### **Recommendations:**

That

1. Portfolio Holders continue to work with officers to achieve improvement against identified key challenges (Appendix 1)
2. Cabinet notes the report and identifies any changes it wishes to see in future reports

### **Reason: (for recommendations)**

To enable Cabinet to be informed of performance against key measures and to identify and assign corrective action where necessary.

## **Section 2 – Report**

### **Introductory paragraph**

Appendix 1 to this report addresses performance against the objectives and Flagship Actions in the Council's corporate plan 'Restoring Pride in Harrow', arranged by the three priorities:

- A council that puts residents first
- A borough that is clean and safe
- A place where those in need are supported.

### **Options considered.**

Whilst there is no legal requirement to formally report performance data, Cabinet's terms of reference in the Constitution include overseeing strategic performance issues on a quarterly basis and it is considered best practice to provide a public report and have a public debate on performance. As such it is recommended to have formal, public reporting of performance to Cabinet.

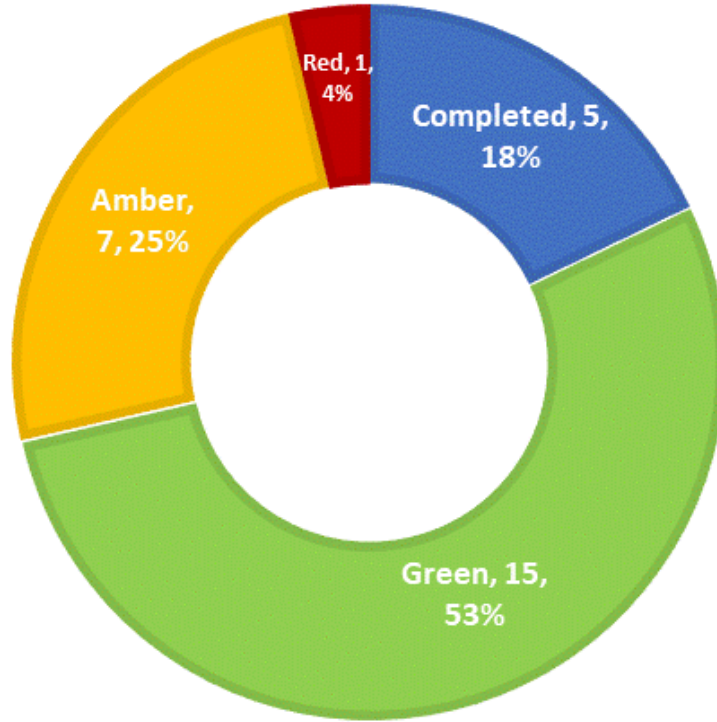

### **Summary of Performance**

Note that the status of both Flagship Actions and performance indicators is reported and summarised here as at the end of Q1, 30<sup>th</sup> June 2023. The status of some of these will have changed in the monthly monitoring since the end of Q1. For Cabinet Reporting, the quarterly position is shown, noting that there is ongoing monitoring which will be reflected in the next quarterly report.

# Overall Performance at end of Quarter 1, June 30<sup>th</sup> 2023:

## All Flagship Actions (FA)

\*(note total is more than the original 24 FAs as some actions are split for reporting purposes)

### FA - Clean & Safe

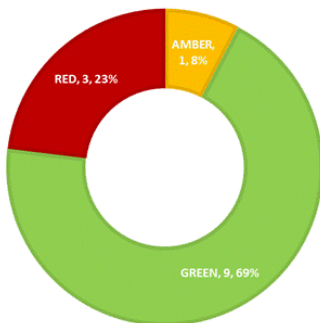

### FA - Supporting those in Need

## **Legal Implications**

The Council has a duty under s.3 of the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. Draft guidance on compliance with this duty was published for consultation over the summer 2023. Whilst still in draft, the contents set out the Government's expectations in terms of compliance.

The draft guidance refers to the role of the Office of Local Government whose objective is to increase transparency of performance in the local government sector. The guidance contains details on the characteristics of a well-functioning authority, which includes frequent monitoring, performance reporting and updating of the corporate and improvement plans, ensuring that plans are evidence based, current, realistic and enable performance to be measured, there should be alignment with the financial strategy, actual outcomes should be measured effectively and frequently interrogated, performance should be regularly reported to the public to ensure citizens are informed of the quality of services being delivered and there should be opportunities for resident and partner engagement in developing, monitoring and managing performance.

## **Financial Implications**

There are no financial implications arising from this report.

## **Equalities implications / Public Sector Equality Duty**

S.149 of the Equality Act 2010 requires public bodies to have due regard to the need to eliminate discrimination, harassment, victimisation, and any other conduct that is prohibited, advance equality of opportunity and foster good relations between persons who share a protected characteristic and those who do not. This requires the Council to collect, monitor and manage equality data and consider the impact of its decisions on different parts of the community. The Council should consider its equality duties in all aspects of its decision-making and has specific duties to publish equality objectives and information to demonstrate compliance with the s.149 duty.

## **Council Priorities**
