

MAJOR DEVELOPMENTS PANEL – 19 FEBRUARY 2020

AGENDA PART 1

PUBLIC QUESTIONS (ITEM 4)

Fifteen minutes will be allowed for members of the public to ask the Chair a question on any matter within the terms of reference of the Panel

Public Question 1

Questioner: David Summers

Asked of: Councillor Keith Ferry, Chair of the Major Developments Panel

Phase 1 of the long anticipated much publicised step free access project at Harrow on the Hill Station to install lifts to platforms and College Road finally commenced in May 2019.

Following concerns in December 2019 that progress had stalled, TfL confirmed that plans at Harrow-on-the-Hill station are ongoing and gave assurances that things are on track with completion in spring 2020.

Observation would suggest that this is improbable.

When will this phase of the project be operational?
