premises. The council will take such measures that are reasonable to ensure the community are aware of their powers in regard to reviews. This would include such methods as information placed in prominent places such as libraries and in council literature, and providing the Police, through the Safer Neighbourhood network, with sufficient information so that their population can be effectively informed.

12 Cumulative Impact or Effect

- 12.1 In its licensing role, the Council is not empowered to determine the need or commercial demand for another pub, restaurant or hotel. These are issues for relevant planning controls and the market to determine. Nevertheless, the cumulative impact of licensed premises in a locality, where there is an impact on the promotion of the Licensing Objectives, is a licensing matter.
- 12.2 In circumstances where areas appear to be under stress and giving rise in the locality to concerns over nuisance, crime or disorder, the Licensing Authority will consider the adoption of a special policy to refuse new licences.
- 12.3 In applying this policy the Licensing Authority will consider any application made. It will be for the applicant to detail the special circumstances that justify departure from the policy.
- 12.4 The Licensing Authority will take the following steps when considering whether to adopt a special policy:
- The initial identification of concern about crime, disorder, or public nuisance.
 - Where it can be demonstrated that nuisance, crime or disorder is arising as a result of customers of licensed premises, identifying the area from which problems are arising and the boundaries of that area.
 - Consultation with all defined parties.

- Adopting a policy about future licence or club premises certificate applications from that area.
 - Publication of the special policy.
- 12.5 To apply the special policy, the Licensing Authority will consider representations based on the impact on the licensing objectives of the relevant application. While any applicant is to address the issues relevant to the special policy in the application and operating schedule, the onus is on the objectors to provide evidence to back up any assertion that the nature of the application would produce the cumulative impact claimed. Account is to be taken of the differing impacts of premises with different styles and characteristics. It is recognised that there is a diverse range of premises that sell alcohol, serve food and provide entertainment. These cover a wide range of contrasting styles and characteristics, hence the Licensing Authority will have regard to those differences and the differing impacts on the local community. It therefore also recognises that, within this policy, it may be able to approve licences or certificates that are unlikely to add significantly to the impact, and will consider the circumstances of each individual application.
- 12.6 The Licensing Authority will not use such policies solely:
- As the grounds for removing a licence or certificate when representations are received about problems with existing licensed premises.
 - To refuse modifications to a licence or certificate, except where the modifications are directly relevant to the policy, for example where the application is for a significant increase in the capacity limits of the premises.
- 12.7 The Licensing Authority will review any special policies regularly to see whether they have had the effect intended, and whether they are still needed. The success and application of such policies have to be considered alongside the effect of other of the policies, and in particular, those Licensing Objectives relating to Public Nuisance and to Crime and Disorder.

13 Integrating Strategies and Avoiding Duplication

- 13.1 There are many stakeholders in the leisure industry, covering a wide range of disciplines. Many are involved, directly or indirectly, in the promotion of the licensing objectives, particularly those relating to the prevention of crime, disorder and public nuisance. Their strategies deal in part with the licensing function, and the Council will set up multi-disciplinary working groups to ensure proper integration of local crime prevention, planning, transport, tourism and cultural strategies. Such groups may also usefully identify and make recommendations for changes to licensing policy.
- 13.2 Arrangements will be made, where appropriate, for the Licensing Committee to receive reports on the following matters to ensure these are reflected in their decisions:
- The needs of the local tourist economy and cultural strategy for the Borough.
 - The employment situation in the Borough and where appropriate the need for investment and employment.
- 13.3 It is recognised that there should be a clear separation of the planning and licensing regimes. Licensing applications should not be a re-run of the planning application.

The Council recognises the need to avoid as far as possible duplication with this and other regulatory regimes.

- 13.4 The Council will ensure that regular reports are sent from the Licensing Committee to the Planning Committee advising them of the situation regarding licensed premises in the Borough, including the general impact of alcohol-related crime and disorder to assist them in their decision-making.
- 13.5 However, other legislation does not cover the particular circumstances of various licensable activities and the Licensing Authority will consider attaching conditions to premises licences and club premises certificates where these are necessary for the promotion of the licensing objectives and are not already provided for in other legislation.
- 13.6 There are many other groups and strategies that have a bearing on licensed premises. Examples of such are drug and alcohol awareness teams, crime and disorder policies and other community strategies. It is not the purpose of this policy to replicate the contents of others, and reference must be made to those groups for specific initiatives.
- 13.7 The promotion of equality of access, while not one of the Licensing Objectives, is a matter in which the Licensing Authority encourages all licensees to comply with relevant legislation such as the Disability Discrimination Act 1995 and race relations legislation. Further advice on meeting the needs of persons with disabilities can be found on the website of the Disability Rights Commission at www.drc-gb.org

