

Equality Impact Assessment Template

The Council has revised and simplified its Equality Impact Assessment process. There is now just one Template. Project Managers will need to complete **Stages 1-3** to determine whether a full EqIA is required and the need to complete the whole template.

Equality Impact Assessment (EqIA) Template

In order to carry out this assessment, it is important that you have completed the EqIA E-learning Module and read the Corporate Guidelines on EqIAs. Please refer to these to assist you in completing this assessment.
It will also help you to look at the EqIA Template with Guidance Notes to assist you in completing the EqIA.

Title of Project:	Permanent expansion of the following community school: Aylward Primary School Pangbourne Drive Stanmore, HA7 4RE At its meeting on 13 March 2014, Harrow Cabinet is recommended to approve the statutory proposals to expand permanently the school by one form of entry (30 pupils), which will fill incrementally from the point of admission into the school.		
Directorate / Service responsible:	Children & Families		
Name and job title of lead officer:	Adrian Parker, Head of Education Strategy and School Organisation Service		
Name & contact details of the other persons involved in the assessment:	Johanna Morgan, Education Lead Officer, School Organisation Chris Melly, Senior Professional, School Organisation Moira Arnold, Headteacher of Aylward Primary School		
Date of assessment:	23 January 2014		
Stage 1: Overview			
1. What are you trying to do? (Explain proposals e.g. introduction of a new service or	It is proposed to permanently expand Aylward Primary School from 1 September 2014 to become a three form of entry school (90 places) from its current two forms of entry (60 places).		

policy, policy review, changing criteria, reduction / removal of service, restructure, deletion of posts etc)

Education school expansion statutory processes are being undertaken. In November 2013, Harrow Cabinet considered the outcome of the statutory consultation about the proposed expansion that was conducted during the autumn term and decided to publish statutory proposals to effect the expansion. On 13 March 2014, Harrow Cabinet will determine the statutory proposals.

The permanent expansion of Aylward Primary School is proposed as part of the Primary School Expansion Programme within Harrow Council's School Place Planning Strategy. Cabinet agreed its School Place Planning Strategy in February 2010 to meet the increasing demand for school places that is primarily birth rate driven. In July 2011, Cabinet agreed on a Primary School Expansion Programme as part of the School Place Planning Strategy. The strategy aims to secure sufficient primary school places through the creation of additional permanent places, supplemented by planned bulge classes and contingency bulge classes, opened if required.

2. Who are the main people / Protected Characteristics that may be affected by your proposals? (✓ all that apply)

Residents / Service Users	✓	Partners / Schools	✓	Stakeholders	✓
Staff	✓	Age	✓	Disability	✓
Gender Reassignment		Marriage and Civil Partnership		Pregnancy and Maternity	
Race		Religion or Belief		Sex	
Sexual Orientation		Other			

3. Is the responsibility shared with another directorate, authority or organisation? If so:

- Who are the partners?
- Who has the overall responsibility?
- How have they been involved in the assessment?

There is a statutory responsibility on the local authority to ensure sufficient school places in its area. Children & Families is the lead directorate, though the school expansion programme has to be delivered corporately with the involvement of officers from other directorates e.g. Environment and Enterprise, Finance, Performance, Legal.

The school expansion programme will be delivered in partnership between the local authority and schools.

Stage 2: Evidence / Data Collation

4. What evidence / data have you reviewed to assess the potential impact of your proposals? Include the actual data, statistics reviewed in the

section below. This can include census data, borough profile, profile of service users, workforce profiles, results from consultations and the involvement tracker, customer satisfaction surveys, focus groups, research interviews, staff surveys; complaints etc. Where possible include data on the nine Protected Characteristics.

(Where you have gaps (data is not available/being collated), you may need to include this as an action to address in your Improvement Action Plan at Stage 7)

<p>Age (including carers of young/older people)</p>	<p>The Greater London Authority (GLA) prepares the pupil projections for Harrow Council. The GLA uses a range of information and data to prepare the projections including the number of births, number of pupils in Harrow schools, migration to Harrow and new housing development. Across London the population is growing, and the main reason for this is increasing birth rate. The demand for Reception class places (for pupils reaching 5 years of age) in Harrow schools is increasing:</p> <ul style="list-style-type: none"> • In January 2006 there were 2,224 Reception aged pupils in Harrow schools; • In January 2009 there were 2,571 Reception aged pupils in Harrow schools; • In January 2013 there were 2,879 Reception aged pupils in Harrow schools; • In January 2019 it is projected there will be 3,437 Reception aged pupils in Harrow schools. <p>In September 2012 there were a total of 2,550 permanent Reception class places in Harrow’s primary sector schools. In order to ensure sufficient school places to meet the predicted increased demand in the next few years there is a need to increase the number of permanent school places, in the primary sector initially and in the secondary sector in due course. Phase 1 of the primary school expansion programme was implemented in September 2013 with 8 schools in the borough permanently increasing their Reception intakes. Statutory processes for Phase 2 permanent expansions are under way to permanently expand a further 14 schools by September 2015. Phase 3 is being planned for permanent expansions from September 2016. Full information about the projected demand for school places and the planning to increase school places across Harrow can be viewed in the 21 November 2013 Cabinet papers (item 725 School Expansion Programme Appendix C) at http://www.harrow.gov.uk/www2/ieListDocuments.aspx?CId=249&MId=61433&Ver=4</p> <p>See Appendix A of this EqIA for data about the profile of pupils attending the school.</p>
<p>Disability (including carers of disabled people)</p>	<p>An increase in children of school age can be expected to include increased numbers of children with disability and special educational needs. The total number of statements of special educational need in Harrow has increased by 93 (or 9%) between 2006 and 2011 calendar years. In addition, the percentage of children with a statement placed in a special school (Harrow, other local authority, independent or non-maintained) has increased from 35% to 43% during the same period. This represents continued pressure and demand for more special school places. On 18 July 2013, Harrow Cabinet approved the Special School SEN Placements Planning Framework for bringing forward proposals over the next 3-5 years to increase provision for children and young people with special educational needs.</p>

	See Appendix A of this EqlA for data about the profile of pupils attending the school. See Appendix B of this EqlA for the profile of respondents to the statutory consultation.
Gender Reassignment	Not applicable in the context of the expansion of this school.
Marriage / Civil Partnership	Not applicable in the context of the expansion of this school.
Pregnancy and Maternity	Not applicable in the context of the expansion of this school.
Race	This is a community school which draws pupils from its local area and the pupil profile reflects the ethnicity of its area. The January 2013 School Census demonstrates that the school has an ethnically diverse pupil population. See Appendix A of this EqlA for data about the profile of pupils attending the school. See Appendix B of this EqlA for the profile of respondents to the statutory consultation. See Appendix C of this EqlA for the ethnic groups in the main wards from which children attend the school.
Religion and Belief	This is a community school which draws pupils from its local area and the pupil profile reflects the religions and beliefs of its area. See Appendix B of this EqlA for the profile of respondents to the statutory consultation.
Sex / Gender	This is a community school which draws pupils from its local area and the pupil profile reflects the gender of its area. See Appendix A of this EqlA for data about the profile of pupils attending the school.
Sexual Orientation	Not applicable in the context of the expansion of this school.
Socio Economic	Not applicable in the context of the expansion of this school.

6. What other (local, regional, national research, reports, media) data sources that you have used to inform this assessment?
List the Title of reports / documents and websites here.

The GLA School Roll Projections Service draws on a range of available national and regional data to inform its projections.

A regional approach is an important aspect of meeting the needs of children and young people with special educational needs. Contacts are being developed with free school proposers, and with neighbouring local authorities through the West London Alliance, to inform work to meet the need.

Stage 3: Assessing Potential Disproportionate Impact

7. Based on the evidence you have considered so far, is there a risk that your proposals could potentially have a disproportionate adverse impact on any of the Protected Characteristics?

	Age (including carers)	Disability (including carers)	Gender Reassignment	Marriage and Civil Partnership	Pregnancy and Maternity	Race	Religion and Belief	Sex	Sexual Orientation
Yes									
No	✓	✓	✓	✓	✓	✓	✓	✓	✓

YES - If there is a risk of disproportionate adverse impact on any **ONE** of the Protected Characteristics, continue with the rest of the template.

- **Best Practice:** You may want to consider setting up a Working Group (including colleagues, partners, stakeholders, voluntary community sector organisations, service users and Unions) to develop the rest of the EqIA
- It will be useful to also collate further evidence (additional data, consultation with the relevant communities, stakeholder groups and service users directly affected by your proposals) to further assess the potential disproportionate impact identified and how this can be mitigated.

NO - If you have ticked 'No' to all of the above, then go to **Stage 6**

- Although the assessment may not have identified potential disproportionate impact, you may have identified actions which can be taken to advance equality of opportunity to make your proposals more inclusive. These actions should form your Improvement Action Plan at Stage 7

Stage 4: Collating Additional data / Evidence

8. What additional data / evidence have you considered in relation to your proposals as a result of the analysis at Stage 3?

(include this evidence, including any data, statistics, titles of documents and website links here)

Note: Please go to Stage 6.

9. What further consultation have you undertaken on your proposals as a result of your analysis at Stage 3?

Who was consulted?	What consultation methods were used?	What do the results show about the impact on different groups / Protected Characteristics?	What actions have you taken to address the findings of the consultation? (This may include further consultation with the affected groups, revising your proposals).
Note: Please go to Stage 6.			

Stage 5: Assessing Impact and Analysis

10. What does your evidence tell you about the impact on different groups? Consider whether the evidence shows potential for differential impact, if so state whether this is an adverse or positive impact? How likely is this to happen? How you will mitigate/remove any adverse impact?

Protected Characteristic	Adverse ✓	Positive ✓	Explain what this impact is, how likely it is to happen and the extent of impact if it was to occur. Note – Positive impact can also be used to demonstrate how your proposals meet the aims of the PSED Stage 9	What measures can you take to mitigate the impact or advance equality of opportunity? E.g. further consultation, research, implement equality monitoring etc (Also Include these in the Improvement Action Plan at Stage 7)
Age (including carers of young/older people)			Note: Please go to Stage 6.	
Disability (including carers of disabled people)				
Gender Reassignment				
Marriage and Civil Partnership				
Pregnancy				

and Maternity				
Race				
Religion or Belief				
Sex				
Sexual orientation				
11. Cumulative Impact – Considering what else is happening within the Council and Harrow as a whole, could your proposals have a cumulative impact on a particular Protected Characteristic? If yes, which Protected Characteristics could be affected and what is the potential impact?	Yes		No	
	Note: Please go to Stage 6.			
11a. Any Other Impact – Considering what else is happening within the Council and Harrow as a whole (for example national/local policy, austerity, welfare reform, unemployment levels, community tensions, levels of crime) could your proposals have an impact on individuals/service users socio economic, health or an impact on community cohesion? If yes, what is the potential impact and how likely is to happen?	Yes		No	
	Note: Please go to Stage 6.			
12. Is there any evidence or concern that the potential adverse impact identified may result in a Protected Characteristic being disadvantaged? (Please refer to the Corporate Guidelines for guidance on the definitions of discrimination, harassment and victimisation and other prohibited conduct under the Equality Act) available on Harrow HUB/Equalities and Diversity/Policies and Legislation				

	Age (including carers)	Disability (including carers)	Gender Reassignment	Marriage and Civil Partnership	Pregnancy and Maternity	Race	Religion and Belief	Sex	Sexual Orientation
Yes									
No									

If you have answered "yes" to any of the above, set out what justification there may be for this in Q12a below - link this to the aims of the proposal and whether the disadvantage is proportionate to the need to meet these aims. (You are encouraged to seek legal advice, if you are concerned that the proposal may breach the equality legislation or you are unsure whether there is objective justification for the proposal)

If the analysis shows the potential for serious adverse impact or disadvantage (or potential discrimination) but you have identified a potential justification for this, this information must be presented to the decision maker for a final decision to be made on whether the disadvantage is proportionate to achieve the aims of the proposal.

- If there are adverse effects that are not justified and cannot be mitigated, you should not proceed with the proposal. **(select outcome 4)**
- If the analysis shows unlawful conduct under the equalities legislation, you should not proceed with the proposal. **(select outcome 4)**

Stage 6: Decision

13. Please indicate which of the following statements best describes the outcome of your EqIA (✓ tick one box only)

Outcome 1 – No change required: the EqIA has not identified any potential for unlawful conduct or disproportionate impact and all opportunities to advance equality are being addressed.	✓
Outcome 2 – Minor adjustments to remove / mitigate adverse impact or advance equality have been identified by the EqIA. <i>List the actions you propose to take to address this in the Improvement Action Plan at Stage 7</i>	
Outcome 3 – Continue with proposals despite having identified potential for adverse impact or missed opportunities to advance equality. In this case, the justification needs to be included in the EqIA and should be in line with the PSED to have 'due regard'. In some cases, compelling reasons will be needed. You should also consider whether there are sufficient plans to reduce the adverse impact and/or plans to monitor the impact. (Explain this in 13a below)	
Outcome 4 – Stop and rethink: when there is potential for serious adverse impact or disadvantage to one or more protected groups. (You are encouraged to seek Legal Advice about the potential for unlawful conduct under equalities legislation)	

13a. If your EqIA is assessed as **outcome 3 or you have ticked 'yes' in Q12**, explain your justification with full reasoning to continue with your proposals.

