

REPORT FOR: CABINET

Date of Meeting:	09 January 2020
Subject:	Draft Revenue Budget 2020/21 and draft Medium Term Financial Strategy 2020/21 to 2022/23
Key Decision:	Yes
Responsible Officer:	Dawn Calvert – Director of Finance (S151 Officer)
Portfolio Holder:	Councillor Adam Swersky – Portfolio Holder for Finance and Resources
Exempt:	No
Decision subject to Call-in:	Yes
Wards affected:	All
Enclosures:	<p>Appendix 1A – Proposed savings and growth 2020/21 to 2022/23(New proposals)</p> <p>Appendix 1B – Proposed savings and growth 2020/21 to 2021/22 to be agreed from 2019/20 and 2018/19 MTFS</p> <p>Appendix 1C – Summary of Proposed savings & growth 2020/21 to 2022/23</p> <p>Appendix 2 - Medium Term Financial Strategy 2020/21 to 2022/23</p> <p>Appendix 3 - Schools Budget 2020/21</p> <p>Appendix 4 - Draft Public Health Budget 2020/21</p>

This report sets out the draft revenue budget for 2020/21 and draft Medium Term Financial Strategy (MTFS) for 2020/21 to 2022/23. The budget and MTFS will be brought back to Cabinet in February 2020 for final approval and recommendation to Council.

Recommendations:

Cabinet is requested to:

- 1) Approve the draft budget for 2020/21 and the MTFS 2020/21 to 2022/23 for general consultation as set out in Appendices 1C and 2 so that Cabinet may later consider the budget in light of the consultation responses and the equality impact assessments before it is referred to Council in February 2020.
- 2) Note the balanced budget position for 2020/21, and the budget gaps of £15.328m and £8.924m for 2021/22 and 2022/23 respectively based on the scenario of a total Council Tax increase of 3.99% in 2020/21 only (table 2).
- 3) Note the proposal to increase core Council Tax by 1.99% in 2020/21 (Table 2 and paragraph 1.22).
- 4) Note the proposal to increase Council Tax by 2.0% in 2020/21 in respect of the Adult Social Care Precept (Table 2 and paragraph 1.22).
- 5) Note there are no proposed structured changes to the schools funding formula for 2020/21 as set out in Appendix 3 and paragraphs 1.49 to 1.53.
- 6) Approve the draft Public Health budget for 2020/21 as set out in Appendix 4.
- 7) Note the assumed funding for the protection of social care 2020/21 through the BCF as set out in paragraphs 1.57 to 1.60
- 8) Authorise the Director of Finance, following consultation with the Portfolio Holder for Finance and Resources, to agree Harrow's 2020/21 contribution to the London Borough's Grant Scheme (paragraph 1.63).
- 9) Note that the London 75% Business Rate Retention Pilot will not continue in 2020/21 but the London Borough's Leaders Committee have agreed to continue to informally post business rates across all London authorities in 2020/21 as set out in paragraph 1.9.
- 10) Delegate to the Director of Finance, in consultation with the Leader of the Council, Portfolio Holder for Finance and Resources and the

Monitoring Officer the authority to respond on behalf of the authority with regard to any recommendations from the informal business rates pool from 2020/21.

Final approval will be sought from Cabinet and Council in February 2020

Reason: (For recommendations)

To ensure that the Council publishes a draft budget for 2020/21 and a draft 3 Year MTFS to 2022/23.

Section 2 – Report

BACKGROUND

- 1.1 Local Government finances continue to have a very difficult decade. Revenue expenditure has reduced by 20 to 30% on average against a backdrop of a rising UK population and a continued increase in demand for social care across all age groups and for pupils with special educational needs. In their publication 'Local Government Funding – Moving the conversation' (June 2018) the Local Government Association shared a number of their key statistics including:
- Analysis indicated that local services face a funding gap of £7.8billion by 2025 of which £6.6 billion would relate to Adults social care and Children's services.
 - By 2020, local authorities will have faced a reduction to core funding from central Government of nearly £16 billion over the preceding decade.
- 1.2 In November 2019, the Institute for Fiscal Studies published their report 'English local government funding: trends and challenges in 2019 and beyond.' The report continued the conversation that councils will face significant future cost pressures for adult social care. A finding from the report showed that, based on central government projections of the cost of adult social care services rising 3.4% above inflation per annum, Councils would need to find an extra £1.6bn by 2024/25 increasing to an extra £9bn by the mid 2030's based on council tax increases of 4%.
- 1.3 Harrow remains one of the lowest funded Council's both within London and nationally. Table 1 below summarises the key financial changes over the 7 year period up to 2019/20:

Table 1: Summary of Key Financial Changes 2013/14 to 2020/21

	Revenue Support Grant	Demand Led Growth	Technical Growth	Savings	Additional Revenue from Council Tax	Business Rate	Council Tax as a % of Budget Requirement
	£000	£000	£000	£000	£000	£000	%
2013/14	52.1	10	10	-22	-1.8	14.7	51
2014/15	42.6	5.5	-2.1	-10	-1.9	14.5	55
2015/16	32	7.7	5.9	-20.6	-3.4	14	59
2016/17	21.9	4.7	9.5	-16.6	-6.8	13.2	64
2017/18	13	10.7	-0.6	-10.2	-7.3	14.4	68
2018/19	7.3	9.8	1.7	-7.4	-5.3	14.4	70
2019/20	1.6	7.4	-4	-5.2	-8.5	14.4	76
2020/21	1.6	5.1	5.7	-3.8	-7.2	14.9	77
Total		60.9	26.1	-95.8	-42.2		

The table shows:

- The Council has seen the Revenue Support Grant, its main source of funding from central government reduce by 97% over the 8 years, reducing the grant to £1.6m from £52.1m (a £50.5m reduction).
- Over and above the RSG, the Council receives no additional funding to meet demographic and inflationary pressures. Therefore growth of £60.9m has had to be provided to fund the continued pressures on front line services, mainly adults and children's social care and homelessness. Technical growth of £26.1m has had to be provided to fund inflationary pressures (pay and non pay) and the cost of capital investment in initiatives including highways maintenance and the acquisition of properties to alleviate homelessness.
- These three factors have taken the total budget shortfall to find over the eight years to £138m to achieve a balanced budget.
- Savings and efficiencies of £96m have been achieved but the profiling of these savings, and how the quantum has reduced in recent years, demonstrates the challenges of finding sustainable savings year on year.
- Council Tax has been increased largely in line with referendum limits (2.99% in 18/19 and 19/20 and 1.99% proposed for 2020/21). In addition, Council Tax has been increased by an additional 7.5% over the four years 2016/17 to 2019/20, with 2% proposed for 2020/21 in respect of the Adult Social Care precept.
- Business Rates have remained largely static, the Borough has been adversely affected by permitted development allowing office space to be converted to residential and not benefitting from large areas of land available for business development.
- Council Tax, as a percentage of revised revenue budget requirement, has increased from 51% in 2013/14 to 77% in 2020/21 which shows the transfer of responsibilities onto the Council Tax payer.

