

## APPENDIX C

### Priority list of borough parking issues

This list summarises the main areas where parking issues have been reported. The locations are shown in priority order based on the assessments undertaken in accordance with the assessment factors agreed by TARSAP. The list does not show each individual request received but aggregates all the requests into locations which share common issues suitable for a scheme.

**Sites 1, 2, 3 and 5** are the highest priorities that can be afforded within the allocated budget for next year and these schemes are proposed to be taken forward in the 2021/22 parking programme.

**Site 4** will not be progressed due to regeneration works being undertaken in the area which will have an impact on these roads. The parking in these roads will be reviewed once the works have been completed.

Schemes in the list are defined as Small (S), Medium (M) or Large (L) scale in size. Size is defined as - Small less than 100 households, Medium between 100 - 500 households, Large schemes with greater than 500 households.

Priority	Location	Issues	Ward	Size of Scheme
1	Canterbury Road between Durham Road and Pinner View Parking Review	The Council received a petition from local residents requesting the Council extend the existing zone (NH1) to include all of Canterbury Avenue to help address the problem of non resident parking in the area.	Headstone South	S
2	Chantry Road Area Parking Review	The Council received a petition from local residents requesting the Council introduce a resident parking scheme similar to that in adjacent Letchford Terrace, Headstone Lane to help address parking problems contributed to by non resident/commuter parking in the area during the day visiting local businesses and the nearby station.	Hatch End	S

3	Eastleigh Avenue, Parking Review	Following on from a previous petition, the Council continues to receive correspondence from residents and via Gareth Thomas MP regarding inconsiderate and obstructive parking that may compromise emergency services access to Eastleigh Avenue. Residents request the investigation of proposals to address these issues. Options to be considered will include a new CPZ with residents parking and no waiting "At any time" restrictions (double yellow lines).	Roxbourne	S
4	Dudley Road, Wesley Close, Franklins Mews. Grange Farm Close, Osmond Close, Grange Rd, Hornbuckle Close and Brigade Rd	The Council had previously received a petition from residents in Dudley Road as well as correspondence from nearby roads (Grange Farm Close and Osmond Close) requesting the Council introduce parking controls to address problems experienced due to long term non-resident parking in the area. The options to be considered will be the introduction of a CPZ including residents permit parking and "at any time" waiting restrictions to protect junctions turning heads and narrow sections of carriageway. <b><i>There is currently regeneration works being undertaken in the area and these roads will be affected by the works. It is therefore recommended not to take forward a parking review in this area until works have been completed.</i></b>	Harrow on The Hill	L
5	Churchill Road, Gresham Road and Montgomery Road	Residents have raised concerns that inconsiderate parking in the evenings associated with local nightclubs is both creating obstruction to traffic and is preventing residents parking near their homes. The Council has received a petition and letters from residents requesting a change in the operational hours of the existing CPZ to address these problems.	Canons	S

6	Summit Close, Penylan Place	Summit Close and Penylan Place are two small cul-de-sac's with limited off street parking. They are narrow roads and there is parking on only one side, residents have a problem parking when non-residents park and then walk to Edgware station or shopping centre. This was exacerbated when Methuen Road and Methuen Close were made CPZs. The Council has received petitions from residents of these roads requesting a CPZ	Edgware	S
7	Welbeck Road, Chatsworth Gardens, Furness Road	Council service vehicles and other vehicles have been unable to access these roads due to inconsiderate parking on both sides of the road. It is further reported that the situation has been made worse because one section of Welbeck Close is located in a CPZ. The Council has received requests to investigate the situation with a view to introducing additional parking controls in the form of waiting restrictions or an extension of the CPZ. A petition had also been received from the residents of Furness Rd requesting the introduction of yellow lines to address concerns regarding obstructive parking.	West Harrow	M
8	Byron Road, Lorne Road, Warham Road, Montrose Road and Locket Road	Residents are concerned that parking in these roads has become worse since the introduction of the new zone J in adjacent roads. The Council has received a petition requesting Harrow Council to "urgently carry out a review of the controlled parking zone (CPZ) in our area as it is increasing difficult to park in the evenings". The Methodist Church located in Montrose Road has also petitioned the council to remove or modify the current parking restrictions in Montrose Road and Locket Road and other nearby roads on Sundays so that people are able to park to attend worship services at Wealdstone Methodist Church.
