## PEOPLE FIRST

There is no proposed increase in coffee, tea and orange juice as the prices increased by 5p approx 4% between 2005/6 and 2006/7 and feedback from customers is that these prices are expensive particularly when trying to make savings within budgets. The intention is to try to encourage increased volume of sales to increase profits (e.g. more frequent refreshments). More recently there has been a severe reduction in the sales of these items as a result of the policy of no refreshments at meetings (£80k income target with a final predicted outturn of approx £40k). We took customers feedback into account and thought that increasing the charges that customers already found high, might not attract customers back within the current financial situation

6. Stanmore Park Children's Centre

Prices have only risen by inflation over the past 4 years. These new charges enable the centre and premise costs of the new location to be met. The prices reflect the staff costs associated with different age groups.

A new service has been developed to support families wanting to return to work with a child aged 1-2. Prices were explored and comparisons with competitors undertaken. The quality and professional standards of staff were taken into account in setting these new prices.

7. Supporting People

Under guidance from the ODPM charges are made for long term housing support services. This is predominately in sheltered housing in Harrow, with some schemes for learning disability (LD). It should be noted that the charges in HRA sheltered accommodation are payable only by tenants not eligible for financial support, where the tenancy commenced after 1 April 2003.

All clients are assessed under Fairer Charging to determining the level of support charge that should be paid.

Supporting People charges will generally stay the same for 2007/08 because the charge that people pay relates to the contract price that the Council pays the provider and generally this isn't going to change particularly with the LD contracts. The contract price can go up or down depending on negotiations e.g. the charge for LBH sheltered accommodation reduced in 2006/07 in line with the contract price reduction.

The Council is currently reviewing the Older People's and LD contracts and the result may be a 2% uplift in some of the contract prices in 2007/08. If this was the case then this will impact on the new contract price and hence the support charge however some of the reviews will not be concluded until March and so the charges cannot be confirmed until then.

All supporting people charges come back into the ringfenced supporting people pot and so do not benefit the General Fund.

**URBAN LIVING - ENVIRONMENTAL HEALTH****7. Copies of entries on Food Premises Register**

Under the Food Premises (Registration) Regulations 1991 members of the public can inspect the register held by the Council free of charge, but a charge may be made for providing copies of entries. The information held on the register may be of particular interest to commercial concerns for promotional mail-shots, etc. The fee scale reflects this while not being onerous to enquirers seeking information about specific premises. The charges are in line with those of other Authorities. The Register contains in the order of 1,100 entries.

Prices have been held this year as there have no recent requests for these copies.

**8. Hypnotism Entertainments under the Hypnotism Act 1952**

In as far as the Hypnotism Act permits, the Council uses entertainments licensing procedures for processing and determining authorisations for hypnotism entertainments. In addition the model conditions issued by the Home Office, with any necessary changes to take account of variations in premises or the nature of the event, will be attached as conditions on any authorisation. While there is no record of such entertainments licensed within the borough, the following basis for licences is being retained pending a wider review. Licence fees are being retained at their historic level for the present time.

Hypnotism Entertainments do not fall under the new Licensing Act 2003. Licensing Act fees are statutory and are shown on the other listing.

A review will be undertaken to benchmark fees with other authorities and ensure that the council's inspection and licensing costs are recovered. Conclusions from the review will be reported separately to elected members.

**17. Environmental Information**

Under the Environmental Information Regulations the Council is required to provide information regarding land, premises, environmental conditions, etc. Access to most information is in most circumstances free of charge. However reasonable charges can be made for supplying information and this can be made conditional on payment of that charge. Charges, where levied, will be chiefly for the copying of documents. An officer time charge is also approved to provide for more detailed work, for example the review or preparation of reports, letter, opinions, etc. Charges for copying have been revised in the light of recent advice from the Information Commissioner on charging.

The Council also receives periodic requests for information, which do not fall under the remit of the above regulations. The same fee is applied to the provision of such information to reflect the cost of providing this information but not at excessive cost to the person requesting the information.

**18. Health and Safety Information per hr or part of hr**

Under section 28 of the Health and Safety of work Etc Act 1974 the Authority can be requested to provide a statement of fact or provide information with regard to investigations undertaken by the Council, for which it may make a reasonable charge. <b>HOUSING</b>			
<u>1.Charges for Bed and Breakfast Accommodation</u>			
The charging policy for 2007-2008 will be to recharge cost of Bed and Breakfast provision to persons eligible for Income Support and to people not on Income Support but who would qualify for full Housing Benefit.			
People not on Income Support are currently charged a reduced sum. This practice also applies to people who would not qualify for full Housing Benefit.	138.00	<b>141.00</b>	<b>2.17</b>
Students who do not qualify for Housing Benefit, used to be charged an amount equivalent to the Housing Benefit disregard for Student Accommodation (£28.97 in London and £20.04). This disregard was discontinued when student loans were introduced, but the B& B charge has continued with the original charge being adjusted by annual inflation increments.	31.00	<b>32.00</b>	<b>3.23</b>
<u>Charges for Furniture Storage</u>			
The Council has a statutory responsibility to ensure belongings of homeless persons in temporary accommodation are secure. People are encouraged to make own arrangement however a reasonable fee is charged to support those who cannot make own arrangement. Harrow introduced a charge for storing furniture in 2001 under its policy to tighten control on agreeing to store goods. For a number of years this encouraged most households to make their own arrangements. The charge has not been increased since it was introduced. However we are now receiving an increasing number of requests for the Council to take goods to store and it is therefore proposed that the charge be increased to £10 per week for all new placements.	5.00 p.w.	<b>10.00 p.w.</b>	<b>100.00</b>
