148. 1/01:Central Depot, Forward Drive, Harrow - P/4251/18

PROPOSAL: Redevelopment to provide part single, part two and part five storey building with plant room on roof and part first floor mezzanine

incorporating workshop (B1 light industrial), office (B1 use), warehouse (B8 use) and ancillary uses; multi storey car park and external car parking; bin store (demolition of existing buildings) (Amended description).

Following questions and comments from Members, an officer advised that:

- officers did not anticipate any additional trip generation as a result of the amended application. There would only be an increase of 15 cars. Most of the vehicles at the site would be part of the Council's pooled vehicles, for essential users, and only be used on an 'as and when' basis. Furthermore, as the site was located in a good PTAL rated area (Public Transport Accessibility Level), the level of additional traffic generated would be low. She added that the office space at the site was not commercial office space, it was for Council tenants and would not be marketed in the same way as a commercial unit. Officers considered the site location to be sustainable. She added that Highways were of the view that there was sufficient on-street parking capacity in the vicinity of the site;
- Conditions 19 & 20, which restricted Permitted Development rights, could be strengthened to prevent conversion to residential use;
- the application was subject to approval by the Mayor of London (the GLA) as a Stage 2 referral.

The Committee resolved to approve the officer recommendations.

DECISION: GRANT

1. Grant planning permission, subject to a stage 2 referral to the GLA, and the revised Condition 19 as set out below, and as amended by the Addendum:
2. Condition 19: The B1a office accommodation on the third and fourth floors hereby approved shall be used solely for the purposes of civic functions associated with Harrow Council Services, and for no commercial purpose outside of this remit without prior written consent from the local planning authority;
3. Condition 20: The development hereby permitted shall be used for Class B1a (offices) for purposes restricted under condition 19 of this permission, only and notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), no development within Schedule 2, Part 3, Class O shall take place.

The Committee wished it to be recorded that the decision to grant the application was by a majority of votes.

Councillors Ghazanfar Ali, Graham Henson, Ajay Maru & Christine Robson voted for the application.

Councillors Stephen Greek, Mina Parmar & Bharat Thakker abstained from voting.

149. 2/02: Northcote, 86 Rickmansworth Road HA5 3TW - P/2367/18

PROPOSAL: Development to provide a two storey building for eight flats (8 x 1 bed flats); front boundary wall; new access from Rickmansworth Road; parking; amenity space; refuse and cycle storage.

Following questions and comments from Members, an officer advised that:

- In considering the previous application at appeal, the inspector had noted that he had insufficient evidence to discount that the impacts of refuse collection vehicles and visibility at the northern junction of Rickmansworth Road were not severe. The applicant had subsequently undertaken a traffic assessment, submitted a Transport Statement and amended the layout of the cycle parking and refuse storage. The Highways Authority had agreed to the implementation of double yellow lines on either side of the road, which would lead to improved visibility for motorists and enhance road safety in the area;
- the Planning Inspector did not have the authority to put conditions on applications at appeal. The Section 106 monies generated from the development would cover the cost of any traffic calming measures that would be implemented;
- the site currently consisted of a small area of green, however, the Inspector had considered comments from objectors and had concluded that this small area of green at the site did not constitute 'garden land'. The area was used mainly as an access to the existing block of flats at the site.

The Committee received representations from an objector, Ms Jan Bell, from a representative of the applicant, Mr Carl O'Boyle, and Councillor Norman Stevenson.

A Member proposed refusal on the following grounds:

- '1. The proposal has failed to demonstrate that it would allow safe movement of traffic, to the detriment of highway safety and convenience contrary to policy 6.13 of the London Plan (2016), and policies DM1 and DM42 of the Development Management Policies Local Plan (2013).
2. The proposal would constitute inappropriate development on garden land, contrary to policies CS1 of the Core Strategy, 3.5 of the London Plan, and the Garden Land Development SPD.'

The motion was seconded, put to the vote and lost.

The Committee resolved to approve the officer recommendations.