1.4 Despite all reasonable actions, including council tax increases, significant savings, and efficiencies and generating income, it still remains a considerable challenge for the Council to balance its budget going forward in light of continued demand pressures and funding uncertainty facing the Council. In February 2019 full Council approved the Medium Term Financial Strategy (MTFS) 2019/20 to 2021/22. Despite achieving a balanced budget for 2019/20, there remained a budget gap of £26.140m for 2020/21 and 2021/22. This forms the starting point for the budget setting process for 2020/21 which includes refreshing the 3 year MTFS.

1.5 Harrow Council does not have large cash reserves. Its General Fund balances stand at £10m and remain within the lower quartile when benchmarked with other local authorities and the Council has consistently taken the view that spending them is not a responsible way to offset lost revenue. The Council does exercise robust financial management and has

not overspent its revenue budget for the last 8 years. The Council has not shied away from implementing in year spending controls if early indications suggest a balanced budget position is not on track. Such actions have helped to prevent unnecessary draw downs on the Council's limited cash balances.

SUMMARY

- 1.6 The draft budget set out in this report shows an updated MTFS with a number of changes which Cabinet are asked to note. The changes achieve a balanced budget position for 2020/21 and budgets gaps of £15.328m and £8.924m for 2020/21 and 2021/22 respectively. The MTFS is based on the Spending Round 2019, announced Wednesday 4 September 2019, which confirmed broad public spending allocations for 2020/21 only. The Spending Round 2019 was subject to a technical consultation which closed on 31 October 2019. Central government intends to come back to the sector with proposals in the 2020/21 Provisional Local Government Finance Settlement in early December 2019 with the final settlement being agreed no later than the end of January 2020. The General Election on 12 December 2019 may impact on settlement agreements and dates. Section 30 of the Local Government Finance Act 1992 requires local authorities to set their council tax no later than 11 March 2020 therefore the final budget and MTFS will proceed to Cabinet and Council in February 2020. The Council does hold a contingency for unforeseen items (£1.248m) which is intended to support uncertainties. Whilst it is intended that Members will approve the MTFS in February 2020, this is subject to a number of assumptions in relation to grant settlements, council tax income, legislation and demographics. The Council will still be required to review the Council's budget on a yearly basis; however approval of the MTFS will allow officers to progress a number of important projects.

EXTERNAL FUNDING POSITION

- 1.7 Harrow Council remains one of the lowest funded councils both in London and nationally. Harrow's core spending power per head in 2019/20 was estimated to be £170 lower than the London average and £75 lower than the rest of England average. The announcements within the Spending Round 2019 have done little to address the relative position of Harrow's funding baseline.
- 1.8 The 2019 Spending Round confirmed broad public spending allocations for 2020/21 only. Whilst this does result in additional funding for 2020/21, which is well received, the short term temporary nature of the income increases the challenge of considering it over the medium and longer term, for budget planning and sustainability purposes. The key areas of the Spending Round 2019 are detailed below:
- Council Tax increases are capped at 4% which is 2% core council tax and 2% Adult Social care precept.
 - £1bn of new funding for Social care. London will receive £155m of which Harrow's share is £3.482m.

- The London 75% Business Rates Retention Pilot will not continue for a third year. Harrow has benefitted from such an arrangement receiving £3.5m in 2018/19 and an estimated £1.8m in 2019/20.
- The Public Health Grant will increase by over 3% (£100m nationally) and the working assumption is that Harrow's share will be approximately £324k.
- £700m of high needs funding for LAs from 2020-21. Initial calculations suggest that this will generate additional funding for Harrow of approx. £2.7m. This will contribute to the increasing shortfall in funding provided for the High Needs Block and will mitigate some of this year's projected deficit which will be carried forward to 2021-22 however it does not resolve the overall issue of underfunding in this area.
- The New Homes Bonus will continue at its current 2019/20 level in 2020/21 but legacy payments, only for the scheme as it was in 2019/20, will continue. There will be no legacy payments for the cash payment in 2020/21.

1.9 2019/20 was the final year of the four year settlement and the Spending Round 2019 provided funding for 2020/21 only. The sector is undergoing a period of significant change that brings with it growing uncertainty both in terms of funding and service direction. The coming months will see major external events which will influence the Council's funding for 2021/22:

- The **Spending Review 2020** which should set the quantum of the overall funding envelope for local government. The period the SR will cover, timelines for submission and the date of SR announcements all remain unknown.
- **Fair Funding Review** will reset the needs baseline which will determine how the overall quantum of local government funding is distributed. Consultation is expected in Spring 2020.
- **Business Rates Reform** Central government is intending to allow local government, as a whole, to retain all or a significant proportion of its rates collected. Prior to 2018/19 Councils retained 30% of their business rates collected. From 2018/19 Harrow has been part of the London Business Rates Pool allowing the council to receive a proportion of the collective growth in London. The 2019 Spending Review confirmed the London 75% Business Rates Retention pilot will not continue in 2020/21. The Local Authorities share, and therefore Harrow's retention share, will therefore change from 48% to 30%, (i.e. the central share will be 33% with the 67% local share being split 37% GLA / 30%. The London Borough's Leaders' Committee have however agreed to continue to informally pool business rates across all 34 London authorities in 2020/21 – subject to the Mayor agreeing to forgo the GLA's share of any net financial benefit. At this stage the potential financial benefit from business

rates reform and the informal pool is not known and has therefore not been built into the MTFS. Once quantified, it could be applied to support any changes as a result of business rates revaluation.

- **Business Rates Revaluation** A further revaluation is due on the 1/4/2020, effective for the year 2021/22. It will alter the Rateable Values (RV) and therefore the amount that Harrow can collect in business rates. It is intended to be revenue neutral, by Central Government adjusting the multiplier so the same income quantum (plus CPI) is achieved. However the neutrality is at national level and Harrow's position is uncertain.
- The **Adult Social Care Green paper** has been subject to many delays. As people are living longer and the population ages Central Government recognises the need to reach a long term sustainable solution to providing the care older people need. A confirmed date for the release of the green paper remains unknown and the Council remains subject to temporary injections of funding, which whilst appreciated, cannot be used to underpin longer term planning and decision making.
- Schools are funded by the ring fenced Dedicated Schools Grant (DSG) which sits outside of the General Fund. Within the DSG is the **High Needs Block (HNB)** which funds provision for pupils with high needs placed in special schools and special provision in mainstream schools in Harrow and out of Borough. A recent survey showed that London Borough's had a total shortfall of £78m in 2017/18 compared with high needs funding allocations. For the first time in 2019/20 Harrow has had to set a £3.3m deficit budget for its HNB and is projecting a deficit of £4.1m by the end of the financial year. The 2019 Spending Review is estimated to allocate £2.7m of additional funding to Harrow in 20/21 and future funding arrangements remain unknown.