14 Enforcement, Protocols with Enforcement Agencies

- 14.1 It is essential premises are maintained and operated to ensure the continued promotion of the licensing objectives and compliance with the specific requirements of the Licensing Act. The Licensing Authority will make arrangements to monitor premises and take appropriate, proportionate enforcement action in accordance with the Enforcement Policy. This includes unlicensed premises undertaking licensable activity and premises where a Temporary Event Notice is in force. The Council has adopted a formal Enforcement Policy, setting out the aims and objectives concomitant with effective regulation.
- 14.2 The Council will work closely with the Police to establish protocols to ensure an efficient deployment of Police and Council Officers engaged in enforcing licensing law and inspecting licensed premises, in order to ensure that resources are targeted at problem and higher-risk premises. Similar working arrangements are envisaged with the Fire Authority and other similar enforcement agencies in areas of mutual interest.
- 14.3 The Council has adopted an Enforcement Policy, and all enforcement action will be taken with this policy in mind.

15 Cultural Strategies

- 15.1 In its role of implementing local authority cultural strategies, the Council recognises the need to encourage and promote live music, dance and theatre for the wider cultural benefit of the community, particularly for children. When considering applications for such events and any conditions on licences or certificates, the Council will carefully balance the cultural needs with the necessity of promoting the licensing objectives and the protection of the vulnerable.

- 15.2 Consideration will be given to the particular characteristics of any event, including the type, scale and duration of the proposed entertainment, especially where only limited disturbance may be caused.

16. Complaints against Licensed Premises

- 16.1 Complaints relating to licensable activities carried out at licensed premises will be referred to the Council's Licensing Section, and enforcement will be undertaken in accordance with the Enforcement Policy.
- 16.2 Where practicable the Licensing Authority will expect mediation between applicants, licensees, relevant statutory agencies and occupiers of nearby premises, local residents groups, community or interested groups where significant issues have arisen relating to an application. The Licensing Authority, where possible, would expect mediation through:
- Identification of potential issues for other relevant statutory agencies particularly regarding the safety and amenity of local residents.
 - Negotiation of potential conditions to reflect the resolutions achieved through mediation methods.
- 16.3 Where mediation is not practicable or fails and a formal representation has been raised, the Licensing Authority will arrange for a hearing to review the licence or certificate, or to determine the application.
- 16.4 If mediation methods are used it will not override the right of any interested party to ask that the Licensing Authority consider their valid representations, or for any licence or certificate holder to decline to participate in a mediation meeting.
- 16.5 The Licensing Authority will disregard any representations that are irrelevant, frivolous and/or vexatious.
- 16.6 A senior Police Officer may, under section 161 of the Licensing Act 2003 close premises in the interest of Public Safety for up to 24 hours on the grounds of likely or imminent disorder on or in the vicinity of the premises. Premises may also be closed if a public nuisance is being caused by noise from the premises.
- 16.7 Additionally, a review of the licence or certificate will take place within 28 days of any action by the Police to close down the premises for up to 24 hours, or longer if so granted by the Magistrates Court on grounds of disorder or public nuisance - Annex L of the Statutory Guidance and Section 167 of Licensing Act 2003.
- 16.8 Complaints against licensed premises will be investigated promptly, having regard to feasibility. It must be noted that council officials have limited statutory powers and that complete satisfaction to all parties may not be achieved. Regard will be given to all the events and wishes, and a resolution will be sought that is proportionate in the circumstances. The requirements of one individual cannot take precedence over others. Any decision taken on prosecution will be determined by the Attorney General's guidelines (and associated regulations) and will not be driven by the wishes of any individual or group.

