11th October 2007

UNISONS Report to the ECF

We refer to a matter regarding Access Harrow Reception Desk and the resolution that was sought and agreed by this forum of 3rd July 2007, we would like to refer to Item 63 of the minutes of the said date.

We have serious concerns that any issues brought to this forum by UNISON are being disregarded by officers of the Council. This matter is now directly affecting the staff within this crucial area of operation.

We again place this matter forward in a bid for a complete resolution and to uphold the democratic process and validity of this forum.