DELIVERY OF THE 2019/20 BUDGET

- 1.10 Delivery of the 2019/20 budget is critical to maintaining the Council's financial standing and to do everything possible to protect front line services. The 2019/20 revenue budget includes a challenging savings target of £5.946m. At Quarter 2 (as at 30 September 2019) performance against the target is reflective of the increasingly challenging fiscal and demand led environment the Council is finding itself in:

- £1.983m of savings (33%) are already achieved or on course to be achieved (rated Green)
- £3.187m of savings (54%) are partially achieved or risks remain (rated Amber)
- £776k of savings (13%) will not be achieved (rated Red)

- 1.11 The Quarter 2 forecast, subject to a separate report elsewhere on the agenda, indicates a directorate overspend of £4.445m with key pressures

across the three directorates. The detailed analysis of the forecast pressure is included in the separate report and summarised below:

Resources Directorate:

- Resources is forecasting an overspend of £514k as a result of exiting Shared Service arrangements for HR and Procurement, the Communications team's budget being formalised following agreement to its future role and a loss of income from schools and non achievement income targets. This is partly mitigated by additional income received from Land Charges and Registration Services. Growth has been provided for in the MTFS to stabilise these pressures moving forward.

People Directorate:

- The People directorate is forecasting an overspend of £871k of which £85k relates to the non recurring revenue costs associated with relocating staff from Alexandra Avenue Health Centre to the Civic Centre to support integration with the CCG. The remainder is the continued pressure against the transport budget for adults and children with SEN. Transport is subject to a whole systems review, the results of which are due towards the end of the year. Being prudent, and reflecting that a proportion of the pressure is demand related, growth has been provided for within the MTFS for SEN transport with the intention of this being removed over two years as a result of the whole systems review.
- In 2019/20 £2.6m of additional funding was received for social care. As this funding was announced for 1 year only, it was not built into the budget and ear marked in an Adults Social Care reserve. With the exception of transport, Adults are forecasting a balanced budget position and this assumes a £1.3m draw down from the reserve. The balance of the reserve will be applied to the on going impact of these pressures into 2020/21 with permanent growth being built into the draft MTFS from 2021/22.

Community Directorate:

- The Community directorate is forecasting an overspend of £3.060m of which £917k is against Environment and & Culture and £2.143m against Commissioning & Commercial services:

Environment & Culture:

- Interim management arrangements (£168k)
- Reduced revenue rebate from dry recyclables (£447k)
- Food waste collection – route optimisation (£150k)
- Reduced income in Waste management (£82k)
- Harrow Arts Centre – part slippage of saving into 2020/21 (£70k).

Commissioning & Commercial Services:

- Facilities Management (£1.352m)
- Parking Services and Network Management (£395k)
- Catering service (104k)
- Commercial rent income (£104k)
- Contracts Management (£118k)
- Other (£99k)

1.12 A number of the in year pressures are driven by external factors or where planned actions are no longer operationally feasible and growth is required to address these issues. In total £2.273m growth has been provided for in the 2020/21 draft budget for the following reasons:

- £628k Waste disposal costs relating to a reduction in the revenue rebate for dry recyclables (£447k) and inflationary pressures on the West London Waste Levy (£181k). Acknowledging these pressures the intention to remove £255k from the waste budget in 2019/20 is no longer feasible and this MTFS growth that was previously reversed is been re-instated.
- £30k to reflect increased public mortuary SLA costs
- £160k to reflect the loss of car parking and rental income as these facilities are either transferred or disposed off to support the Regeneration Programme.
- £137k of MTFS savings relating to the Arts Centre is re-profiled beyond the 2020/21 MTFS to reflect the revised timeline for the capital improvements to the Arts Centre.
- £500k as a result of cost pressures in facilities management in recognition that the current budget is not sufficient to fund both cleaning and building repairs to corporate sites.
- £150k to reverse the MTFS saving relating to food waste collection and route optimisation. The collection of food waste from flats is contained within existing crews and reducing a collection round is no longer operationally feasible.
- The Public Protection service has an income budget of £1.33m. Based on licensing activity, a more achievable target is £1.23m hence a reduction of £100k.
- As part of the 2015/16 budget process, for 2017/18 an additional income target of £100k was estimated from the Harrow Leisure centre. The procurement process for the Strategic Development Partner covers three core sites and does not include the leisure centre at this stage.
- In 2019/20 additional staffing levels are being used to support parking enforcement. The effectiveness of this is being assessed throughout the year and a decision will be made, after a full year of assessment, as to whether this investment should be continued. Being prudent recurrent growth is provided in the MTFS but this will be subject to the results of the assessment.

- 1.13 A sum of £200k is provided as growth in 2020/21 to invest in Corporate Health and Safety.
- 1.13 In addition to the above, the current MTFS includes additional rental income due from the two additional floors being built at the depot, £473k in 2020/21. Firstly there is a revised timeline for the completion of the depot project. Secondly the Council is in the process of procuring a Strategic Development Partner to take forward its Regeneration Plans for three core sites. The provision of a new Civic Centre is included in these plans. The results of the procurement process will not conclude and be reported to Cabinet until approximately June 2020. Until the detailed plans for the new Civic Centre are known, it cannot be determined if the two additional floors at the depot will be required for staff accommodation or commercial rental purposes. It is therefore considered prudent to remove the income target from the current MTFS and when plans are finalised a decision can be made whether the target is re stated. In summary, the total of the pressures driven by external factors and operationally no longer feasible (£2.273m), investment in corporate Health & Safety (£200k) and the prudent removal of the depot income (£473k) total £2.946m and growth has been provided for these items in the draft 2020/21 budget.
- 1.14 Over the summer period a series of budget reviews was undertaken by the directorate and finance to understand the on going implications of the pressures identified. The results of these reviews identified a further estimated budget pressure of £2m. This is in addition to the growth of £2.946m and can be categorised into two key areas:
- Category 1 - £700k of services which must be provided within current budget. There are three key services within this category, cleaning SLA (£305k), trading standards (£222k) and catering (£80k).
 - Category 2 - £1.3m of additional income which the directorate needs to achieve to meet targets already built into the MTFS. There are two key strands within this category. In respect of the new depot (excluding the additional two floors), the current MTFS assumes income of £1.234m of which £861k is being progressed. . The second strand primarily relates to Schools SLA income which is proving challenging against a back drop of a reduced take up of the services.
- 1.15 To progress the £2m pressures estimated in 1.14 above, the directorate has commenced a programme of budget reviews to baseline budgets that reflect business needs. The baselining will take into consideration any future operating models which provide opportunities for growth or maximise operational efficiencies. The budget review will include an analysis of performance against income budgets. Commercial activities are being reviewed to explore any growth opportunities to generate additional income. The directorate needs to ensure that any future service provisions are financially sustainable. The directorate has a timeline of 2 years (2020/21 and 21/22) to meet the £2m on going pressures and the Commercialisation reserve will be used to support during this timeline.

