RECOMMENDED ITEMS

139. Pinner Road Conservation Area

The Panel received the report of the Corporate Director for Environment and Enterprise which summarised the results of the consultation over the proposal to designate a new Conservation Area in Pinner (the Pinner Road Conservation Area), along with an amendment to the proposed boundary in accordance with the consultation responses.

A Member commented that the consultation responses indicated that the proposals were well supported locally, and demonstrated the value of involving residents in decisions about their own locality.

Resolved to RECOMMEND: (to Cabinet)

That the new Pinner Road Conservation Area be approved.

Reason for Recommendation: As part of the ongoing programme to review the borough's heritage, part of Pinner Road, Pinner was identified as an area of high quality architecture and layout, with mostly locally listed and listed buildings, and has been assessed as worthy of Conservation Area status. Public consultation was largely supportive of the proposal, and raised no objections. The incorporation of this area as one of Pinner's Conservation Areas will ensure the area is covered by the Council's adopted Pinner Conservation Areas SPD (adopted December 2009).
