Dear Mr Kirkbride

Following my telephone conversation with Mrs Kikbride this morning, we have been advised that the email address provided on the temporary event notice is no longer valid.

Please see the email below from our Environmental Protection department. This department is responsible for Environmental Health functions within the council. The department responsible for Environmental Health functions is a responsible authority who is allowed to put forward any objections in respect of Temporary Event Notices.

The authority is now starting the process of a hearing and you will be notified of the date and time once this is confirmed. In the meantime, It is appropriate for you to enter into discussions with Mrs Dunning to see if an agreement can be reached and negate the need for a hearing to take place.

If you have any enquiries regarding the above, please do not hesitate to contact the authority.

Regards

Ash Waghela
Licensing Officer
Public Protection, Community Directorate
Harrow Council

Subject: TENS Applications: 4th June 2016/ 21st May 2016/ 2nd July 2016

Dear Sir,

The Environmental Health department object to the following TENs:

- 21st May 2016
- 4th June 2016
- 2nd July 2016

The reason for this is that there is an on-going noise investigation which as a result of some recent monitoring and surveillance will result in the service of an abatement notice under the Environmental Protection Act 1990.

Yours sincerely

Sujita Dunning
Environmental Health Officer – Domestic
