**Re: MacDonald's on Shaftesbury Circle
Application to extend Opening Hours**

Dear Simon Williams

Thank you for your circular regarding the above application. Unfortunately we were unable to make comments on the website mentioned in your letter. However, we would like to record that we have no objection whatever to the

application. MacDonald's litter patrol has always been very efficient since their original opening. It is only a food outlet, and we have never noticed any rowdiness or noise nuisance emanating from the establishment. We feel that the slight extension of their opening hours would be a good service to any hungry local people returning home late for any reason. We now frequently use their excellent take-away service and would praise the high standards to which they adhere.

Yours sincerely

Christina and Paul Roadnight
