PART I - RECOMMENDATIONS

RECOMMENDATION I - Ethical Standards

The Director of Legal and Governance Services presented a report, detailing the proposals for new working arrangements and sub-committees which were required in relation to the new system for handling complaints against Members and issues that required addressing by the Council, in accordance with the requirements resulting from the Local Government and Public Health Involvement in Health Act 2007. The Committee was advised of final drafting amendments to be incorporated within the procedures.

It was noted that the Regulations and new procedures came into effect on 8 May 2008 and that the Council was required to undertake a variety of procedures to comply with the requirements of the legislation, including publicising of the new arrangements, preparation of guidance and complaint form, together with ensuring appropriate training arrangements were arranged for members of Standards Committee. The Director then briefly outlined the operating arrangements for the new processes.

Resolved to RECOMMEND: (to Council)

That the revised Terms of Reference of the following committees be approved and adopted into the Constitution, as detailed in Appendix 1.

- Standards Committee
- Assessment Sub-Committee
- Review Sub-Committee
- Hearing Sub-Committee

(2) the membership of the Assessment and Review Sub-Committees be three persons, comprising one independent member, who shall Chair the meeting, and two elected Members reflecting political proportionality where possible;

(3) the membership of the Hearing Sub-Committee remain as five persons (whenever possible) comprising three independent members, one of whom shall Chair the meeting. This Sub-Committee should be politically balanced whenever possible. This Sub-Committee shall be quorate when one independent and one elected member from each political party on the Standards Committee are present;

(4) the members of the Standards Committee shall form a pool from which membership of all Sub-Committees shall be drawn;

(5) the Monitoring Officer should prepare a pre-assessment report in relation to any complaint for consideration by the Assessment Sub-Committee.

(6) approved as drafted the criteria as set out at Appendix D for the preparation of the Pre-assessment Report, Assessing Complaints, and Referrals to the Standards Board for England;

(7) the member complained about should be informed of the complaint as soon as possible after the meeting of the Assessment Sub-Committee.

(8) that the process be reviewed by Standards Committee in March 2009.

(See also Minute 90).

RECOMMENDATION II - Protocol for Planning Committees

The Committee received a reference from the Strategic Planning Committee held on 26 January 2008 which proposed changes to the Protocol for Members and Reserve Member when dealing with Planning Applications and Lobbying. In considering the changes proposed by the Strategic Planning Committee Members discussed the advice contained within the "Connecting Councillors with Strategic Planning Applications" guidance and its proposal that Ward Members should be included in the proposals for Members to have early opportunity for engagement on strategic applications, expressing opinions both in favour and against such a process. The importance of Ward Members being able to be involved in early engagement was stressed and it was agreed that Strategic Planning Committee should give further thought to how it would seek to engage Ward Councillors successfully on strategic applications.

Resolved to RECOMMEND: (to Council)

(1) That the additional paragraphs proposed for Early Engagement on Strategic Planning Applications be included within the Protocol as follows:

"1. Early Engagement on Strategic Applications

Since 2003 the complexity of the planning process has increased considerably particularly in respect of major applications which can require Environmental Assessments, Access and Design Statements, Transport Assessments, Viability 'Toolkits', Energy Statements, Children's Play statements etc. The numbers of major applications which are currently in the pipeline is far above what has previously been the norm for the authority, and the pressure to deal with these in a timely manner within Government targets remains.

To enable members to understand large scale applications and their implications the officers consider that they should have the opportunity to ask questions, raise issues and meet applicants, both prior to submission and between submission and determination. However, to avoid any problems of probity this engagement needs to be carefully managed. This approach is recommended in a leaflet published by London Councils, The Government Office for London and London First in November 2007. (attached Appendix B)

Officers are recommending that applicants for major strategic schemes should be invited to make a presentation to members of the Committee and reserves, at which they should explain their proposals and answer questions of fact. Such presentations may also involve a site visit, and where necessary site visits for strategic proposals should be arranged prior to Committee meetings where the proposal is to be considered. At such presentations there should be no debate about the merits or otherwise of the scheme.

At least one senior officer should be present at all such meetings and may be called upon to answer any factual questions about policy issues etc.

Such meetings can be at either pre- or post-application stages and in some instances both may be appropriate. Similar meetings may also be arranged for ward/backbench members and members of the Executive."

(See Minute 91).

The Standards Committee requests Strategic Planning Committee give further consideration as to how it will seek and implement a process for early engagement in respect of Ward Councillors, as suggested within the "Connecting Councillors with Strategic Planning Applications" guidance;

(2) the Standards Committee does not consider that the processes the Council chooses to introduce to aid the smooth running of its Committee processes are a matter that falls within its purview, and does not believe that such matters should form part of the Planning Protocol. Recommendations:

The Committee is requested to:

- 1) Agree to the inclusion of the Code in the Council's Constitution

Reason: (For recommendation)

To comply with the requirements of the CIPFA/SOLACE guidance which constitutes 'proper practice' under the Accounts and Audit Regulations 2006.

Section 2 – Report

Introduction

- 2.1 The Council’s vision is “to be recognised as one of the best London Councils by 2012, in a borough that is cosmopolitan, confident and cohesive”. The key to achieving this vision rests with members, staff, and partners working together to the same high standards of conduct to enable the local community to have confidence in the way in which we work. The Code outlines the Council’s approach to Corporate Governance and demonstrates our commitment to uphold the highest standards of integrity, openness and accountability.
- 2.2 The Council recognises the need for sound corporate governance arrangements and has put in place policies, systems and procedures designed to achieve this (the Governance Framework). As part of this framework governance arrangements are reviewed and monitored by the Governance, Audit and Risk Management Committee and the results of the review published in an Annual Governance Statement which forms part of the annual statement of accounts.

Code of Corporate Governance

- 2.3 The absence of a formal Code of Corporate Governance was identified during the annual review of governance arrangements in place for 2007/08 and reported as part of the Annual Governance Statement (AGS) 2007/08.
- 2.4 As part of the AGS Action Plan a Code was drafted and approved by the GARM Committee on 01/09/08. Appendix 1 outlines the Code which is based on the guidance issued by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) in their publication ‘Delivering Good Governance in Local Government’.
- 2.5 The Code will be reviewed and updated as necessary on an annual basis.

Legal Implications

- 2.6 None.

Financial Implications

- 2.7 There are no financial implications of the proposed decisions.

Performance Issues

- 2.8 Inclusion of the Code of Corporate Governance in the Constitution will enhance the Council’s governance arrangements and feed into the Use of Resources score.

Risk Management Implications

2.9 A significant proportion of the Code of Governance deals directly with Risk Management. If the council does not have an approved Code of Governance we will not be complying with the CIPFA/SOLACE guidance and may be criticised by the External Auditor, although as a robust Governance Framework is in place this risk is minimal. There is also a risk that without the Code being part of the Constitution the wider community will lack confidence in our governance arrangements.

HARROW COUNCIL CODE OF CORPORATE GOVERNANCE

1. Introduction

Corporate Governance is the system and processes, culture and values by which local authorities are directed and controlled and through which they account to, engage with and, where appropriate lead their communities. Governance is about how local government bodies ensure that they are doing the right things, in the right way, for the right people in a timely, inclusive, open, honest and accountable manner.

Harrow Council recognises the need for sound corporate governance arrangements and has put in place policies, systems and procedures designed to achieve this (the Governance Framework).

This code is based on the guidance issued by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) in their publication 'Delivering Good Governance in Local Government' and outlines the Council's approach to Corporate Governance and demonstrates our commitment to uphold the highest standards of integrity, openness and accountability.

The Council's vision is "to be recognised as one of the best London Councils by 2012, in a borough that is cosmopolitan, confident and cohesive". The key to achieving this vision rests with members, staff, and partners working together to the same high standards of conduct to enable the local community to have confidence in the way in which we work.

2. Principles

CIPFA and SOLACE have identified six core principles in delivering good governance. We fully embrace and support these principles of good corporate governance and will ensure that they underpin the delivery of our services to the public in the following ways:

2.1 Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area

Harrow Council will:

- Develop and promote the authority's purpose and vision
- Review on a regular basis the authority's vision for the local area and its impact on the authority's governance arrangements
- Seek to ensure that partnerships are underpinned by a common vision of their work that is understood and agreed by all parties
- Publish an annual report on a timely basis to communicate the authority's activities and achievements, its financial position and performance
- Decide how the quality of service for users is to be measured and make sure that the information needed to review service quality effectively and regularly is available
- Put in place effective arrangements to identify and deal with failure in service delivery
- Decide how value for money is to be measured and make sure that the authority or partnership has the information needed to review value for money and performance effectively.
- Measure the environmental impact of policies, plans and decisions.