- 1.16 These Directorate overspends are being offset by an underspend in the Corporate and Technical budgets totalling £4.191m resulting in a net overall overspend of £254k. The Corporate underspends relate to the Corporate contingency of £1.248m, capital financing savings of £2.307m largely as a result of securing borrowing from PWLB at a lower interest rate than budgeted for and other underspends of £636k across a number of budgets.

The next sections of this report go on to explain the process and adjustments required to set the draft budget for 2020/21. The in year underspends within Corporate and Technical will be vired to provide directorates with the budgets required to support their services over the MTFS (based on information known at the time of this report.) However this does mean that the central contingency is now at the minimal level required to fund technical items, such as external levies and capital financing costs, and the importance is on directorates managing services within existing resources as far as is safely possible.

BUDGET PROCESS 2020/21

- 1.17 The Council has a statutory obligation to agree and publish the budget for 2020/21, and approval for this will be sought in February 2020. In preparing the 20/21 budget, and rolling forward the MTFS to cover the three year period 2020/21 to 2022/23, the current MTFS (approved by Council in 2019) has been the starting point for the process.
- 1.18 For clarity the key assumptions underpinning the starting point for the updated 3 year MTFS are summarised. The MTFS approved in February 2019 assumed a budget gap of £16.795m for 2020/21 and £9.346m for 2021/22. This is the starting point for the refreshed 3 year MTFS. It's important to note that this starting point assumes achieving existing directorate savings of £2.1m in 2020/21 and £2.9m in 2021/22.
- 1.19 As the Council's financial position is dynamic and is affected by a number of financial uncertainties and adjustments that will impact upon its financial position over the long and medium term, in preparing the draft budget for 2020/21 the existing MTFS has been refreshed and rolled on a year and the adjustments are summarised in Table 2 below. Following Table 2 there is an explanation for the figures in the table. These adjustments will also be set out in Appendix 2 along with Adjustments included within the previous MTFS agreed as part of the 2019/20 Budget process:

Table 2 : Changes to MTFS (Prior to Local Government Finance Settlement)			
	2020/21	2021/22	2022/23
	£'000	£'000	£'000
Budget gap as at February 2019 Council Report	£16,795	£9,346	£0
Implications of Rolling the MTFS forward to include 2022/23			
Capital Financing costs from additional Capital Programme			£1,250
Pay Inflation			£2,000
Non Pay Inflation/budget pressures			£2,750
Council Tax Base changes			
Increase in Council Tax base from 86,250 to 87,667 (£750k previously assumed in the 2019/20 budget, so a further £1,325k)	-£1,325		
Increase in Council Tax base from 87,667 in 2020/21 to 88,160 in 2021/22		-£750	
Collection Fund Surplus 2019/20	-£2,120	£2,120	
Council tax increases			
<i>Assumes Council tax of 1.99% and 2% for Adult Social Care (ASC) Precept:</i>			
Increase in Council tax to total of 3.99% (1.99% previously assumed so the addition relates to 2% for the ASC precept)	-£2,611	-	-
Revised budget gap	£10,739	£10,716	£6,000
Savings proposals:			
Resources	-£123	-£33	
Communities	-£153	-£79	
Children's	-£410	-£410	
SEN Transport Efficiencies from Transformation	-£400	-£400	
Council wide Transformation Target - £1m pa over and above SEN Transport target		-£1,000	-£1,000
Growth Proposals			
Resources Directorate	£1,006	£353	£678
Community Directorate	£2,946	£0	£0
Children's - SEN Transport	£789		
Adults - removal of previous assumed MTFS growth	-£971		
Revised budget gap	£13,423	£9,147	£5,678
Technical Adjustments			
Social Care Funding			
Continuation of the 2019/20 Adults Social Care funding as permanent funding	-£2,625		
Allocation of Adult Social Care funding to adults	£2,625		
Additional Social Care Funding in 2020/21 assumed as permanent funding	-£3,482		
Corporate Budgets			
Reduction in Litigation Reserve budget	-£125		
Reduction in levies, grants and subscriptions budget	-£70		
Reduction in Inflation provision based on previous allocation	-£500		
Reduction in existing Freedom Pass budget	-£500		
Capital Financing			
Reduced costs of borrowing (from £100m taken between April and July 2019)	-£500		
Application of capital receipt to reduce borrowing costs	-£550		
Additional planned saving on borrowing costs	-£500		
General reduction in Minimum Revenue Provision costs	-£500		
Additional Income			
Gayton Road - rental income from 53 PRS units	-£450	-£144	-£47
£2.5m of income from Commercial Investments of £100m included in the Capital Programme	-£150	-£1,175	-£1,175
Technical Grants			
Additional New Homes Bonus for 2020/21	-£1,416	£1,416	
Assumption that New Homes Bonus reduces in 2022/23			£728
Continuation of Revenue Support Grant for 2020/21	-£1,585		
Multiplier Cap Funding - continuation for 2020/21	-£1,145		
Revised budget gap	£1,950	£9,244	£5,184
Use of Reserves			
One off draw down from the Budget Planning Reserve	-£1,950	£1,950	
Use of Business Risk Reserve smoothed over 2 years		-£1,850	£1,850
Use of Business Risk Reserve smoothed over 2 years			-£1,464
Revised budget gap	£0	£9,344	£5,570
Adults Growth / Pressure		£5,984	£3,354
Revised budget gap - assumes Council tax increase of 3.99% In 2020/21 only	£0	£15,328	£8,924

1.20 Implications of rolling budget forward to include 2022/23:

- **Capital Financing Costs from additions to the Capital Programme** – the existing Capital Programme extends to 2020/21 and all Capital Financing costs were previously included in the 2019/20 budget and MTFS up to 2021/22. The new Capital Programme for 2020/21 to 2022/23 will include additions for financial years 2020/21 to 2022/23. The working assumption is that the additional Capital Financing cost will be contained within £1.25m which is included in Table 2. Any implications for 2023/24 will need to be included in the budget model as part of next year's budget process.
- **Pay Inflation and General Inflation** – the budget includes £2m for a 2% pay award in 2022/23 and £2.75m to cover other non pay inflation and an element for budget growth.

