Subject: Appolonia extended hours application

Dear Sirs

In haste we are e-mailing our strongest possible objection to the Appolonia Restaurant being granted an extension to its licensing hours. We believe the deadline is for today. Unfortunately we have no availability to printing off or downloading a form for this and trust this e-mail will suffice.

The Appolonia is situated in a "District" Centre, not the "Town Centre". Such late opening hours would be detrimental to the neighbourhood. We already suffer hugely from patrons from these establishments parking in Elm Park and waking residents at all times of the night when coming back to their vehicles. There are residential homes above the shops opposite this establishment and they are entitled to a quality of life that this extension will prevent.

We cannot add more at this stage as we are called away on urgent business elsewhere. We believe Mrs Renaud has been in touch regarding Lava Lanes, yet another application for unreasonable extended hours, again in a District Centre.

We trust you will refuse these extensions for the issues they will create and that their location is detrimental to our residents.

Regards
Mrs C Lis
Vice Chairman
Elm Park Res Assoc
Stanmore
