Because we are such an active Group we are one of the few Scout Groups in the area fortunate enough to have a full membership, and waiting lists, for all of our three sections. Our current membership is 90 young people with 15 Adult Leaders. We believe that this is because of the vast range of opportunities and activities that we offer the young people who are our members.

We are one of very few youth groups which run in the evenings keeping young people off of the street, out of trouble, and giving them a chance to participant in new and exciting activities which they would not normally get a chance to experience.

An ever increasing number of our members come from low income families and we offer them a chance of participating in these activities or going on camping expeditions that they would otherwise not get the opportunity to experience or partake in. We encourage each and everyone of our members to reach their full potential as young citizens.

We are always conscious that we have to keep our membership fees down to an affordable level - especially in the current financial climate - and these are extensively spent on providing Scouting activities for our membership.