2.2 Members and Officers working together to achieve a common purpose with clearly defined functions and roles

Harrow Council will:

- Set out a clear statement of the respective roles and responsibilities of the executive and of the executive's members individually and the authority's approach towards putting this into practice
- Set out a clear statement of the respective roles and responsibilities of other authority members, members generally and of senior officers
- Determine a scheme of delegation and reserve powers within the constitution, including a formal schedule of those matters specifically reserved for collective decision of the authority, taking account of relevant legislation, and ensure that it is monitored and updated when required
- Make the chief executive responsible and accountable to the authority for all aspects of operational management
- Develop protocols to ensure that the leader and chief executive negotiate their respective roles early in the relationship and that a shared understanding of roles and objectives is maintained
- Make the Section 151 Officer responsible to the authority for ensuring that appropriate advice is given on all financial matters, for keeping proper financial records and accounts, and for maintaining an effective system of internal financial control
- Make the Monitoring Officer responsible to the authority for ensuring that agreed procedures are followed and that all applicable statutes, regulations are complied with
- Develop protocols to ensure effective communication between members and officers in their respective roles
- Set out the terms and conditions for remuneration of members and officers and an effective structure for managing the process.
- Ensure that effective mechanisms exist to monitor service delivery
- Ensure that the organisation's vision, strategic plans, priorities and targets are developed through robust mechanisms, and in consultation with the local community and other key stakeholders, and that they are clearly articulated and disseminated
- When working in partnership ensure that members are clear about their roles and responsibilities both individually and collectively in relation to the partnership and to the authority
- When working in partnership:
 - ensure that there is clarity about the legal status of the partnership
 - ensure that representatives or organisations both understand and make clear to all other partners the extent of their authority to bind their organisation to partner decisions

2.3 Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour

Harrow Council will:

- Ensure that the authority's leadership sets a tone for the organisation by creating a climate of openness, support and respect
- Ensure that standards of conduct and personal behaviour expected of members and staff, of work between members and staff and between the authority, its partners and the community are defined and communicated through codes of conduct and protocols
- Put in place arrangements to ensure that members and employees of the authority are not influenced by prejudice, bias or conflicts of interest in dealing with different stakeholders and put in place appropriate processes to ensure that they continue to operate in practice
- Develop and maintain shared values including leadership values both for the organisation and staff reflecting public expectations and communicate these with members, staff, the community and partners

- Put in place arrangements to ensure that procedures and operations are designed in conformity with appropriate ethical standards, and monitor their continuing effectiveness in practice
- Develop and maintain an effective standards committee
- Use the organisations' shared values to act as a guide for decision making and as a basis for developing positive and trusting relationships within the authority
- In pursuing the vision of a partnership, agree a set of values against which decision making and actions can be judged. Such values must be demonstrated by partners' behaviour both individually and collectively.

2.4 Taking informed and transparent decisions which are subject to effective scrutiny and managing risk

Harrow Council will:

- Develop and maintain an effective scrutiny function which encourages constructive challenge and enhances the organisation's performance overall and of any organisation for which we are responsible
- Develop and maintain open and effective mechanisms for documenting evidence for decisions and recording the criteria, rationale and considerations on which decisions are based
- Put in place arrangements to safeguard members and employees against conflicts of interest and put in place appropriate processes to ensure that they continue to operate in practice
- Develop and maintain an effective audit committee (GARM) which is independent of the executive
- Put in place effective transparent and accessible arrangements for dealing with complaints
- Ensure that those making decisions whether for the authority or partnership are provided with information that is fit for the purpose – relevant, timely and gives clear explanations of technical issues and their implications
- Ensure that professional advice on matters that have legal or financial implications is available and recorded well in advance of decision making and used appropriately
- Ensure that risk management is embedded into the culture of the organisation , with members and managers at all levels recognising that risk management is part of their job
- Ensure that arrangements are in place for whistle blowing to which staff and all those contracting with the authority have access
- Actively recognise the limits of lawful activity placed on us by, for example the ultra vires doctrine, but also strive to utilise powers to the full benefit of our communities
- Recognise the limits of lawful action and observe both the specific requirements of legislation and the general responsibilities placed on local authorities by public law
- Observe all specific legislative requirements placed upon us, as well as the requirements of general law, and in particular to integrate the key principles of good administrative law – rationality, legality and natural justice into our procedures and decision making processes

2.5 Developing the capacity and capability of members and officers to be effective

Harrow Council will:

- Provide induction programmes tailored to individual needs and opportunities for members and officers to update their knowledge on a regular basis
- Ensure that the statutory officers have the skills, resources and support necessary to perform effectively in their roles and that these roles are properly understood throughout the organisation

- Assess the skills required by members and officers and make a commitment to develop those skills to enable roles to be carried out effectively
- Develop skills on a continuing basis to improve performance including the ability to scrutinise and challenge and to recognise when outside expert advice is needed
- Ensure that effective arrangements are in place for reviewing the performance of the authority as a whole and of individual members and agreeing an action plan which might for example aim to address any training or development needs
- Ensure that effective arrangements designed to encourage individuals from all sections of the community to engage with, contribute to and participate in the work of the authority
- Ensure that career structures are in place for officers to encourage participation and development

2.6 Engaging with local people and other stakeholders to ensure robust public accountability

Harrow Council will:

- Make clear to ourselves, all staff and the community, to whom we are accountable and for what
- Consider those institutional stakeholders to whom they are accountable and assess the effectiveness of the relationships and any changes required
- Produce an annual report on scrutiny function activity
- Ensure that clear channels of communication are in place with all sections of the community and other stakeholders including monitoring arrangements to ensure that they operate effectively
- Hold meetings in public unless there are good reasons for confidentiality
- Ensure arrangements are in place to enable the authority to engage with all sections of the community effectively. These arrangements will recognise that different sections of the community have different priorities and establish explicit processes for dealing with these competing demands
- Establish a clear policy on the types of issues we will meaningfully consult on or engage with the public and service users including a feedback mechanism for those consultees to demonstrate what has changed as a result
- On an annual basis, publish a performance plan giving information on the authority's vision, strategy, plans and financial statements as well as information about its outcomes, achievements and the satisfaction of service users in the previous period
- Ensure that the authority as a whole is open and accessible to the community, service users and our staff and ensure that we have made a commitment to openness and transparency in all our dealings, including partnerships subject only to the need to preserve confidentiality in those specific circumstances where it is proper and appropriate to do so
- Develop and maintain a clear policy on how staff and their representatives are consulted and involved in decision making

3. Annual Review and Reporting

Each year we (Harrow Council) will carry out a review of our Governance arrangements to ensure compliance with this Code, and the delivery of good governance within the local government framework and current good practice. The purpose of the review will be to provide assurance that governance arrangements are adequate and operating effectively and to identify action required to ensure effective governance in the future.

The outcome of the review will take the form of an Annual Governance Statement prepared on behalf of the Leader at the Council and Chief Executive. It will be submitted to the Governance, Audit and

Risk Management (GARM) Committee for consideration and review with the annual accounts to meet the statutory requirement of the Accounts and Audit Regulations 2006. This requires findings of the review of the system of internal control to be considered by a committee of the relevant body, or by members of the body meeting as a whole.

We expect the principles set out in this code to be upheld by our members, staff and partners. We will ensure this happens through effective communication of the Code and a range of policies, systems and processes known collectively as the Governance Framework.

We will review this code each year in July/August after the preparation of the Annual Governance Statement.

Meeting:	Standards Committee
Date:	4 December 2008
Subject:	Consultation on the Code of Conduct for Local Authority Members
Responsible Officer:	Hugh Peart
Portfolio Holder:	Councillor David Ashton
Exempt:	No
Enclosures:	Appendix 1 – Consultation Document Appendix 2 – Suggested Response

Section 1 – Summary and Recommendations

This report sets out details of the Government's proposed changes to the Code of Conduct and the suggested response to those proposed changes.

Recommendations:

- (a) That the Committee consider the questions and consider whether the suggested response to the consultation on the Code of Conduct for Members is appropriate;
- (b) That the Director of Legal & Governance Services include any additional comments of the Committee in the formal response to the consultation.

Section 2 – Report

In April 2007, this Committee agreed a new Code of Conduct for Members which was adopted by the Council at its meeting on 10 May 2007.

The Department for Communities and Local Government (DCLG) has now published a consultation paper seeking views on proposals for Codes of Conduct for local authority members and employees. The closing date for responses is 24 December 2008.

The revised code seeks views on:

- (a) Proposals to clarify the Code in its application to member's conduct when acting in a non-official capacity;
- (b) Proposals to divide the Code into two sections, the first dealing with the members' conduct in their official capacity, and the second dealing with member's conduct in their non-official capacity;
- (c) Associated amendments to the General Principles of Conduct;

The questions raised in the consultation paper are attached at Appendix 1. Suggested responses to these questions are attached at Appendix 2 and the Committee are asked to consider whether the responses are appropriate.

It is anticipated that a new Code will be come into force in May 2009, and it is likely that the Council will be obliged to adopt the provisions of the new Code at its annual meeting in May 2009. As in the currently adopted Code, the Council will be able to include additional requirements if it chooses to do so.

With regard to the consultation on the proposed Code of Conduct for Employee which is included in the consultation document this is being dealt with by the Divisional Director – Human Resources & Development.

Chapter 1: The consultation and how to respond

Communities in control consultation papers

- 1.1 The White Paper, *Communities in control: Real people, real power*, is about passing power into the hands of local communities. It sets out a range of policies to achieve this, building on work still in progress from the 2006 White Paper, *Strong and Prosperous Communities*.
- 1.2 This paper is the next in a series consulting on a number of policy commitments. Future consultation papers include a consultation on proposals to revise the code of recommended practice on local authority publicity, which is due to be published at the end of October. This paper invites views on proposals for revising the model code of conduct for local authority members (“the members’ code”), principally to clarify its application to members’ conduct in their non-official capacity. This paper also invites views on proposals for associated changes to the Relevant Authorities (General Principles) Order 2001 which sets out the general principles which govern the conduct of local authority members. Finally, it seeks comments on proposals to introduce a requirement for authorities to incorporate a code of conduct for employees, based on a statutory model code of conduct, in to the terms and conditions of employment of their employees’ (“the employees’ code”).

About this consultation

- 1.3 The proposals in this consultation paper relate to relevant authorities in England and police authorities in Wales.
- 1.4 Following the local government White Paper, *Strong and Prosperous Communities*, issued in October 2006, the Local Government and Public Involvement in Health Act 2007 established a more locally-based conduct regime for local authority members centred on local authority standards committees. Under the new devolved regime, the Standards Board for England has become a light-touch strategic regulator, responsible for monitoring the operation of the conduct regime and giving support and guidance to standards committees and monitoring officers in discharging their new functions.
- 1.5 As part of the changes to the conduct regime, a new model code of conduct for local authority members, the Local Authorities (Model Code of Conduct) Order 2007, was introduced with effect from May 2007, on the basis that the provisions of the members’ code would be reviewed in light of early experience of its practical operation.
- 1.6 Chapter 2 of this paper seeks views on proposals to clarify the members’ code in its application to members’ conduct when acting in a non-official capacity. It also seeks views on the operation of, and proposed revisions to, the members’ code, including reconfiguring the members’ code into two distinct sections, the first dealing with members’ conduct in their official capacity, the second dealing with members’ conduct in their non-official capacity. Finally, it seeks views on associated amendments to the Relevant Authorities (General Principles) Order 2001 to clarify its application to members’ conduct in their non-official capacity.

