Subject: Kohinur Restaurant and Bar, 14a Broadwalk, Pinner Road Harrow HA2 6ED -  
Application to vary a premises License 16/6/2017

Dear Sir / Madam

I would like to OBJECT to the extended hours and days of opening put forward in the recent Application to vary a premises License submitted to Harrow Council.

This premises in the previous forms of Orchid Lounge and then Pinner Lounge have caused noise problems particularly with regards loud amplified music and loud amplified vocals. To the extent that a Statutory Notice under the Environmental Protection Act 1990 was served dated 25 February 2016 on the proprietor of Pinner Lounge.

With regards the new premises, Kohinur, I have visited and seen the works to the ceiling of the premises. Upon my visit on 15/6/2017, to a residents property during the day near to Kohinur - I could still hear, however, the live singing vocals in the bedroom.

Bearing in mind this result and my previous experience with this property, I advised the new proprietor and agent that I would like to see the premises up and running first and foremost under the old regime of times and NOT extend them at this present moment.

The Variation quickly came through but I am still of the same opinion that the Variation - which includes extra days and longer hours should not be granted at this time.

Subject: Is this ok

I am putting in an objection as i live in the 1 bedroom flat above the ex pinner lounge where myself and my 3 year old son and 9 year old daughter all sleep in the same room.

This is hard enough without having the music extended even later than it usually is, we can hear the music in the bedroom as the stage and speakers are situated directly under my bedroom, we will hear the music and be disturbed by it from the moment it starts till the moment they turn it off.

Recent sound checks have taken place in my flat a couple week's ago and we can still hear music playing at the volume they've chosen to have it.

This will impact on my childrens school work as it has in the past where she has fallen asleep in class because of the restless weekends of loud music, singing karaoke and Base coming from downstairs.

I am fully aware this is under new ownership but the activities that take part in their restaurant/bar are exactly the same as before (karaoke and loud music)

Please help me to continue to enjoy my home with my children.

Subject: Re: Application for variation to premises, 14A Broadwalk, HA2 6ED

Dear sirs,

In relation to the above application (Kohinor Restaurant and Bar) I would like to object to the extended licensing hours and provision of amplified music beyond 11pm.

The proximity of the restaurant to the residential houses of Woodlands (██████████) would result in significant disturbance and reduction of quality of life to the Woodlands residents. The area has been recently experiencing a lot of anti social behaviour and I believe the variation of licence would exacerbate this.

There are also a number of houses with young children near to the restaurant and they would be similarly disturbed by late night music and bar opening times.

Your faithfully,

Ian Elmer
