
LIST NO:	2/06	APPLICATION NO:	P/1161/06/DFU
LOCATION:	159 Canterbury Road, North Harrow		
APPLICANT:	Ms N Ghumac		
PROPOSAL:	Conversion of dwellinghouse into two self-contained flats, including rear dormer and single storey rear extensions.		
DECISION:	REFUSED permission for the development described in the application and submitted plans, for the following reasons:		
	(i) The conversion of a single dwelling into two flats would be out of character in a road, which was characterised by terraced single family dwellings.		
	(ii) There is an underprovision of parking of 1-8 spaces, to the maximum standard, giving rise to overspill parking to the detriment of the amenities of the residents in Canterbury Road.		
	(iii) The flat on the first and second floor would not have access to amenity space, giving rise to a loss of residential amenity to future occupiers.		
	(iv) The proposal will give rise to more activity, which will be generated by the conversion of one single dwelling into two flats giving rise to additional disturbance to the neighbouring properties, resulting in a loss of residential amenity.		
	[Notes: (1) During discussions on the above item, it was moved and seconded that the application be refused for the same reasons that application P/391/05/CFU was refused on 17 June 2005 as set out on page 45 (large) of the report. Upon being put to a vote, this was carried;		
	(2) the Head of Planning had recommended that the above application be granted].

APPLICANT: David R Yeaman & Associates for Mr D Balaria
PROPOSAL: Redevelopment to provide 2 two storey detached houses with parking (revised)
DECISION: REFUSED permission for the development described in the application and submitted plans, for the following reasons:

- (i) The proposed development by reason of excessive height, scale, bulk and massing would have an unacceptably over dominant effect on the single storey bungalows in Capuchin Close and have a detrimental impact on the appearance and character of the area.
- (ii) The proposal would represent overdevelopment of the site by reason of excessive site coverage and loss of openness characteristic of the original development.
- (iii) The proposed development by reason of excessive bulk would be unduly obtrusive and would have an unacceptable impact on the visual and residential amenities of adjacent residents. The proposed development would detract from the established pattern of development in the street scene and the character of the locality.
- (iv) One parking space per dwelling will lead to overspill parking in the surrounding close to the detriment of the amenity of the neighbours.