- 1.7 Chapter 3 of this paper seeks views on the proposed introduction of a model code of conduct for local government employees, which will become part of such employees' terms and conditions of employment.
- 1.8 Particular questions on which we would welcome comments are set out in each chapter and summarised in **Annex A**. In order to aid your consideration of the proposed amendments to the current members' code, the substance of the 2007 code is reproduced at **Annex B**.
- 1.9 We are minded, subject to responses to this consultation, to implement the proposals in this consultation paper, so that they come into effect in line with the local government elections 2009.

Who are we consulting?

- 1.10 This is a public consultation and it is open to anyone to respond to this consultation document. We would, however, particularly welcome responses from local authority members, local authority monitoring officers, local government employees, national representative bodies, local government partners and trade unions. **The consultation period runs for 12 weeks to 24 December 2008.**

How to respond

- 1.11 Your response must be received by 24 December 2008 and may be sent by e-mail or post to:

If you are replying by e-mail please title your response 'Response to Model Code consultation'.

It would be helpful if you could make clear in your response whether you represent an organisation or group, and in what capacity you are responding.

What will happen to the responses?

- 1.12 The Department will take account of the responses received to this consultation before taking decisions on the legislation that will form the revised members' code, the general principles order and the new employees' code.
- 1.13 Within three months of the close of the consultation period we will analyse the responses to the consultation and produce a summary of them. This summary will be published on the Department's website at www.communities.gov.uk

Publication of responses – confidentiality and data protection

- 1.14 Information provided in response to this consultation, including personal information, may be published, or disclosed in accordance with the access to information regimes. These are primarily the Freedom of Information Act 2000 (FOIA), the Data Protection Act 1998 (DPA) and the Environmental Information Regulations 2004.
- 1.15 If you want any of the information that you provide to be treated as confidential you should be aware that under the FOIA, there is a statutory Code of Practice with which public authorities must comply, and which deals, amongst other things, with obligations of confidence. In view of this, it would be helpful if you could explain to us why you regard the information you have provided as confidential.
- 1.16 If we receive a request for disclosure of the information we will take full account of your explanation, but we cannot give an assurance that confidentiality can be maintained in all circumstances. An automatic confidentiality disclaimer generated by your IT system will not, of itself, be regarded as binding on the Department.
- 1.17 The Department will process your personal data in accordance with the DPA and in the majority of circumstances this will mean that your personal data will not be disclosed to third parties.

The consultation criteria

- 1.18 The UK Government has adopted a code of practice on consultations. Please see **Annex C** of this document for the criteria that apply under this code, and advice about who you should contact if you have any comments or complaints about the consultation process.

In context – previous consultations and relevant legislation

- 1.20 The local government White Paper, *Strong and Prosperous Communities*, issued in October 2006, set out the Government's proposals to put in place a clearer, simpler and more proportionate model code of conduct for members which would include changes to the rules on personal and prejudicial interests. This announcement followed a consultation by the Standards Board for England, *A Code for the future*, in February 2005 and the Discussion Paper *Conduct in English Local Government*, issued by the then Office for the Deputy Prime Minister in December 2005.
- 1.21 The policy proposals took form in the January 2007 consultation document, *Consultation on Amendments to the Model Code of Conduct for Local Authority Members*, which proposed the combination of the four different model codes of conduct that existed at the time (for local authorities, parish councils, national parks and police authorities) into a single consolidated model code.

- 1.22 The Local Authorities (Model Code of Conduct) Order 2007 came into force on 3 May 2007. With the members' code now in place for over a year, we believe this is an appropriate time to examine how well it has functioned in practice and consider any revisions that may be required. The proposed amendments to the members' code set out in this paper reflect discussions with the Standards Board and, in particular, their experience of the practical operation of the 2007 members' code over the last year.
- 1.23 Following the 2006 local government White Paper and the introduction of the 2007 members' code, the Local Government and Public Involvement in Health Act 2007 made provision clarifying the law in relation to the application of the conduct regime to the conduct of members in their non- official capacity. This paper therefore also invites comments on proposals to revise the members' code and the general principles order to address the issue of the application of the conduct regime to the conduct of members in their non-official capacity.

Code of conduct for local government employees

- 1.24 In August 2004, the then Office of the Deputy Prime Minister issued the consultation paper, *A Model Code of Conduct for Local Government Employees*. The paper consulted on a draft code defining the minimum standards of conduct that employees of relevant authorities would be expected to observe on carrying out their duties. The 2004 consultation was followed by further inquiries and consultations on matters relating to the conduct regime for local government.
- 1.25 The Department restated its commitment to introduce a model employees' code, under Section 82 of the Local Government Act 2000, in the local government White Paper 2006. However, in light of the above inquiries and consultations, and the introduction of the 2007 members' code, it was decided that the implementation of an employees' code should be delayed until the Department had an opportunity to consider the employees' code in the context of the wider review of the conduct regime for local government and the lessons learned from the implementation of the new members' code.
- 1.26 With the implementation of the new devolved conduct regime and our proposals to amend the members' code, drawing on the experience of its first year of operation, we consider that the time is right to also consult on proposals to introduce a model employees' code.

Chapter 2: Code of conduct for local authority members

What is the code of conduct for?

- 2.1 The public has a right to expect high standards of conduct from their elected and co-opted members. The standards of conduct expected of local authority members are set out in the members' code, which is underpinned by the ten general principles. By signing up to the members' code, a member is actively taking on a formal obligation to abide by its requirements.
- 2.2 The members' code forms the bedrock of the conduct regime and aims to promote the public's trust and confidence in their members and faith in local democracy. It does this by providing a robust set of standards of behaviour for members to abide by and work within. In doing this, the code also protects members from unreasonable expectations of behaviour being put upon them. Since May 2008, allegations that a member has failed to comply with the provisions of the members' code are considered by local authority standards committees.
- 2.3 The current members' code is set out in the Local Authorities (Model Code of Conduct) Order 2007 which applies to members of relevant authorities in England and of police authorities in Wales. On its introduction, the Government gave an undertaking that the effectiveness of the code would be reviewed after it had been in operation for some time. We believe, drawing on the Standards Board's practical experience that the members' code is, broadly, operating very well. However, as it has been in force for over a year, we consider that it is now appropriate to review the code.
- 2.4 Most importantly, we propose that the members' code be restructured by revoking the existing Order and making a new one. We propose that the new members' code will be differently formatted to the existing code, making it easier to interpret and clearer in its application, for instance by dividing it into two sections: the first dealing with members' conduct when acting in an official capacity and reflecting what is in the current code, the second dealing with members' conduct in their non-official capacity.

Application of the code to members' conduct in their non-official capacity

- 2.5 Trust in our local authority members is one of the cornerstones of local democracy. Members should inspire trust and confidence from those who elected them, set an example of leadership for their communities and should be expected to act lawfully even when they are not acting in their role as members.
- 2.6 This view was supported by those who responded to the Standards Board for England's consultation on the members' code in 2005. Responses indicated a clear view that a member's conduct in a non-official capacity was an issue that they considered should be covered by the members' code, particularly where that conduct amounts to a criminal offence.
- 2.7 It has always been our intention for the members' code to apply to a limited extent to the conduct of members in a non-official capacity. We wish now to clarify which provisions of the

members' code apply in a member's official capacity and to put beyond doubt which provisions apply to a member's conduct in a non-official capacity.

- 2.8 The need to clarify what conduct in a member's non-official capacity is covered by the members' code arose as a consequence of a court judgment in 2006. This cast doubt on the ability of the code to cover members' conduct not linked to the performance of their public duties. As was made clear by Ministers during the passage of the Local Government and Public Involvement in Health Act 2007, we consider that certain behaviour, even when there is no direct link to the member's official role, can have an adverse effect on the level of public trust in local authority members and local government as a whole.
- 2.9 We propose therefore that the new members' code should, in the section covering the conduct of members in their non-official capacity, contain the following provision prohibiting particular conduct where that conduct would constitute a criminal offence:

"Members must not bring their office or authority into disrepute by conduct which is a criminal offence".

Consultation Question 1:

Do you agree that the members' code should apply to a member's conduct when acting in their non-official capacity?

Definition of 'criminal offence' and 'official capacity'

- 2.10 The Local Government and Public Involvement in Health Act 2007 gave the Secretary of State the power to define, for the purposes of the members' code, what constitutes a 'criminal offence'. We propose for the purpose of the members' code, that 'criminal offence' be defined as any criminal offence for which the member has been convicted in a criminal court, but for which the member does not have the opportunity of paying a fixed penalty instead of facing a criminal conviction.
- 2.11 Our intention is that offences capable of attracting fixed penalty notices should be excluded from the remit of the conduct regime. We consider that this approach will ensure that the most minor criminal offences, for example minor motoring offences, parking offences and dropping litter as well as cautions and orders falling short of a criminal conviction by a court, will not be included in the remit of the members' code. However, serious criminal offences which we consider should come under the remit of the members' code, such as assault, harassment, fraud and offences relating to child pornography will be included in the remit of the code.
- 2.12 We propose that the Standards Board for England will issue guidance for local authority standards committees on how a criminal offence should be treated in its application to the conduct regime.

Consultation Question 2:

Do you agree with this definition of ‘criminal offence’ for the purpose of the members’ code? If not, what other definition would you support, for instance should it include police cautions? Please give details.

