

PETITION OF OBJECTION OUTLINE PLANNING APPLICATION
AT 45 - 51 SOUTHFIELD PARK

We as Residents of Southfield Park, object to the planned development at 45 - 51 Southfield Park (P/624/04/COU) on the grounds that:

- The dramatic increase in population density on this development would have a detrimental impact on the local environment through increased noise, traffic, parking & congestion;
- Road safety (both pedestrian and driven) would be compromised through the increased traffic;

The design of the development is out of character with the surrounding properties;

The developments size and position would create a loss of amenity to the adjacent and opposite properties;

The following letters from each resident detail the specifics of each objector's petition for rejection of this development.
