

## APPENDIX F

### PETITIONS REFERRED TO:

Brook Avenue and South Hill Avenue

Dudley Gardens

Businesses in Northolt Road

We, the undersigned residents of Brooke Avenue and South Hill Avenue object to the proposed changes to the parking bays in our roads under the aforementioned review, on the following grounds:

**1. Making some of the Residents Permit Bays incorporate Long Stay Pay & Display Bays as well will:**

- a. Create difficulty for residents to park outside or near to their homes
- b. Encourage rather than discourage commuters to use their cars to travel to work
- c. Create difficulty for residents who are elderly or who have mobility problems to carry out every day activities, such as shopping by not being able to park near their property.
- d. Increase the likelihood of vehicle crime because residents will be forced to park further away from their homes and in less overlooked parts of Brooke Avenue

**2. Issuing Business Permits to local Businesses (Maximum of two per Business at £300 each, per annum) will:**

- a. Further increase all the problems listed in point 1
- b. Possibly make it impossible for residents to park outside their homes during the day
- c. Give preferential treatment to businesses, rather than provide residents with the parking they need

**3. Putting new Permit Bays on the bend in Brooke Avenue will:**

- a. Cause difficulty for delivery lorries, waste disposal lorries and other large vehicles to pass the parked vehicles
- b. Increase risk of damage to parked vehicles due to restricted space in which moving vehicles may pass.
- c. Increase the risk of accidents due to the restricted line of vision of the road ahead.
- d. Cause inconvenience as drivers will need to reverse when meeting oncoming traffic

To COUNCIL 15/12/05 - Has returned Emily Jones

## Petition Re: Controlled Parking Zone Extension to Dudley Gardens

### *The current plan*

Residents of Lower Road have parked in Dudley Gardens for many years. The 14 parking bays envisaged under the CPZ will not meet the parking needs of local residents. Residents of Lower Road are not able to vote on the proposals and will not be eligible to apply for permits.

### *Our concerns*

These proposals are a short term and very unimaginative response which will only displace parking problems elsewhere.

Residents of Lower Road ask you to be aware of the following:

- The reduced access to parking on Dudley Gardens particularly affects those with young children or physical disabilities who are more likely to want to leave a vehicle parked reasonably near their home during the proposed CPZ restriction time.
- A surveyor has confirmed our fears that our proposed exclusion from the street where we would ordinarily park will devalue our properties, and make them more difficult to sell.
- The parking needs of residents in Lower Road, who have been parking in Dudley Gardens for at least 40 years, have been arbitrarily discounted by the Council.
- There has been no assessment of the impact that the proposals will have on the existing parking capacity on neighbouring roads.
- An alternative solution, which doesn't displace cars on to Middle Road or other neighbouring roads, would be the provision of lay-bys or verge parking on Lower Road or Dudley Gardens, as on other roads of South Harrow.
- Parking pressures on Dudley Gardens are not caused by commuter parking. The rationale behind CPZ's is to stop parking places being taken by those from outside an area.
- The Council argues that access for Emergency vehicles will be easier. This maybe true for a few hours a day, but the unexpected and unwelcome doesn't happen predicatably in two hour time slots.

### *Our request*

We request cessation of the proposed CPZ Extension to Dudley Gardens. Instead we want the council to make a fair assessment of local parking requirements which takes into account the needs of all local residents, and does not concoct a solution for a few by overlooking the legitimate concerns of others.

We, the undersigned, are Harrow residents living close to Dudley Gardens. We are strongly opposed to the proposed CPZ extension introducing parking restrictions into Dudley Gardens.

Dear Ms Markham

## PETITION - SOUTH HARROW CPZ

Please find enclosed a petition containing the signatures of 14 businesses in Northolt Road in South Harrow. This petition is a direct response to the recent consultation document issued by the Council titled "South Harrow Controlled Parking Zone - Review and Possible Extension 2005".

As you will note from the petition, our key request is that the Council consider introducing parking and loading bays within lay-bys on the west side of Northolt Road between Park Lane and Corbins Lane as opposed to the At Any Time waiting restriction that is being proposed by the Council.

We understand that the reason for proposing At Any Time restrictions on this stretch of road as opposed to loading and parking bays is because the carriageway is narrow. However, this problem can be overcome by introducing lay-bys as the Council has done elsewhere on Northolt Road to maintain a satisfactory carriageway width. We believe the footway is wide enough to cater for this and if not, may consider dedicating part of our forecourt as public footway.

Please feel free to contact me should you wish to discuss this further. We eagerly look forward to your response on this matter.

Yours sincerely,

Mr Tajul Islam  
Proprietor  
Mobile: 07768 848 786

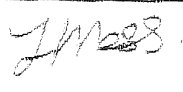

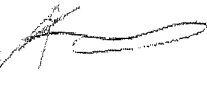

PETITION

To: Joyce Markham, Chief Executive, Harrow Council

We, the local residents and businesses on Northolt Road, South Harrow request that the Council strongly consider, as part of their South Harrow Controlled Parking Zone Review and Possible Extension, the following:

1. Introduction of Permit Holders and Pay & Display bays within new parking laybys on the west side of Northolt Road between Park Lane and Corbins Lane;
2. Extension of these bays across vehicle crossings to maximise the available parking; and, loading facilities;
3. Our objection to the Council's proposal to introduce further Waiting Restrictions on Northolt Road between Park Lane and Corbins Lane.

We believe that good on street parking is necessary to maintain a thriving local economy and that South Harrow is a great example of this. Multi-storey car parks are not the solution here - they are suited to larger town centres such as Harrow-on-the-Hill. If necessary, we are prepared to dedicate part of our forecourt as public footway to facilitate these requests.