2.13 The Local Government and Public Involvement in Health Act 2007 also gave the Secretary of State power to define, for the purposes of the members’ code, what constitutes ‘official capacity’.

2.14 We propose that for the purposes of the members’ code, ‘official capacity’ be defined as being engaged in the business of your authority, including the business of the office to which you are elected or appointed, or acting, claiming to act or giving the impression that you are acting as a representative of your authority.

Consultation Question 3:

Do you agree with this definition of ‘official capacity’ for the purpose of the members’ code? If not, what other definition would you support? Please give details.

Offending abroad

2.15 We also propose that the members’ code would engage with conduct committed in a foreign country, where that conduct constitutes a criminal offence in that country, but only where the conduct would also constitute a criminal offence if it was committed in the UK. However, the code would only apply if the individual was convicted in the country in which the offence was committed.

Consultation Question 4:

Do you agree that the members’ code should only apply where a criminal offence and conviction abroad would have been a criminal offence if committed in the UK?

What does this mean?

2.16 Our proposals would have the effect of providing that the only conduct in a member’s non-official capacity which is engaged by the code, is conduct which constitutes a criminal offence, as defined in paragraph 2.10 above. The code may only then be applied to that conduct when the evidence that the member’s conduct constituted a criminal offence is provided by the criminal conviction of the member in the courts.

2.17 This would mean, for example, that a member who was convicted of a criminal offence of assault or harassment could be held to have breached the code, even if the conduct, which led to the conviction took place entirely outside the member's official capacity.

Criminal conviction of a member

2.18 It should be noted that a criminal conviction resulting in a custodial sentence of more than three months without the option of paying a fine is already covered by section 80 of the Local Government Act 1972, with the member automatically disqualified from office for five years. We are not proposing any changes to this legislation.

The conduct regime

2.19 At present, investigations into alleged breaches of the members' code are triggered by a written allegation made to the standards committee of the local authority concerned. We propose that this continue to be the case when dealing with allegations of misconduct in relation to a member's conduct in their non-official capacity.

2.20 Where the allegation involves criminal activity that is, at the time of the allegation being made, being investigated by the police or prosecuted through the courts, we propose that the standards committee or the Standards Board, as the case may be, would cease their investigation process until the criminal process had been completed. Any subsequent action under the conduct regime in respect of a member's private conduct would follow the conclusion of the criminal procedure. The member would not be suspended during the period of the criminal process.

2.21 For the purpose of the conduct regime, the criminal process will be considered to have been completed at the conclusion of any appeals process.

Consultation Question 5:

Do you agree that an ethical investigation should not proceed until the criminal process has been completed?

Proposed revisions to the members' code

2.22 This consultation paper also seeks views on the following amendments which we propose to make to the provisions of the existing code. The proposed amendments reflect discussions with the Standards Board and, in particular, the Board's experience of the practical operation of the code over the last year.

2.23 In order to aid your consideration of our proposed amendments to the members' code, the substance of the present code is reproduced at **Annex B** to this paper. Guidance on the provisions of the members' code is available on the Standards Board for England's website at www.standardsboard.gov.uk

Parish councils

2.24 It has been suggested that article 2(5) of the Local Authorities (Model Code of Conduct) Order 2007 be amended to apply paragraph 12(2) to parish councils, to make it mandatory for parish councils that a member with a prejudicial interest may make representations at a meeting only if members of the public are able to attend that meeting for the same purpose. Currently, if a parish council wishes this provision to apply, it must make a conscious decision to adopt paragraph 12(2) into its code. This amendment would save unnecessary administration and ensure consistency across parish councils.

Membership of other bodies

2.25 It has been suggested that paragraphs 8(1)(a)(i) and (ii) of the current members' code be amended to clarify that the sections are referring to other bodies that you are a member of or which exercise functions of a public nature, putting it beyond doubt that this is not a reference to the authority itself.

Personal interests

2.26 It has been suggested that current wording of paragraph 8(1)(a) of the members' code could be amended to clarify that a member is required to register a gift or hospitality with an estimated value of at least £25 in his or her register of members' interests.

Prejudicial interests

2.27 It has been suggested that paragraph 10(2) of the code be amended to remove the double negative in the current drafting, to make it clear that a prejudicial interest exists where the business of your authority affects your financial position or the financial position of a person listed in paragraph 8 of the code or it relates to the determining of any approval, consent, licence, permission or registration in relation to you or those persons listed in paragraph 8 of the code.

2.28 It has been suggested that the meaning of 'determining' in paragraph 10(2)(b) could be clarified to include variation, attaching, removing or amending conditions, waiving or revoking applications.

2.29 It has also been suggested that paragraph 10(2)(c) could be amended to clarify that a member would not have a prejudicial interest in the business of the authority where that business related to giving evidence before a local authority standards committee hearing regarding an allegation that a member of the authority had failed to comply with the code.

Registration of members' interests

2.30 We propose that any new members' code would take into account any existing registration of members' interests. This will ensure that members who have already registered their interests in line with the 2007 model code do not have to repeat the process when the revised members' code is introduced.

Consultation Question 6:

Do you think that the amendments to the members' code suggested in this chapter are required? Are there any other drafting amendments which would be helpful? If so, please could you provide details of your suggested amendments?

Consultation Question 7:

Are there any aspects of conduct currently included in the members' code that are not required? If so, please could you specify which aspects and the reasons why you hold this view?

Consultation Question 8:

Are there any aspects of conduct in a member's official capacity not specified in the members' code that should be included? Please give details.

Legislative context

- 2.31 The current members' code is set out in the Schedule to the Local Authorities (Model Code of Conduct) Order 2007 made under powers conferred on the Secretary of State by section 50 of the Local Government Act 2000.
- 2.32 Section 183 of the Local Government and Public Involvement in Health Act 2007 inserted, into section 50 of the Local Government Act 2000, a requirement for the Secretary of State to specify which provisions of the members' code apply in relation to a member's conduct when acting in an official capacity and which provisions apply when not acting in an official capacity. A provision may only be specified to apply to members' conduct when not acting in an official capacity if the conduct it prohibits constitutes a criminal offence. The power in section 50 of the Local Government Act 2000 permits the Secretary of State to define for the purposes of the members' code what is meant by "criminal offence" and what is meant by "official capacity".
- 2.33 We propose that the existing Local Authorities (Model Code of Conduct) Order 2007 be revoked and a new, revised Order would be made to reflect our proposed amendments and that part of the code applies to a member's conduct in their official capacity and part of it would apply to a member's conduct in their non-official capacity.
- 2.34 Provision is also made in section 183 of the Local Government and Public Involvement in Health Act 2007 for members to give to their authority an undertaking to observe the new code within a period prescribed by the Secretary of State. We propose that members will have two months from the date their authority adopts the new code to give a written undertaking that they will observe their authority's code. Failure to do so will mean that they cease to be members of the authority.

Consultation Question 9:

Does the proposed timescale of two months, during which a member must give an undertaking to observe the members' code, starting from the date the authority adopts the code, provide members with sufficient time to undertake to observe the code?

Proposed amendments to the General Principles

What are the General Principles?

2.35 The ten General Principles, contained in the Relevant Authorities (General Principles) Order 2001, are based on the seven principles of public life set out by the Committee on Standards in Public Life. The principles underpin the provisions of the members' code, which must be consistent with these principles.

2.36 The ten general principles are reproduced below. The principles govern the conduct of members, and a failure to act in accordance with them may lead to a failure to comply with the members' code.

The General Principles

Selflessness

1. Members should serve only the public interest and should never improperly confer an advantage or disadvantage on any person.

Honesty and Integrity

2. Members should not place themselves in a situations where their honesty and integrity may be questioned, should not behave improperly and should on all occasions avoid the appearance of such behaviour.

Objectivity

3. Members should make decisions on merit, including when making appointments, awarding contracts, or recommending individuals for rewards or benefits.

Accountability

4. Members should be accountable to the public for their actions and the manner in which they carry out their responsibilities and should co-operate fully and honestly with any scrutiny appropriate to their particular office.

Openness

5. Members should be as open as possible about their actions and those of their authority and should be prepared to give reasons for those actions.

Personal Judgement

6. Members may take account of the views of others, including their political groups, but should reach their own conclusions on the issues before them and act in accordance with those conclusions.

Respect for Others

7. Members should promote equality by not discriminating unlawfully against any person, and by treating people with respect, regardless of their race, age, religion, gender, sexual orientation or disability. They should respect the impartiality and integrity of the authority's statutory officers, and its other employees.

Duty to uphold the law

8. Members should uphold the law and, on all occasions, act in accordance with the trust that the public is entitled to place in them.

Stewardship

9. Members should do whatever they are able to do to ensure that their authorities use their resources prudently and in accordance with the law.

Leadership

10. Members should promote and support these principles by leadership, and by example, and should act in a way that secures or preserves public confidence.

Proposed revisions

- 2.37 We propose that the Relevant Authorities (General Principles) Order 2001 be amended to make clear which principles govern the conduct of members when acting in an official capacity and which principles will apply to the conduct of members when acting in a non-official capacity, where the member's conduct would constitute a criminal offence.
- 2.38 We propose that the General Principles Order be amended by providing that the 10 existing principles apply to a member when acting in an official capacity and by adding a new principle which would be specified as applying to a member acting in a non-official capacity, where the member's conduct would constitute a criminal offence. We propose that the following be added to the Schedule of the Relevant Authorities (General Principles) Order 2001:

Duty to abide by the law

Members should not engage in conduct which constitutes a criminal offence.

Consultation Question 10:

Do you agree with the addition of this new general principle, applied specifically to conduct in a member's non-official capacity?

