Streatfield Road Petition.

We, the residents of Streatfield Road support a campaign to restrict the size and weight of lorries using the road. These lorries, some of them extremely large, are not suited for what is essentially a residential road. The vibrations from these lorries have led to and are causing damage to the roads, our houses to shake which, affects our quality of life and the ability to relax in particular sleep. This may well lead to future damage to our houses and may well affect the saleability of our houses present and future.

We urge the council to look at this matter with the upmost urgency and to undertake to meet with a delegation of residents and interested party to find a solution to this long running issue.
