### RECOMMENDED ITEM

#### 54. Annual Monitoring Report 2010/11

The Panel received a report of the Corporate Director, Place Shaping on the Annual Monitoring Report (AMR) for the period 1 April 2010 to 31 March 2011. It was noted that the AMR indicated the performance of Harrow Council against a set of nationally and locally defined indicators designed to monitor the implementation of planning policies.

The Panel reviewed and commented on the draft AMR as follows:

- it was a good reference document and as it was the 7<sup>th</sup> such annual report, trends were starting to emerge;

- although its production was no longer a statutory requirement, it was considered useful to continue to produce the AMR as a useful evidence base;
- the 2011/12 AMR would be more robust due to the adoption of the core strategy and change in the monitoring required;
- the 40 sites for which the development status was listed were those sites identified in the existing UDP for development.

It was agreed that a colour copy of the document be produced for all Members and senior officers and a copy made available at each library.

**Resolved to RECOMMEND:** (to Cabinet)

That the Annual Monitoring Report (2010/11) be approved for submission to the Secretary of State.

**Reason:** To enable the Council to comply with the requirements under the Planning and Compulsory Purchase Act 2004 for submission of the Annual Monitoring Report before 31 December 2011 deadline.