Definition of 'criminal offence' and 'official capacity'

- 2.39 Section 49 of the Local Government Act 2000 enables the Secretary of State to define what constitutes a 'criminal offence' and what constitutes 'official capacity' in the context of the General Principles Order. For the purposes of the revised General Principles Order, we propose that 'criminal offence' be defined as any conduct that has resulted in a criminal conviction.

Consultation Question 11:

Do you agree with this broad definition of 'criminal offence' for the purpose of the General Principles Order? Or do you consider that 'criminal offence' should be defined differently?

2.40 We propose that for the purposes of the revised General Principles Order, 'official capacity' be defined as "being engaged in the business of your authority, including the business of the office to which you are elected or appointed, or acting, claiming to act or giving the impression that you are acting as a representative of your authority".

Consultation Question 12:

Do you agree with this definition of 'official capacity' for the purpose of the General Principles Order?

Legislative Context

2.41 The Relevant Authorities (General Principles) Order 2001 was made under powers conferred on the Secretary of State in section 49 and 105 of the Local Government Act 2000. Section 183 of the Local Government and Public Involvement in Health Act 2007 modified section 49 of the 2000 Act and it is this modification that requires the Secretary of State to specify which general principles apply to a person when acting in an official capacity and when acting in a non-official capacity.

Chapter 3: Model code of conduct for local government employees

Is an employees' code needed?

- 3.1 A code of conduct for local government employees (“employees’ code”) should provide the staff of an authority with an effective ethical framework within which to work and it should give that authority’s citizens confidence that an authority’s staff are working on their behalf in an appropriate manner.

Consultation Question 13:

Do you agree that a mandatory model code of conduct for local government employees, which would be incorporated into employees’ terms and conditions of employment, is needed?

The employees' code in context

- 3.2 In August 2004, the (then) Office of the Deputy Prime Minister consulted on a model code of conduct for local government employees. Responses indicated that the model code of conduct consulted on was not adequate, but also that the universal application of a code to all staff would be needlessly bureaucratic as all employees would be subject to the same code regardless of their position. There was support for following the model of the Welsh code of conduct, which only applies to a certain category of defined senior officer. Alternatively, the code could be restricted to those who exercise executive, regulatory or overview and scrutiny powers under the authority’s scheme of delegation to officers.
- 3.3 Another view in response to the consultation paper was that certain aspects of the code (eg registration of interests), could be limited to senior officers while other more universal aspects should be applicable to all - for instance, it is beyond question that all employees should behave with honesty and integrity.
- 3.4 Many local authorities already have a code of conduct for employees in addition to, or part of, their standard terms and conditions of employment. These codes range from simple statements agreeing to act with propriety to comprehensive documents covering everything from political neutrality to intellectual property matters. These codes of conduct are also integrated into the authority’s discipline procedures.
- 3.5 It is not intended that the employees’ code be a burden on authorities or employees. The code should not constrain an authority’s ability to develop its own code reflecting local needs and conditions. We consider that authorities should be free to adopt supplementary provisions beyond the employees’ code in order to provide their staff with an effective ethical framework within which to work.

Application of the employees' code

- 3.6 We propose that the employees' code would apply to all relevant authorities and police authorities in Wales, as defined in Section 49 of the Local Government Act 2000. We are proposing that a model employees' code - a model code that authorities may augment if they wish - be introduced, which will be incorporated into local government employees' terms and conditions of employment.
- 3.7 However, we do not propose to apply the employees' code where it is not needed, for instance to employees in professions that are covered by their own code of conduct; firefighters, teachers, community support officers, solicitors etc.

Consultation Question 14:

Should we apply the employees' code to firefighters, teachers, community support officers, and solicitors?

Consultation Question 15:

Are there any other categories of employee in respect of whom it is not necessary to apply the code?

- 3.8 We propose a two-tier model. The first tier, drawing on the Code of Conduct (Qualifying Local Government Employees) (Wales) Order 2001, will apply equally to all authority employees and will enshrine the core values that it is reasonably expected every authority employee would abide by. The second tier, drawing on the members' code, will apply to 'qualifying employees', that is; either senior officials or those officials carrying out delegated functions.
- 3.9 With the members' code in place, and members having to abide by that code, there is a reasonable expectation that officials undertaking functions delegated to them by members would have to abide by the same conduct regime as members when performing those functions.

Proposed core values

The model employees' code: core values for all employees

General principles

The public is entitled to expect the highest standards of conduct from all local government employees. The role of such employees is to serve their employing authority in providing advice, implementing its policies and delivering services to the local community. In performing their duties, they must act with integrity, honesty, impartiality and objectivity.

Accountability

Employees are accountable, and owe a duty to, their employing authority. They must act in accordance with the principles set out in this Code, recognising the duty of all public sector employees to discharge public functions reasonably and according to the law.

Political neutrality

Employees, excluding political assistants, must follow every lawfully expressed policy of the

authority and must not allow their own personal or political opinions to interfere with their work. Where employees are politically restricted, by reason of the post they hold or the nature of the work they do, they must comply with any statutory restrictions on political activities.

Relations with members, the public and other employees

Mutual respect between employees and members is essential to good local government and working relationships should be kept on a professional basis. Employees of relevant authorities should deal with the public, members and other employees sympathetically, efficiently and without bias.

Equality

Employees must comply with policies relating to equality issues, as agreed by the authority, in addition to the requirements of the law.

Stewardship

Employees of relevant authorities must ensure that they use public funds entrusted to them in a responsible and lawful manner and must not utilise property, vehicles or other facilities of the authority for personal use unless authorised to do so.

Personal interests

An employee must not allow their private interests or beliefs to conflict with their professional duty. They must not misuse their official position or information acquired in the course of their employment to further their private interest or the interests of others.

Employees should abide by the rules of their authority about the declaration of gifts offered to or received by them from any person or body seeking to do business with the authority or which would benefit from a relationship with that authority. Employees should not accept benefits from a third party unless authorised to do so by their authority.

Whistleblowing

Where an employee becomes aware of activities which that employee believes to be illegal, improper, unethical or otherwise inconsistent with the model code of conduct for employees, the employee should report the matter, acting in accordance with the employees rights under the Public Interest Disclosure Act 1998 and with the authority's confidential reporting procedure or any other procedure designed for this purpose.

Treatment of Information

Openness in the dissemination of information and decision making should be the norm in authorities. However, certain information may be confidential or sensitive and therefore not appropriate to a wide audience. Where confidentiality is necessary to protect the privacy or other rights of individuals or bodies, information should not be released to anyone other than a member, relevant authority employee or other person who is entitled to receive it, or needs to have access to it for the proper discharge of their functions. Nothing in this Code can be taken as overriding existing statutory or common law obligations to keep certain information confidential, or to divulge certain information.

Appointment of staff

Employees of the authority, when involved in the recruitment and appointment of staff, must ensure that appointments are made on the basis of merit. In order to avoid any accusation of bias, those employees must not be involved in any appointment, or any other decision relating to discipline, promotion or pay and conditions for any other employee, or prospective employee, to whom they are related or with whom they have a close personal relationship outside work.

Investigations by monitoring officers

Where a monitoring officer is undertaking an investigation in accordance with Part III of the Local Government Act 2000 and associated regulations, employees must comply with any requirement made by that monitoring officer in connection with such an investigation.

Consultation Question 16:

Does the employees' code for all employees correctly reflect the core values that should be enshrined in the code? If not, what has been included that should be omitted, or what has been omitted that should be included?

Beyond the core values

Who are the 'qualifying employees'?

- 3.10 There are two alternatives for selecting those 'qualifying employees' to which, in addition to the core values of the employees' code, some of the restrictions and expectations of the members' code should apply.
- 3.11 The first is based on the approach taken to determining which posts in an authority are 'politically restricted' under section 3 of the Local Government and Housing Act 1989, and assumes that certain posts are senior or influential enough to warrant controls placed on the activities of postholders. Certain posts would be designated as qualifying employees.
- 3.12 The second is the delegation model, which would see qualifying employees selected on the basis that they perform functions delegated to them by elected members under section 101 of the Local Government Act 1972.

Consultation Question 17:

Should the selection of 'qualifying employees' be made on the basis of a "political restriction" style model or should qualifying employees be selected using the delegation model?

The model employees' code: values for qualifying employees

Compromising the impartiality of officers of the authority

A qualifying employee must not compromise, or attempt to compromise, the impartiality of anyone who works for or on behalf of the authority, either directly or as a response to pressure from others. A qualifying employee should not attempt to force employees to take action or change advice if doing so would prejudice their professional integrity.

Using your position improperly

A qualifying employee must not use, or attempt to use, their position improperly either for their or anybody else's advantage or disadvantage.

Considering advice provided to you and giving reasons

If a qualifying employee seeks advice, or advice is offered to them, on aspects of how the employees' code applies, the qualifying employee must have regard to this advice.

Personal interest

Qualifying employees must register, within 28 days of taking up their appointment, any interests set out in the categories below. This record of interest must be in writing, to the authority's monitoring officer or, in the case of a parish council, through the parish clerk.

The registration of interests protects the qualifying employee by giving early warning of any possible areas of conflict of interest and provides assurance to the public that the qualifying employee is acting transparently. Only registration of personal interests in areas where there are clear grounds for concern that such an interest could give rise to accusations of partiality in decision making and working practice of the authority are required.

These are:

- Your membership, or position of control or management, in bodies exercising functions of a public nature (that is, carrying out a public service, taking the place of a local or central governmental body in providing a service, exercising a function delegated by a local authority or exercising a function under legislation or a statutory power).
- Any business you might own or have a share in, where that shareholding is greater than £25,000 or have a stake of more than 1/100th of the value or share capital of the company.
- Any contracts between the authority and any company you have an interest in, as above.
- Any land or property in the authority's area in which you have a beneficial interest.

A qualifying employee may seek to exempt their personal interests from the register of interests if they consider, for instance that having this information on record might put themselves or others at risk. In such cases, the qualifying employee should discuss the matter with their monitoring officer.