17 Smoke free premises

- 17.1 The provision of the Health Act 2006 and associated Statutory Instruments clearly show that it is the intention of Government to promote health for all, through the use of these measures. This not only includes the staff and patrons of licensed premises, but regard will also be given to others who may come in contact with the effects of smoking, such as passers by and local residents.
- 17.2 With this in mind, the Council has adopted the viewpoint that there will be a general presumption that licensed premises will be completely free of smoking, and that this will be rigorously enforced by the management of the premises. Should there be breaches of the regulations, enforcement action will be taken in the first place against the management for permitting or failing to stop such activity.
- 17.3 Following on from this stance, it will be for the management of any licensed premises to clearly demonstrate a defined need when licensing applications are being made that would allow smoking on premises, including applications to use 'smoking shelters' or similar. Use of general terms and the request to lift conditions of a licence, such as clearing an outside area by a specific time, will lead to rejection.

18 Temporary Event Notices (TENs)

- 18.1 The council acknowledges that the TEN system is a quick and straightforward method that allows an event to take place without recourse to complicated licensing procedures. The standards laid out in the legislation and associated guidance will be used, including a full description of the event. General terms such as 'party' or 'function' will lead to rejection.
- 18.2 Notice has to be given at least ten clear working days in advance of any proposed event. As a standard measure of timings, the council has adopted the viewpoint that this term does not include the day of delivery of the notice, or the day of the event itself. Weekends, bank holidays and any other recognised public holiday will not be used as a 'working day.'
- 18.3 It is incumbent on the person giving the notice that they have allowed sufficient time for any administrative difficulties that may arise. The council therefore always advises early contact to allow time for problems to be resolved.
- 18.4 It is the view of this Authority that although solicitors and agents may complete the forms on behalf of their clients, Temporary Events Notices will not be accepted without a written notice from the person responsible for the proposed event. This is to ensure the person responsible on the day is aware of the tasks involved.

19 Designated Premises Supervisor

- 19.1 Although the Act places no specific duty on the DPS other than being in day to day charge of premises, it would be expected that the individual will be available more frequently than not. If inspections reveal that a DPS is regularly absent from the premises they are presumed to control, consultation will take place with all Responsible Authorities for their consideration and for them to judge whether a review of the licence is necessary. This is especially pertinent when an individual who does not hold a Personal Licence is left in charge of a premise offering alcohol.

20 Names of premises

- 20.1 It is recognised that no specific requirement exists for individuals or companies inform the council of a change in name of their premises. It must be stressed that although it is not compulsory, this is strongly advised to save administrative confusion. Any unnecessary difficulty caused by such a change will remain the responsibility of the individual or company concerned.

21 Advertising campaigns/help groups

- 21.1 Public confidence in the effective management of licensed premises is paramount. For this purpose, the council reserves the right to undertake occasional reminders to the public of their rights in regard to licensed premises, and also to encourage groups or organisations to offer advice and guidance on relevant issues. Examples could be groups dealing in drug and alcohol abuse or 'stop smoking' groups. These could be encouraged on a general basis or by active involvement at the point of sale.

22. Administration, Exercise and Delegation of Functions

- 22.1 The Council is involved in a wide range of licensing decisions and functions and has established a Licensing Committee to administer them. Appreciating the need to provide a speedy, efficient and cost-effective service to all parties involved in the licensing process, the Committee delegates certain decisions and functions and has a Sub-Committee to deal with aspects of its responsibilities.
- 22.2 The following Table at Annex A sets out the delegation of decisions and functions to Licensing and General Purposes Committee, the Sub-Committee and to Officers. All matters dealt with by Officers will be reported for information and comment only to the next Committee meeting.
- 22.3 Delegations are without prejudice to Officers referring an application to a Sub-Committee or Committee; or a Sub-Committee to a Committee, if considered appropriate in the circumstances of any particular case.

Annex B

Proposals for Conditions that support the issue of licences or certificates by the Authority.

These proposals are principally drawn from the annexes to the Statutory Guidance to Authorities. Additional information may be provided in the annexes and in individual cases the guidance may have to be considered alongside these conditions. The way conditions should be applied to licences or certificates is described within the body of the main Policy.

Annex C – Conditions relating to the prevention of crime and disorder.

Annex D – Conditions relating to Public Safety (including fire safety).

Annex E – Theatres and Cinemas (Promotion of Public Safety).

Annex F – Conditions relating to the prevention of public nuisance.

Annex G – Conditions relating to the protection of children from harm.

Proposed Conditions

General

The Licensing Authority recognises that it is important to balance any conditions attached to a licence or certificate so as not to be disproportionate or overly burdensome but to achieve the licensing objectives. Therefore, where conditions are necessary they will be tailored to the individual style and characteristics of the particular premises or event concerned. Where relevant representations have been made, the Licensing Authority will consider attaching conditions necessary for the promotion of the licensing objectives, including those drawn from the relevant Model Pools of Conditions set out in the guidance issued by the Secretary of State under Section 182 Licensing Act 2003.

