Subject: Application to amend licence

To whom it may concern,

We have recently become aware of an application by Broadfields Country Club, 220 Headstone Lane, HA2 6NN to extend the hours authorised for licensable activities and to amend the layout plan.

As local residents (our property backs on to the country club) we strongly oppose such action for the following reasons:

1. This a quiet residential area and the activities from the country club are already a disturbance. I have previously lodged a complaint with Harrow Council following noise disturbances from the premises - this is available upon request.
2. Any building work would be disruptive and we have already had to put up with years of building work on the premises which never seems to be completed.
3. There are numerous families (including ours) with young children whose bedrooms are a matter of meters away from the country club. This is already a problem and extending the licence would mean no sleep for anyone.
4. Extending the trading hours will almost certainly increase antisocial behaviour by default which is not something we wish to welcome into our quiet, family neighbourhood.

To summarise the country club is surrounded by family homes of people who are already disturbed more than they would like and I know personally that numerous people have complained about noise issues in the past. It would be disastrous to the peace and happiness of the neighbours should this be approved.

Please do not hesitate to get in touch with me if you would like any further information regarding this.

Kind regards,

The Stevenson Family,  
Randon Close,  
HA2 6NW

**Subject:** Licensing Act 2003 - EARNP Ltd -Request to Vary License - Broadfields Country Club

For the attention of Jeffrey Leib LLB (Hons), FIOL

Principal Licensing Officer

Dear Sir

Thank you for your e-mail regarding the above and I note your comments therein.

I wish to address the issue of the Prevention of Public Nuisance.

The requested amended opening hours for the premises will be 14 hours per day Sunday to Thursday plus an extra hour for late night refreshments, which equals 15 hours in total.

On Fridays and Saturdays this request extends to 16 hours per day and again an extra hour for late night refreshments, equalling 17 hours in total.

Randon Close, together with Broadfields and the surrounding areas are residential properties. I consider the granting of the amending opening hours to constitute a Public Nuisance to the residents and as such most strongly protest to the same.

Yours faithfully

Georgina Sagnella (Mrs)