Consultation Question 18:

Should the code contain a requirement for qualifying employees to publicly register any interests?

Consultation Question 19:

Do the criteria of what should be registered contain any categories that should be omitted, or omit any categories that should be included?

Prejudicial interest

A prejudicial interest is considered to be a matter which affects the qualifying employee's financial interest or relates to a licensing or regulatory matter in which he or she has an interest and where a member of the public, who knows the relevant facts, would reasonably think that his or her personal interest is so significant that it is likely to prejudice his or her judgement of the public interest.

A prejudicial interest in a licensing or regulatory matter may stem from a direct financial interest or from a more tangential interest, where for instance approval for a licence may affect a body with which the qualifying employee has a personal interest or will affect him or her personally.

Qualifying employees with a prejudicial interest should declare such an interest. Where possible, they should take steps to avoid influential involvement in the matter. Where this is not possible, their prejudicial interest should be made clear.

Consultation Question 20:

Does the section of the employees' code which will apply to qualifying employees capture all pertinent aspects of the members' code. Have any been omitted?

Consultation Question 21:

Does the section of the employees' code which will apply to qualifying employees place too many restrictions on qualifying employees? Are there any sections of the code that are not necessary?

Contractors, partners and part time staff

3.13 Local authorities have an increasingly complex relationship with the private sector in its work with contractors, partners and part time staff. We consider that rather than attempt to determine centrally when and when not to apply the employees' code not just to local government employees, but those working on behalf of local government, it will be for local authorities themselves to decide, in agreeing contracts, partnership agreements or terms and conditions of employment, if and how the employees' code, in whole or in part, should apply.

Parish councils

3.14 The members' code applies to parish councillors as well as members of larger authorities, and it seems reasonable therefore for the ethical framework of the employees' code to apply to parish council employees. We recognise that the environment that parish councillors operate within is different to that of larger authorities and are conscious that what is considered to be a reasonable expectation in the employees' code for larger councils, may prove to be difficult for parish councils.

3.15 That being the case, we would welcome responses from parish councils on any particular aspect of the employees' code that might present difficulties and how those difficulties could be overcome.

Consultation Question 22:

Should the employees' code extend to employees of parish councils?

Legislative context

- 3.16 Section 82(7) of the Local Government Act 2000, provides that the provisions of a code made under section 82(1) of that Act will be deemed to be incorporated in employees' terms and conditions of employment.

(2) You must, within 28 days of becoming aware of any change of circumstances which means that information excluded under paragraph (1) is no longer sensitive information, notify your authority's monitoring officer asking that the information be included in your authority's register of members' interests.

(3) In this Code, "sensitive information" means information whose availability for inspection by the public creates, or is likely to create, a serious risk that you or a person who lives with you may be subjected to violence or intimidation.

Annex C: Consultation Code of Practice

- A.1 The Government has adopted a code of practice on consultations. The criteria below apply to all UK national public consultations on the basis of a document in electronic or printed form. They will often be relevant to other sorts of consultation.
- A.2 Though they have no legal force, and cannot prevail over statutory or other mandatory external requirements (e.g. under European Community Law), they should otherwise generally be regarded as binding on UK departments and their agencies; unless Ministers conclude that exceptional circumstances require a departure.

The Consultation Criteria

- Consult widely throughout the process, allowing a minimum of
 - 12 weeks for written consultation at least once during the development of the policy
 - Be clear about what your proposals are, who may be affected, what questions are being asked and the timescale for responses.
 - Ensure that your consultation is clear, concise and widely accessible.
 - Give feedback regarding the responses received and how the consultation process influenced the policy.
 - Monitor your department's effectiveness at consultation, including through the use of a designated consultation coordinator.
 - Ensure your consultation follows better regulation best practice, including carrying out a Regulatory Impact Assessment if appropriate.
- A.3 The full consultation code of practice may be viewed at:
www.bre.berr.gov.uk/regulation/consultation/code/index.asp.
- A.4 Are you satisfied that this consultation has followed these criteria? If not, or you have any other observations about ways of improving the consultation process please contact:

CODE OF CONDUCT FOR LOCAL AUTHORITY MEMBERS

QUESTION 1

Do you agree that the Members' Code should apply to a member's conduct when acting in their non-official capacity?

It is clear that some conduct in private life can reflect upon a member's suitability to continue as a member, and that leaving a member in place until the next elections give the electorate an opportunity to remove him/her from office can seriously damage the reputation of an authority and of local government in general. It is therefore important that the Code of Conduct for Members should apply to at least some conduct in a member's private life, for example sexual offences, violent conduct fraud and dishonesty.

QUESTION 2

Do you agree with the definition of "criminal offence" for the purpose of the Members' Code? If not, what other definition would you support? Please give details.

The intention is that, by excluding criminal offences which result in a fixed penalty notice, the application of the Code should be limited to the more serious offences, and also avoid the confusion as to what fixed penalty notices constitute a criminal conviction, which are civil matters, and which are an alternative to prosecution. However, the proposed wording is insufficiently precise, as it can be interpreted as offences for which a fixed penalty notice is not available, or as an offence in connection with which the individual member was not given the option of a fixed penalty notice.

Further, a fixed penalty notice is sometimes available for relatively minor instances of what can be a serious offence, such as unauthorised tipping of waste materials. And failure by a member to comply with a regulatory regime which that member is responsible for enforcing can reflect very seriously on the credibility of that member, of the authority and of the regulatory regime.

Where the offence is minor, or is not directly relevant to their work as a member, there remains the option for the Standards Committee (Assessment Sub-Committee) to resolve not to take any action in respect of it. Accordingly, there is no loss and considerable advantage in including all criminal offences, whether they result in actual prosecution or a fixed penalty notice.

QUESTION 3

Do you agree with this definition of “official capacity” for the purposes of the Members’ Code? If not, what other definition would you support? Please give details.

The basic general conduct provisions of the Code apply only when a member is acting in an official capacity. CLG proposes that “official capacity” should be defined as “being engaged in the business of your authority, including the business of the office to which you are elected or appointed, or acting, claiming to act or giving the impression that you are acting as a representative of your authority.”

A particular issue arises from the reference to acting as a “representative” of a local authority, as the word “representative” is not defined in the Act or the Code. Paragraph 2(5) clearly envisages that a member can be acting as a representative of the authority even where he/she is acting on behalf of another body.

As the word “representative” is no longer used in the exceptions to prejudicial interests, there is no magic to its use here, and a more precise definition should be used, such as that the member was “engaged in the business of a body to which he/she has been appointed by, on the nomination of, or with the approval of the authority.”

QUESTION 4

Do you agree that the members’ code should only apply where a criminal offence and conviction abroad would have been a criminal offence if committed in the UK?

The basic proposition is acceptable, but the Consultation Paper goes on to provide that the Code would only apply if the member was convicted in the country in which the offence was committed. No explanation for this proposal is provided. That is more problematic. Thus, for example, an Internet child pornography offence may well justify action under the Code of Conduct, but may be prosecuted in the USA under current law where the activity occurred in the UK but the images passed through a US computer server. Serious corporate fraud can also be tried in the USA although the defendants have never entered the USA, but the offence impacted on US companies. And the UK law of corruption has recently been extended to include corruption overseas but triable in the UK. Clearly such a criminal conviction should be within the scope of the code of conduct, as it reflects so directly on the suitability of the member to continue to act as a member of a local authority. Accordingly the Council does not support the proposal that the conviction must arise in the same country as the offence was committed.

QUESTION 5

Do you agree that an ethical investigation should not proceed until the criminal process has been completed?

There are three aspects to this question:

- 1.5.1 Should the breach of the code arise when the criminal conduct occurs, or only when a conviction has resulted? In other words, should it be possible to make a complaint about criminal conduct in advance of an actual conviction?

On occasions the fact of guilt is very evident long before the actual prosecution or conviction, and there can be a long interval between the events and the conviction. In a serious fraud case, this can be up to six years. In the case of Councillor J. Speechley's prosecution for misconduct in public office, it was some three years before the trial, and a further year before his appeal against conviction was rejected as wholly unmeritorious. It would risk bringing the process into serious disrepute if no complaint can even be entered until so long after the events. Accordingly, there should not be any limit on making a complaint before conviction.

- 1.5.2 Should the actual investigation be held over until a criminal conviction has occurred?

The Council recognises that it would be wrong to encourage a standards investigation which interfered with the criminal investigation. But where there is a long gap between the events and a conviction it discredits the standards system if no action can be taken, especially where the member's guilt may be very evident, or he/she may even have admitted guilt. Accordingly, there should be no bar on standards investigations and proceedings in advance of conviction

- 1.5.3 Should the actual conviction before a criminal court be the only admissible evidence of criminal conduct?

If a complaint is to be admissible before conviction, it follows that conviction cannot be the only admissible evidence of the criminal offence.

Standards proceedings are civil proceedings. They determine matters on the balance of the evidence before them. An actual conviction in a criminal court is the most cogent evidence of guilt, but it is not a comprehensive test. Thus, the member may have admitted guilt, or civil proceedings may have resulted in an injunction against the member for harassment, but there may either be no prosecution or the prosecution may not have been completed. Not all criminal offences result in a prosecution, so a member might have been sued successfully for fraud, which reflects very badly upon their suitability to

be in control of public funds, but the CPS may have decided that despite evident guilt no public interest would be served by an actual prosecution. At an extreme level, if a member were found with their hand in the authority's till, or with the murder weapon in hand, or civil proceedings have demonstrated facts which amount to a criminal offence, it does local government no credit to leave the member in office until an eventual conviction.

Accordingly, evidence of criminal conduct other than a conviction by a criminal court should be admissible as evidence of criminal conduct. Otherwise much of the force of this provision will be lost, and complaints will be seriously delayed, discrediting the process.

