C9 – Adoptions and Special Guardianship Orders of LAC

% of CLA adopted or subject to SGOs

Legend:
— % of children who ceased to be looked after who were adopted
— % of children who ceased to be looked after because of a special guardianship order

The percentage of ceased CLA who were adopted continues to fluctuate, currently sitting at 6.0%. Ceased CLA due to an SGO has increased t to 14.5%. The average days between a child entering care and moving in with their adoptive family has decreased since last quarter. The average time between the LA receiving a court order to place a child for adoption and a suitable match made has increased but remains below SN and England average.
