This Council deplores the shooting and maiming of many children around the world, with the most recent being Malala Yousafzai and her friends, because they publicly fought for the right of every girl to go to school.

Council resolves to join the international call on all countries to fully implement the United Nations Declaration of Human Rights, in particular, by outlawing discrimination against girls and in line with this fully supports the international campaign to ensure that the world's 61 million out of school children are in education by the end of 2015

This Council instructs the Chief Executive to send messages of support to Malala Yousafzai, one of many amazing young women for their courage and bravery in fighting for the cause which they have championed, Harrow Schools and through the Council's e-bulletins and other means to publicise the 10<sup>th</sup> November, which will be when the international petition will be handed to the United Nations to ensure international support for the push for girls education and the right of every child to go to school and will build on the momentum of the UN Secretary General's Education First initiative to show that for the first time in history, the world will no longer let education be for the privileged few, but instead a right for all.
