- The Golf Club is situated in the heart of the Pinner Hill estate, which is a Conservation area and subject to very strict environmental and planning requirements.
- The Golf Club's application requests for permission for live/recorded music, dance performances/classes, karaoke, dancing and late night refreshment/alcohol with extended opening hours until 1.30am on both Friday and Saturday night/morning. Most residents purchased property on the Hill because of it being such a quiet residential area and this is reflected in the value of the properties. The Club currently holds a number of golfing/social events throughout the year and, whilst residents rarely complain openly about the noise and traffic, many find the peace and tranquility of their homes affected on these weekends. Residents have, however, been tolerant due to the fact that there are only a handful of such events throughout the year, with a current music and licensing restriction of midnight. This new application would allow these greater levels of noise and traffic every weekend throughout the year, with guests/staff leaving the Club in the early hours of the morning.
- The Estate comprises private roads which are the responsibility of the residents, who pay for their maintenance and upkeep. The Golf Club makes a nominal contribution. If members of the public and not just Golf Club members are allowed to attend, the number of cars would increase, meaning much heavier traffic on roads which are neither wide nor built for extensive traffic flow. This problem would be exacerbated by the delivery/collection of audio/dance equipment etc, etc. Additionally, only residents are allowed to park on the Estate roads, with the exception of a small stretch of road close to the Golf Club. The Residents Association do and will continue to enforce vigorously the No Parking restrictions and therefore, the ability of the Golf Club to provide adequate parking for the general public as well as members is questionable.

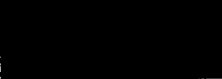

**Please provide as much information as possible to support the application (please read guidance note 2)**