QUESTION 6

Do you think that the amendments to the Members' Code suggested in this chapter are required? Are there any other drafting amendments which would be helpful? If so, please could you provide details of your suggested amendments?

1.6.1 Make Paragraph 12(2) mandatory rather than adoptive for Parish Councils

At present, Paragraph 12(2), allowing a member who has a prejudicial interest to make representations as a member of the public but not take part in the decision itself, is a mandatory provision for most authorities, but only applies to Parish Councils if positively adopted. The Council considers that it would be sensible to make this mandatory for Parish Councils.

1.6.2 Membership of other bodies

It is suggested that Paragraphs 8(1)(a)(i) and (ii) be amended to make it clear that this refers to another body of which you are a member, or which exercise functions of a public nature. The Council is not aware of any ambiguity or confusion here, but if there is a problem we would support clarification.

1.6.3 Registration of Gifts and Hospitality

It is suggested that Paragraph 8(1)(a)(viii) might usefully be amended to clarify that a member is required to register any gift or hospitality with an estimated value of at least £25. The current drafting of Paragraph 8(1)(a)(viii) is different from that of other such outside interests, as it refers to "the interests" of the donor or hospitality provider, rather than referring to the donor or hospitality provider itself. This does not fit with the registration requirement in Paragraph 13, as taken literally it requires the member to register "the interests of" the donor or hospitality provider. Accordingly, Paragraph 8(1)(a)(viii) should be amended by the deletion of the words "the interests of", and Paragraph 13 should be amended by the addition of a new Paragraph

13(3) as follows – “(3) In respect of a personal interest arising under Paragraph 8(1)(a)(viii), you must register both the identity of the person from whom you have received the gift or hospitality and provide details of the gift or hospitality and its estimated value.”

1.6.4 Prejudicial Interests

Paragraph 10 (1) and (2) could certainly be clarified if they were re-drafted to avoid the current double-negative. An amplification of the meaning of “determination” would be helpful. However, this Paragraph would still remain flawed because of the lack of clarity as to when the determination of an approval, consent, licence, permission is “in relation to” the member. The Council suggests that this be changed to say “determination of an application for approval..... made by you or on your behalf.”

The disapplication of Paragraph 10(2)(c) to giving evidence before a Standards Committee would be welcome.

1.6.5 Registration of Interests

It is proposed that existing registrations of interests should carry forward when the revised Code is introduced. It is good practice to give each member a copy of their existing register entries in May each year and ask them to ensure that it is up to date. Where this practice is followed, a new registration, incorporating any changes in the definitions of registrable interests, would be obtained anyway.

1.6.6 Additional Suggested Amendment - Application to suspended Members

The majority of the Code as currently drafted does not apply to a member when he/she is suspended. We have therefore had the spectacle of a member being strongly disrespectful of a Standards Committee following his suspension, but its not being covered by the Code. The Council suggests an amendment to Paragraph 2(2) to provide that a member’s conduct in relation to his/her authority shall be treated as being in an official capacity notwithstanding that the member was suspended at the time of the conduct

1.6.7 Additional Suggested Amendment - Disclosure and misuse of confidential information in private life

The disclosure of confidential information which a member has obtained through their connection with the authority, or its use for personal advantage, in private life, would be an example of serious misconduct, but at present this is not covered by the Code of Conduct. It is necessary to further amend Section 51 of the Local Government Act 2000 to refer to conduct which **does** constitute a criminal offence, rather than “**would**” constitute a criminal offence, so

it is relatively simple to provide that non-criminal conduct can amount to a breach of the Code, where this is specified in the Code, and then amend Paragraph 2(3), such that Paragraphs 4 and 6(a) can constitute a breach of the Code even where the conduct occurs in private life and does not amount to a criminal offence.

1.6.8 Additional Suggested Amendment – Value of Shareholdings

Whilst the current use of a nominal value of £25,000 as the threshold for registration and declaration of shareholding has the benefit of certainty, the recent volatility of share values has pointed up its arbitrary nature. Thus a shareholding with a £25,000 nominal value may have little or no trading value, and similarly a member may have one or two £1 shares in a private company, which may have a trading value in millions. It is also limited to one class of securities, so that a member may have £20,000 nominal value in each of five classes of securities, and still have no requirement to disclose or register that interest. The Council therefore suggests that it would be appropriate to amend Paragraph 8(1)(a)(vi) to provide that a member has a personal interest in “any person or body who has a place of business or land in your authority's area, and in whom you have a beneficial interest in the securities of that person or body that exceeds a nominal value of £25,000, a current market value of £25,000 or 1/100th of the total issued share capital”.

1.6.9 Additional Suggested Amendment – Gifts and Hospitality

With the passage of some seven years since the Code was introduced, the £25 threshold for declaration of gifts and hospitality has diminished by some 20% in real value. With the additional requirement to declare relevant gifts and hospitality at meetings, it is now appropriate at least to restore the original real value of the threshold in Paragraph 8(1)(a)(viii) and perhaps to set the value at a level such as £100 at which members would only have to declare and register really significant gifts and hospitality, of such a size that they might possibly influence the member's decision on a matter.

1.6.10 Additional Suggested Amendment – Close Association

Whilst The Council understands the intention of the 2007 Code amendment to extend beyond “friends” to business colleagues and enemies, the phrase “person with whom you have a close association” is extremely vague. The Standards Board for England's description of the phrase is of little assistance: “A person with whom you have a close association is someone that you are in either regular or irregular contact with over a period of time who is more than an acquaintance. It is someone a reasonable member of the public might think you would be prepared to favour or disadvantage when discussing a matter that affects them. It may be a friend, a colleague, a business associate or someone whom you know through general social contacts.”

Whether in the Code or in supporting Guidance it is necessary to make it clear that this provision only covers people with whom the member has such a close continuing relationship that a member of the public might reasonably conclude that it is likely to influence the member's perception of the public interest on matters which affect that individual.

1.6.11 Additional Suggested Amendment – the majority of council tax payers, ratepayer or inhabitants of the electoral division or ward affected by the decision.

The present Paragraph 8(1)(b) is unclear as to whether the comparator in any particular case is **either** council tax payers, ratepayers or inhabitant, **or** the aggregate of all three categories. In practice, it must be the category which the member comes within for this purpose, otherwise the relatively higher numbers of "inhabitants" would always dominate and make the mention of the other categories redundant. The Council suggests that Paragraph 8(1)(b) be amended to read "... Than the majority of either the council tax payer, ratepayers or inhabitants of the , in any case being a category of which you or the relevant person is a member."

1.6.12 Additional Suggested Amendment – Disclosure of Personal Interests

Paragraph 9(1) requires disclosures "at the commencement of consideration (of the matter)". In practice most authorities have disclosures of interest at the start of the meeting, which is advantageous in drawing to members' attention the need to make disclosures, allowing officers to remind individual members where a member may have forgotten to make such disclosure, and allowing the meeting then to discharge its business without frequent interruption. The Council suggests that Paragraph 9(1) should be amended to reflect this practice, to read "... at the commencement of the meeting or at such earlier occasion during the meeting as is prescribed by the authority for this purpose, or when the interest becomes apparent."

1.6.13 Additional Suggested Amendment – Registration of Sensitive Information

The drafting of Paragraph 14(1) does not provide an audit trail. So the member can inform the Monitoring Officer verbally of the sensitive information, and the Monitoring Officer can give verbal agreement to the fact that the information is sensitive. Then, when a complaint is made that the member has failed to register the interest, there is then no written record that the member has got clearance, leaving the conscientious member exposed. As a very simple amendment, The Council suggests that Paragraph 14(1) be amended to read as follows – "When you notify your authority's Monitoring Officer in writing that you consider that particular information relating to any of

your personal interest is sensitive information, and your authority's Monitoring Officer has notified you in writing that he/she agrees that it is sensitive, you need not.....”

QUESTION 7

Are there any aspects of conduct currently included in the Members' Code of Conduct that are not required? If so, please could you specify which aspects and the reasons why you hold this view?

1.7.1 Additional Suggested Amendment – Overview and Scrutiny Committees

Paragraph 11 provides that a member of the authority's executive will have a prejudicial interest in the matter when he/she is interviewed by the authority's Scrutiny Committee in respect of an executive decision which he/she has made. The Standards Board for England's advice has been that the power of the Scrutiny Committee to require the attendance of the member overrides the Code, but there is no clear basis for this assertion. On the plain words of the Code of Conduct, in the absence of any such exception in the legislation, it would appear that the executive member is required to attend, but then has a prejudicial interest and would be in breach of the Code of Conduct if he/she remained. Accordingly, in line with the suggested amendment for members giving evidence before Standards Committees, the Council would suggest that the exception in Paragraph 12(2) be extended to provide that attendance to give evidence at the request of the Scrutiny Committee should not be a breach of the Code of Conduct.

QUESTION 8

Are there any aspects of conduct in a member's official capacity not specified in the Members' Code of Conduct that should be included? Please give details.

1.8.1 Additional Suggested Amendment – Application to informal meetings, Site Visits and Correspondence

The definition of “meetings” in Paragraph 1(4) is currently very limited. There is public concern at the possible undue influence applied by members in informal meetings and correspondence, for which there is no public access. The Welsh Code for Members has addressed this by extending the definition of “meetings” to include “informal meetings between a member and one or more other members or officers of the authority, other than group meetings”, and by requiring members to disclose that they are members in any correspondence with the authority, even if that correspondence is in a private capacity. This makes the position absolutely clear. It can readily be checked by inspection of correspondence and disclosure

of officers' notes of meetings as background papers when formal decisions come to be taken.