1.21 Council Tax Adjustments

In 2020/21 the Council tax base will increase to 87,667 from its 2019/20 base of 86,250. This is an increase of 1417 Band D's which equates to total additional council tax income of £2.075m. As part of the 2019/20 budget process a sum of £750k was previously included on the assumption of an increase in the tax base to 86,752. Therefore, a further £1.325m is being included as part of the 2020/21 budget process. For 2021/22 a further increase in the tax base is assumed which will take the tax base to 88,160 which will generate a further £750k.

- 1.22 This report has explained the funding uncertainties facing local government and the challenges around the 2019 Spending Review only delivering a 1 year revenue settlement. Until there is more clarity around funding for 2020/21 onwards, especially in relation to social care, it is difficult to set council tax rates beyond the forthcoming year. Therefore table 2 reflects an increase in Council tax up to the allowable limit of 3.99% (1.99% core CT and 2% Adults Social Care precept) in 2020/21 only. This results in the draft budget for 2020/21 balanced with a gap of £15.328m and £8.924m for 2021/22 and 2022/23 respectively.

If the expectation of central government is that Councils continue to increase council tax to contribute towards demand pressures, at the current allowable limit of 3.99%, this would generate an estimated £10.7m for the council over years two and three of the draft MTFS and reduce the budget gap to £9.978m in 2021/22 and £3.574m in 2022/23.

- 1.23 There is a report elsewhere on the agenda that estimates the surplus / deficit on the Collection Fund for 2019/20. The report details an overall net estimated surplus as at March 2020 of which Harrow's share is £2.120m which is now reflected in the budget for 2020/21. As this is a one off benefit it must be reversed out in 2021/22.

- 1.24 The combination of the increases to the tax base and 3.99% council tax increase generates an additional £7.199m in 2020/21 in Council tax income.

1.25 Savings identified as part of the 2020/21 Budget process

The 2020/21 budget setting process has identified additional savings of £7.151m and additional growth of £4.801m over the three years. These are summarised in table 5 and detailed in Appendix 1A.

Technical Adjustments

1.26 Social Care Funding – the Council is currently receiving £2.627m for adult and children's social care in 2019/20. This is Harrow's share of additional funding of £650m provided to Council's across England. The Spending review which was announced on 4th September 2019, confirmed the continuation of this grant in 2020/21 and also announced a further allocation of £1bn across England for 2020/21. Harrow's share of the £1bn has been estimated at £3.482m.

1.27 Corporate Budgets – A number of reductions are made to corporate budgets totalling £1.195m which reflect previous assumptions made for potential increases which have not materialised and therefore these budgets can now be reduced. For example, in the 2018/19 budget process a sum of £500k was assumed to meet potential inflationary increases and demand in the Concessionary fares budget in 2020/21, but the latest estimates show that this is not required and can therefore be released.

1.28 Capital Financing Costs – there are savings in capital financing costs totalling £2.050m set out in Table 2. £1m of this relates to a reduction in interest charges as a result of having borrowed £100m at a rate lower than budgeted and further planned borrowing being deferred and borrowed at a rate below the sum assumed in the budget. In addition the application of capital receipts to fund capital has led to savings on borrowing of £550k and there is a general reduction in MRP as short life assets are fully funded and MRP costs are therefore reduced.

1.29 Additional Income – the 53 units at Gayton Road being managed by the LLP will deliver an additional £641k in income to the Council by 2022/23 (£450k in 2021/22 increasing to a total of £641k by 2022/23).

1.30 Additional Income – £100m was approved by cabinet in July 2019 as an addition to the Capital Programme for Commercial Investments. The basis of the inclusion was that this £100m would generate a minimum net return of £2.5m after repaying the capital financing costs (2.5%). One property has been purchased from the £100m which is generating a net return of £150k which is built into the 2020/21 draft budget. The balance of the net return is allocated over years two and three of the MTFS and there is the potential to bring this forward.

1.31 Technical Grants - In 2019/20 the New Homes Bonus (NHB) grant is £4.344m. The budget last year (2019/20) assumed that the NHB for 2020/21 would reduce to £2.928m. The latest information from London Councils suggests that Councils will receive the same cash allocation in 2020/21 as they did in 2019/20. Therefore a one off increase of £1.416m has been included for 2020/21, but budget reductions that had already been built into the budget for a winding down of the scheme are being maintained

and a further £728K reduction is assumed in 2022/23 which would bring the grant down to £1.666m by 2022/23.

- 1.32 The 2019 Spending Review also set out a continuation of **Revenue Support Grant (RSG)** for a further year in 2020/21 of £1.585m and also the **Multiplier Cap grant** of £1.145m as part of our baseline funding. The assumption is that these will form part of our 2020/21 baseline before any reset takes place for 2021/22 as a result of the review of 2020 Spending Review and Fair Funding Review.
- 1.33 Once the figures are received as part of the Final Finance settlement, any adjustments required will be made for the Final Budget to be agreed by February Cabinet .
- 1.34 **Use of Reserves** – the budget assumes the use of £1.950m from the Budget Planning Reserve in 2020/21 and that a total of £3.314m will be drawn down from the Business Risk reserve between 2021/22 and 2022/23.

1.35 **ADULT SOCIAL CARE GROWTH FORECASTS**

Picking up on the point made earlier in this report, the Institute for Fiscal Studies has found that Councils need an estimated additional £1.6bn by 2024/25 to fully meet the cost of adult social care. In 2018/19 Adult Services started its transformation programme 'Resilient Communities'. Cost efficiencies were included in the MTFs of £1.970m and have largely being delivered.

As part of extensive modelling work to understand the future demands on Adults Social care, evidence based analysis does show that cost pressures are showing signs of slowing down with the forecast increase of 5% in 2020/21 being in line with 2019/20, as detailed below:

- 1.36 However against a backdrop of a rising UK population, increasing social care demands for older people and young adults with learning difficulties

and the NHS under pressure, the modelling is estimating future cost pressures that are currently not in the MTFS:

Table 3: Estimate Adult Social Care Growth 2020 to 2024

Growth	2020/21	2021/22	2022/23	2023/24
	£'000	£'000	£'000	£'000
Complexity	1,647	1,000	1,000	1,000
Mitigations	(1,584)	(300)	0	0
Demography	537	1,074	1,074	1,074
Care provider inflation	700	570	570	570
Commissioning activity	0	3,640	710	770
Less ACS reserve	(1,300)	0	0	0
MTFS Impact	0	5,984	3,354	3,414

The following narrative supports the numbers in table 3 above:

Complexity includes the increased cost of existing packages or care as clients remain within the system

Mitigations:

