### Summary of views

Notes:

- One response form did not express a view, although it did contain some comments. This form is therefore not counted in this summary.
- The percentages do not total 100% because of rounding.

### Views by school interest as declared on the consultation response forms

### Notes on Analysis by child's year group

- Views are counted for each child, not each family.
- This analysis includes children whose parent is a member of staff or governor.
- West Lodge First and Middle Schools has 90 or 91 children in every year group except Year 7, which only had approximately 52 at the time of the consultation.
