The level and pattern of demand for schools changes every year. The mileage shown above could be more or less in the year you apply depending on where children live. You would be advised not to assume that because children in the same road/locality attend a particular school that your child will also be offered a place.

| *189 linked school students were allocated places at I | 5 miles | | | | | |
|--|---------|--|--|--|--|--|
| 52 linked school applicants were unsuccessful | | | | | | |