- Continue the work with Learning disabilities working with individuals to promote independence and reduce the costs of packages (Home is Harrow)
- Continue to roll out the strengths based working across adults (3 conversations)
- Subject to members review of the consultation, implementation of a revised charging policy which will be approved through Cabinet
- Market shaping to reduce a target cohort of high cost packages (mental health and Asian elders)
- Subject to the evaluation of the Assisted Technology (AT) pilot, implementation of the AT equipment to reduce care packages
- Focus on the hospital discharge to avoid an over reliance on admission to care homes

Demography assumes 50 new services users per annum

Commissioning activity is to support the review of elements of care aiming to increase quality and keep pace with the external market

- 1.37 However these estimated growth projections, and the assumptions upon which they are based, are very much a work in progress and continue to be worked upon and refined, especially in light of the service approaching one of its most challenging times of the year, winter pressures. Due to its complexity, the model is in effect an on going process which will need to be robustly managed to ensure the optimum balance between budget requirement and service provision in line with the ethos of the resilient communities' transformation. As the model does identify future funding pressures it is important to include them in the MTFS and they are reflected in table 2. These pressures are linked to future funding announcements and the MTFS currently does not assume any additional support over and

above that received for 2020/21. In particular the commissioning activity cannot be implemented until there is some surety of additional funding

- 1.38 It is accepted that in the current climate the mitigations of £1.584m estimated for 2020/21 will prove challenging and the Council hold a contingency for unforeseen items.

Budget Refresh, Growth & Savings

- 1.40 There is a commitment to refresh the three year MTFS annually to ensure it remains reflective of the changing Harrow and Local Government landscape. All savings in the current MTFS for 2020/21 and 2021/22 have been reviewed to ensure that they can either be taken forward or removed as part of this draft budget.
- 1.41 Table 4 summarises the total savings and growth put forward as part of the 2019/20 and 2018/19 budget setting process in respect of financial years 2020/21 and 2021/22. Table 4 shows total savings of £5.072m between 2020/21 and 2021/22 and growth of £2.367m, so net savings of £2.705m. The detail is set out in Appendix 1B.

Table 4: Savings and Growth from 2019/20 and 2018/19 Budget setting

	2020-21	2021-22	Total
	£000	£000	£000
<u>Savings Summary</u>			
Resources	(595)	(1,901)	(2,496)

Total Growth and Savings	(794)	(1,911)	(2,705)

- 1.42 Table 5 sets out the total savings and growth proposed as part of the current 2020/21 budget process. Table 5, shows savings of £7.151m and growth of £4.801m over the three year period 2020/21 to 2022/23. Overall there is net savings in the budget of £2.350m over the 3 year period. The detail of these savings and growth is set out at Appendix 1A.

Table 5: Savings and Growth 2020/21 to 2021/23 from the 2020/21 process

	2020-21	2021-22	2022-23	Total
	£000	£000	£000	£000
<u>Savings Summary</u>

Total Growth and Savings	1,288	(4,799)	(1,544)	(5,055)

INVESTMENT

- 1.44 The Council is holding a Business Risk Reserve of £7.526m which was set at the time of the Council presenting its 2 Year Budget Strategy (2020/21 to 2021/22) to Cabinet in July 2019. The strategy referred to options of future Council Tax increases over and above what was already built into the MTFS. Based on the understanding of central government fiscal calculations at the time, an increase in Council Tax of 5% per annum over the two years of the strategy would generate approximately £7.5m in revenue. The reserve was set aside to fund this risk.

1.45 The Spending Review 2019 announced a maximum 4% increase in Council Tax (2% Adult Social Care Precept and 2% core CT). The revised MTFS assumes a Council tax increase of 3.99% per annum over the three years which releases the Business Risk Reserve for alternative uses and the reserve has been applied as follows:

- £3.314m built into the MTFS in 2021/22 and 2022/23 as temporary one off support.
- £3m member investment in front line priorities at £1m per annum (reviewed annually)
- £1.212m to remain within the reserve

1.46 In 2020/21 investment will be made of £1m into the following front line priorities:

Table 7: Investment 2020/21

Front line Priority	Investment
Street Sweeping	£184,000
School Improvement	£90,000
Improvements to the Council Tax Support Scheme	£400,000
Enforcement, fly tipping, HMO's and planning	£100,000
Additional Funding for Ward Priorities	£21,000
District Centre Projects	£100,000
Community Cohesion	£70,000
TOTAL INVESTMENT	£965,000

Street Sweeping – This will retain the cycle of 2 weekly sweeping within the Borough

School Improvement – Harrow School Standards and Effectiveness Team will employ an additional School Improvement Professional to increase capacity in:

- a. Supporting school leadership and governance
- b. Providing more direct support to schools causing concern rather than sign post them elsewhere
- c. Carrying out whole school reviews / audits in targeted schools
- d. To promote the wider work of the Council with schools and Early Years settings / childminders
- e. To strengthen the partnership with the Harrow Education Partnership (schools-led) and other partners

Improvements to the Council Tax Support Scheme (CTS) – The CTS Scheme is subject to a separate report on this agenda. In summary Following a full consultation this summer on the introduction of an income banded council tax support scheme for claimants migrating to Universal Credit (UC), the Council have, following consultation feedback, invested an additional £400k into local council tax support schemes to help Harrow's poorest council tax payers.

The additional cash investment will be accounted at both tax base level (collection fund) as well as in the Revenue budget. The new scheme adopted will, over 3 years, as claimants migrate to UC in a phased way, grant more generous CTS awards to many claimants, resulting in an additional £400k being additionally awarded through the CTS scheme by 2022/23. In the meantime, the unspent part of the investment will instead be used to fund a new 3 year Council Tax Protection Fund which will provide the additional council tax support to our most needy and financially hard up council tax payers.

Initiative to Support Harrow's Council Tax Payers	Year 2020/21	Year 2021/22	Year 2022/23	Accounted for
Additional awards expected to be granted by new Income Banded Scheme	£75k	£183k	£291k	@ Tax Base level
Funding for awards expected to be granted to CTS claimants impacted by 3.99% CT inflation	£100k*	n/a	n/a	Within Revenue budget
Funding for awards expected to be granted to CTS claimants impacted by UC migration	£130k	£130k	£130k	Within Revenue budget
Funding for individual council tax relief expected to be granted to CTS claimants experiencing extreme financial hardship	£95k	£87k	£0k	Within Revenue budget
Total Investment	£400k	£400k	£400k	

*Applies to 2020/21 year only.

Enforcement, fly tipping, HMO's and planning – Plans are currently being worked through to ensure the best returns from this investment.

District Centre Projects – The investment will deliver high-impact improvements to district centres in South Harrow, Rayners Lane, and Wealdstone. This follows consultation with local residents and ward councillors. The improvements include public realm enhancements, feature lighting, and artwork.

