## **Section 2 – Report**

### **Introduction**

Harrow prides itself in being one of the most ethnically and religiously diverse Boroughs in the country with people of many different backgrounds and life experiences living side by side. The aim of this report is to assess our performance against our Corporate Equality Objectives via a basket of indicators and includes this year the annual equalities data for the Council and the borough. The report provides details of the progress we are making in achieving our equality objectives. It illustrates the wide range of work carried out by the Council to promote inclusion, cohesion, fairness and justice and sets out our suggested priority actions for the year ahead.

Being the diverse borough that it is, it is important to recognise and celebrate the good work that is being done across the Council to further equality and to celebrate the Borough's diversity and build on the commitment to promote fairness and diversity, as outlined in Harrow's Corporate Plan.

Work to ensure equalities is embedded into all Council work is overseen by the Corporate Equalities Group (CEG), which was chaired by the Interim Chief Executive. This group provides senior leadership and strategic direction for our work on equality and diversity and oversees the delivery of the Equalities Action Plan.

There are no additional implications on resourcing or cost.

### **Equality Act 2010 and the Public Sector Equality Duty**

The Equality Act contains a range of rights, powers and obligations to help the advancement of equality. Section 149 of the Act details the Public Sector Equality Duty (PSED) which requires public authorities, in the exercise of their functions, to have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act

- Advance equality of opportunity between people who share a protected characteristic and those who do not
- Foster good relations between people who share a protected characteristic and those who do not.

The PSED covers Age, Disability, Gender Reassignment, Pregnancy and Maternity, Race (this includes ethnic or national origins, colour or nationality) Religion or Belief (includes lack of belief), Sex and Sexual Orientation; it also applies to Marriage and Civil Partnership but only in respect of the requirement to have due regard to the need to eliminate discrimination.

The PSED is supported by specific duties which are intended to help public authorities to meet their requirements, and we are required to (1) publish (by the 31 January each year) information to demonstrate their compliance with the general equality duty; and (2) prepare and publish equality objectives by 6 April 2012, and at least every four years thereafter.

### **Collate and Publish Equalities Information**

We continue to review how we publish annual equalities data. The data and format we have published for 2018/19 is included in this report and this year covers data on the nine protected characteristics in Harrow as well as a narrative around some of the key drivers of inequality in Harrow. The data is used numerous times by officers for the strategic context for key strategies (such as the Harrow Ambition Plan and the Community Safety Plan) and in the drafting of equality impact assessments and by partners to develop projects and funding bids.

The intention is that with consideration of the annual equalities report, the Performance and Finance Committee will have the opportunity to shape the Corporate Equalities Action Plan for the year ahead based on the data that has been published.

### **Developing and Publishing Equality Objectives**

Our Corporate Equality Objectives were last reviewed in 2016 and were agreed by Cabinet in March 2016. They are:

- An inclusive workforce that feels valued, respected and reflects our Community
- An improved understanding of our communities to ensure services are fair, equitable and accessible to all and reduce inequality
- Promote and celebrate the diversity of our borough and foster community cohesion

We are not proposing any changes to the Corporate Equality Objectives for 2019/20 and they will next be reviewed by March 2020 at the latest.

### **Measuring Performance against Corporate Equality Objectives**

Directorates produce quarterly progress reports against their directorate scorecards for the Improvement Boards; the progress reports form the basis

of the annual equalities report. This has ensured the objectives are embedded within existing processes and service plans.

CEG receives a quarterly progress report on the Corporate Equalities Action plan.

## **Financial Implications**

Any costs are managed within existing budgets.

## **Performance Issues**

How the Council performs against the Corporate Equality Objectives is monitored via the Council's Improvement Boards and reported to Cabinet in the Strategic Performance Report.

## **Environmental Impact**

There are none specific to this report.

## **Risk Management Implications**

Risk included on Directorate risk register? No

Separate risk register in place? No

## **Equalities implications**

Was an Equality Impact Assessment carried out? No

This is an Annual Equalities report, the purpose of which is to demonstrate the current state of equalities practice in the Council and in the community.
