

Cabinet – 15 July 2010

Progress on Scrutiny reports

The scrutiny work programme for the new administration is currently being considered. However, a number of early projects have been commissioned and are detailed below:

Review	Methodology	Type of report	Expected date for report to Cabinet	Comments
Safewater	Challenge panel	Final report to O&S and Cabinet	September 2010	This project has been commissioned to investigate how effectively the Smartwater project is being implemented in the borough. The panel will take place in July.
Pinner Village Surgery	Challenge panel	Final report to Health sub committee, O&S and to Cabinet for information	September 2010	This project has been commissioned by the Health Scrutiny sub committee to investigate the reasons behind the closure of the Pinner Village GP Surgery and to identify generalized lessons in the light of GP commissioning processes.
Single Equalities Scheme	Challenge panel	Final report to O&S and then incorporation of comments into the report of the scheme to Cabinet in November	With SES in November	This project has been commissioned by the O&S committee to enable the scrutiny team to comment on the draft single equalities scheme currently being prepared.
