Section 1 – Hospital Inspection Ratings

As part of their hospital inspection regime the Care Quality Commission (CQC) looks at the quality and safety of the care provided based on the things that matter to people. They look at services to ensure they are;

- Safe
- Effective
- Caring
- Responsive to people's needs
- Well led

Following inspection prior to merger with Ealing ICO NHS Trust, North West London Hospitals underwent inspection of its three main hospital sites. The CQC published a report and ratings for each hospital inspected, as well as an overall North West London Hospitals Trust rating.

CQC Overall ratings for the NWLH Trust		
Overall rating for NWLHT	Requires Improvement	●
Are services at this Trust safe?	Requires Improvement	●
Are services at this Trust effective?	Requires Improvement	●
Are services at this Trust caring?	Requires Improvement	●
Are services at this Trust responsive?	Requires Improvement	●
Are services at this Trust well led?	Requires Improvement	●
CQC Overall ratings for three hospitals		
Central Middlesex Hospital (CMH)	Good	●
Northwick Park Hospital (NPH)	Requires Improvement	●
St Mark's Hospital (SMH)	Requires Improvement	●
		●

Section 2 – Areas for Improvement

As part of the findings from the inspection of our hospitals the CQC produced a list of recommendations. These actions are grouped into actions that **MUST** be taken and those that **SHOULD** be taken to improve.

Action that MUST be taken to improve:

- The Trust must ensure that there are appropriate numbers of staff to meet the needs of patients in the A&E department, surgical areas and critical care (NPH and SMH)
- The Trust must ensure there are systems in place to assess and monitor the quality of service provided in A&E, critical care, surgery and maternity, to ensure services are safe and benchmarked against national standards (NPH).
- The Trust must ensure that the environment is safe and suitable in Paediatric services (NPH)
- The Trust must ensure that equipment is available, safe and suitable within the Paediatric service (NPH)

Action that SHOULD be taken to improve

- The staff should review medical and nursing levels particularly in areas which directly impact on care provided to patients such as SMH
- The Trust should ensure all staff are aware of escalation procedures and that these are followed
- The Trust should ensure all policies, procedures and protocols are based on national guidance and are in date.
- The Trust should ensure improvements are made to the Maternity service to ensure a cohesive, safe and effective service is provided to women
- The Trust should review and improve multi disciplinary working within Maternity services
- The Trust should improve appraisal rates for staff
- The Trust should take steps to improve its Friends and Family test rating
- The Trust should take steps to ensure staff receive feedback on incidents reported
- The Trust should improve visibility of the leadership and communication with staff, particularly at CMH to develop a sense of cohesion for the organisation.

Section 3 – Actions the Trust MUST take to improve

This section lists the compliance actions that the Trust MUST take to improve.

The progress status of each action is indicated by the colour code below

Milestone Rating key :	
Completion Status

6.	Women may not have their safety and welfare ensured because behaviour and attitudes of some midwives towards women fell below expectations.	Provide ongoing customer care training. Re-launch expected standards for staff attitude & behaviour	Director of Nursing Head of Midwifery Head of Patient Experience	September 2014 Review training compliance Dec 2014	New Trust wide Customer care training commissioned. Customer care policy devised Local 'customer care' positive attitude, resilience training in place. **Evidence available**	September 2014	Del On track
		Re-launch Maternity services staff attitude and behaviour charter & card.	Director of Nursing Head of Midwifery Head of Patient Experience	October 2014	Trust 'Working together in partnership: A charter for patients, visitors and colleagues' Maternity services staff attitude and behavior Charter **Evidence available**	October 2014	Del

No	Recommendation	Key action	Responsible Exec / Manager	Date for completion	Progress	Date completed	RAG status
		Launch 'See something say something campaign' for staff to raise concerns	Director of Nursing Head of Patient Experience	Nov 2014	'See something say something campaign' for staff to raise concerns- launched. **Evidence available**	October 2014	Del
		Undertake observational audits to assess patient safety and welfare standards.	Head of Midwifery	(September 2014) October 2014	Timescale slipped to Oct 2014 due to availability of additional resource but has commenced. **Evidence available**		On Track
		Implementation of midwifery consultation paper to ensure right staff, right skills right place.	Director of Nursing Divisional General Manager Head of Midwifery	Consultation started Feb 2014 and completed March 2014. Implementation started 1st April 2014, staged programme of completion for March 2015.	Final approved midwifery staffing service model **Evidence available**		On Track

No	Recommendation	Key action	Responsible Exec / Manager	Date for completion	Progress	Date completed	RAG status
Actions the Trust MUST take to improve – Mission Critical Key Actions							
REGULATION: Regulation 15 HSCA 2008 (Regulated Activities) Regulations 2010 Safety and suitability of premises. **KEY RISK:** People who use services and others were not protected against the risks associated with the safety and suitability of premises							
7	**Jack's Place:** The design of the ward meant that many areas were not observable from the nurses' station, or the reception desk, which posed a safety risk when children were playing in the ward.	Review of ward configuration to be undertaken with options for changes being scoped and costed.	Director of Nursing Director of Estates and Facilities Paeds management team	May 2015	Meetings taken place and provisional plans proposed. **Evidence available**		On track
	The ward appeared clean, but it was cluttered which meant thorough cleaning could not be achieved.	Implement weekly monitoring of ward using PLACE template	Director of Nursing Director of Estates and Facilities Ward manager	May 2014	Monitoring in place. **Evidence available**	Complete May 2014	Del

