

APPENDIX G

Council Plans for Parking Restrictions in the locality Due to be in place by the end of 2010 How will it affect you?

The map of the proposed controlled parking zone (CPZ) is shown below– please take the time to have a look!

Within this area restrictions will limit on-street parking for all including residents.

Parking bays will cost 50p per half hour.

**The detailed document is called
Burnt Oak Broadway Parking Consultation.**

It will be made available during March on Harrow Councils website shortly and as soon as it is we will put it on Bacon Lane Surgery's website

The formal 3 week statutory consultation is expected to be in April 2010 during which time the more people who write with their views/objections/support to the following person, the better.

**Owen Northwood
Traffic & Highway Network Manager
Harrow Council
P.O. Box 39
Civic Centre
Harrow HA1 2XA**

Email: owen.northwood@harrow.gov.uk

***There is a three week consultation period during
April***

Councillor Susan Hall
The Group Office, Room 102
P.O.Box 2
Civic Centre
Harrow
HA1 2UH

Date as Post Marked

Dear Councillor Hall,

Re Proposed Burnt Oak Broadway CPZ Scheme

I write both as a resident of Harrow and as a patient of Bacon Lane Surgery.

I wish to express my concerns about the proposals for a C.P.Z. in the Bacon Lane area.

As a patient of Bacon Lane Surgery the existing scheme would cause great inconvenience and probably cost for myself and other patients attending this Practice.

Whilst there might well be parking problems I think that a single yellow line scheme would achieve the desired result of preventing commuter parking if combined with a one hour restriction from 12-1 or 1-2pm which would fall between the morning and evening surgery times.

The existing proposals for pay & display bays seem likely to cause problems as I do not know for certain how long my visit will take.

In addition if the doctors working at the practice are forced to commute due to unavailability of adequate parking then this will restrict the ability of the practice to provide home visits which may delay treatment I need if unable to attend the practice or alternatively force me to rely upon the ambulance service instead.

In the circumstances I feel that the scheme needs to be adapted if it is to achieve your aims and benefit the residents and patients.

I hope that you will be able to take my concerns into account before the scheme is finalised.

Yours sincerely,

Name:
