**262. 2/05 143/145 Eastcote Lane & 172A Alexandra Ave - P/2156/19**

**PROPOSAL**

Redevelopment to provide four storey building to create 26 Flats (7 X 1 bed, 17 X 2 bed and 2 x 3 bed); Landscaping and amenity space; Parking; Refuse and cycle storage.

Officers introduced the application setting out the proposals in the report, as varied in the addendum.

In response to questions from the Committee, the Planning Officers confirmed that:

- The development was in line with Harrow's Garden Land SPD (2013) regulations and its building footprint did not constitute use of garden land space. The footprint fell within the accepted parameters as set out in the report and as such would not result in an inappropriate form of development.
- The cumulative impact on traffic and parking resulting from the development was deemed acceptable by Harrow Council's Highways Team and was further justified by a Transport Assessment and census data on parking demand. A Parking Management Plan would be put in place, which would be binding on developers to monitor and enforce in order to ensure that the provided 13 spaces were adequately allocated and prioritised amongst the residents of the development.

The Committee received representations from an objector, Mrs Myrtle Martin, the planning agent on behalf of the applicant, Mr Max Plotnek and from Councillor Jerry Miles, who each outlined their arguments for seeking refusal or approval of the application respectively.

A member proposed refusal on the following grounds:

- The proposal, by virtue of its excessive scale, height, width and positioning, would add an unacceptable amount of bulk and mass across the site's width and would result in the detrimental loss of the site's open character, representing an over-intensification of residential development on the site. The development would, therefore, not represent an appropriate high quality of design, would not maintain or enhance the character of the surrounding street scene and the visual interests of its surroundings and fails to appropriately respect and relate to its spacious context. Accordingly, the proposal was contrary to Policies 7.4 of the London Plan 2016, DM1 of the Harrow Development Management Policies 2013, the adopted Supplementary Planning Document Residential Design Guide 2010 and section 12 of the National Planning Policy Framework 2018.
- The proposal would fail to provide a sufficient level of car parking, contrary to the National Planning Policy Framework (2018), policy 6.13 of The London Plan (2016) and Policy DM12 of the Harrow Development Management Policies Local Plan (2013) policies DM42 and DM43.

The motion was seconded, put to the vote and passed with a majority of votes.

### **DECISION: REFUSE**

Change of use of police station (sui generis) into 6 flats (6 x 1 bed) (class C3) and part of ground floor to financial and professional service office (Use class A2) and cafe (use class A3); bin and cycle stores; parking; external alterations.

**RECOMMENDATION B**

That if the Section 106 Agreement is not completed by 30th January 2020, or as such extended period as may be agreed by the Interim Chief Planning Officer in consultation with the Chair of the Planning Committee, then it is recommended to delegate the decision to **REFUSE** planning permission to the Interim Chief Planning Officer on the grounds that: The proposed development, in the absence of a Legal Agreement to provide appropriate parking controls directly relating to the development, would fail to adequately mitigate the impact of the development on the surrounding highway network, contrary to the National Planning Policy Framework (2019), policies, 6.3, 6.9, 6.10, 6.11, 6.12 and 6.13 of The London Plan (2016), Core Strategy (2012) policy CS1R and policies DM 1, DM 42, DM 43 and DM 50 of the Harrow Development Management Policies Local Plan and the Supplementary Planning Document: Planning Obligations (2013).