No	Recommendation	Key action	Responsible Exec / Manager	Date for completion	Progress	Date completed	RAG status
8	**Jack's Place:** The treatment room and store room doors on the ward were left open, potentially allowing access to children.	Door now remains locked with ongoing spot checks	Ward manager	May 2014	Door now remains locked with ongoing spot checks **Evidence available**	Complete May 2014	Del
9	**Jack's Place:** On the day of visit, there were blood samples on a shelf in the open area of Jack's Place awaiting collection, because the pneumatic tube system to take samples to the laboratory was out of order.	New process to be in place for contingency in event of pneumatic tube failure	Divisional General manager Ward manager	September 2014		September 2014	Del

No	Recommendation	Key action	Responsible Exec / Manager	Date for completion	Progress	Date completed	RAG status
Actions the Trust MUST take to improve – Mission Critical Key Actions							
REGULATION: Regulation 16 HSCA 2008 (Regulated Activities) Regulations 2010 Safety, availability and suitability of equipment. **KEY RISK:** People who use services and others were not protected against the risks associated with the safety and suitability of equipment							
10	**Jack's place** Not all equipment in the ward was on the trust's asset register, which was why service dates had been overlooked.	Asset register completed with service schedule update	Head of Estates Ward manager	May 2014	All equipment on asset register **Evidence available**	May 2014	Del
11	**Jack's place** Some electrical equipment did not have PAT testing dates, and trust records showed that on the children's ward 24% of equipment had passed their due date for servicing.	Devices register and maintenance status corrected and updated	Head of Estates Ward manager	May 2014	Maintenance completed **Evidence available**	May 2014	Del
12	**Neonatal unit** We noted that a fridge in the neonatal unit was iced up and there were gaps in the temperature recording.	Fridge defrosted with out of samples disposed of. HCA to add to rota of temperature recordings	Unit manager	May 2014	Immediate action taken on day **Evidence available**	May 2014	Del

No	Recommendation	Key action	Responsible Exec / Manager	Date for completion	Progress	Date completed	RAG status
Actions the Trust MUST take to improve – Mission Critical Key Actions							
REGULATION: Regulation 22 HSCA 2008 (Regulated Activities) Regulations 2010 Staffing. **KEY RISK:** People who use services did not always have their health and welfare needs met by sufficient numbers of appropriate staff							
13	There were inadequate staffing levels to provide safe care to patients within the major's treatment area in the A&E department.	Additional staffing will become available post CMH A&E closure.	Chief Operating Officer DGM Emergency division Clinical Director Head of Nursing	Sept 2014	CMH A&E Department closed on 10th September 2014. Medical and nursing capacity has been transferred to NPH A&E rota's, increasing medical workforce and reducing nursing vacancies that were being held.	Sept 2014	Del
		Review of rota will take place	DGM Emergency division Clinical Director	Oct 2014	Full rota review underway to better match capacity to demand peaks and support new ways of working in our new A&E department, which is due to open at NPH this winter.		On track
		Appointment of new clinical leads	DGM Emergency division Clinical Director	September 2014	Additional Clinical Director capacity has also been introduced to support the Emergency Pathway.	Complete	Del

No	Recommendation	Key action	Responsible Exec / Manager	Date for completion	Progress	Date completed	RAG status
		Full Business case submitted for additional beds submitted to TDA Beds/4 hour performance – Estates Strategy, Carroll Ward, Treat &Transfer CMH, Modular Units (up to100 beds by Oct 2015)	Chief Operating Officer DGM Emergency division	Oct 2015	Carroll Ward opened as planned at 8am on 10th September 2014, introducing 20 new acute assessment beds at NPH. A treat and transfer system to utilize CMH bed capacity (where clinically appropriate) has commenced and continues to safely maintain expected patient flows. The estates strategy is being delivered in partnership with Clinical Strategic Group, who are currently overseeing planned use of the old A&E Department space (creating 4 additional beds), redevelopment of Jenner Ward day care (8 additional beds) and Fletcher Ward (22 additional beds). These changes, along with the full modular ward plan (October 2015) continue to be subject to additional capital investment from the TDA as business case.		On track
14.	There were low numbers of middle grade doctors in general surgery.	Review middle grade staffing numbers and allocation across general surgery to assure sufficient cover and move to Consultant delivered service with associated recruitment plan as required	Medical Director DGM Surgery Clinical Director	Oct 2014			On track

No	Recommendation	Key action	Responsible Exec / Manager	Date for completion	Progress	Date completed	RAG status
15	Medical staffing levels were very low in critical care. A large number of positions were filled by locums and clinical fellows. The trainees in the department were very junior and unable to take on many tasks independently.	Clinical Lead to be with dedicated time to develop unit this includes the clinical teams	Medical Director DGM Clinical Director	May 2014	Dedicated 1PA for development, leadership and overseeing of quality	Complete	Del
		Robust weekly MDT Programme and Mortality Review meetings	Medical Director DGM Surgery Clinical Director	October 2014	Weekly Grand Round and Clinical Governance meeting includes feedback to staff minutes are published and posted in the unit.
