

## Equality Impact Assessment (EqIA)

### You will need to produce an Equality Impact Assessment (EqIA) if:

- You are developing a new policy, strategy, or service
- You are making changes that will affect front-line services
- You are reducing budgets, which may affect front-line services
- You are changing the way services are funded and this may impact the quality of the service and who can access it
- You are making a decision that could have a different impact on different groups of people
- You are making staff redundant or changing their roles

Guidance notes on how to complete an EqIA and sign off process are available on the Hub under Equality and Diversity. You must read the [guidance notes](#) and ensure you have followed all stages of the EqIA approval process (outlined in appendix 1). Section 2 of the template requires you to undertake an assessment of the impact of your proposals on groups with protected characteristics. Equalities and borough profile data, as well as other sources of statistical information can be found on the Harrow hub, within the section entitled: [Equality Impact Assessment](#) - sources of statistical information.

**1. Summary of proposal, impact on groups with protected characteristics and mitigating actions**

(to be completed after you have completed sections 2 - 5)

**a) What is your proposal?**

**There are not expected to be any adverse or positive impacts on any protected characteristic groups.**

**c) Summarise any potential negative impact(s) identified and mitigating actions.**

**No negative impacts Identified**

<b>2. Assessing impact</b>					
You are required to undertake a detailed analysis of the impact of your proposals on groups with protected characteristics. You should refer to <a href="#">borough profile data</a> , <a href="#">equalities data</a> , service user information, consultation responses and any other relevant data/evidence to help you assess and explain what impact (if any) your proposal(s) will have on <b>each</b> group. Where there are gaps in data, you should state this in the boxes below and what action (if any), you will take to address this in the future.		What does the evidence tell you about the impact your proposal may have on groups with protected characteristics? Click the relevant box to indicate whether your proposal will have a positive impact, negative (minor, major), or no impact			
<b>Protected characteristic</b>	For <b>each</b> protected characteristic, explain in detail what the evidence is suggesting and the impact of your proposal (if any). Click the appropriate box on the right to indicate the outcome of your analysis.	Positive impact	<b>Negative impact</b>		No impact
			Minor	Major	
<b>Age</b>	None of the conditions within the PSPO should have any effect on this characteristic. For example, busking tends to be conducted by young people but a busking pilot is in place to allow this and the restriction on amplification does not prevent this taking place	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Disability</b>	None of the conditions within the PSPO should have any effect on this characteristic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Gender reassignment</b>	None of the conditions within the PSPO should have any effect on this characteristic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Marriage and Civil Partnership</b>	None of the conditions within the PSPO should have any effect on this characteristic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Pregnancy and Maternity</b>	None of the conditions within the PSPO should have any effect on this characteristic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

<b>Race/ Ethnicity</b>	None of the conditions within the PSPO should have any effect on this characteristic. The aspect of amplification for example cannot be related to any specific ethnic group(s) as such usage is wide spread across various racial and ethnic groups.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Religion or belief</b>	There have been some comments that this prevents free speech by targeting amplification. This is not the case, and free speech remains in place but does not need to be amplified so as to potentially cause a nuisance. Also there is the allowance to distribute leaflets but in a controlled manner that prevents any adverse effect on the environment. There is currently no evidence to show this will affect any one group more than any other	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Gender</b>	None of the conditions within the PSPO are expected to affect this characteristic. For example, buskers are a mix of men and women in the town centre so the controls around amplifiers will not impact any one more than any other.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Sexual Orientation</b>	None of the conditions within the PSPO should have any effect on this characteristic	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**2.1 Cumulative impact – considering what else is happening within the Council and Harrow as a whole, could your proposals have a cumulative impact on groups with protected characteristics?**

Yes                      No   

If you clicked the Yes box, which groups with protected characteristics could be affected and what is the potential impact? Include details in the space below

**2.2 Any other impact - considering what else is happening nationally/locally (national/local/regional policies, socio-economic factors etc), could your proposals have an impact on individuals/service users, or other groups?**

Yes                      No

This will impact the Town Centre in a positive way as provides another tool to use to address matters adversely affecting the environment

### 3. Actions to mitigate/remove negative impact

**Only complete this section if your assessment (in section 2) suggests that your proposals may have a negative impact on groups with protected characteristics. If you have not identified any negative impacts, please complete sections 4 and 5.**

In the table below, please state what these potential negative impact (s) are, mitigating actions and steps taken to ensure that these measures will address and remove any negative impacts identified and by when. Please also state how you will monitor the impact of your proposal once implemented.

State what the negative impact(s) are for <b>each</b> group, identified in section 2. In addition, you should also consider and state potential risks associated with your proposal.	Measures to mitigate negative impact (provide details, including details of and additional consultation undertaken/to be carried out in the future). If you are unable to identify measures to mitigate impact, please state so and provide a brief explanation.	What action (s) will you take to assess whether these measures have addressed and removed any negative impacts identified in your analysis? Please provide details. If you have previously stated that you are unable to identify measures to mitigate impact please state below.	Deadline date	Lead Officer