Community Cohesion – The investment will fund the continuation of a post to support the Council's approach to community cohesion by getting out into communities, working with Ward Councillors and Partners, and understanding the issues, challenges and opportunities in the local area. From this diagnosis the role then supports the Council to put in place more targeted interventions which help to reduce further demand on services by being right first time.

CAPITAL RECEIPTS FLEXIBILITY

- 1.47 In the Spending Review 2015, it was announced that to support local authorities to deliver more efficient and sustainable services, the government will allow local authorities to spend up to 100% of their fixed asset receipts on the revenue costs of reform projects. This flexibility was initially offered for the three years 2016/17 to 2018/19, but was extended as part of the 2018/19 Finance settlement for a further 3 years from 2019/20 to 2021/22.
- 1.48 The Council signified its intent to make use of this flexibility in its final budget report to Cabinet and Council in February 2016. The refreshed MTFS currently assumes no future use of capital flexibilities beyond 2019/20.

SCHOOLS BUDGET – Dedicated Schools Grant (DSG) 2020/21

- 1.49 In September 2019 the government announced an increased investment in school budgets and high needs for the next three years. For Harrow there is a projected increase in school funding of around £6.5m for 2020-21.
- 1.50 In 2018-19 the government introduced a new National Funding Formula (NFF) for Schools, High Needs and the Central Schools Services Block. For the Schools Block this means LAs are funded on the basis of the total of the NFF for all schools, academies and free schools in its area. However the final formula for distribution is determined by each Council following consultation with schools and Schools Forums.
- 1.51 There are no proposed changes to the **structure** of the formula for 2020-21 however there are a number of changes which Schools Forum, in consultation with schools, need to make a decision on.
- 1.52 The LA undertook a consultation with all schools, academies and free schools in Harrow to seek views on aspects of school funding for 2020-21 in the autumn term.
- 1.53 The full outcome of the consultation, proposed final funding formula and final DSG allocations will be reported to Cabinet in February 2020 for approval.

PUBLIC HEALTH FUNDING

- 1.54 The 2019 Spending Review announced that the Public Health Grant would increase by around £100 million nationally. The working assumption is that Harrow's share will be approximately £324k and detailed below are the priority areas where the additional funding will be invested, the proposals

being aligned with evidence of population priorities and the emerging Health & Wellbeing Strategy and Borough Plan:

- Staffing – integrated care and priority work streams of mental health and long term conditions
- Additional funding for smoking cessation
- Physical activity projects and weight management
- Oral health
- Mental health
- Social prescribing

- 1.55 The draft Public Health commissioning intentions detailed in Appendix 4 of £10.848m are based on the expected grant allocation (yet to be notified by Public Health England) and enables an increase in expenditure as detailed above.
- 1.56 The Council consider that this level of funding enables the Council's overarching statutory duties (including equality duties) to be maintained, taking account of the joint strategic needs assessment.

BETTER CARE FUND (BCF)

- 1.57 The framework for the Better Care Fund (BCF) derives from the government's mandate to the NHS which sets an objective for NHS England to ring fence funding (in 2019-20 £3.84 billion) to form the NHS contribution to the BCF. The NHS Long Term Plan, published in January 2019 set out the priorities for transformation and integration, including plans for investment in integrated community services and next steps to develop Integrated Care Systems.
- 1.58 The BCF continues to provide a mechanism for personalised, integrated approaches to health and care that support people to remain independent at home or to return to independence after an episode in hospital. The continuation of the national conditions and requirements of the BCF provides opportunities for health and care partners to build on their plans to embed joint working and integrated care further, including how to work collaboratively to bring together funding streams to maximise the impact on outcomes for communities and sustaining vital community provision.
- 1.59 Whilst the detailed NHS guidance is awaited in relation to the 2020/21 BCF plan, the requirements around integration and collaborative working are expected to continue. The 2020/21 BCF plan will be signed off by the Health & Wellbeing Board ahead of submission to, and assurance by, NHS England.
- 1.60 The 2020/21 Adults budget assumes that funding for the Protection of Social Care through the BCF will remain at the agreed 2019/20 level of £6.112m.

RESERVES AND CONTINGENCIES

- 1.61 Reserves and contingencies need to be considered in the context of their need to protect the Council's good financial standing and in the context of

the overall risks that the Council faces during a continuing period of economic uncertainty. The MTFS reflects the Council's need to ensure an adequate level of reserves and contingencies which will enable it to manage the risks associated with delivery of the budget including equalities impacts and unforeseen events. As at the time of writing this report general fund non earmarked balances remain at £10m and those for specific purposes are detailed:

- Contingency for Unforeseen items £1.248m – This is a recurrent revenue budget and is used to support unforeseen events during the year.
- Budget Planning Reserve – This reserve was set aside for 'budget smoothing'. The draft MTFS assumes £1.950m of the reserve is being applied for this purpose in 2020/21 leaving a balance of £679k.
- Business Risk Reserve – This reserve was set at £7.526m to fund the risk around the assumption of being able to increase Council Tax by 5% per annum for 2020/21 and 2021/22, Following announcements made in the Spending Round 2019, the draft MTFS now assumes a 3.99% per annum increase in Council Tax which releases the Business Risk Reserve from its original purpose. £3.314m of the reserve is being used to support the MTFS in years 2 and 3, £3m is being invested in front line priorities which leaves a balance of £1.212m.
- MTFS Implementation Reserve – At Quarter 2, the estimated carry forward balance on this reserve is £1.829m. This is set aside to fund redundancy costs.
- The Commercialisation Reserve stands remains at £1.265m

1.62 The Director of Finance will report on the adequacy of the Council's reserves as required in the budget setting report in February.

LONDON BOROUGH GRANTS SCHEME

1.63 Harrow's contribution to the London Borough's Grant Scheme was £188k in 2019/20. At the time of writing this report the Council has not been notified of the recommended contribution for 2020/21. To ensure that the Council can respond to London Council's when contribution rates are notified, its is recommended that Cabinet authorise the Director of Finance to agree Harrow's 2020/21 contribution to the London Borough's Grant Scheme, in consultation with the Portfolio Holder for Finance and Resources. The contribution rate will be reported to Cabinet in February 2020 as part of the final budget.

2.0 CONSULTATION

2.1 As a matter of public law the duty to consult with regards to proposals to vary, reduce or withdraw services will arise in 4 circumstances:

- Where there is a statutory requirement in the relevant legislative framework;
- Where the practice has been to consult or where a policy document states the council will consult then the council must comply with its own practice or policy;

- Exceptionally, where the matter is so important that there is a legitimate expectation of consultation and
- Where consultation is required to complete an equalities impact assessment.

