**Please state the ground(s) for review (please read guidance note1)**

It is to be noted that this premises already benefits from a premises licence. If this application is successful, the existing premises licence will be surrendered on the grant of this application.

The existing premises licence allows for the provision of late night refreshment between the following times:

Monday – Friday 23:00 – 00:00

Saturday – Sunday 23:00 – 01:00 (the following morning)

This application is for the grant of a new premises licence. The application is for the provision of late night refreshment between the following times:

Monday – Sunday – 23:00 – 05:00 (the following morning)

The proposed hours open to public indicate that the premises may remain open to the public twenty four hours a day, seven days a week.

The police authority have concerns about the proposed steps outlined in the application in relation to all four of the licensing objectives – the prevention of crime and disorder, maintain public safety, the prevention of public nuisance, and the protection of children from harm.

The two conditions extracted from the operating schedule are not acceptable as phrased.

1. The premises will maintain a CCTV system in operation. Recordings shall be held for a minimum of 31 days and made available to police and licensing officers following a properly made Data Protection Act request.

This is wholly unacceptable as often quick access to view and download CCTV is required to conclude the investigation expeditiously. This access is even more critical if the suspect has been remanded in custody. The need to obtain the paper work authorised for Data Protection purposes would unnecessarily delay carriage of justice. The police or the licensing enforcement officers would only request CCTV for crime and disorder purposes.

2. On Fridays and Saturdays between 23:00 and 05:00 1 X SIA guard shall be employed.

It is unclear what data was used for the decision of having just one security guard on the weekends which is likely to be the busiest periods of the week.

**Prevention of Crime Disorder.**

There are substantial increases in violent crime after the midnight hour, largely due to the influence of alcohol.

Preliminary research has shown that there have been

1 X allegation of Sec 4 Public Order,

6 X allegations of Common Assault,

6 X allegations of Actual Bodily Harm and

2 X allegations of Grievous Bodily Harm

Within the past two months in the vicinity of McDonalds. All these incidents have occurred between the hours of 23:00 to 07:00 hours.

The anticipated early morning customers may induce that stretch of Station Road to become an unofficial rank for unlicensed mini cabs, which pose a threat not just legitimate licensed taxis but also to the unsuspecting customers who allow themselves to be carried in un-roadworthy and uninsured vehicles. It will certainly attract criminals to loiter about in area

looking for victims. It may encourage the area to become a hotspot for drug dealers. If McDonalds is granted a licence to stay open for 24 hours, it will adversely affect these figures of crime and disorder. The two conditions proposed are highly unlikely prevent the rise of crime and disorder.

**Public Safety.**

Would the licence be granted, McDonalds being the only premises open, it is likely to attract new customers from the surrounding area. There is no public transport between the hours of midnight and 06:00 hours, therefore there is likely to be a substantial increase in vehicular traffic. This could prove to be a danger to the pedestrians in the area. The ones in need of public transport may begin to loiter about in the area until the services commence in the morning. These people are likely to vulnerable and become victims of criminality. The anticipated early morning customers may induce that stretch of Station Road to become an unofficial rank for unlicensed mini cabs, which pose a threat not just legitimate licensed taxis but also to the unsuspecting customers who allow themselves to be carried in un-roadworthy and uninsured vehicles.

**Prevention of Public Nuisance.**

The increase in vehicular traffic will lead to noise that will be detrimental to quality of life of the residents who live above the business premises in the vicinity of McDonalds. As already stated that there is limited public transport available between the hours of midnight and 06:00 hours, this may encourage users of the night-time economy to loiter about this premises until cheaper forms of public transport commence their early morning services. There is always noise associated with such situations, again having a detrimental affect on the quality of life of local residents. The premises pledges to clear up rubbish outside their venue, but the food packaging that it disposed of further in to the town centre is not likely to be a big drain on the public funds, but also is likely to unwelcome sight in the local surrounding if dropped indiscriminately on the streets.

**Protection of children from harm.**

The applicants have included a condition that would prohibit the holding of children's parties during licensable hours. This is commendable; however there is no provision for the juveniles who are in the supervision of adults. With the premises being allowed to remain open for 24 hours, it is likely to be beacon for vulnerable juveniles to hang around the premises for as long as possible. The applicants have not addressed how they intend to deal with vulnerable unaccompanied juveniles found on their premises after 23:00 hours.

I would like to reserve the right to submit further evidence should this matter need to be heard by a licensing panel.

**Please provide as much information as possible to support the application (please read guidance note 2)**

Dear Joshua,

After further contemplation following the receipt of your attached email, if we were to bring the premises of McDonalds in line with the other licensed premises on Station Road, then I think that 03:00 hours on the weekend and 01:00 hours during the weekdays should be appropriate closing time.

I am away from the office until tomorrow morning and look forward to your opinions first thing.

Kind regards,

Jasminder Virdi.

**CCTV** - In regard to CCTV you may be aware this is overseen by the Information Commissioner. It is not our clients intention to cause any unnecessary delay to the police when seeking to view CCTV images. The viewing of CCTV footage by the police or an authorised officer is not an issue. The issue would be the supply and removal of CCTV images from the premises that requires proper data protection for those taking a copy and those supplying a copy. I would be interested in your views on this matter.

**SIA** - It is understood that Harrow councils licensing policy 2010 page 30 under annexe C suggest a ratio of 1 SIA guard to every 100 patrons or part thereof. As it is unlikely that there will be more than 100 persons on the premises at any one time it is considered that the provision of 1 SIA manned guard is sufficient.

Note: There will be a manager on the premises during licensable timings who will be trained in conflict management and can act as a steward where required.

**Crime and Disorder** - You quote a number of crimes in the area could we please have full details of these including where and when committed as you use 07:00 as a cut off time.

**Criminality and Drugs** - There is no evidence to indicate that by opening the premises up for extended timings these issues will arise.

**Public Transport** - Your comments regarding a lack of public transport under Public safety we are unable to agree with. There are 2 night buses N18 and route N140 that operate from outside the premises and from Harrow Bus Station. There is a TFL Appointed Hackney carriage rank on College Road (Harrow on the Hill Station). This rank has 14 spaces.

**Nuisance & Litter** - There is no evidence to support your contention regarding extra nuisance to residents. The premises is located in Harrow Town Centre.

In regard to litter notices are displayed inside the premises. Furthermore Mc Donalds operate a litter collection scheme that complies with the DEFRA - Voluntary Code of Practice Redic

It is understood that the current late night and early morning operation does not cause issues with litter.

**Vulnerable Minors** - In respect of the protection of children, we do not see any issue with accompanied children. In regard to unaccompanied children after 23:00 any person that is seen to be under 18 and loitering would be challenged by SIA security or a manager or staff to vacate the premises.

My client is willing to display a notice stating No Loitering and CCTV is in operation for the protection of customers and staff.

I hope these comments are constructive and that we can reach an agreement with the police as a responsible authority in the matter.
