Dear Mr. Stavrinou,

Further to our telephone conversation I enclose herewith a copy of our Constitution and also inform you that currently we have 48 members of the association and all except five members reside in Harrow.

I inform you further that we have already made an application to open a bank account with Lloyds TSB Harrow branch. As soon we receive the account number we will inform you. There shall be six office users (members) from the Harrow area.

As regards to the registration form we were informed that this is no longer required.

I hope the enclosed documents and information provided are in order however should you require any further information please call me.

Yours sincerely