The following conditions should not be regarded as standard conditions to be automatically imposed in all cases. They are designed to provide a range of possible options for controls at specific premises or related to specific activities. Any individual preparing an operating schedule is at liberty to volunteer any measure, such as those described below, as a means of promoting the licensing objectives. When incorporated into the licence or certificate as a condition, they become enforceable under the law and the breach of a condition could give rise to prosecution. This list cannot be construed as being definite, and must be capable of flexibility to meet specific circumstances. Individual premises will require a varied approach to their conditions, and those conditions given in the Model Pool will be used as guidance. The council reserves the right to make suitable alterations dependent on circumstances and would expect Responsible Authorities to demonstrate similar flexibility in their approach.

Once licensed it is essential that premises are maintained and operated so as to ensure the continued promotion of the licensing objectives and compliance with the specific requirements of the 2003 Act. The Licensing Authority will make arrangements to monitor premises and make appropriate enforcement action to ensure this.

The Licensing Authority will work closely with the Metropolitan Police to establish protocols to ensure an efficient deployment of Police and Council officers engaged in enforcing licensing law and inspecting licensed premises, in order to ensure that high-risk activities receive the highest priority.

Annex C – The prevention of Crime and Disorder

When addressing the crime and disorder objective, applicants should initially identify any issues likely to adversely affect the objective and then the steps to deal with them. Such measures on the Operating Schedule might include the following:

- (i) Details of registered Door Supervisors and other appropriately trained staff to be provided, including the number, their location whilst working at the premises, and the times they will be on duty. All Door Supervisors are to be licensed by the Security Industry Authority.
- (ii) The fitting of CCTV equipment, its location and specification.
- (iii) Where applicable to the use of the premises such measures as an 'over 21' policy, or provision of adequate search facilities, or 'no entry or re-entry' after a certain hour. .
- (iv) Measures proposed to prevent possession, supply, or consumption of illegal drugs and possession of weapons, for example by adequate search arrangements and/or spot checks by door supervisors.
- (v) Measures to be implemented to promote sensible drinking and prevent binge drinking.
- (vi) Details of the management of any promotional events such as "happy hour" or special offers, which may include their duration, times, location within premises and whether any additional measures such as increased security is to be utilised during these events to minimise crime and disorder.
- (vii) The location of lighting inside/outside the premises.
- (viii) Measures aimed at discouraging anti-social behaviour.
- (ix) Whether or not the premises will be serving alcohol in glass or plastic containers. If serving alcohol in glass containers, identify what measures will be implemented to ensure patrons cannot take glass container outside the premises.
- (x) Whether the premises belongs to a local Pub or Club Watch scheme.
- (xi) Measures to discourage crime, for example the fitting of alarms, the positioning of cigarette or other vending machines in full view of staff, and the fitting of gaming machines with an approved security device/metal boot or emptied at night.

The Police Crime Prevention Advisor is able to visit premises and advise if requested. Applicants assessing the risks associated with this objective can obtain detailed guidance from the Police. The Licensing Authority recommends that crime prevention advice is obtained and implemented.

Recommendations of review working group

Due the changes brought about by the new parliamentary constituency boundaries, the working group recommends that:

- 1) The lettering for each polling district be prefixed with an additional letter to denote the parliamentary constituency it belongs to. E for Harrow East constituency, W for Harrow West constituency, and R for the Ruislip, Northwood and Pinner constituency.
- 2) To amalgamate polling district MD with district MA as soon as the current parliament is dissolved.
- 3) To re-letter Hatch End ward to account for the new constituency arrangements..

Subject:	Outline Report on The Local Authorities (Alcohol Consumption in Designated Public Places) Regulations 2007, and to extend the existing zone to the whole of the Borough – pre Consultation
Responsible Officer:	Andrew Trehern

Enclosures:	Existing Order and the Map of the Zone

Section 1 – Summary and Recommendations

This report sets out the powers available to the Local Authority under the Local Authorities (Alcohol Consumption in Designated Public Places) Regulations 2007.

Recommendations:

The Committee is requested to approve the proposed action in accordance with the Local Authorities [Alcohol Consumption in Designated Public Places] Regulations 2007 to extend the existing Alcohol Exclusion Zone to cover the whole of the Borough.