1.8.2 Additional Suggested Amendment – Application to Ward Councillor Decision-Making

Section 236 of the Local Government and Public Involvement in Health Act 2007 enabled local authorities to arrange for the discharge of functions by a ward Councillor within that ward. It made no provision for the application of the Members' Code to such discharge of functions. The normal rules on disclosure of personal and prejudicial interests do not apply in this case as there is no "meeting", yet the potential for conflicts of interest are greatly increased where a Councillor is taking decisions in the area in which he/she lives, where his/her family go to school and have their friends, or where he/she has his/her business. The obvious amendment would be to apply Paragraphs 9(6) and 12(1)(b) and (c) to any decision-making under Section 236, and require the recording of any personal interest in the record of the decision.

1.8.3 Additional Suggested Amendment – Private Representations

A dilemma arises where a member wishes to make representations to his/her own authority in a private capacity, for example as a householder in respect of a neighbouring planning application. On the one hand, disclosing in the representation the fact that he/she is a member risks an accusation of improper use of the member's position to influence the decision. On the other hand, as the officers are probably well aware of the identity of the correspondent, failing to disclose this fact can risk an opposite accusation that the member is acting in an underhand manner. The Welsh Members' Code has taken a robust approach and simply provided that a member must disclose the existence and nature of your personal interest when he/she makes representations to the authority on a matter in which he/she has a personal interest and, if the representations are made verbally, must then confirm that interest in writing within 14 days. This satisfactorily resolves this dilemma, enabling the fact of the member's interest to be recorded in the correspondence.

1.8.4 Additional Suggested Amendment – Acting in the Public Interest and having regard to Officers' Advice

The current Code contains no requirement to act in the public interest, as this fundamental requirement is relegated to the General Principles. Equally, the requirement in Paragraph 7(1) to have regard to officer advice is limited to the statutory reports of the Chief Finance Officer and the Monitoring Officer. These provisions are much better covered in the current Welsh Code of Conduct as follows:

"8. In participating in meetings and taking decisions on the business of the authority, you must –

- (a) do so on the basis of the merits of the circumstances and in the public interest
- (b) have regard to any relevant advice provided by the authority's officers – in particular by:
 - (i) the Chief Finance Officer
 - (ii) the Monitoring Officer
 - (iii) the Chief Legal Officer, who should be consulted whenever there is any doubt as to the authority's powers to act, or as to whether the action proposed lies within the policy framework agreed by the authority; where the legal consequences of action or failure to act by the authority might have important repercussions.”

QUESTION 9

Does the proposed timescale of two month, during which a member must give an undertaking to observe the Members' Code of Conduct, starting from the date on which the authority adopts the Code, provide members with sufficient time to undertake to observe the Code?

The Council agrees that it is appropriate to require members to give a fresh undertaking to observe the revised Code of Conduct following its adoption by the authority of which they are a member. The two month period for such undertakings was applied in 2001, when the Code of Conduct was first adopted by each authority and is perfectly reasonable.

QUESTION 10

Do you agree with the addition of a new General Principle, applied specifically to conduct in a member's non-official capacity, to the effect that a member should not engage in conduct which constitutes a criminal offence?

The General Principles are supposed to be the enduring principles which underlie the Code. As such they should not be changed unless there are overriding reasons for doing so. Whilst this exhortation is clear well-intended, it is much wider than the Members' Code of Conduct, which is supposedly limited to criminal conduct which relates in some manner to the member's position as a member. In addition, the core principle is already substantially covered by General Principles 2 (Honesty and Integrity) and 8 (Duty to uphold the Law). Accordingly the Council is of the view that adding a general and unrestricted Principle of not engaging in criminal conduct is unnecessary.

QUESTION 11

Do you agree with the broad definition of "criminal offence" for the purpose of the General Principles Order? Or do you consider that criminal offence should be defined differently?

As set out above, the Council does not consider that it is necessary or helpful to change the General Principles for this purpose. However, if a change is to be made it should be limited to criminal conduct “which compromises the reputation of the member’s office or authority, or their ability to perform their functions as a member”.

QUESTION 12

Do you agree with this definition of “official capacity” for the purpose of the General Principles Order?

The Consultation Paper suggests that this new General Principle should be limited to conduct when “you are engaged in the business of your authority, including the business of the office to which you are elected or appointed, or acting, claiming to act or giving the impression that you are acting as a representative of your authority.”

This is completely at odds with the intention as set out above to implement the provisions of the Local Government and Public Involvement in Housing Act 2007 in order to apply the Code of Conduct to criminal conduct in private life. If implemented as suggested, it would mean that the General Principles were narrower than the Code of Conduct which is supposed to give effect to them. Accordingly, the Council considers that the new General Principle, if adopted, should apply to criminal conduct “which compromises the reputation of the member’s office or authority, or their ability to perform their functions as a member”.

Note that the General Principles are currently drafted in the third person whereas the suggested new General Principle is drafted in the second person. Clearly the drafting should be consistent.

Subject:	Planning Protocol for Members
Responsible Officer:	Hugh Peart
Portfolio Holder:	Councillor Marilyn Ashton
Exempt:	No
Enclosures:	Appendix A – Example of new format Agenda page

Section 1 – Summary and Recommendations

This report responds to the ongoing negotiations to consider whether the Planning Protocol should be altered to reflect a procedural proposal in terms of voting.

The report arises from both Strategic Planning and Standards Committees and follows consideration by the Chairmen of those two Committees in reaching a consensus on a way forward.

Recommendation: That

- (1) it be agreed that Members involved in Planning applications meetings should be reminded of the requirement under paragraph 7 of the Planning Protocol, when considering the refusal or granting of planning applications.

- | |
|---|
| (2) an alteration be made to the template of the relevant Committee agenda to reflect this area of the Protocol as indicated on Appendix 1. |
|---|

Section 2 – Report

1. Background

- 1.1 The Strategic Planning Committee have previously considered various proposals in relation to management of the voting process in relation to planning applications and the need to ensure that strong planning reasons are identified, particularly where these seek to negate an officer recommendation.
- 1.2 The importance of such reasons being identified is an essential component of decision making given the requirements of the Planning legislation and the proposed arrangements regarding the impacts of Appeals processes whereby the authority might become liable for costs where these are not clearly stated.
- 1.3 The Standards Committee in considering changes to the Protocol at its meeting on 5 June 2008 felt that the management of Member voting was a procedural matter not falling to be an area that should dealt with as a Protocol issue.
- 1.4 The Strategic Planning Committee had indicated its concern regarding the process of voting and sought further clarification. Following this the Chairmen of both Committees met with relevant officers to consider the implications of the new Act; good planning guidance, the role of the Standards Committee and the content of the Planning Protocol as existing.

2. Future Operation

- 2.1 The Chairmen of both Committees therefore propose that no change be made to the existing Planning Protocol in terms of specifically identifying a voting process. However, they ask that Members are reminded to be aware of the content of the existing Planning Protocol and the need to ensure that where planning applications are considered the reasons for refusal must be based on good planning grounds in terms of any application considered. To this end they propose an amendment is made to the agenda template to serve as a reminder to Members of their responsibilities when considering such issues as attached at Appendix 1.

3. Legal Implications

- 3.1 These are contained in the body of the report.

4. Financial Implications

- 4.1 Any costs relating to this matter will be met from within the provision for committee meetings.

AGENDA - PART II

This page is intentionally left blank

Meeting:	Standards Committee
Date:	4 December 2008
Subject:	Register of Members' Interests - Compliance
Responsible Officer:	Hugh Peart, Director of Legal and Governance Services
Portfolio Holder:	Councillor David Ashton, Leader of the Council
Exempt:	No
Enclosures:	None

Section 1 – Summary and Recommendations

This report advises the Committee on Members' compliance with the statutory requirements with regard to the registering of interests.

Recommendations:

That the Committee consider what action, if any, should be taken with respect to those Members who have not returned their Register of Interest forms.

Section 2 – Report

Background

- 2.1 The Code of Conduct for Councillors is a statutory element of Local Authority Constitutions, based on a model Code of Conduct.
- 2.2 The Code includes a requirement that the Members of the Authority maintain a Register of Interests, which is held by the Monitoring Officer. The requirements falling on individual Members with regard to

registering their interests are set out in Part 3 of the Code of Conduct (within the Council's Constitution).

- 2.3 There is also a specific requirement on Members to inform the Monitoring Officer of any change in their registrable interests within 28 days of becoming aware of such a change.
- 2.4 In order to assist Members in their duty to register interests, the Monitoring Officer provides each Councillor with a registration form together with instructions on how to complete the various sections and the Part 3 guidance as to the obligations.
- 2.5 A reminder letter is then sent to Members at least every six months, including after each Annual Council meeting, as it is at this meeting that Outside Body appointments are made, resulting in possible changes to Members' registrable interests. Members are required to complete a new form, make amendments to the existing return or confirm that no change is necessary.

Current situation

- 2.6 Following Annual Council in May, Register of Interest forms were sent out to all Members for approval or amendment and return. Members were also advised that, in accordance with the Standards Committee decision of 23 March 2007, once their form was returned, their entry in the Register would be published on the Council's website.
- 2.7 A number of Members did not reply within 28 days and some of them took several months to return their forms. Up to five reminder letters were sent. At the time of writing, the majority of Members have now returned their forms, but the forms of Councillors Benson and Billson are still outstanding.
- 2.8 The Committee is therefore asked to consider what action it wishes to take, if any, in respect of those Members who have not returned their forms.
- 2.9 Failure to comply with the requirements regarding the registration of interests is a breach of the Code of Conduct.

Options

- 2.10 With regard to the action to be taken in respect of those Members who have not returned their forms, the options available to the Committee include the following:
 - instruct the Monitoring Officer to call in those Members who have not returned their forms to discuss the importance of the timely registration of interests and to complete their forms, and report back to the Standards Committee that this has been done at its next meeting;

- request the Monitoring Officer to raise a complaint against the Members to be dealt with through the Standards procedures.

Financial Implications

None.

Performance Issues

None.

Risk Management Implications