2.2 Regardless of whether the council has a duty to consult, if it chooses to consult, such consultation must be carried out fairly. In general, a consultation can only be considered as proper consultation if:

- Comments are genuinely invited at the formative stage;
- The consultation documents include sufficient reasons for the proposal to allow those being consulted to be properly informed and to give an informed response;
- There is adequate time given to the consultees to consider the proposals;
- There is a mechanism for feeding back the comments and those comments are conscientiously taken into account by the decision maker / decision making body when making a final decision;
- The degree of specificity with which, in fairness, the public authority should conduct its consultation exercise may be influenced by the identity of those whom it is consulting and;
- The consultation is clear on the reasons and extent to which alternatives and discarded options have been discarded.

2.3 Public consultation on the overall budget for 2020/21 will commence on 16 December 2019 and will last for a period of 4 weeks ending 10 January 2020 before the final savings are recommended to Full Council on the 27 February 2020. The public consultation will give residents an opportunity to comment on the 2020/21 overall budget before final decisions are formalised in the council's annual budget. Other key stakeholders are consulted on the budget as detailed below:

Stakeholder	Meeting	Date
Unions	Corporate Joint Committee	TBC
Health Partners	Health and Wellbeing Board.	14-Jan-2020
Local Businesses	Harrow Business Consultative Panel.	28- Jan-2020
Overview & Scrutiny	Special meeting of O & S to review the budget.	23-Jan- 2020
Unions/Employees	Employees Consultative Forum.	29-Jan- 2020

2.4 In terms of service specific consultations, the council has a duty to consult with residents and service users in a number of different situations including where proposals to significantly vary, reduce or withdraw services. Consultation is also needed in other circumstances, for example to identify the impact of proposals or to assist with complying with the council's

equality duties. Where appropriate, separate service specific consultations have already taken place or will be taking place for the 2020/21 savings and may be subject to a separate cabinet report.

3.0 PERFORMANCE ISSUES

- 3.1 The in-year measurement of the Council is reported in the Strategic Performance Report. The new Borough Plan will be presented to Cabinet and Council in February 2020. Performance against the plan will be reported quarterly to Cabinet through the Strategic Performance Report.
- 3.2 In terms of financial performance, Cabinet are updated quarterly of forecast spend against the agreed budget and achievement of savings built into the budget.

4.0 RISK MANAGEMENT IMPLICATIONS

- 4.1 Financial risk is covered in the Council's Corporate Risk Register:
- Inability to deliver the Council's approved MTFS – leading to a dereliction of duties resulting in government intervention and an inability to pay the Council's debts. At Quarter 2 2019/20 this risk is rated at C2 – medium likelihood and critical impact

5.0 LEGAL IMPLICATIONS

- 5.1 Section 31A of the Local Government Finance Act 1992 requires billing authorities to calculate their council tax requirements in accordance with the prescribed requirements of that section. This requires consideration of the authority's estimated revenue expenditure for the year in order to perform its functions, allowances for contingencies in accordance with proper practices, financial reserves and amounts required to be transferred from general fund to collection fund.
- 5.2 Local authorities owe a fiduciary duty to council tax payers, which means it must consider the prudent use of resources, including control of expenditure, financial prudence in the short and long term, the need to strike a fair balance between the interests of council tax payers and ratepayers and the community's interest in adequate and efficient services and the need to act in good faith in relation to compliance with statutory duties and exercising statutory powers.
- 5.3 Cabinet is approving these proposals for consultation after which a cumulative equalities impact will be drafted. These proposals will be referred to Council so that Council can approve the budget envelope and set the Council Tax. There will be contingencies within the budget envelope so that decision makers have some flexibility should any decisions have detrimental equalities impacts that cannot be mitigated.
- 5.4 The Secretary of State has the power to designate two or more "relevant authorities" as a pool of authorities for the purposes of the provisions of Schedule 7B of the Local Government Finance Act 1988 (as amended by the Local Government Finance Act 2012). Paragraph 45 (Interpretation) of Schedule 7B defines a "relevant authority" as a billing

authority in England, or a major precepting authority in England. The list of billing authorities at Schedule 5, Part

1 of the Non-domestic Rating (Rates Retention) Regulations 2013/452 includes the GLA and the London Boroughs as billing authorities and the GLA is also a precepting authority pursuant to section 39 (1) of the Local Government Finance Act 1992. In relation to the project, the participating local authorities have implicit powers to enter into arrangements with each other for the purposes of fulfilling the requirements of Schedule 7B for obtaining an order of the Secretary of State authorising the establishment of a business rate pool.

Local authorities have a power to enter into arrangements between them including under section 111 of the LGA 1972: "Without prejudice to any powers exercisable apart from this section but subject to the provisions of this Act and any other enactment passed before or after this Act, a local authority shall have power to do any thing (whether or not involving the expenditure, borrowing or lending of money or the acquisition or disposal of any property or rights) which is calculated to facilitate, or is conducive or incidental to, the discharge of any of their functions".

6.0 FINANCIAL IMPLICATIONS

6.1 Financial Implications are integral to this report.

7.0 PROCUREMENT IMPLICATIONS

7.1 There are no procurement implications arising from this report.

8.0 EQUALITIES IMPLICATIONS / PUBLIC SECTOR EQUALITY DUTY

8.1 Decision makers should have due regard to the public sector equality duty in making their decisions. The equalities duties are continuing duties they are not duties to secure a particular outcome. The equalities impact will be revisited on each of the proposals as they are developed. Consideration of the duties should precede the decision. It is important that Cabinet has regard to the statutory grounds in the light of all available material such as consultation responses. The statutory grounds of the public sector equality duty are found at section 149 of the Equality Act 2010 and are as follows:

A public authority must, in the exercise of its functions, have due regard to the need to:

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;*
- (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;*
- (c) Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.*

Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:

- (a) *remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;*
- (b) *take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it;*
- (c) *Encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.*

The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.

Having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:

- (a) *Tackle prejudice, and*
- (b) *Promote understanding.*

Compliance with the duties in this section may involve treating some persons more favourably than others; but that is not to be taken as permitting conduct that would otherwise be prohibited by or under this Act.

The relevant protected characteristics are:

- *Age*
- *Disability*
- *Gender reassignment*
- *Pregnancy and maternity*
- *Race*
- *Religion or belief*
- *Sex*
- *Sexual orientation*
- *Marriage and Civil partnership*

- 8.2 Directorate proposals will be subject to an initial equalities impact assessment followed by a full assessment where appropriate. These will be published along with the final budget and MTFS report to February Cabinet. An assessment will also be carried out on the whole budget, when all proposals have been identified, to ensure that decision makers are aware of any overall equalities impact on the protected characteristics listed above.

9.0 COUNCIL PRIORITIES

- 9.1 The Council's draft budget for 2020//21 has been prepared in line with the Council's priorities:

- Building a Better Harrow
- Supporting Those Most in Need
- Protecting Vital Public Services
- Delivering a Strong Local Economy for All
- Modernising Harrow Council
