Comments on the programme as a whole

Preparations for induction in May 2006

Planning for the induction of new members will take place during the year. Please comment on any aspects of the induction process in 2002 which were particularly successful or need improvement.

Your expertise

What skills, experience or knowledge of your current (or past) roles would be of benefit to new members?

Would you be prepared to share these with new Members?

Yes

No

If a mentor programme is established for new members would you be prepared to be a mentor?

Yes

No

Thank you for taking the time to complete this questionnaire.

Please return this form by Monday 31st January 2005 to:

Aileen Beaumont
Human Resources & Organisational Effectiveness
West Wing 3rd Floor
Civic Centre

The results of this questionnaire will form the basis of the Member Development Programme (Municipal Year) 2005/06.

Learndirect

An opportunity to improve your computer skills

The Member Development Panel are planning an open day for members who wish to register for access to IT training programmes via Learndirect.

Training programmes are available at a number of centres including the Civic Centre, but you will be able to work on programmes on your lap top or computer at home too.

Training programmes are available at all levels from basic to ICT professional level, and advice and support is available to help you select the right level for you, and provide you with support as you work through the package.

More information on how to find out more and how to register will be publicised in February.
