

## STRATEGIC PLANNING ADVISORY PANEL

1 DECEMBER 2005

Chair: \* Councillor Burchell

Councillors: \* Marilyn Ashton \* Mrs Kinnear  
\* Mrs Bath \* N Shah  
\* Bluston (2) \* Anne Whitehead

Non-voting Councillor Branch  
Co-opted Member:

\* Denotes Member present  
(2) Denote category of Reserve Member

**PART I - RECOMMENDATIONS****RECOMMENDATION 1 - Annual Monitoring Report 2004-05**

The Panel considered a report of the Director of Property Services (Urban Living) which explained the requirement for the Council to produce an Annual Monitoring Report (AMR) for the Municipal Year 2004-05. The draft AMR was provided as an appendix to the report and the Panel noted that the deadline for submission of the AMR to the Government Office for London was 30 December 2005.

Officers advised that, prior to the meeting, they had distributed to Members of the Panel a sheet of amendments that they were proposing to make to the AMR. The amendments were discussed in detail at the meeting and Members confirmed their agreement to the proposed changes being incorporated into the draft AMR.

During the discussion on the report, the following issues were raised:

- Noting that the Executive Summary (Section 4.5) of the draft AMR stated that "an overall net gain of 12,006 m<sup>2</sup> gross external floorspace was achieved for employment use", it was requested that officers provide Members of the Panel with details of employment use space in the Borough.
- The Executive Summary (Section 4.9) of the draft AMR stated that "No Harrow Unitary Development Plan (HUDP) policies have been identified which do not appear to be working well". A Member wished it to be noted that, in her opinion, policy H9 of the HUDP was not working well.
- Members requested that officers provide clarification of what was meant by "other modes" in the Accident Rate statistics provided in Section 4.3(B) of the AMR. A Member also commented that the figures provided did not seem to add up and suggested that they be checked.
- Noting that Section 4.4(A) of the report stated that the Borough's "average residential density is 237 habitable rooms per hectare", it was requested that officers provide Members of the Panel with information on the densities in other comparable boroughs.

The Panel supported the officers' view that it would be necessary to make further amendments to the AMR prior to submitting the final version of the report to Cabinet.

**Resolved to RECOMMEND:** (to Cabinet)

That (1) the contents of the AMR 2004-05 be noted;

(2) the AMR 2004-05 be submitted to the Government Office for London by 30 December 2005, subject to the completion of further detailed work on aspects of the AMR, and taking on board any decision on the approach to Conservation Area appraisals and management plans.

[REASON: Preparation of the AMR is a requirement of the Local Development Scheme (LDS) which Cabinet approved on 23 June 2005. Failure to submit the AMR on time would be a breach of the regulations governing the new planning system and would also lead to a reduction in the Planning Delivery Grant (PDG) which would have an impact on resources for Planning and Development Services].