Reason: (For recommendation)

The provision of a Borough Wide Alcohol Zone was a Manifesto commitment and is a Flagship Action in 2008/9. Since the introduction of our current alcohol exclusion zone, our neighbouring Boroughs have introduced Borough Wide Alcohol Exclusion Zones. This has caused dispersal and displacement into Harrow which is likely to continue. A Borough wide scheme is required to deter displacement, act as a deterrent and provide the powers to the Police to

enforce against alcohol related anti social behaviours where required. The Safer Neighbourhood Teams have requested that we extend the current zone to cover the whole of the Borough to deal with identified problems caused by displacement on our borders.

Section 2 – Report

2.1 Brief History

- 2.1.1 The Council is committed to making Harrow a safe, attractive place for everyone who lives, works or visits the Town. This includes protecting the right of all residents to enjoy and feel safe in public areas and encouraging the development of a range of facilities to suit all tastes that as part of their business sell alcohol.
- 2.1.2 On 1st September 2001, sections 12-16 of the Criminal Justice and Police Act 2001 came into force. These provide local authorities with a power to restrict anti-social public drinking in designated public places and provide the police with the power to enforce this restriction. The Local Authorities (Alcohol Consumption in Designated Public Places) Regulations 2001 came into force on the same date but this has now been revoked and replaced by the Local Authorities (Alcohol Consumption in Designated Public Places) Regulations 2007. These set out the procedures to be followed by local authorities in designating public places for this purpose. A copy of the relevant section of the Regulations is provided at appendix 1.
- 2.1.3 These statutory powers replaced the Home Office Model Byelaw relating to the consumption of intoxicating liquor in designated public places. From 1st September 2001 local authorities who wish to place a restriction on public drinking within their area, where this is associated with nuisance or annoyance to members of the public, or disorder, should consider whether to make an order under section 13 of the Act rather than proceeding with a byelaw.
- 2.1.4 Section 12 of the Act provides police powers to deal with anti-social drinking in areas that have been designated for this purpose by the local authority. The police will have the power to require a person, in such a place, not to drink alcohol in that place where the officer reasonably believes that the person is, has or intends to do so, and to surrender any alcohol or alcohol containers (other than sealed containers) in the person's possession.
- 2.1.5 There is no intention that the provisions of the 2001 Act should lead to a comprehensive ban on drinking in the open air. Accordingly, section 13 allows local authorities to designate areas for this purpose only where they are satisfied that nuisance or annoyance to the public or disorder has been associated with public drinking in that place. Where there have been no such problems, a designation order under section 13 will not be appropriate.
- 2.1.6 It is for the local authority to be satisfied that public nuisance, annoyance or disorder has been associated with public drinking in the area concerned and that a designation order under section 13 is

appropriate. Whether or not a designation order is appropriate will be a matter for local judgement, based on the circumstances and evidence available.

- 2.1.7 The Council will need to satisfy itself that these powers are not being used disproportionately or in an arbitrary fashion, which could be the case if there is no substantial evidence to support a designation order. Clearly there should be evidence of an existing ongoing problem, with an assessment as to the likelihood that the problem will continue unless these powers are adopted. Against this background, a single, serious incident will be sufficient to justify adoption of the powers.
- 2.1.8 The Regulations require local authorities to consult with the police prior to making a designation order (Regulation 3(1)(a)). This is to seek the views of the police on the nature of the problem and the appropriateness of adopting the section 12 powers to respond to it, in recognition of the fact that it will be the police who will have the responsibility for enforcing the resulting restrictions on public drinking.

Regulation 3 also sets out the other bodies that must be consulted before a designation order is made. These are:

- Premises licence holders, club premises certificate holders or premises users in relation to each premises which the local authority considers may be affected by the designation and which are premises for which premises licenses, club premises certificates, or temporary event notices have been granted and are effective under the Licensing Act 2003
- Any parish or community council covering all or part of the public place to be designated. In addition, local authorities should be open to receive representations from parish or community councils in their area, relating to the designation of a public place within the area of the parish or community council;
- The police and neighbouring local authorities, parish or community councils, where a designation order covers an area on the boundaries with that neighbouring authority. This is to allow for consideration to be given to the consequences of the designation order on the neighbouring authority such as the possible displacement of anti-social public drinking problems before the designation order is made;
- The owners or occupiers of any land that may be identified in a designation order. There may well be occasions when it is impossible to identify or find the owners of particular land or property, so Regulation 3(2) does not place an absolute requirement on local authorities in this instance. It requires local authorities to take all reasonable steps to consult landowners e.g. through open public advertisement.

