

## **MAJOR DEVELOPMENTS PANEL – 30 JUNE 2016**

### **AGENDA PART 1**

#### **PUBLIC QUESTIONS (ITEM 5)**

Fifteen minutes will be allowed for members of the public to ask the Chair a question on any matter within the terms of reference of the Panel

#### **Public Question 2**

**Questioner:** Alison Forrest

**Asked of:** Councillor Keith Ferry, Chair of the Major Developments Panel

**Question:** The initial permission for development was for 314 dwellings on this site. Why are Persimmon housing now trying to double this figure, with the increased risk of traffic accidents along the already single-lane Pinner Park Avenue and the ugly high density housing adjacent to the only moated manor house in the South East?
