## **Counterparty Policy**

The counterparty policy for investments is reviewed annually and approved by both Cabinet and Council, the latest review being in February 2013. The table below identifies the banks in use against the appropriate counterparty criteria as at 30 September 2013.

Investment instruments identified for use in the financial year are listed below under the 'Specified' and 'Non-Specified' Investments categories.

Counterparty limits are approved by the Section 151 Officer in accordance with the Council's Treasury Management Practices.

Specified investments are considered low risk and relate to funds invested for up to one year. Non-Specified investments sometimes offer the prospect of higher returns but carry a higher risk and may have a maturity beyond one year. All investments and borrowing are sterling denominated.

All credit ratings will be monitored in house with the help of Capita (Sector) who alert the Council to changes in Fitch ratings through its creditworthiness service.

If a downgrade results in the counterparty no longer meeting the Council's minimum criteria, its further use as an investment will be withdrawn immediately.

## **Specified Investments**

All such investments will have maturities up to a maximum of 1 year, meeting the minimum rating criteria where applicable. The instruments and criteria to be used are set out in the table below.

| Instrument                                   | Minimum<br>Credit Criteria | Max.<br>maturity<br>period | Counterparties           | 30.09.2013<br>Balances<br>£m |
