2. Teachers' Centre As part of the Best Value Review of the Teachers Centre a detailed analysis of the costs of activities at the Teachers Centre has been completed along with the funding for the Centre. Consequently it is proposed that the SLA with schools should cease and that the charges to users of the centre should be on a pay as you go basis with priority users identified who would receive preferential rates compared with non priority users. The level of the charges have been set to ensure that the Teachers Centre is financially viable and will result in substantial increases for 2004/2005. The charges have been compared with alternative providers and are considered to be competitive.