When consulting any of the parties referred to above, the local authority is also required to describe in writing the effect that the order will have in relation to categories of premises identified in the Regulations.

- 2.1.9 Regulations 5-9 cover publicity requirements. Regulations 5 and 6 are concerned with advance publicity. By virtue of regulation 4, local authorities will be under a duty to consider any representations received as a result of this publicity. It is proposed that a Licensing and General Purposes Committee would consider these formally.
- 2.1.10 Regulation 7 concerns publicity once a decision has been made to designate an order under section 13 of the Act. Regulation 8 sets out the requirement to erect signs to ensure that the public (including visitors to the area) are made aware that restrictions on public drinking may apply. As was previously the case under the Home Office byelaws guidance, signs to indicate the effect of a designation order must be clear and unambiguous and not conflict with or obscure traffic signs. They should be placed at the approaches to designated areas and repeated within them, and the local highway authority should be consulted.
- 2.1.11 Regulation 10 makes an amendment to the Local Authorities (Functions and Responsibilities) (England) Regulations 2000. The effect of this is that this function will not become a function of the Executive under the terms of the Local Government Act 2000 but will be one that remains with Full Council. The Council Motion provided delegated authority to the Licensing and General Purposes Committee to consider the Order, although the final decision rests with Council.
- 2.1.12 By virtue of section 15 of the 2001 Act, existing public drinking byelaws ceased to have effect from September 2001. Designation of in accordance with section 13 will enable the police to enforce the public drinking restriction through the use of the powers conferred by section 12 of the Act, once the area is designated.
- 2.1.13 To ensure that the public have full access to information about designation orders made under section 13 of the Act, Regulation 9 requires all local authorities to send a copy of any designation order made to the Secretary of State. These should be sent to Home Office.

2.2 Current situation

- 2.2.1 On 16 October 2006 the existing zone was introduced to cover the Town Centre, South Harrow and parts of Wealdstone. This zone is enforced by the Police and the Safer Neighbourhood Teams.

2.3 Why a change is needed

- 2.3.1 Since the introduction of this zone our neighbouring Boroughs have introduced Borough Wide Alcohol Exclusion Zones. This has caused dispersal and displacement into Harrow which is likely to continue. A Borough wide scheme is required to deter displacement, act as a deterrent and provide the powers to the Police to enforce against alcohol related anti social behaviours where required. The Safer Neighbourhood Teams have requested that we extend the current

zone to cover the whole of the Borough to deal with identified problems caused by displacement on our borders.

2.4 Implications of the Recommendation

2.4.1 Are set out paras 2.1.8 to 2.1.11

2.5 Equalities impact

2.5.1 As part of the implementation of the zones it will be critical to the work with local agencies to reach, in particular, street drinkers, and offer assistance and referral to support agencies.

2.5.2 The Zone will apply equally to all people regardless of their circumstance and there are no other Equal Opportunities implications arising directly from this report.

2.6 Legal comments

2.6.1 The Regulations set out the procedure to be followed by local authorities in connection with orders designating a public place under section 13 of the Criminal Justice and Police Act 2001.

2.6.2 The Regulations set out the consultation requirements before making an order and the publicity requirements before and after making an order. Once an order is made under section 13 in relation to a public place in their area, the police powers under section 12 of the Act (to require a person not to consume intoxicating liquor and to surrender opened containers of such liquor) will be available.

2.6.3 The Committee may lawfully make an order under section 13(2) of the Criminal Justice and Police Act 2001 provided that the following preconditions have been met -

1. The place to be designated is a public place within the London Borough of Harrow.
2. The Committee is satisfied that either nuisance or annoyance to members of the public or a section of the public, or disorder, has been associated with the consumption of alcohol in that place.
3. The Council has consulted with the persons set out in paragraph 2.1.8 of this report.
4. The Council has publicised the making of the Order as required by Regulation 5.
5. The Committee has considered all representations as to whether or not the particular public places should be identified in the order.

