**376. 1/01: Priestmead Primary School and Nursery, Hartford Avenue, Harrow - P/0312/17**

**PROPOSAL:** Temporary use of original school building for up to 300 year 7 to year 9 pupils for a period of 2 years; parking and landscaping

Following questions from Members, an officer advised that:

- Sport England had withdrawn its objection;
- officers would work closely with the school to promote the aims set out in the School Travel Plan and encourage greater use of public transport, modal shift, provide maps and use the Council's CCTV enforcement vehicles in the vicinity of the School. Currently the STP was Bronze accredited. Postcode plotting was used to identify where pupils lived so officers could advise on the best transport routes. Additionally, there were a number of cycle routes to the school and the Council offered free cycle training to encourage up take of cycling;
- the original Priestmead School building was habitable though it may require minor refurbishment prior to Salvatorian pupils moving in.

**DECISION: GRANTED,** Under Regulation 3 of the Town and Country Planning General Regulations 1992, planning permission subject to:

- 1) the Conditions listed in Appendix 1 of the officer report, and as amended by the Addendum.

*The Committee wished it to be recorded that the decision to grant the application was unanimous.*

**377. 1/02: The Former Eastcote Arms Public House, Eastcote Lane, South Harrow, Harrow**

**PROPOSAL:** Redevelopment to provide a part two, four and five storey building to create 36 flats with amenity space; basement parking; landscaping and bin/cycle storage.

Following questions from Members, an officer advised that:

- the petition containing 73 signatures which had been uploaded to the Council's website related to the previous application and the application had since been withdrawn. The Petitioners had been advised accordingly;
- the proposed development would have 5 floors, and the top floor would contain 6 flats;
- the northern elevation would be single storey in order to minimise any overlooking of neighbouring properties;
- there was no direct access for residents to the landscaped roof garden above the single storey element of the proposal;
- the refuse storage area would be located at the front, adjacent to the vehicular access;
- officers did not anticipate any safety issues for vehicles exiting from the development when turning right towards the roundabout to the northwest;
- there were conditions attached to the application dealing with drainage and flood risk;
- the basement car park would be accessed by two car lifts, one to enter and one to exit. The applicant would be obliged to submit a car lift management strategy, which would be forwarded to Transport for London for assessment and consent.

**DECISION: GRANTED**

Following questions from Members, an officer advised that the scope for putting in soft landscaping was limited due to the nature of the site and access to it. However, there were conditions requiring some soft landscaping be added to the front of the site, which would help soften its visual impact.

*The Committee wished it to be recorded that the decision to grant the application was unanimous.*

Following questions from Members, an officer advised that:

- the Construction Method Statement covered things such as the parking of vehicles on site, loading and unloading of vehicles, storage of building materials, dust and dirt and recycling during the demolition and construction period;
- residents' concerns regarding impact of the development on New Road, which was a private road, and its upkeep, were not material planning considerations and fell outside the Council's demise. Any issues regarding the road were a civil matter.

The Chair urged residents of New Road to come to an agreement with the developer regarding the condition and maintenance of the road as this issue fell outside the remit of the Planning Committee.

The Committee received representations from an objector, Mrs Nelson, and from Mr Holmes, a representative of the applicant.

Councillor Graham Henson left the room during consideration of this item.

Following questions from Members, an officer advised that although there was no condition limiting the number of children who could be enrolled at the new nursery, the building could not hold more than 30 children, because part of it would be used as toilets and changing facilities. The applicants had requested opening hours of 0700-15.00 for the café.