Stage 7: Improvement Action Plan

14. List below any actions you plan to take as a result of this Impact Assessment. This should include any actions identified throughout the EqIA.					
Area of potential adverse impact e.g. Race, Disability	Action required to mitigate	How will you know this is achieved? E.g. Performance Measure / Target	Target Date	Lead Officer	Date Action included in Service / Team Plan
Age. Insufficient school places for children in Harrow.	Work has been undertaken to maximise funding from the Government to create additional school places. This has included applications to the Priority School Building Programme and the Targeted Basic Need Programme, as well as work to maximise the annual basic need allocations.	Delivery, affordability and value for money will be monitored by the corporate Programme Board. Key milestones will be reported with RAG ratings to monitor progress.	1 September 2015.	Catherine Doran, Corporate Director Children & Families, through the Programme Board.	1 September 2013
Disability. Insufficient education provision to meet the needs of children with special educational needs.	This area of potential adverse impact of the increased number of children in the borough has been considered. Harrow Cabinet agreed its Special School and SEN Placements Planning Framework in July 2013, and successful applications have been made to the Government's Targeted Basic Need Programme for funds to expand the places in Harrow's special schools and to create more additionally resourced provision places in Harrow's mainstream schools.	Completion of the projects to expand Harrow's special schools and to create units for more additionally resourced provision places in Harrow's mainstream schools.	1 September 2015.	Catherine Doran through the Programme Board.	1 March 2013
Residents / Service Users. Many concerns about the impacts of traffic congestion.	Measures are being put in place to address the traffic and congestion issues arising from the creation of additional school places. See Section 5 above. The consultation responses have been sent to Mott MacDonald and the Transport and Travel Planner Officer for inclusion in their work.	Traffic Assessments and School Travel Plans will be submitted as part of the Planning Applications.	18 June 2014.	Mark Sperring, Head of Capital Project Team.	November 2013.

Stage 8 - Monitoring

The full impact of the proposals may only be known after they have been implemented. It is therefore important to ensure effective monitoring measures are in place to assess the impact.

<p>15. How will you monitor the impact of the proposals once they have been implemented? What monitoring measures need to be introduced to ensure effective monitoring of your proposals? How often will you do this? <i>(Also Include in Improvement Action Plan at Stage 7)</i></p>	<p>The School Organisation Officer Group, comprised of representatives from relevant corporate departments, meets monthly and will monitor the impact of proposals and the continuing levels of need.</p>
<p>16. How will the results of any monitoring be analysed, reported and publicised? <i>(Also Include in Improvement Action Plan at Stage 7)</i></p>	<p>Regular reports are presented to Cabinet on school organisation matters, including quarterly update reports on the school expansion programme. These reports are published on the Harrow Council website.</p> <p>The School Expansion Stakeholder Reference Group has been established and meets monthly. The School Expansion Stakeholder Reference Group is a cross party representative group to provide advice and guidance on the implementation of the school expansion programme. The meetings are minuted.</p> <p>The Programme Board of senior corporate officers and the constructor meets regularly to monitor the construction programme to ensure appropriate accommodation is provided at the schools for the additional pupils.</p>
<p>17. Have you received any complaints or compliments about the proposals being assessed? If so, provide details.</p>	<p>A range of views and comments were received in support and opposed to the expansion proposal (see section 2 in Stage 5 above). 61% of consultation responses agreed with the approach to creating additional school places in Harrow.</p>

Stage 9: Public Sector Equality Duty

18. How do your proposals contribute towards the Public Sector Equality Duty (PSED) which requires the Council to have due regard to eliminate discrimination, harassment and victimisation, advance equality of opportunity and foster good relations between different groups.

(Include all the positive actions of your proposals, for example literature will be available in large print, Braille and community languages, flexible working hours for parents/carers, IT equipment will be DDA compliant etc)
