Dear Sirs,

Reference: ISHQ 215-219 High Road, HA3 5EE

Thank you for sending me diary sheets in connection with the noise and disturbance from the above property.

I understand there is now an abatement notice on these premises. Since then the noise has quietened slightly. There is still the sound of drum beats from the premises which goes right through to my house on the opposite side of the High Road. There is still the constant sound of people talking, raised voices when they are saying good bye or greeting friends as well as loud laughter. There is also the sound of cars revving up when people are leaving. This can go on until 2 – 3 am at week-ends. This means I have disturbed sleep or nights when I can't get to sleep.

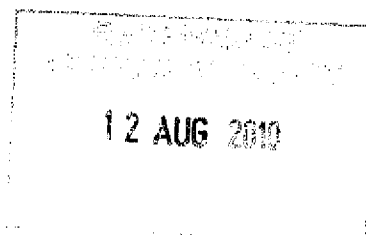

Some of the residents of this area have sent a petition to your department. Other residents have individually contacted you. I understand that the Licensing Department are going to have a review on the above restaurant, so I hope my diary and these comments will be passed on to them.

I am enclosing my diary sheets, as I am going away tomorrow for two weeks and won't be able to do any more monitoring.

Yours faithfully

Judith Loffman

Dear Sirs,

Reference: ISHQ, 215-219 High Road, Harrow, HA3 5EE  
Review of License

I refer to my conversation to your Department today and enclose a copy of a letter I sent to your Community and Environment Section. I also sent them my diary sheets reporting on the disturbance from the above premises.

I have passed your remarks about the amendments to the petition to the person involved and she will attend to that as soon as she receives the papers back.

I look forward to hearing about the progress of your review and, if need be, would be pleased to attend any meeting.

Yours faithfully

Judith Loffman,
