This report sets out the CCGs Commissioning Intentions.

FOR INFORMATION

Section 2 – Report

CCG's Commissioning Intentions set out clearly how the CCG will utilise its resource allocation in 2017/18 – 18/19 to deliver its vision and to highlight any significant changes it is planning to the services that it commissions during that time.

Purpose of Harrow CCG's local Commissioning Intentions is to:

- Notify our providers as to what services the CCG intends to commission for 2016/17;
- Provide an overview of our plans to commission high quality health care to improve health outcomes for Harrow registered patients for 2017/18 – 18/19;
- To engage with our member practices in commissioning a model of high quality health care for the residents of Harrow;
- To engage partners, patients and the wider public in shaping the way in which we respond to the health needs of Harrow residents and the way we commission the appropriate services to meet local needs.

In developing last year's Commissioning Intentions (2016/17), an extensive programme of stakeholder engagement was undertaken following the original publication of the draft document. In particular engagement sessions with representatives from Mind, Harrow Association of Disabled People, Age UK, Harrow Patient Participation Network, Health Watch Harrow, each Harrow GP Peer Group and the Harrow GP Forum took place.

We proposed to carry out further engagement for 17/19 Commissioning Intentions:

- We organised a small scale public event to update the Commissioning Intentions to key stakeholders and members of the public.
- We published the Commissioning Intentions document on the Harrow CCG website
- Regularly posted information about the priorities on the CCG's Twitter account
- We added it as a news item for Harrow CCGs "Putting Patients First Newsletter"
- We produced an Easy Read version of Commissioning Intentions 17/19
- Information to be shared on local community websites including Healthwatch Harrow etc.
- Email summary version to stakeholders (including the Governing Body, GPs and the Health and Wellbeing Board)

In the existing two year Commissioning Intentions Report, the intention were updated it to ensure that it reflects any significant changes, that has been achieved.

The main sections that commissioners updated were:

- Listening to Local People – an update of what we have done and will do in 17/18 - 18/19 and beyond, to address issues raised through public consultation.
- Commissioning Intentions – an update of a summary of our main CIs.
- Provider Commissioning Intentions – an update of those intentions to notify our providers of.

In addition we held the Healthcare in Harrow drop-in event on Monday 13th November 2017. Commissioners and 30 local residents were in attendance, a 'speed dating' exercise was conducted enabling the public an opportunity to discuss and share their experience and identify areas that we as CCG could do differently.