2.7 Financial Implications

2.7.1 It is anticipated that the costs of implementing an Alcohol Exclusion Zone will be a one off cost of approximately £15k predominately for the provision of appropriate signage, public notices and consultation. This

cost has been reported in agreeing the Flagship Action for 2008/9 and designated as being set against the Investment Pot. If this funding stream is not accessed an alternative funding provision will need to be identified.

2.7.2 The financial implications arising to the Council identified at present are as follows:

[a] Placement of advertisements in a Local newspaper; as part of the statutory Consultation Process and management of the process itself.

[b] Consultation/mail shot to owner/occupiers of properties in the area concerned and to licensees;

[c] The placement and replacement of street signs to advertise the Alcohol Exclusion Zone;

[d] The costs to the council and/or police for any prosecution and general enforcement costs. Responsibility for enforcement of the powers remains primarily with the Police but other agencies would be required to assist;

[e] any legal costs associated with the review of the Alcohol Exclusion Zone as a result of objections to the process;

Section 1 – Summary

This report is to inform the Committee of the statutory requirement to publish a Governance Compliance Statement

FOR INFORMATION

Section 2 – Report

Since 1 April 2006, under The Local Government Pension Scheme (Amendment) (No. 2) Regulations 2005, administering authorities have been required to prepare, publish and maintain, after consultation with those persons considered appropriate, a statement setting out the policy on pension fund governance, including issues concerning the representation and participation of key stakeholders on pension/investment committees.

Administering authorities are required to confirm whether their functions are delegated or part delegated in relation to maintaining the Fund to a committee, sub committee or an officer.

In respect of any delegation the statement must confirm:

- a) the frequency of any committee or sub committee
- b) the delegated terms of reference structure and operational procedures
- c) whether the committee or sub committee includes representatives of employing authorities or members, and if so, whether those representatives have voting rights

The statement must be revised and re-published following any material change to the authority's policy on any of the matters set out above.

In compliance with the above regulations, Harrow's Governance Policy was formulated and presented as a notification item at the Licensing and General Purposes Committee on 6 March 2006 and the Pension Fund Investment Panel on 20 March 2006.

Further amendments were made to the regulations on governance under the Local Government Pension Scheme (Amendment) (No.3) Regulations 2007, which builds on that statement by requiring administering authorities to compare its arrangements against The Department for Communities and Local Government (CLG) guidance and to give reasons where local arrangements do not comply with that guidance.

The guidance (only draft guidance available) sets out the best practice principles for pension fund governance, which are based around the following: -

- Principle A – Structure
- Principle B – Representation
- Principle C – Selection and role of lay members
- Principle D – Voting
- Principle E – Training/Facility time/Expenses
- Principle F – Meetings (frequency/quorum)
- Principle G – Access (committee papers/documents/advice)
- Principle H – Scope (wider scheme issues)
- Principle I – Publicity

In compliance with the above regulations Harrow Council's Governance Compliance Statement (shown in Appendix 1) has been formulated for publication on 1 March 2008.

Section 3 – Further Information

Communications and Consultation

The statement will be published in electronic format to LGPS employers and the unions.

Reference to the statement, including means of access, will be communicated to Scheme members through the annual pensioner, active and deferred member newsletters.

Administering authorities are required to submit to CLG a copy of the statement after 1 March 2008.

Details regarding the publication of the statement have been forwarded to Legal & Democratic Services, Finance Services, and the Divisional Director HR & Development.

In terms of consultation it is felt that “appropriate persons” will include the unions and Admitted Body Employers.

Financial and Legal Implications

The publication of the statement is a statutory requirement and therefore a bona fide pension fund cost.

The provision requires Harrow Council as the Administering Authority to:

(a) whether they delegate their function, or part of their function, in relation to maintaining a pension fund to a committee, a sub-committee or an officer of the authority;

(b) if they do so—

(i) the terms, structure and operational procedures of the delegation;

(ii) the frequency of any committee or sub-committee meetings;

(iii) whether such a committee or sub-committee includes representatives of employing authorities (including authorities which are not Scheme employers) or members, and, if so, whether those representatives have voting rights;

(c) the extent to which a delegation, or the absence of a delegation, complies with guidance given by the Secretary of State and, to the extent that it does not so comply, the reasons for not complying.

This statement will be revised and republished following any material change on any of the matters set out above. A current version of the compliance statement will always be available either through the pensions unit at the address on page three or on the intranet site under – ‘Employment with the Council’ – ‘Employees Pension’ – ‘Policy Statements’ – ‘Governance Compliance Statement’.
