## Section 1 – Summary

### FOR INFORMATION

This report shows Key Stage 2, Key Stage 3 and GCSE Results for Harrow LA compared to our Statistical Neighbours over a 3-year period.

In addition it provides an analysis of pre and post amalgamation results in Primary Schools over a 5-year period.

This analysis shows 2 out of the 3 Schools that have recently amalgamated. The reason for this is that Cedars Manor only amalgamated in the AC Year 06/07 and therefore have as yet no result data to compare with.

The results included in attachment 4 and 5 show a slight dip in results however there is not enough data post amalgamation to generate a trend.
